Medical Information Privacy Notice

Effective January 1, 2019

We² are required by law to protect the privacy of your health information. We are also required to send you this notice, which explains how we may use information about you and when we can give out or “disclose” that information to others. You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms “information” or “health information” in this notice include any information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws related to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website, such as www.uhcsr.com. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

We collect and maintain oral, written and electronic information to administer our business and to provide products, services and information of importance to our enrollees. We maintain physical, electronic and procedural security safeguards in the handling and maintenance of our enrollees’ information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction or misuse.

How We Use or Disclose Information

We must use and disclose your health information to provide that information:

- To you or someone who has the legal right to act for you (your personal representative) in order to administer your rights as described in this notice; and
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected.

We have the right to use and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may use or disclose your health information:

- **For Payment** of premiums due us, to determine your coverage, and to process claims for health care services you receive, including for subrogation or coordination of other benefits you may have. For example, we may tell a doctor whether you are eligible for coverage and what percentage of the bill may be covered.

- **For Treatment.** We may use or disclose health information to aid in your treatment or the coordination of your care. For example, we may disclose information to your physicians or hospitals to help them provide medical care to you.
- **For Health Care Operations.** We may use or disclose health information as necessary to operate and manage our business activities related to providing and managing your health care coverage. For example, we might talk to your physician to suggest a disease management or wellness program that could help improve your health or we may analyze data to determine how we can improve our services. We may also deidentify health information in accordance with applicable laws. After that information is de-identified, the information is no longer subject to this notice and we may use the information for any lawful purpose.
- **To Provide You Information on Health Related Programs or Products** such as alternative medical treatments and programs or about health-related products and services, subject to limits imposed by law.
- **For Underwriting Purposes.** We may use or disclose your health information for underwriting purposes; however, we will not use or disclose your genetic information for such purposes.

If you are unavailable or unable to object, we will use our best judgment to decide if the disclosure is in your best interests. Special rules apply regarding when we may disclose health information to family members and others involved in a deceased individual’s care. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

- **To Business Associates** that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. Our business associates are required, under contract with us and pursuant to federal law, to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract and as permitted by federal law.

- **Additional Restrictions on Use and Disclosure.** Certain federal and state laws may require special privacy protections that restrict the use and disclosure of certain health information, including highly confidential information about you. This includes, except for limited circumstances allowed by federal privacy law, not using or disclosing psychotherapy notes about you, selling your health information to others, or using or disclosing your health information for certain promotional communications that are prohibited marketing communications under federal law, without your written authorization. Once you give us authorization to release your health information, we cannot guarantee that the recipient to whom the information is provided will not disclose the information. You may take back or "revoke" your written authorization at any time in writing, except if we have already acted based on your authorization. **NOTICE OF PROTECTION PROVIDED BY THE
MISSOURI LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION**

This notice provides a *brief summary* of the North Dakota Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under Missouri law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Missouri law, with funding from assessments paid by other insurance companies. (For purposes of this notice, the terms "insurance company" and "insurer" include health maintenance organizations (HMO's).)

The basic protections provided by the Association are as follows:

- Life Insurance
 - \$300,000 in death benefits, but no more than \$100,000 in net cash surrender and net case withdrawal values
- Health Insurance
 - \$500,000 for health benefit plans
 - \$300,000 in disability insurance benefits
 - \$300,000 in long-term care insurance benefits
 - \$100,000 in other types of health insurance benefits
- Annuities
 - \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is as follows:

- \$300,000 in aggregate for all types of covered listed above, with the exception of health benefit plans
- \$500,000 in aggregate for health benefit plans
- \$5,000,000 to one policy owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons

"Health benefit plan" is defined in section 376.718, RSMo.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Missouri law.

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the basic life insurance policy or annuity contract to which it relates.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at www.mo-iga.org, or contact:

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-844-255-8361. The Insured can also write to the Company at:

UnitedHealthcare **StudentResources**
P.O. Box 809025
Dallas, TX 75380-9025

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

International students with an F-1 or J-1 visa status (including ESL students) are required to purchase this insurance plan on a mandatory basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., July 11, 2022. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 9, 2023. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Preferred Provider and Out-of-Network Provider Information

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

Preferred Providers in the local school area are:

UnitedHealthcare Options PPO

Preferred Hospitals include UnitedHealthcare Options PPO United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at www.uhcsr.com/missouristate. The website will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-844-255-8361 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider. Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-844-255-8361 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at www.uhcsr.com/missouristate.

"If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at 1-844-255-8361 to find out if they are eligible for continuity of care benefits.

"Preferred Provider Benefits" apply to Covered Medical Expenses that are provided by a Preferred Provider.

"Out-of-Network Provider Benefits" apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

Preferred Provider Benefits

The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

Out-of-Network Provider Benefits

Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center (as described in section *1833(j)(1)(A) of the Social Security Act*), and any other facility specified by the Secretary.

Section 5: Medical Expense Benefits

This section describes Covered Medical Expenses for which benefits are available. **Please refer to the attached Schedule of Benefits for benefit details.**

Benefits are payable for Covered Medical Expenses (see Definitions) less any Deductible incurred by or for an Insured Person for loss due to Injury or Sickness subject to: a) the maximum amount for specific services as set forth in the Schedule of Benefits; and b) any Coinsurance or Copayment amounts set forth in the Schedule of Benefits or any benefit provision hereto. Read the Definitions section and the Exclusions and Limitations section carefully.

Benefits are payable for services delivered via Telemedicine/Telehealth. Benefits for these services are provided to the same extent as an in-person service under any applicable benefit category in this section.

No benefits will be paid for services designated as "No Benefits" in the Schedule of Benefits or for any matter described in Exclusions and Limitations. If a benefit is designated, Covered Medical Expenses include:

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan’s deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
 - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
 - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
 - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan’s payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan’s payment arrangement and if the provider’s contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in group, group-type, and individual automobile no fault type contracts.
- The medical benefits coverage in group and group-type traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
- Accident only coverage.
- Limited benefit health coverage as defined by state law.
- Specified disease or specified accident coverage.
- School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a "to and from school" basis;
- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement policies.
- State Plans under Medicaid.
- A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
- An Individual Health Insurance Contract.

3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.

4. **Secondary Plan:** A Plan that is not the Primary Plan.

5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of

these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for Emergency Services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
 - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.
- The Plan of the parent not having custody of the child.
- Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
 - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations. The Company shall not request a refund or offset a claim more than twelve months after the Company has paid the claim, except in cases of fraud or misrepresentation by the health care provider.

Section 8: Student Health Center (SHC) Referral Required - *Bill and Lucille Magers Family Health and Wellness Center*

The student and Spouse should use the services of the Health Center first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained will be paid at the Out-of-Network level of benefits as specified in the Schedule of Benefits. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A *Bill and Lucille Magers Family Health and Wellness Center* referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student must return to *Bill and Lucille Magers Family Health and Wellness Center* for necessary follow-up care.
2. When the *Bill and Lucille Magers Family Health and Wellness Center* is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 50 miles from campus.
5. Medical care obtained when a student is no longer able to use the *Bill and Lucille Magers Family Health and Wellness Center* due to a change in student status.

6. Maternity, obstetrical and gynecological care.
7. Mental Illness treatment and Substance Use Disorder treatment.

Dependent children are not eligible to use the *Bill and Lucille Magers Family Health and Wellness Center* and therefore are exempt from the above limitations and requirements.

Subject to the following terms and conditions, each Qualified Beneficiary who has been continuously insured under the school's student insurance policy, who no longer meets the Eligibility requirements under the school's student insurance policy, and who loses coverage as a result of a Qualifying Event is eligible to continuation of coverage under the school's student insurance policy then in effect as may be required for student health insurance policies by applicable federal or state law, not to exceed the Maximum Period of Coverage allowed. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

Coverage begins at the moment of birth or date of placement if a written agreement to adopt such child has been entered into by the Insured prior to the birth or date of placement of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence. Coverage will include Medically Necessary care and treatment of medical conditions existing prior to the date of placement.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. Expedited Internal Review of a Grievance

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact HealthSmart Benefit Solutions at 1-844-255-8361. The written request for an Expedited Internal Appeal should be sent to: HealthSmart Benefit Solutions, Inc. 3320 West Market Street, Suite 100 Fairlawn, OH 44333-3306.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of a Grievance involving a situation where the time frame of the standard appeals would seriously jeopardize the life or health of the Insured Person or the ability of the Insured Person to regain maximum function. For the purposes of Missouri's Grievance register requirements, the EIR request will not be considered a Grievance unless the request is submitted in writing.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

The Insured Person or the Authorized Representative shall be notified orally of the EIR decision no more than seventy-two (72) hours after the Company's receipt of the EIR request. Written confirmation of the decision will be provided within three (3) working days of providing oral notification of the determination.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

An Insured Person or Authorized Representative may file a Grievance with the Consumer Affairs Division of the Missouri Department of Insurance when the Insured has received an Adverse Determination or Final Adverse Determination from the Company. The Insured Person or Authorized Representative may submit a request for an External Independent Review without exhausting all remedies available under the Company's Grievance process.

The Division can be contacted at the following address and telephone number:

Missouri Department of Commerce and Insurance
Consumer Affairs Division
301 W. High Street, Room 830
Harry S. Truman State Office Building

www.insurance.mo.gov
consumeraffairs@insurance.mo.gov

Standard External Review Process

1. After the Grievance is received, the Director shall attempt to resolve as a consumer complaint and resolve the issue with the Company. If the Director determines the issue cannot be resolved, the Director shall:
 - a. Refer the unresolved Grievance to an Independent Review Organization from the Director's approved list.
 - b. Provide the IRO, Insured Person or their Authorized Representative, or the Company with copies of all medical records or any other relevant documents which the Division has received from any party.
2. The Insured Person, Authorized Representative, or the Company may submit additional information to the Division, which the Division will forward to the IRO for consideration when conducting the review. If the Insured Person, Authorized Representative, or the Company has information which contradicts information already provided to IRO, then this information must be provided as additional information. All additional information should be received by the Division within 15 working days from the date the Division mailed that party copies of the information provided to the IRO.
3. If the IRO should request from the Division additional information needed; the Division shall gather the requested information from the Company, Insured Person or, if applicable, the Authorized Representative and provide it to the IRO. If the Division is unable to obtain the requested information, the IRO shall base its opinion on the information already provided.
4. Within 20 days after receipt of the request for external review, the IRO shall provide, to the Director, its opinion to uphold or reverse the Adverse Determination or Final Adverse Determination. Under exceptional circumstances, if the IRO requires additional time to complete its review, the IRO will request in writing from the Director an extension in the time to process the review, which will not exceed 5 calendar days.
5. After the Director receives the IRO's decision, the Director shall, within 25 calendar days of receiving the IRO's opinion, provide written notice of the Director's decision to uphold or reverse the Adverse Determination or Final Adverse Determination to the, the Company, the Insured Person and, if applicable, the Authorized Representative. In no event shall the time between the date the IRO receives the request for external review and the date the Insured and the Company are notified of the Director's decision be longer than 45 days.
6. The Director's decision shall be binding upon the Insured Person and the Company.
7. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Expedited External Review Process

1. The Insured Person or an Authorized Representative may make a request for an Expedited External Review (EER) with the Director at the time the Insured Person receives:
 - a. An Adverse Determination involving a medical condition for which the timeframe for completing a standard external review would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

- b. An Adverse Determination involving an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. As expeditiously as possible after receipt of the request for an EER by the IRO, the IRO must issue its opinion as to whether the Adverse Determination should be upheld or reversed and submit its opinion to the Division.
3. As expeditiously as possible, but within no more than 72 hours after receipt of the qualifying EER request, the Division shall then issue a decision. If the notice is not in writing, the Division will provide the written decision within 48 hours after the date of the notice of determination.
4. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Experimental or Investigational Treatment External Review Process

1. If a request for external review of an Adverse Determination involves a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, the following additional requirements must be met.
2. The IRO will complete a preliminary review to determine that:
 - a. The recommended healthcare service or treatment subject to the Adverse Determination or Final Adverse Determination is a covered benefit under the Policy; and
 - b. The recommended healthcare service or treatment subject to the Adverse Determination or Final Adverse Determination is not explicitly listed as an excluded benefit under the Policy.
3. The request for external review of an Adverse Determination involving a denial of coverage based on the Company's determination that the health care service or treatment recommended or requested is experimental or investigational must include a certification from the Insured Person's Physician stating:
 - a. Standard health care services or treatments have not been effective in improving the condition of the Insured Person, or
 - b. Standard health care services or treatments are not medically appropriate for the Insured Person; or
 - c. There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment; and
 - d. The request for external review of an Adverse Determination involving the denial of coverage based on a determination that the requested treatment is experimental or investigational shall also include documentation that:
 - i. The Insured Person's treating Physician has recommended a health care service or treatment that the Physician certifies, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion than any available standard health care services or treatments; or
 - ii. That the Insured Person's treating Physician, who is a licensed, board-certified, or board-eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care service or treatment.
4. When conducting the external review of an Adverse Determination or Final Adverse Determination involving a denial of coverage based on a determination the health care service or treatment is experimental or investigational, the IRO shall select 1 or more clinical peers who must be Physicians or other health care professionals who meet minimum qualifications and through clinical experience in the past 3 years are experts in the treatment of the Insured's condition and knowledgeable about the recommended or requested health care service or treatment.
5. Each clinical reviewer shall provide written opinion to the IRO to uphold or reverse the Adverse Determination or Final Adverse Determination. The IRO shall provide the opinions to the Division who shall then issue the decision to either uphold or reverse the Adverse Determination or Final Adverse Determination with the same time frames for the standard and expedited external review procedures.
6. Upon receipt of the Director's notice of a decision reversing an Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. Section 16: Pediatric Dental Services Benefit

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 844-255-8361 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Exclusions.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network

provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Allowed Dental Amounts from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Allowed Dental Amounts.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are the Company's contracted fee(s) for Covered Dental Services with that provider.

- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary Fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which benefits are provided under this provision.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined. The definition of Necessary relates only to benefits under this provision and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a UnitedHealthcare Vision Network Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits:

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Policy Deductible

Benefits for pediatric Vision Care Services are not subject to any Policy Deductible stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the Policy Deductible stated in the Policy Schedule of Benefits.

What Are the Benefit Descriptions?

Benefits

When benefit limits apply, the limit stated refers to any combination of Network Benefits and non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Frequency of Service Limits

Benefits are provided for the Vision Care Services described below, subject to Frequency of Service limits and Copayments and Coinsurance stated under each Vision Care Service in the Schedule of Benefits below.

Routine Vision Examination

A routine vision examination of the eyes and according to the standards of care in the area where the Insured Person resides, including:

- A patient history that includes reasons for exam, patient medical/eye history, and current medications.
- Visual acuity with each eye and both eyes, far and near, with and without glasses or contact lenses (for example, 20/20 and 20/40).
- Cover test at 20 feet and 16 inches (checks how the eyes work together as a team).
- Ocular motility (how the eyes move) near point convergence (how well eyes move together for near vision tasks, such as reading), and depth perception (3D vision).
- Pupil reaction to light and focusing.
- Exam of the eye lids, lashes, and outside of the eye.
- Retinoscopy (when needed) – helps to determine the starting point of the refraction which determines the lens power of the glasses.
- Phorometry/Binocular testing – far and near: how well eyes work as a team.
- Tests of accommodation – how well the Insured Person sees up close (for example, reading).
- Tonometry, when indicated: test pressure in eye (glaucoma check).
- Ophthalmoscopic examination of the inside of the eye.
- Visual field testing.
- Color vision testing.
- Diagnosis/prognosis.
- Specific recommendations.

Post exam procedures will be performed only when materials are required.

Or, in lieu of a complete exam, Retinoscopy (when applicable) - objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.

Eyeglass Lenses

Lenses that are placed in eyeglass frames and worn on the face to correct visual acuity limitations.

The Insured Person is eligible to choose only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

If the Insured Person purchases Eyeglass Lenses and Eyeglass Frames at the same time from the same UnitedHealthcare Vision Network Vision Care Provider, only one Copayment will apply to those Eyeglass Lenses and Eyeglass Frames together.

Eyeglass Frames

A structure that contains eyeglass lenses, holding the lenses in front of the eyes and supported by the bridge of the nose.

The Insured Person is eligible to choose only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

If the Insured Person purchases Eyeglass Lenses and Eyeglass Frames at the same time from the same UnitedHealthcare Vision Network Vision Care Provider, only one Copayment will apply to those Eyeglass Lenses and Eyeglass Frames together.

Contact Lenses

Lenses worn on the surface of the eye to correct visual acuity limitations.

Benefits include the fitting/evaluation fees, contact lenses, and follow-up care.

The Insured Person is eligible to choose only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

Necessary Contact Lenses

Benefits are available when a Vision Care Provider has determined a need for and has prescribed the contact lens. Such determination will be made by the Vision Care Provider and not by the Company.

Contact lenses are necessary if the Insured Person has any of the following:
