

Drug List – Contraceptives – Expanded Offering – 2016

Following is a list of the female contraceptives that are currently included in the Express Scripts' standard contraceptive expanded offering for the Preventive Items and Services Program. These contraceptives are provided at a zero cost share to the member as mandated by the Affordable Care Act (ACA). Please note that Multi Source Brand contraceptives** and *Single Source Brand are only available at a zero cost share when specific plan requirements are met. The list is subject to change to remain compliant with ACA guidelines.

Members: The terms of your health plan will ultimately determine coverage and cost-sharing. For specific questions about your coverage, please call the phone number printed on your ID card. You can get more information and updates to this document at our website at www.express-scripts.com.
