Introduction

The University of Texas System is pleased to offer AcademicBlue, its Student Health Insurance Plan, underwritten by Blue Cross and Blue Shield of Texas (BCBSTX) and administered by Academic HealthPlans. This brochure explains your health care benefits, including which health care services are covered and how to use the benefits. This insurance plan protects Insured students and their covered Dependents on or off campus for weekends, holidays, summer vacations, at home or while traveling, 24 hours per day, for the Contract year. This Plan meets the requirements of the Affordable Care Act. This policy will always pay benefits in accordance with any applicable Federal and Texas state insurance law(s).

Please keep these three fundamental plan features in mind as you learn about this policy:

- **The Student Health Insurance Plan is a Preferred Provider Organization (PPO) plan.** You should seek treatment from the BCBSTX Blue Choice® Preferred Provider Organization (PPO) Network, which consists of hospitals, doctors, and ancillary and other health care providers who have contracted with BCBSTX for the purpose of delivering covered health care services at negotiated prices, so you can maximize your benefits under this plan. A list of Network Providers can be found online at utsystem.myahpcare.com by clicking on the "Find a Doctor or Hospital" link under "Benefits," or by calling (855) 267-0214. Using BCBSTX providers may save you money.

- **If your plan includes benefits covered at your Student Health Center, many of them may be provided at low or no cost to you.** Review this brochure for details.

- **Participating in an insurance plan does not mean all of your health care costs are paid in full by the insurance company.** There are several areas for which you could be responsible for payment, including, but not limited to, a Deductible, a Copayment or Coinsurance (patient percentage of Covered Expenses), and medical costs for services excluded by the plan.

- **It is your responsibility to familiarize yourself with this plan.** Exclusions and limitations are applied to the coverage as a means of cost containment (please see page 19 for more details). To make this coverage work for you, it is helpful to be informed and proactive. Check the covered benefits in this brochure before your procedure whenever possible. Know the specifics and communicate them to your health care provider. Review the User Guide for a step-by-step overview of how to use your benefits.

We are here to help.

Representatives from Academic HealthPlans and BCBSTX are available to answer your questions. You may contact AHP at (855) 247-7587 for enrollment and eligibility questions and BCBSTX at (855) 267-0214 for benefit and claim questions.
Please Note: We have capitalized certain terms that have specific, detailed meanings, which are important to help you understand your policy. Please review the meaning of the capitalized terms in the “Definitions” section on page 15.

Privacy Notice

We know that your privacy is important to you and we strive to protect the confidentiality of your personal health information. Under the Privacy Rule of the Health Insurance Portability and Accountability Act (HIPAA), we are required to provide you with notice of our legal duties and privacy practices with respect to personal health information. You will receive a copy of the HIPAA Notice of Privacy Practices upon request. Please write to Academic HealthPlans, Inc., P.O. Box 1605, Colleyville, TX 76034-1605, or call (855) 247-7587, or you may view and download a copy from the website at utsystem.myahpcare.com.

Eligibility

The policy issued to the university is a non-renewable, one-year-term policy. However, if you still maintain the required eligibility, you may purchase the plan the next year. It is the Covered Person’s responsibility to enroll for coverage each year in order to maintain continuity of coverage, unless you are automatically enrolled. If you no longer meet the eligibility requirements, contact Academic HealthPlans at (855) 247-7587 prior to your termination date.

Eligibility Requirements

Health Institution Students (Hard Waiver) - It is a requirement that all Health Science Center and medical students are automatically enrolled in the Student Health Insurance Plan at registration unless proof of comparable coverage is furnished.

International Students (Mandatory) - All international students holding non-immigrant visas are eligible and are required to purchase this Student Health Insurance Plan in order to complete registration, except for those students who certify in writing that comparable coverage is in effect under another plan as approved by The University of Texas (UT) System Board of Regents.

The Board of Regents has authorized the assessment of a health insurance fee to each such international student who cannot provide evidence of continuing coverage under another approved plan. This fee will be the amount of the premium approved for the UT System Student Health Insurance Plan. Required Student Health Insurance coverage for international students includes repatriation and Medical Evacuation benefits.

All Other Students (Voluntary) - All other fee paying students at an institution of the UT System who are taking credit hours, graduate students working on research/dissertation or thesis, post doctorate students, scholars, fellows and visiting scholars are eligible to enroll in this Student Health Insurance Plan.
A student must remain enrolled and paying fees through the census date, unless he or she withdraws from school due to an Injury or Sickness and the absence is an approved medical leave. The Company maintains its right to investigate student status and attendance records to verify that the eligibility requirements have been met. If the Company discovers the eligibility requirements have not been met, its only obligation is refund of premium.

**Enroll Eligible Dependents** - Eligible students who enroll may also insure their Dependents. Dependent enrollment must take place at the initial time of student enrollment (or within 30 days, if the premium is billed on the student’s tuition); exceptions to this rule are made for newborn or adopted children, or for dependents who become eligible for coverage as the result of a qualifying event. (Please see “Qualifying Events,” see page 4, for more details.) “Dependent” means an Insured's lawful spouse; or an Insured’s child, stepchild, foster child, dependent grandchild or spouse’s dependent grandchild; or a child who is adopted by the Insured or placed for adoption with the Insured, or for whom the Insured is a party in a suit for the adoption of the child; or a child whom the Insured is required to insure under a medical support order issued or enforceable by the courts. Any such child must be under age 26.

Coverage will continue for a child who is 26 or more years old, chiefly supported by the Insured and incapable of self-sustaining employment by reason of mental or physical handicap. Proof of the child’s condition and dependence must be submitted to the Company within 31 days after the date the child ceases to qualify as a dependent, under this policy, for the reasons listed above. During the next two years, the Company may, from time to time, require proof of the continuation of such condition and dependence. After that, the Company may require proof no more than once a year. Dependent coverage is available only if the student is also insured. Dependent coverage must take place within the exact same coverage period as the Insured’s; therefore, it will expire concurrently with the Insured’s policy.

A newborn child will automatically be covered for the first 31 days following the child’s birth. To extend coverage for a newborn child past the 31-day period, the covered student must:

1) Enroll the child within 31 days of birth, and

2) Pay any required additional premium

If you’re not eligible for the Student Health Insurance Plan and would like coverage, please visit ahpcare.com.

If you’re enrolled in Medicare due to age or disability, you are not eligible for the Student Health Insurance Plan.
Qualifying Events

Eligible students who have a change in status and lose coverage under another health care plan are eligible to enroll for coverage under the policy, provided, within 31 days of the qualifying event, such students send to Academic HealthPlans:

- A copy of the Certificate of Creditable Coverage, or a letter of ineligibility (lost coverage), from their previous health insurer
- A “Qualifying Events” form, which they can download from utsystem.myahpcare.com

A change in status due to a qualifying event includes but is not limited to:

- Birth or adoption of a child
- Loss of a spouse, whether by death, divorce, annulment or legal separation
- If you are no longer covered on a family member’s policy because you turned 26

Students can pay a prorated monthly rate to enroll after the enrollment period due to a qualified event if enrollment is done within 31 days of the qualified event. The effective date will be the later of the following: the date the student enrolls for coverage under the Policy and pays the required premium, or the day after the prior coverage ends. To apply for coverage that is needed because of a qualifying event, you may download the “Qualifying Events Form” from utsystem.myahpcare.com.

Effective Dates and Termination

The policy on file at the school becomes effective at 12 a.m. Central time at the university’s address on the later of the following dates:

1) The effective date of the policy; or
2) The date premium is received by the Company or its authorized representative.

The coverage provided with respect to the Covered Person shall terminate at 11:59 p.m. Central time on the earliest of the following dates:

1) The last day of the period through which the premium is paid;
2) The date the eligibility requirements are not met.

You must meet the eligibility requirements listed herein each time you pay a premium to continue insurance coverage. To avoid a lapse in coverage, your premium must be received within 31 days after the coverage expiration date. **Refunds of premium are allowed only upon entry into the Armed Forces, and the Company receives proof of active duty. Otherwise all premiums received by the Company will be considered fully earned and nonrefundable.**
**Annual Effective and Termination Dates**

Please visit [utsystem.myahpcare.com](http://utsystem.myahpcare.com) to view your specific campus coverage periods.

**Note: Voluntary Students and/or Dependents**

Students and/or dependents enrolling during the Open Enrollment Period, prior to the effective date of the plan, will be effective on the 1st day of the selected coverage period. Enrollment after the effective date of the selected coverage period, during the Open Enrollment Period, will be effective the day the company receives the premium.

**Renewal Notice**

It is the student’s responsibility to make a timely renewal payment to avoid a lapse in coverage. Please refer to your enrollment form to review the payment options you selected as a reminder of the enrollment periods and effective dates for your campus. Mark your calendar now to avoid any lapse in coverage. All Insureds who enroll for periods of less than one year will be mailed a renewal notice, to the Insured’s last known address, to submit their next premium payment; however, it is the Insured’s responsibility to make a timely renewal payment.

**PLEASE NOTE:** Renewal notices will not be mailed from one policy year to the next. If you maintain your student status, you will be eligible to enroll in the following year’s policy. If you do not maintain your student status, you may be eligible for continuation of coverage (please see page 7 for more information). Contact your campus office that is responsible for student insurance before the policy termination date for information on continuation of coverage.
Coverage period notice: Coverage Periods are established by the University and subject to change from one Policy year to the next. In the event that a coverage period overlaps another coverage period, the prior coverage period will terminate as of the effective date of the new coverage period. In no case will an eligible member be covered under two coverage periods within the same group.

Extension of Benefits After Termination

The coverage provided under the plan ceases on the termination date. However, if a Covered Person is hospital-confined on the termination date for a covered Injury or Sickness for which benefits were paid before the termination date, the Covered Expenses for such covered Injury or Sickness will continue to be paid provided the condition continues. However, payments will not continue after the earlier of the following dates: 90 days after the termination date of coverage, or the date of the Insured’s discharge from the hospital. The total payments made for the Covered Person for such condition, both before and after the termination date, will never exceed the maximum benefit. After this “Extension of Benefits” provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
Coordination of Benefits

Under a Coordination of Benefits (COB) provision, the plan that pays first is called the primary plan. The secondary plan typically makes up the difference between the primary plan’s benefit and the Covered Expenses. When one plan does not have a COB provision, that plan is always considered the primary plan, and always pays first. You may still be responsible for applicable Deductible amounts, Copayments and Coinsurance.

Continuation of Coverage

All Insureds who have graduated or are otherwise ineligible for coverage under this policy, and have been continuously insured under the policy offered by the policyholder for six (6) months, are eligible to continue their existing coverage for a period of not more than six (6) months under the school’s policy in effect at the time of such continuation.

Premium rates for continuation of coverage are higher than rates for students at The University of Texas System. Enrollment must be made and applicable premium must be paid directly to Academic HealthPlans and must be received within 30 days after the expiration date of your student coverage. For more information on continuation of coverage, please contact Academic HealthPlans at (855) 247-7587.

Additional Covered Expenses

The policy will always pay benefits in accordance with any applicable federal and state insurance law(s).

Student Health Center (SHC)

If the institution has a Student Health Center, the Deductible will be waived and benefits paid at 100% of the Allowable Amount of Covered Expenses incurred at the Student Health Center.

Please go to utsystem.myahpcare.com and select your campus for specific details about your Student Health Center benefits.

NOTE: Non-student Dependents are not eligible for services provided at a Student Health Center. If you receive medical care on campus from your respective institution’s Student Health Center, your claim is filed for you.
Schedule of Benefits

The provider network for this plan is the BCBSTX BlueChoice® PPO Network. After the Deductible is satisfied, benefits will be paid based on the selected provider. Benefits will be paid at 80% of the Allowable Amount for services rendered by Network Providers in the BCBSTX BlueChoice® PPO Network, unless otherwise specified in the policy. Services obtained from Out-of-Network Providers (any provider outside the BCBSTX BlueChoice® PPO Network) will be paid at 60% of the Allowable Amount, unless otherwise specified in the policy. Benefits will be paid up to the maximum for each service, as specified below, regardless of the provider selected.

AT PHARMACIES CONTRACTING WITH THE PRIME THERAPEUTICS NETWORK: You must go to a pharmacy contracting with the Prime Therapeutics Network in order to access this program. Present your insurance ID card to the pharmacy to identify yourself as a participant in this Plan. Eligibility status will be online at the pharmacy. You can locate a participating pharmacy by calling (800) 423-1973 or online at utsystem.myahpcare.com by selecting your campus and then clicking on the “Find a Pharmacy” link under Benefits.

The relationship between Blue Cross and Blue Shield of Texas (BCBSTX) and contracting pharmacies is that of independent contractors, contracted through a related company, Prime Therapeutics, LLC. Prime Therapeutics also administers the pharmacy benefit program. BCBSTX, as well as several other independent Blue Cross plans, has an ownership interest in Prime Therapeutics.
**OUT-OF-POCKET MAXIMUM** means the maximum liability that may be incurred by a Covered Person in a benefit period for covered services, under the terms of a coverage plan. Once the Out-of-Pocket Maximum has been satisfied, Covered Expenses will be payable at **100%** for the remainder of the policy year, up to any maximum that may apply. Coinsurance applies to the Out-of-Pocket Maximum.

The Network Out-of-Pocket Maximum may be reached by:

- The network Deductible
- Charges for outpatient prescription drugs
- The hospital emergency room Copayment
- The Copayment for Doctor office visits
- The Copayment for Specialist’s office visits
- The payments for which a Covered Person is responsible after benefits have been provided (except for the cost difference between the hospital's rate for a private room and a semi-private room, or any expenses incurred for Covered Expenses rendered by an Out-of-Network Provider other than Emergency Care and Inpatient treatment during the period of time when a Covered Person’s condition is serious)

The Out-of-Network Out-of-Pocket Maximum may be reached by:

- The Out-of-Network Deductible
- The hospital emergency room Copayment
- The payments for Covered Services rendered by an Out-of-Network Provider for which a Covered Person is responsible after benefits have been provided (except for the cost difference between the hospital’s rate for a private room and a semi-private room)

The relationship between Blue cross and Blue Shield of Texas (BCBSTX) and Contracting Pharmacies is that of Independent Contractors, contracted through a related company, Prime Therapeutics, LLC. Prime Therapeutics also administers the pharmacy benefit program. BCBSTX, as well as several other independent Blue Cross Plans, has an ownership interest in Prime Therapeutics.
Pre-Authorization Notification

BCBSTX should be notified of all hospital confinements prior to admission.

1) **Pre-authorization Notification of Medical Non-emergency Hospitalizations:** The patient, Doctor or hospital should telephone (800) 441-9188 at least one (1) business day prior to the planned admission.

2) **Pre-authorization Notification of Medical Emergency Hospitalizations:** The patient, patient’s representative, Doctor or hospital should telephone (800) 441-9188 within two (2) business days of the admission or as soon as reasonably possible to provide the notification of any admission due to medical emergency.

BCBSTX is open for Pre-authorization notification calls from 8 a.m. to 6 p.m. Central time, Monday through Friday.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; in addition, pre-authorization notification is not a guarantee that benefits will be paid.

Definitions

**Allowable Amount** means the maximum amount determined by Us to be eligible for consideration of payment for a particular service, supply or procedure.

For hospitals, Doctors and other providers contracting with BCBSTX in Texas or any other Blue Cross and Blue Shield Plan – The Allowable Amount is based on the terms of the Network Provider contract and the payment methodology in effect on the date of service. The payment methodology used may include diagnosis-related groups (DRGs), fee schedule, package pricing, global pricing, per diems, case-rates, discounts, or other payment methodologies.

For hospitals, Doctors and other providers not contracting with BCBSTX in Texas or any other Blue Cross and Blue Shield Plan outside of Texas (non-contracting Allowable Amount) – The Allowable Amount will be the lesser of:

(i) The provider’s billed charges, or;

(ii) The BCBSTX non-contracting Allowable Amount. Except as otherwise provided in this section, the non-contracting Allowable Amount is developed from base Medicare participating reimbursements adjusted by a predetermined factor established by BCBSTX. Such factor shall be not less than 75 percent and will exclude any Medicare adjustment(s) which is/are based on information on the claim.
Notwithstanding the preceding sentence, the non-contracting Allowable Amount for home health care is
developed from base Medicare national per-visit amounts for low utilization payment adjustment, or LUPA,
episodes by home health discipline type adjusted for duration and adjusted by a predetermined factor
established by Us. Such factor shall be not less than 75 percent and shall be updated on a periodic basis.
When a Medicare reimbursement rate is not available or is unable to be determined based on the
information submitted on the claim, the Allowable Amount for non-contracting providers will represent an
average contract rate in aggregate for network providers adjusted by a predetermined factor established by
Us. Such factor shall be not less than 75 percent and shall be updated not less than every two years.

We will utilize the same claim processing rules and/or edits that We utilize in processing Network Provider
claims for processing claims submitted by non-contracted providers, which may also alter the Allowable
Amount for a particular service. In the event we do not have any claim edits or rules, We may utilize the
Medicare claim rules or edits that are used by Medicare in processing the claims. The Allowable Amount
will not include any additional payments that may be permitted under the Medicare laws or regulations
which are not directly attributable to a specific claim, including, but not limited to, disproportionate share
and graduate medical education payments.

Any change to the Medicare reimbursement amount will be implemented by Us within ninety (90) days after
the effective date that such change is implemented by the Centers for Medicare and Medicaid Services, or its
successor.

For multiple surgeries - The Allowable Amount for all surgical procedures performed on the same
patient on the same day will be the amount for the single procedure with the highest Allowable
Amount plus a determined percentage of the Allowable Amount for each of the other covered procedures
performed.

For prescription drugs as applied to Network Provider and Out-of-Network Provider pharmacies - The
Allowable Amount for pharmacies that are Network Providers will be based on the provisions of the contract
between BCBSTX and the pharmacy in effect on the date of service. The Allowable Amount for pharmacies that
are not Network Providers will be based on the Average Wholesale Price.

Benefit Period means the period of time starting with the effective date of this policy through the termination
date as shown on the face page of the policy. The Benefit Period is as agreed to by the policyholder and the
Insurer.

Coinsurance means a percentage of an eligible expense that the Covered Person is required to pay toward a
Covered Expense.

Company means Blue Cross and Blue Shield of Texas, a Division of Health Care Service Corporation, a Mutual
Legal Reserve Company (also referred to herein as “BCBSTX”).

Copayment means a fixed dollar amount that the Covered Person must pay before benefits are payable under the
policy.
**Covered Expenses** means expenses actually incurred by or on behalf of a Covered Person for treatment, services and supplies not excluded or limited by the policy. Coverage under the policy must remain continuously in force from the date of the accident or Sickness until the date treatment, services or supplies are received for them to be a Covered Expense. A Covered Expense is deemed to be incurred on the date such treatment, service or supply that gave rise to the expense or the charge was rendered or obtained.

**Covered Person** means any eligible student or an eligible dependent who applies for coverage, and for whom the required premium is paid to the Company.

**Deductible** means the dollar amount of Covered Expenses that must be incurred as an out-of-pocket expense by each Covered Person on a policy term basis before benefits are payable under the policy.

**Dependent** means an Insured’s lawful spouse; or an Insured’s child, stepchild, foster child, dependent grandchild or spouse’s dependent grandchild; or a child who is adopted by the Insured or placed for adoption with the Insured, or for whom the Insured is a party in a suit for the adoption of the child; or a child whom the Insured is required to insure under a medical support order issued or enforceable by the courts. Any such child must be under age 26.

**Doctor** means a Doctor licensed to practice medicine. It also means any other practitioner of the healing arts who is licensed or certified by the state in which his or her services are rendered and acting within the scope of that license or certificate. It will not include a Covered Person or a member of the Covered Person’s immediate family or household.

**Emergency Care** means health care services provided in a hospital emergency facility (emergency room) or comparable facility to evaluate and stabilize medical conditions of recent onset and severity, including, but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that the person’s condition, Sickness, or Injury is of such a nature that failure to get immediate care could result in:

- Placing the patient’s health in serious jeopardy;
- Serious impairment of bodily functions;
- Serious dysfunction of any bodily organ or part;
- Serious disfigurement; or
- In the case of a pregnant woman, serious jeopardy to the health of the fetus.

**Emergency Services** means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition, and, within the capabilities of the staff and facilities available at the hospital, such further medical examination and treatment as are required to stabilize the patient.
**Injury** means accidental bodily harm sustained by a Covered Person that results directly and independently from all other causes from a covered accident. The Injury must be caused solely through external, violent and accidental means. All injuries sustained by one person in any one accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury.

**Inpatient** means that a Covered Person is a registered bed patient and is treated as such in a health care facility.

**Insured** means a person in a Class of Eligible Persons who enrolls for coverage and for whom the required premium is paid, making insurance in effect for that person. An Insured is not a dependent covered under the policy.

**Interscholastic Activities** means playing, participating and/or traveling to or from an interscholastic, intercollegiate, club sports, professional, or semi-professional sport, contest or competition, including practice or conditioning for such activity.

**Medically Necessary** means those services or supplies covered under the plan that are:

- Essential to, consistent with, and provided for in the diagnosis or in the direct care and treatment of the condition, Sickness, disease, Injury, or bodily malfunction; and

- Provided in accordance with, and are consistent with, generally accepted standards of medical practice in the United States; and

- Not primarily for the convenience of the Insured, his physician, behavioral health practitioner, the hospital, or other provider; and

- The most economical supplies or levels of service that are appropriate for the safe and effective treatment of the Insured. When applied to hospitalization, this further means that the Insured requires acute care as a bed patient due to the nature of the services provided or the Insured’s condition, and the Insured cannot receive safe or adequate care as an outpatient.

The medical staff of BCBSTX shall determine whether a service or supply is Medically Necessary under the Plan and will consider the views of the state and national medical communities; the guidelines and practices of Medicare, Medicaid, or other government-financed programs; and peer-reviewed literature. Although a physician, behavioral health practitioner or professional other provider may have prescribed treatment, such treatment may not be Medically Necessary within this definition.

**Network Provider** means a hospital, Doctor or other provider who has entered into an agreement with BCBSTX (and, in some instances, with other participating Blue Cross and/or Blue Shield Plans) to participate as a managed care provider.

**Out-of-Network Provider** means a hospital, Doctor or other provider who has not entered into an agreement with BCBSTX (or other participating Blue Cross and/or Blue Shield Plan) as a managed care provider.
**Outpatient** means that a Covered Person is receiving treatment while not an Inpatient. Services considered Outpatient include, but are not limited to, services in an emergency room regardless of whether a Covered Person is subsequently registered as an Inpatient in a health care facility.

**Out-of-Pocket Maximum** means the maximum liability that may be incurred by a Covered Person in a Benefit Period before benefits are payable at 100 percent of the Allowable Amount.

**Pre-authorization** means the process that determines in advance the Medical Necessity or experimental, investigational and/or unproven nature of certain care and services under this Policy.

**Qualifying Intercollegiate Sport** means a sport: a.) which has been accorded varsity status by the Institution as an NCAA sport; and (b.) which is administered by such Institution’s department of intercollegiate athletics; and (c.) for which the eligibility of the participating student athlete is reviewed and certified in accordance with NCAA legislation, rules, or regulations; and (d.) which entitles qualified participants to receive the Institution’s official awards.

**Sickness** means an illness, disease or condition causing a Covered Person to incur medical expenses while covered under the Policy. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness.

**We, Our, Us** means Blue Cross and Blue Shield of Texas or its authorized agent.

---

* Academic Emergency Services (AES) is a global emergency services product provided by On Call International, a separate and independent company. AES provides medical evacuation, repatriation, accidental death and dismemberment benefits, emergency medical and travel assistance, travel information and other services for Academic HealthPlans (AHP). On Call International is solely responsible for its products and services.
Like all Blue Cross and Blue Shield Licensees, We participate in a program called “BlueCard.” Whenever the Covered Person accesses health care services outside Our service area, the claims for those services may be processed through BlueCard and presented to Us for payment in conformity with network access rules of the BlueCard Policies then in effect (“Policies”). Under BlueCard, when Covered Persons incur Covered Expenses within the geographic area served by an onsite Blue Cross and/or Blue Shield Licensee (“Host Blue”), We will remain responsible to the Covered Person for fulfilling the Policy’s contract obligations. The Host Blue will only be responsible, in accordance with applicable BlueCard Policies, if any, for providing such services as contracting with its participating Providers and handling all interactions with its participating Providers.

**Summary of Benefits and Coverage**

The Affordable Care Act requires all health insurers to provide consumers with a Summary of Benefits and Coverage (SBC). The SBC is a description of the benefits and health coverage offered by a particular health plan. The SBC is intended to provide clear, consistent descriptions that may make it easier for people to understand their health insurance coverage.

The items in the SBC just represent an overview of coverage; they are not an exhaustive list of what is covered or excluded. The full terms of coverage are located in your insurance Policy. To obtain an SBC for your Policy, please go to utsystem.myahpcare.com.

**BCBSTX Online Resources**

BCBSTX members have online access to claims status, Explanations of Benefits, ID cards, Network Providers, correspondence and coverage information by logging in to Blue Access for Members℠ (BAM). Visit BCBSTX.com and click on the “Log in” tab. Follow the simple, onscreen directions to establish an online account in minutes.

**BAM** has been enhanced to include BAM Mobile, a self-service tool that provides a quick and easy way to view any email notifications We may have sent. In Message Center, notifications are securely sent directly to the Insured student’s email address. If the Insured student prefers to receive paper copies, he or she may opt out of electronic delivery by going into “My Email Preferences” and making the change there.

Please go to utsystem.myahpcare.com for additional premium and benefit information.
Claims Procedure

In the event of Injury or Sickness, the student should:

1. Report to the Student Health Center for treatment, or, when not in school, to his/her Doctor or hospital. Insureds should go to a Network Doctor or hospital for treatment, if possible.

   **IN AN EMERGENCY, REPORT DIRECTLY TO THE NEAREST EMERGENCY ROOM FOR TREATMENT.**

2. Mail to the address below all prescription drug receipts (for providers outside of the Student Health Center and for providers outside of those contracting with Prime Therapeutics), medical and hospital bills, along with patient’s name and Insured student’s name, address, Social Security Number, BCBSTX member ID number, and name of the University under which the student is Insured.

3. File claims within 30 days of Injury or first treatment for a Sickness. Bills should be received by the Company within 90 days of service. Bills submitted after one year will not be considered for payment except in the absence of legal capacity.
