We are also required to send you this notice, which explains how we may use information about you and when we can give out or “disclose” that information to others. You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms “information” or “health information” in this notice include any information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws related to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website, such as www.uhcsr.com. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

We collect and maintain oral, written and electronic information to administer our business and to provide products, services and information of importance to our enrollees. We maintain physical, electronic and procedural security safeguards in the handling and maintenance of our enrollees’ information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction or misuse.

We have the right to collect, use, and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may **collect, use, and disclose** your health information:

- **For Payment** of premiums due us, to determine your coverage, and to process claims for health care services you receive, including for subrogation (**when permitted by applicable law**) or coordination of other benefits you may have. If you are unavailable or unable to object, we will use our best judgment to decide if the disclosure is in your best interests. Special rules apply regarding when we may disclose health information to family members and others involved in a deceased individual’s care. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

**NOTICE OF PROTECTION PROVIDED BY
CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION**

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association (“the Association”). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers’ care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone’s rights or obligations or the rights or obligations of the Association.

COVERAGE

- **Persons Covered**

Generally, an individual is covered by the Association if the insurer was a member of the Association *and* the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

- **Amounts of Coverage**

The basic coverage protections provided by the Association are as follows.

- **Life Insurance, Annuities and Structured Settlement Annuities**

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

- **Life Insurance**
 - 80% of death benefits but not to exceed \$300,000
 - 80% of cash surrender or withdrawal values but not to exceed \$100,000
- **Annuities and Structured Settlement Annuities**
 - 80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed \$250,000

The maximum amount of protection provided by the Association to an individual, for *all* life insurance, annuities and structured settlement annuities is \$300,000, regardless of the number of policies or contracts covering the individual.

- **Health Insurance**

The maximum amount of protection provided by the Association to an individual, as of July 1, 2016, is \$546,741. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured
- A policy or contract provided any health care benefits under Medicare Part C or Part D
- An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract
- Any policy of reinsurance unless an assumption certificate was issued
- Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section 1607.02(b)(2)(C)

NOTICES

Insurance Companies or their agents are required by law to give or send you this notice. Policyholders with additional questions should first contact their insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at www.califega.org, or contact either of the following:

In the absence of fraud or intentional misrepresentation of material fact, if and whenever the Company discovers that the Policy eligibility requirements have not been met, coverage will be cancelled immediately. Unearned premiums will be refunded.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse or enters into a Domestic Partnership with a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 18, 2023. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 31, 2024. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy provides One Year Term coverage. Coverage renewal is guaranteed for the Named Insured and eligible Dependents, as long as the Policy remains in force and the Named Insured continues to meet the eligibility requirements of the Policy.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider and Out-of-Network Provider Information

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

Preferred Provider Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at www.uhcsr.com. The website will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-800-767-0700 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider. Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-800-767-0700 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at www.uhcsr.com.

If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at 1-800-767-0700 to find out if they are eligible for continuity of care benefits.

"Preferred Provider Benefits" apply to Covered Medical Expenses that are provided by a Preferred Provider.

"Out-of-Network Provider Benefits" apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

Preferred Provider Benefits

The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

This Certificate includes the following provisions to comply with the applicable requirements of the *Consolidated Appropriations Act (the "Act")* (P. L. 116 -260). These provisions reflect requirements of the Act; however, they do not preempt applicable state law.

Out-of-Network Provider Benefits

Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social*

Security Act), an ambulatory surgical center (as described in section 1833(i)(1)(A) of the *Social Security Act*), and any other facility specified by the Secretary.

Insureds will be responsible for all out of pocket expenses in excess of the Policy limits contained in the Schedule of Benefits.

Surprise Bills

A surprise bill is a bill for Covered Medical Expenses, other than Emergency Services, when an Insured Person receives covered services from a contracting health facility at which, or as a result of which, the Insured receives services provided by an Out-of-Network Physician which are not agreed to in advance in a written agreement between the Out-of-Network Physician and the Insured Person.

When an Insured Person receives a surprise bill, the Insured shall pay no more than the same cost-sharing that the Insured would pay for the same Covered Medical Expenses received from a Preferred Provider.

An Insured Person shall not owe the Out-of-Network Physician more than the Preferred Provider Cost-Sharing Amount. At the time of payment for such Covered Medical Expenses, the Company shall inform the Insured and the Out-of-Network Physician of the Preferred Provider Cost-Sharing Amount owed by the Insured.

An Out-of-Network Physician shall not bill or collect any amount from the Insured Person for Covered Medical Expenses in excess of the Preferred Provider Cost-Sharing Amount. If the Out-of-Network Physician receives payment in excess of the Preferred Provider Cost-Sharing Amount, the Out-of-Network Physician must refund the overpayment to the Insured within 30 calendar days after receiving the payment. If the Out-of-Network Physician does not refund the overpayment within 30 calendar days after being informed of the Preferred Provider Cost-Sharing Amount, interest shall accrue at the rate of 15 percent per annum beginning on the date the payment was received from the Insured.

Preferred Provider Cost-Sharing Amount includes any Copayment, Coinsurance, or Deductible paid by the Insured for service performed by a Preferred Provider. This does not include any premium payments made by the Insured.

If the Policy includes Out-of-Network benefits, the Insured shall be responsible for the Out-of-Network cost-sharing amount only when the Insured consents in writing, and that consent meets all the following criteria:

1. If the appointment is scheduled at least 72 hours in advance, the Out-of-Network Provider's notice and consent must be provided to the Insured not later than 72 hours prior to the day when the service will be furnished.
2. If the appointment is scheduled between 72 hours and 24 hours in advance, the Out-of-Network provider's notice and consent must be provided on the day the appointment is scheduled.
3. The written consent is signed at least 24-hours in advance of the care.
4. The consent shall be obtained by the Out-of-Network Physician in a document that is separate from any other document used to obtain the Insured's consent for care.
5. At the time of consent, the Out-of-Network Physician shall provide the Insured with a written estimate of the Insured's total expected Out-of-Pocket cost.
6. The consent shall advise the Insured that care may be obtained from a Preferred Provider at a lower cost.
7. The consent shall be provided in the language spoken by the Insured.
8. The consent shall advise the Insured that any costs incurred as a result of obtaining care from an Out-of-Network provider shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Preferred Provider Out-of-Pocket Maximum or Preferred Provider Deductible.

If an Out-of-Network Physician does not obtain prior consent, then the Out-of-Network Physician must accept the Preferred Provider Cost-Sharing Amount as explained above.

State Continuity of Care

If an Insured is undergoing a course of treatment with a Preferred Provider for one of the medical conditions listed below, and the Preferred Provider's contract is terminated by the Company, then the Company will arrange for continuation of Covered Medical Expenses at the Insured's request and subject to the provider's agreement. The continued Covered Medical Expenses are limited to the time periods shown below and while the Insured is Covered by this Policy for each type of condition.

This provision shall also apply when:

1. A Preferred Provider Physician's or Preferred Provider facility's contract is terminated due to a change in the terms of participation.
2. The Insured is undergoing a course of institutional care or Inpatient treatment from the Preferred Provider Physician or facility.

Upon the termination of a Preferred Provider Physician's or Preferred Provider facility's contract, the Company will provide timely notice to the Insured regarding their right to elect continuity of care.

Deductible, Copayment, Coinsurance, limitations, or any other provisions of this Policy will be the same as an Insured would have paid for a current Preferred Provider.

Section 8: Coordination of Benefits Provision

Benefits will be coordinated with any other eligible medical, surgical, or hospital Plan or coverage so that combined payments under all programs will not exceed 100% of Allowable Expenses incurred for covered services and supplies.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan’s deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms, except when the private room is Medically Necessary.

- For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
- For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
- If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
- Accident only coverage.
- Limited benefit health coverage as defined by state law.
- Specified disease or specified accident coverage.
- School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a "to and from school" basis;
- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement policies.
- State Plans under Medicaid.
- A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
- An Individual Health Insurance Contract.

3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.

4. **Secondary Plan:** A Plan that is not the Primary Plan.

5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for Emergency Services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
 - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.
- The Plan of the parent not having custody of the child.
- Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
 - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 9: Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional

premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

AIR AMBULANCE means medical transport by rotary wing air ambulance or fixed wing air ambulance as defined in 42 CFR 414.605.

ALLOWED AMOUNT means the maximum amount the Company is obligated to pay for Covered Medical Expenses. Allowed amounts are determined by the Company or determined as required by law, as described below.

Allowed amounts are based on the following:

When Covered Medical Expenses are received from a Preferred Provider, allowed amounts are the Company's contracted fee(s) with that provider.

When Covered Medical Expenses are received from an Out-of-Network Provider as described below, allowed amounts are determined as follows:

1. **For non-Medical Emergency Covered Medical Expenses received at certain Preferred Provider facilities from Out-of-Network Provider Physicians** when such services are either: a) Ancillary Services; or b) non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Health Service Act with respect to a visit as defined by the Secretary, the allowed amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center (as described in section 1833(i)(1)(A) of the Social Security Act), and any other facility specified by the Secretary.

 - The amount determined by *Independent Dispute Resolution (IDR)*.

When Covered Medical Expenses are received from an Out-of-Network Provider, except as described above, allowed amounts are determined based on either of the following:

1. Negotiated rates agreed to by the Out-of-Network Provider and either the Company or one of Our vendors, affiliates or subcontractors.
2. If rates have not been negotiated, then one of the following amounts:
 - Allowed amounts are determined based on 140% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographical market, with the exception of the following.
 - 50% of CMS for the same or similar freestanding laboratory service.
 - 45% of CMS for the same or similar Durable Medical Equipment from a freestanding supplier, or CMS competitive bid rates.
 - 70% of CMS for the same or similar physical therapy service from a freestanding provider.
 - When a rate for all other services is not published by CMS for the service, the allowed amount is based on 20% of the provider's billed charge.

We update the CMS published rate data on a regular basis when updated data from CMS becomes available. These updates are typically put in place within 30 to 90 days after CMS updates its data.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT MEDICAL REVIEW

An Insured Person has the right to seek an External Independent Medical Review when health care services have been denied, modified, or delayed by the Company, if the decision was based in whole or in part on a finding that the proposed health care services are not Medically Necessary, are experimental or investigational, or are not Covered Medical Expense benefits under the Insured's Policy. An Insured Person may designate an Authorized Representative to act on his or her behalf. The Insured's Physician may join with or otherwise assist the Insured in seeking an External Independent Medical Review, and may advocate on behalf of the Insured.

The Insured Person may apply to the Department of Insurance for an External Independent Medical Review when all of the following conditions are met:

1. a. The Insured's Physician has recommended a health care service as Medically Necessary, or
b. The Insured received Urgent Care or emergency services that a Physician determined were Medically Necessary, or
c. The Insured, in the absence of a Physician recommendation under subparagraph 1a or the receipt of Urgent Care or emergency services by a Physician under subparagraph 1b has been seen by a Physician for the diagnosis or treatment of the medical condition for which the Insured seeks External Independent Medical Review.
2. The disputed health care service has been denied, modified, or delayed by the Company, based in whole or in part on a decision that the health care service is not Medically Necessary or is not a Covered Medical Expense benefit under the Policy that applies to the Insured.
3. The Insured has filed an Internal Appeal Review request with the Company, and the disputed decision is upheld or the grievance remains unresolved after 30 days. The Insured shall not be required to participate in the Company's Internal Appeal process for more than 30 days. In the case of an Internal Appeal that requires expedited review, the Insured shall not be required to participate in the Company's Internal Appeal process for more than three days.

The External Independent Medical Review Process

An Insured Person may apply to the Department for an External Independent Medical Review of a Final Adverse Benefit Determination to deny, modify, or delay health care services based, in whole or in part, on a finding that the disputed health care services are not Medically Necessary, or are not a covered benefit under the Policy that applies to the Insured. The Insured's request for an External Independent Medical Review must be submitted to the Department within six months after

the Insured receives the Final Adverse Benefit Determination notice. However, the Commissioner may extend the application deadline beyond six months if the circumstances of a case warrant the extension.

As part of its notification to the Insured regarding a disposition of the Insured's Final Adverse Benefit Determination that denies, modifies, or delays health care services, the Company shall provide the Insured with an application form approved by the Department, and an addressed envelope, which the Insured may return to initiate an External Independent Medical Review.

Upon receipt of a notice from the Department that the Insured has applied for an External Independent Medical Review, the Company shall, within three business days, provide all the following documents to the Independent Medical Review Organization designated by the Department:

1. a. A copy of all of the Insured's medical records in the possession of the insurer relevant to each of the following:
 - (i) The Insured's medical condition.
 - (ii) The health care services being provided by the Physician for the condition.
 - (iii) The disputed health care services requested by the Insured for the condition.
 - b. Any relevant medical records kept by the Company or Physician and discovered or developed after the initial documents were provided to the Independent Medical Review Organization shall be forwarded immediately to the Independent Medical Review Organization. The Company shall concurrently offer to send copies of this documentation to the Insured or, with the Insured's permission, to the Insured's Physician, unless the Insured declines such an offer or the offer is prohibited by law. The documents shall remain confidential as required by state and federal law.
 - c. Copies of all information the Company or Physician provided to the Insured regarding the Company's or Physician's decisions regarding the Insured's care or condition, including the Company's written response to the Insured's Internal Appeal.
 - d. Copies of all information the Insured or the Insured's Physician provided to the Company in support of the Insured's request for the disputed health care services.
 - e. Any other relevant documents or information used by the Company in determining whether disputed health care services should have been provided. The Company shall concurrently send copies of this documentation to the Insured and the Insured's Physician unless the Commissioner finds the material to be legally privileged. The Department and the Independent Medical Review Organization shall maintain the confidentiality of all documents found by the Commissioner to be proprietary information.
 - f. Any statements by the Company explaining the reasons for the decision to deny, modify, or delay disputed health care services on the basis of Medical Necessity or not being a Covered Medical Expense benefit under the Policy. The Company shall concurrently send copies of this documentation to the Insured and the Insured's Physician unless the Commissioner finds the material to be legally privileged. The Department and the Independent Medical Review Organization shall maintain the confidentiality of all documents found by the Commissioner to be proprietary information.
2. Upon submitting all the necessary documents to the Independent Medical Review Organization, the Company shall:
 - a. Provide the Insured with an annotated list of all documents submitted.
 - b. Offer to provide copies to the documents, upon request from the Insured.
 3. The Independent Medical Review Organization's reviewer must decide the matter within 30 days of receiving the application and supporting documents. The Department may extend this by 3 days in extraordinary circumstances or for good cause.
 4. The Independent Medical Review Organization must provide its reviewer's analysis and determinations and a description of the reviewer's qualifications to the Commissioner, the Company, the Insured, and the Insured's Physician.
 5. The Commissioner's written decision to adopt the determination of the Independent Review Organization shall be binding on the Company and the Insured.
 6. The cost of the External Independent Medical Review shall be borne by the Company.

An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. Section 18: Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this section terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call the Company at the number stated on their identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from out-of-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from out-of-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services listed in this section if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided.

If the Insured Person does not obtain a pre-authorization, benefits for orthodontic services will be subject to a reduction of up to \$500 per occurrence, not to exceed the cost of the benefit to the Company.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this section.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amounts.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Out-of-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

The Dental Services Deductible does not apply to Diagnostic Services and/or Preventive Services.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for pediatric Dental Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

IMPORTANT: If the Insured opts to receive Dental Services that are not Covered Dental Services under this policy, a Network Dental Provider may charge the Insured his or her Usual and Customary Fee for those services. Prior to providing an Insured with Dental Services that are not a covered benefit, the Dental Provider should provide the Insured with a treatment plan that includes each anticipated Dental Service to be provided and the estimated cost of each Dental Service. If the Insured would like more information about dental coverage options, the Insured may call *Customer Service* at 877-816-3596. To fully understand this coverage, the Insured may wish to carefully review this policy.

Section 3: Pediatric Dental Exclusions

These exclusions apply specifically to Pediatric Dental benefits included in this provision. They do not apply to any Covered Medical Expenses provided elsewhere in the Policy.

6. Any Dental Procedure not performed in a dental setting.
7. Procedures that are considered to be Experimental or Investigational or Unproven Services. This includes pharmacological regimens not accepted by the *American Dental Association (ADA) Council on Dental Therapeutics*. The fact that an Experimental, or Investigational or Unproven Service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in benefits if the procedure is considered to be Experimental or Investigational or Unproven Service in the treatment of that particular condition. The Insured may request an Independent Medical Review (IMR) from the California Department of Insurance (CDI) at no cost to the Insured as described in the Notice of Appeal Rights section of the Policy.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary Fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which benefits are provided under this section.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Out-of-Network Benefits in that Policy Year.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this section which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Out-of-Network Benefits - benefits available for Covered Dental Services obtained from out-of-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.

Pursuant to other appropriate source or determination that the Company accepts.

For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used. For select controlled medications filled at a mail order Network Pharmacy, refills are available when 80% of the original Prescription Drug Product has been used.

The Insured must either show their ID card to the Network Pharmacy when the prescription is filled or provide the Network Pharmacy with identifying information that can be verified by the Company during regular business hours. If the Insured does not show their ID card to the Network Pharmacy or provide verifiable information, they will need to pay for the Prescription Drug at the pharmacy.

The Insured may then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy or a Preferred 90 Day Retail Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Company at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore the Copayment and/or Coinsurance may change. The Insured will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug is assigned.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular reference product. This provision does not apply in the case of drugs that have already been approved and continue to be appropriately prescribed and are considered to be safe and effective for use.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product.

For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may

determine whether a particular Prescription Drug requires prior authorization at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Does Step Therapy Apply?

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

Step therapy is a process whereby Prescription Drug Products or Pharmaceutical Products are filled with an effective, but more affordable medication. When appropriate, a more costly medication can be authorized if the Prescription Drug Product or Pharmaceutical Product is not effective in treating the Insured Person's condition. Step therapy is designed to encourage the use of cost-effective Prescription Drug Products or Pharmaceutical Products when appropriate.

If the Insured Person's Physician determines that a Prescription Drug Product or Pharmaceutical Product subject to the step therapy requirements is not medically appropriate or is not satisfactorily treating the Insured Person's condition, the Physician can request an exception to the step therapy process by contacting us at www.unitedhealthcareonline.com.

If the Insured Person is changing policies, we will not require the Insured Person to repeat step therapy when the Insured Person is already being treated for a medical condition by a Prescription Drug Product provided the Prescription Drug Product is appropriately prescribed and considered safe and effective for the Insured Person's medical condition. However, we may impose prior authorization requirements for the continued coverage of a Prescription Drug Product prescribed pursuant to step therapy requirements imposed by the former policy. The prescribing provider may also prescribe another Prescription Drug Product covered under this Policy that is medically appropriate for the Insured Person's medical condition. The Insured may find out whether a particular Prescription Drug Product is subject to step therapy requirements at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

A request for an exception to the step therapy requirements may be submitted in the same manner as a request for prior authorization for Prescription Drug Products as described in the Prior Authorization Requirements section.

Medically Necessary antiretroviral drugs for the prevention of AIDS/HIV, including preexposure prophylaxis and postexposure prophylaxis, are not subject to step therapy requirements, except when the United States Food and Drug Administration has approved one or more Therapeutic Equivalents of a drug, device, or product for the prevention of AIDS/HIV. Not all Therapeutically Equivalent versions are required to be covered without step therapy, if at least one Therapeutically Equivalent version is covered without step therapy.

When Does the Company Limit Selection of Pharmacies?

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include,

but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier placement.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources. This includes data sources such as Medi-Span that classify drugs as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician will be classified as Brand-name by the Company.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products. This includes Specialty Prescription Drug Products. Not all Network Pharmacies are a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

If the Company denies benefits because it was determined that the treatment is not Medically Necessary or was an Experimental or Investigational Service, the Insured may request an Independent Medical Review from the California Department of Insurance (CDI) at no cost to the Insured Person.

Generic means a Prescription Drug Product: (1) that is Therapeutically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

The Insured may find out if a drug is a PPACA Zero Cost Share Preventive Care Medication as well as information on access to coverage of Medically Necessary alternatives at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Preferred 90 Day Retail Network Pharmacy means a retail pharmacy that the Company identifies as a preferred pharmacy within the network for Maintenance Medication.

Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a preferred pharmacy within the network.

Prescription Drug Charge means the rate the Company has agreed to pay the Network Pharmacies for a Prescription Drug Product dispensed at a Network Pharmacy. The rate includes a dispensing fee and any applicable sales tax.

Prescription Drug List means a list that places into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's review and change from time to time. The Insured may find out which tier a particular Prescription Drug Product has been placed at www.uhcsr.com or call *Customer Service* at 1-855-828-7716.

Prescription Drug List (PDL) Management Committee means the committee that the Company designates for placing Prescription Drugs into specific tiers.

Prescription Drug Product means a medication or product that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only according to a Prescription Order or Refill. A Prescription Drug Product includes a medication that is generally appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

- Inhalers.
- Insulin.

- Certain vaccines/immunizations administered in a Network Pharmacy.
- Certain injectable medications administered at a Network Pharmacy.
- The following diabetic supplies:
 - standard insulin syringes with needles;

Prescription Order or Refill means the directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-administered biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products at www.uhcsr.com or call Customer Service at 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs Products contain the same amount of the same active ingredient as a brand name drug and are the same as a brand name drug in dosage, safety, strength, how it is taken, quality, performance, and intended use.

Unproven Service(s) means services, including medications, that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

If the Company denies benefits because it was determined that the treatment is not Medically Necessary or was an Unproven Service, the Insured may request an Independent Medical Review from the California Department of Insurance (CDI) at no cost to the Insured Person.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. This fee includes a dispensing fee and any applicable sales tax.

If the Company denies benefits because it was determined that the treatment is not Medically Necessary or was an Experimental or Investigational Service or Unproven Service, the Insured may request an Independent Medical Review (IMR) from the California Department of Insurance (CDI) at no cost to the Insured.
