

CARE OPTIONS

# Because your health counts

**It's important to know where to go for care**

AcademicBlue is offered by Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association.

## You have choices for where you get nonemergency care.

Use these places instead of the emergency room (ER). Plus, when you visit in-network providers, you may pay less for care.

### Your Doctor's Office or Student Health Center (if available)

Your own doctor's office may be the best place to go for nonemergency care, such as health exams, routine shots, colds, flu and minor injuries. When you're on campus, the Student Health Center is another option for this type of care. Check with your Student Health Center for available services.

### Retail Health Clinic

When you can't get to your regular doctor, walk-in clinics—available in many retail stores—can be a lower-cost choice for care. Many stores have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies and colds.

### Urgent Care Center

These facilities can treat you for more serious health issues, such as when you need an X-ray or stitches. You will probably have a lower out-of-pocket cost than at a hospital ER, and you may have a shorter wait.

### Emergency Room

Any life-threatening or disabling health problem is a true emergency. You should go to the nearest hospital-based ER or call **911**. When you use the ER **only** for true emergencies, you help keep your out-of-pocket costs lower.

### Need help with your care options?

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers. They treat most major injuries, except for trauma, but costs may be higher. Unlike urgent care centers, freestanding ERs are often out of network and may charge patients up to 10 times more for the same services.<sup>1</sup> Here are some ways to know if you are at a freestanding ER.

#### Freestanding ERs:

- Look like urgent care centers, but include EMERGENCY or ER in facility names.
- Are open 24 hours a day, seven days a week.
- Are physically separate from a hospital.
- Are subject to the same ER copay.
- Are staffed by board-certified ER physicians.
