

Finding an In-Network Doctor or Facility

As a Western Illinois University Student Health Plan member, you can search for a doctor or facility that participates in your health plan based on where you receive medical services.

Macomb Campus

If your primary campus is Macomb, you should access the **HealthLink** network of doctors and facilities in all of the areas highlighted in blue:

- Visit www.healthlink.com
- Click **Find a Provider**
- Select **HealthLink Open Access III** network when searching for results

Quad Cities Campus

If your primary campus is Quad Cities, you should access the **First Health** network of doctors and facilities in all of the areas highlighted in red:

- Visit www.firsthealth.com
- Click **Locate a Provider**
- Select the **First Health Network Provider Search**

Please note, when receiving care **INSIDE** the HealthLink service area, highlighted in blue, you must use the HealthLink network to receive coverage. First Health doctors and facilities inside the HealthLink service area will be considered out-of-network.
