Eligibility

Metropolitan Community College requires that all F-1 international students obtain and maintain health insurance coverage while enrolled at the college. To assure compliance, all F-1 International students will be automatically enrolled in and charged the insurance premium for the Metropolitan Community College Student Health Insurance Plan.

A student must actively attend classes for at least the first 31 days after the date for which coverage is purchased unless he or she withdraws from classes due to an Injury or Sickness and the absence is an approved medical leave. Home study, correspondence, Internet classes do not fulfill the eligibility requirements that the student must actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the eligibility requirements have been met. If the Company discovers the eligibility requirements have not been met, its only obligation is refund of premium.

Eligible students who enroll may also insure their Dependents. Dependent enrollment must take place at the time of student enrollment (or within 30 days if tuition billed), with the exception of newborn or adopted children or a Qualifying Event. **Dependent** means: An Insured Student's lawful spouse or lawful Domestic Partner; An Insured Student's dependent biological or adopted child or stepchild under age 26; and An Insured Student's unmarried biological or adopted child or stepchild who has reached age 26 and who is: a) primarily dependent upon the Insured Student for support and maintenance; and b) incapable of self-sustaining employment by reason of mental retardation, mental illness or disorder or physical handicap. Proof of the child's incapacity or dependency must be furnished to Us for an already enrolled child who reaches the age limitation, or when an Insured Student enrolls a new disabled child under the plan.

Newly Born Children: A newly born child of an Insured Person will be covered from the moment of birth. Such newborn child will be covered for Covered Injury or Covered Sickness for an initial period of 31 days. This includes the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities from the moment of birth. To continue coverage beyond this initial 31-day period, the Insured Person must: 1) Notify Us of the birth; and 2) Pay any additional premium.

Qualifying Event: Eligible students who have a change in status and lose coverage under another Health Care Plan are eligible to enroll for coverage under the Policy provided, within 31 days of the qualifying event, students should send a copy of the Certificate of Creditable Coverage, the completed Qualifying Events Form and the letter of ineligibility to Academic HealthPlans. A change in status due to a qualifying event includes, but is not limited to, loss of a spouse, whether by death, divorce, annulment or legal separation. The premium will be the same as it would have been at the beginning of the quarter, whichever applies. However, the effective date will be the later of the date the student enrolls for coverage under the Policy and pays the required premium, or the day after the prior coverage ends. You may download a form from ***mccneb.myahpcare.com***.

You are entitled to the benefits described in this brochure, if you have enrolled for this insurance and paid the premium.

The Policy issued to the University is a Non-Renewable, One-Year Term Policy. However, if you still maintain the required eligibility you may purchase the plan the next year. It is the Covered Person's responsibility to enroll for coverage each year in order to maintain continuity of coverage. If you no longer meet the eligibility requirements contact Academic HealthPlans at (855) 850-4296 prior to your termination date.

Coverage Period Notice

Coverage Periods are established by the University and subject to change from one policy year to the next. In the event that a coverage period overlaps, the prior coverage period will terminate as of the effective date of the new coverage period. In no case will an eligible member be covered under two coverage periods within the same group.

Extension of Benefits

The coverage provided under the plan ceases on the termination date. However, if a Covered Person is Hospital Confined on the termination date for a covered Injury or Sickness for which benefits were paid before the termination date, the Covered Expenses for such covered Injury or Sickness will continue to be paid provided the condition continues, but not to exceed 90 days after the termination date.

The total payments made in respect of the Covered Person for such condition both before and after the termination date will never exceed the maximum benefit for the condition. After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Coordination of Benefits

Under a Coordination of Benefits (COB) provision, the plan that pays first is called the Primary Plan. The Secondary Plan typically makes up the difference between the Primary Plan's benefit and the Covered Expenses. When one plan does not have a COB provision, that plan is always considered Primary, and always pays first. You may still be responsible for applicable Deductible amounts, Copayments and Coinsurance.

Schedule of Medical Expense Benefits *(Injury and Sickness)*

Preventive Services: The Deductible, Coinsurance, and any Copayment are not applicable to Preventive Services. Benefits are paid at 100% of Usual and Reasonable Charge, when provided by a network provider:
