

Your 2018 Prescription Drug List

Student Resources Texas Advantage Three-Tier

For Renewals and New Business effective January 1 - June 30, 2018

This PDL is accurate as of January 2018 and is subject to change after this date. The next anticipated update will be July 2018. This PDL applies to members of our Student Resources medical plans with a pharmacy benefit. Your estimated coverage and copayment/coinsurance may vary based on the benefit plan you choose and the effective date of the plan.

Effective Jan. 1, 2018

We want to help you better understand your medication options.

Your pharmacy benefit offers flexibility and choice in determining the right medication for you. To help you get the most out of your pharmacy benefit, we've included some of the most commonly asked questions about the Prescription Drug List (PDL).

What is a PDL?

This document is a list of the most commonly prescribed medications. It includes both brand-name and generic prescription medications approved by the Food and Drug Administration (FDA). Medications are listed by common categories or classes and placed in tiers that represent the cost you pay out-of-pocket. They are then listed in alphabetical order. Bring this list with you when you see your doctor. It makes it easier for you and your doctor to make informed decisions about your medications and may help you save money.

Please note: Where differences are noted between this PDL and your benefit plan documents, the benefit plan documents will rule. This PDL is not a complete list of medications, and not all medications listed may be covered under your plan. Please look at your benefit plan documents provided by your employer or health plan to see which medications are covered under your plan.

What is a tier?

Tiers indicate the amount you pay for your prescription, which is determined by your employer or benefit plan. Tier 1 medications provide the highest overall value with the lowest out-of-pocket costs. Choosing medications in lower tiers may save you money. Ask your doctor if a Tier 1 or Tier 2 option could work for you.

Your Cost	Drug Tier*	What's Covered	Helpful Hints
\$ Lowest	1	Medications that provide the highest overall value. Mostly generic drugs. Some brand-name drugs may also be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
\$\$ Mid-range	2	Medications that provide good overall value. A mix of brand-name and generic drugs.	Use Tier 2 drugs, instead of Tier 3, to help reduce your out-of-pocket costs.
\$\$\$ Higher	3	Medications that provide the lowest overall value. Mostly brand-name drugs, as well as some generics.	Ask your doctor if a Tier 1 or Tier 2 option could work for you.

*Some plans may have different tiers. If you have a high deductible plan, the tier cost levels may apply once you hit your deductible.

Who decides what medications are covered?

Thousands of medications are already available and more come to the market regularly. Often, several medications are available to treat the same condition.

The UnitedHealthcare® Pharmacy and Therapeutics Committee, which includes both internal and external physicians and pharmacists, meets regularly to provide clinical reviews of all medications. Using this information, the PDL Management Committee, which includes senior UnitedHealth Group® physicians and business leaders, meets to evaluate overall health care value. They also determine coverage and tier status for all medications.

How is the overall value of a medication determined?

Many sources and factors are considered, including:

- **Clinical Value:** How safe and effective a medication is compared to other medications used to treat the same or similar medical conditions.
- **Cost:** How much a medication costs compared to other medications used to treat similar medical conditions.
- **Outcomes Data:** Studies that show how a medication may affect total health care costs.

Why are certain medications excluded?

We review medications based on their total value, including effectiveness and safety, how much they cost, and the availability of alternative medications to treat the same or similar medical conditions. Certain medications may be excluded from coverage or subject to prior authorization if similar alternatives are available at a lower cost.

Examples include medications that work the same way, but one is much more expensive than the other, or options that are available without a prescription (also referred to as over-the-counter medications). There are also some instances where the same product can be made by two or more manufacturers, but greatly vary in cost. In these instances, only the lower-cost product may be covered. You should review your benefit plan documents to confirm if any medications are excluded from your plan. You can log in to the member website listed on your health plan ID card at any time to check your medication coverage. Talk to your doctor to see if there are lower-cost options or over-the-counter medications available.

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent of a brand-name medication ends, the FDA can approve a generic version with the same active ingredients. These types of medications are known as generic medications. Sometimes, the same company that makes a brand-name medication also makes the generic version.

What if my doctor writes a brand-name prescription?

The next time your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-cost option is available and if it might be right for you. Generic medications are usually your lowest-cost option, but not always. For some benefit plans, if a brand-name drug is prescribed and a generic equivalent is available, your cost-share may be the copayment PLUS the cost difference between the brand-name drug and the generic equivalent.

How often are PDLs updated?

PDL changes typically occur twice per year. However, changes that have a positive impact for you—such as new medications or cost savings—may occur at any time. You can log in to the member website listed on your health plan ID card at any time to check your medication coverage and lower-cost options.

Can a medication change tiers?

Yes. Tier changes may generally occur two times per year. When a medication changes tiers, you may pay more or less for that medication, depending on the tier change. If one of your medications changes tiers, speak with your doctor to determine if a lower-cost option may be available for you.

Are there other restrictions on what medications are covered?

Yes. Some medications may have additional requirements or limits depending on your benefit plan. You should review your benefit plan documents to confirm if any of these programs apply to your plan. The medications that have programs that apply are noted with letters next to them. Examples include:

May be excluded from coverage or subject to prior authorization and/or trial/failure of another medication(s). Referred to as First Start in New Jersey. (E)

Lower-cost options are available and covered.

Health Care Reform Preventive (H)

This medication is part of a health care reform preventive benefit and may be available at no additional cost to you. Please consult plan documents regarding benefit coverage and cost share.

Health Care Reform Preventive with prior authorization (H-PA)

May be part of health care reform preventive and at no additional cost to you if prior authorization criteria is met. Please consult plan documents regarding benefit coverage and cost share.

Prior Authorization (PA)

Requires your doctor to provide information about why you are taking a medication to determine how it may be covered by your plan.

Specialty Medication (SP)

Specialty medications treat complex or rare conditions and may require special storage and handling. You may be required to obtain these medications from a specialty pharmacy.

Supply Limits (SL)

Specifies the largest quantity of medication covered per copayment or in a defined period of time.

I'm taking a specialty medication. Who can I contact for more information?

Specialty medications are high-cost and are used to treat rare or complex conditions that require additional care and support. For most plans, these medications are managed through the Specialty Pharmacy Program. Take advantage of personalized support designed to help you get the most out of your treatment plan. Visit [UHCSpecialtyRx.com](https://www.uhcspecialtyrx.com) or call the toll-free phone number on your health plan ID card to learn more.

Please note, not all specialty medications are listed here. If you're taking a specialty medication that is on a higher tier, call the toll-free phone number on your health plan ID card to talk with a pharmacist about finding lower-cost options or a financial assistance program.

Who can I contact if I have questions about my PDL?

Online

Log in to the member website listed on your health plan ID card. Once online, you'll have access to the following information and tools:

- Pharmacy benefit and coverage information
- Possible lower-cost medication options
- Medication interactions and side effects
- Participating retail pharmacies by ZIP code
- Your prescription history

And, if home delivery services are included in your pharmacy benefit, you can also:

- Refill prescriptions
- Check the status of your order
- Set up reminders for refills
- Manage your account

Check your PDL often for updates.

By phone

Call the toll-free phone number on your health plan ID card to speak with a customer service representative. We can answer any questions you have about your pharmacy benefit plan, including lower-cost options.

Nondiscrimination notice and access to communication services

UnitedHealthcare® and its subsidiaries do not discriminate on the basis of race, color, national origin, age, disability or sex in its health programs or activities.

If you think you were treated unfairly because of your sex, age, race, color, disability or national origin, you can send a complaint to the Civil Rights Coordinator.

Online: UHC_Civil_Rights@uhc.com

Mail: Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UT 84130

You must send the complaint within 60 days of your experience. A decision will be sent to you within 30 days. If you disagree with the decision, you have 15 days to ask us to look at it again. If you need help with your complaint, please call the toll-free phone number listed on your ID card, TTY **711**, Monday through Friday, 8 a.m. to 8 p.m., or at the times listed in your health plan documents.

You can also file a complaint with the U.S. Dept. of Health and Human Services.

Online: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>
Complaint forms are available at
<http://www.hhs.gov/ocr/office/file/index.html>

Phone: Toll free **1-800-368-1019**, 1-800-537-7697 (TDD)

Mail: U.S. Dept. of Health and Human Services
200 Independence Avenue
SW Room 509F, HHH Building
Washington, D.C. 20201

We provide free services to help you communicate with us, including letters in other languages or large print. Or, you can ask for an interpreter. To ask for help, please call the toll-free phone number listed on your ID card, TTY **711**, Monday through Friday, 8 a.m. to 8 p.m., or at the times listed in your health plan documents.

Multi-language interpreter services

ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Please call the toll-free phone number listed on your identification card.

ATENCIÓN: Si habla **español (Spanish)**, hay servicios de asistencia de idiomas, sin cargo, a su disposición. Llame al número de teléfono gratuito que aparece en su tarjeta de identificación.
