If your identifying information does not match publicly available information about your identity, you may be prevented from creating an account.

Next, you'll be asked to verify your identity via a **verification code** on the screen below. Select whether you'd like to receive the code via text message or voice message, and sometimes an email if that information is already available to MetLife.

2. Enter and confirm your desired password in the next two text fields. Your password must:
 - ▶ Contain 8-20 characters
 - ▶ Contain a lowercase letter
 - ▶ Contain an uppercase letter
 - ▶ Contain a number
 - ▶ Not contain special characters other than a hyphen or underscore
3. If you'd like MetLife to remember your device, so that you don't have to verify your identity every time you

login to your online account, select the **"Remember this Device"** checkbox. Your device will be remembered for a maximum of six months.

4. Choose whether you'd like to receive paperless documents by selecting one of the radio buttons at the bottom of the page. You may view the eConsent Policy by clicking on the relevant links.
