UNIVERSITY OF
NORTHERN COLORADO

Dear UNC Student,

The staff of the Student Health Insurance Office would like to welcome you to the new school year and wishes you the best of health during your college experience at the University of Northern Colorado. Because unexpected health problems and accidents occur to students, we believe that UNC offers the best health care that is possible.

It is a policy of the UNC Board of Trustees that all degree seeking undergraduate students taking nine (9) or more credit hours REGARDLESS of the type of class (on campus, off campus or online) and all degree seeking graduate students taking six (6) or more credit hours REGARDLESS of the type of class (on campus, off campus or online) are required to have health insurance. This is to ensure that health care costs will not interfere with your academic goals. All students are automatically enrolled in the university student health insurance plan and billed along with other university services. If you prefer to have other insurance, it will be necessary for you to complete and submit the online waiver located in the URSA Financial Tab, by the 10th day of classes. CICIP and Medicaid are considered comparable insurance.

I encourage you to review the benefits of the university student health insurance plan that is described in this brochure. Because of the large number of students who enroll in the plan, we are able to keep the costs reasonable. The cost is \$1,240 for each semester. The \$1,240 cost includes administrative fees, non-insured services, and certain federal, health care fees/assessments. The spring semester cost provides coverage through the summer regardless of whether a student is attending classes in the summer. The plan provides benefits for sickness and injury with coverage, 24 hours a day, including school breaks.

The university student health insurance plan is accepted by Doctors and other medical providers across the United States. If you are enrolled in a health maintenance organization (HMO), you should determine the level of benefits that are payable in the Greeley area. Also, if you have declared yourself financially independent from your parents for the purposes of obtaining financial aid, you may no longer be eligible for coverage under your parents' insurance policy. Please consider all of these factors in making your decision.

If you have any questions about UNC's Student Health Insurance Program please feel free to contact the Insurance Office in Cassidy Hall at (970) 351-1915 or by e-mail at student.health.insurance@unco.edu. We look forward to helping you reach your academic and career goals while attending the University of Northern Colorado.

Sincerely,

CeCe Clark

The SBC is intended to provide clear, consistent descriptions that may make it easier for people to understand their health insurance coverage.

The items in the SBC just represent an overview of coverage; they are not an exhaustive list of what is covered or excluded. The full terms of coverage are located in your insurance Policy. To obtain an SBC for your Policy, please go to unco.myahpcare.com.
