Dental Discounts with UnitedHealth Allies®

With UnitedHealthcare **StudentResources**, you can offer your students access to discounts on a wide range of discount dental services through the UnitedHealth Allies health discount program, included with all eligible UnitedHealthcare **StudentResources** injury and sickness insurance plans. Schools can help students stretch their dental care dollars by offering the program alone or in addition to a traditional, fully insured dental benefit plan.

This is not insurance. With the dental discount program, participating students can typically save from 10–35% on many dental services from participating dentists, including routine cleaning, x-rays, oral surgery, orthodontics, even cosmetic dentistry, such as teeth whitening.
