

PRESCRIPTION DRUGS

Your pharmacy benefits explained

Top tips to make the most of your coverage and save money

Do you have a prescription and wonder what to do next? Here's a guide to walk you through the basics of your pharmacy benefits, starting with the most common questions from students like you.

What is a drug list?

A drug list is a list of drugs that are covered under your prescription drug benefit. How much you pay out of pocket is determined by whether your drug is on the list and at what coverage level, or tier.

What if my doctor prescribes a drug that is not on the drug list?

If a drug is not on the drug list, call the number on your Blue Cross and Blue Shield of Oklahoma member ID card to see if the drug may be covered.

Why use generic drugs?

Generic drugs are safe and work just as well as a brand drug. Generics often cost less than a brand drug. A generic can usually be substituted for a brand drug if it has the same active ingredients, the same strength and dosage and gives the same results.

You may pay more if you fill a prescription for a brand name drug when a generic equivalent is available. This Member Pay the Difference program encourages members to use drugs that are safe, work well and are cost effective.

What if my drug has a special requirement or limit?

Some drugs on the drug list may have additional requirements, or extra steps to take, before you can fill your prescription. You may need to meet certain criteria for approval. Or, some drugs may have limits on how much medicine can be filled per prescription or in a given time span.

What if I have questions?

Ask your doctor or pharmacist about the choices you have and which drug is right for you. Remember, treatment decisions are always between you and your doctor. If you have any questions about your prescription drug benefit, see your plan materials or call the number on your member ID card.

Looking for ways to save? Consider using generic drugs and follow these tips to help you get the most from your benefits:

- View the BCBSOK drug list. Ask your doctor to check this list when recommending prescription drug options for you.
- Fill your prescriptions at an in-network pharmacy to save money.
- Check with your Student Health Center (if available) to see if they offer an on-site medication distribution program.
- If you regularly take prescription drugs, consider using the home delivery services (if available) to get up to a 90-day supply of covered long-term prescription medicines shipped directly to you. You'll want to allow at least one week to get any prescription refills.
- Take advantage of the pharmacy's online refills, text or smartphone app reminders.
- Use online pharmacy resources to get information about your out-of-pocket cost for a prescription, view your claims history and more.

Go to **[bcbsok.com](https://www.bcbsok.com)** and log in to Blue Access for MembersSM to learn more about your prescription drug benefit and access online resources.

The relationship between Blue Cross and Blue Shield of Oklahoma and contracting pharmacies is that of independent contractors, contracted through a related company, Prime Therapeutics LLC. Prime Therapeutics also administers the pharmacy benefit program. BCBSOK, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics.

Blue Cross and Blue Shield of Oklahoma complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, sex, gender identity, age, sexual orientation, health status or disability. To get help and information in your language at no cost, please call us at 855-710-6984.
ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al 855-710-6984 (TTY: 711).
CHÚ Ý: Nếu bạn nói Tiếng Việt, có các dịch vụ hỗ trợ ngôn ngữ miễn phí dành cho bạn. Gọi số 855-710-6984 (TTY: 711).
