HEALTH CARE FRAUD INFORMATION

Health care and insurance fraud results in cost increases for health care plans. You can help; always:

- Be wary of offers to waive Copayments, Deductibles, or Coinsurance. These costs are passed on to you eventually.
- Be wary of mobile health testing labs. Ask what your health care insurance will be charged for the tests.
- Review the bills from your Providers and the *Explanation of Benefits* (EOB) you receive from BCBSNM. Verify that services for all charges were received. If there are any discrepancies, call a UNM Team Health Customer Care.
- Be very cautious about giving information about your health care insurance over the phone.

If you suspect fraud, contact the BCBSNM Fraud Hotline at 1-888-841-7998.

SECTION 2: ENROLLMENT AND TERMINATION INFORMATION

Eligibility: The following types of students will be automatically enrolled in the Plan and the Student Health Plan premium will be added to their tuition bill unless a waiver and proof of coverage under another plan is submitted and approved by the waiver deadline: (a) Medical Health Professional Students enrolling (and not receiving a tuition refund), paying fees and actively attending classes each semester for 6 or more credit hours or 3 hours in the summer and (b) Medical Doctorate Students, Pharmacy Doctorate Students & Physician's Assistant Students. Graduate Students holding a Teaching Assistantship (TA), Graduate Assistantship (GA), Research Assistantship (RA), or Project Assistantship (PA), enrolled for six (6) or more graduate credit hours throughout the semester and working 25% FTE or higher (Contact the Office of Graduate Studies at 277-2711 for additional eligibility information regarding assistantships) will be automatically enrolled unless an opt-out waiver and proof of coverage under another Plan is submitted and approved prior to the waiver deadline. Waiver procedures and deadline information are available at unm.myahpcare.com and <https://hr.unm.edu/benefits/student-health-insurance>. The University of New Mexico maintains its right to investigate Student status and attendance records to verify that the eligibility requirements have been met. If The University of New Mexico discovers the eligibility requirements have not been met, the only obligation is refund of premium.

No eligibility rules or variations in premium will be imposed based on a Student's health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status factor. A Student will not be discriminated against for coverage under this Policy on the basis of race, color, national origin, disability, age, sex, gender identity, or sexual orientation. Variations in the administration, processes or benefits of this Policy that are based on clinically indicated, reasonable management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

DISCONTINUANCE OF INSURANCE TERMINATION DATE OF INSURANCE

An Insured's coverage will end on the earliest of the date:

- The Policy terminates
- The Insured is no longer eligible or
- The period ends for which premium is paid

A Dependent's coverage will end on the earliest of the date:

- He or she is no longer a Dependent
- The Insured's coverage ends or
- The period ends for which premium is paid or
- The Policy terminates

REFUND OF PREMIUM

A pro-rata refund of premium will be made only in the event:

- Of a Covered Person's death or
- The Covered Person enters full-time active duty in any Armed Forces and e receive proof of such active-duty service

ELIGIBLE FAMILY MEMBERS

Eligible Students who enroll may also insure their Dependents. Dependent enrollment must take place at the initial time of Student enrollment (or within 30 days, if the premium is billed on the Student's tuition); exceptions to this rule are made for newborn or adopted children, or for Dependents who become eligible for coverage as the result of a qualifying event. (Please see "Qualifying Events," page 3, for more details.) "Dependent" means an Insured's lawful spouse including Domestic Partner; or an Insured's Child, stepchild, Child of a Covered Person's Domestic Partner, foster Child, dependent grandchild or spouse's dependent grandchild; or a Child who is adopted by the

Insured or placed for adoption with the Insured, or for whom the Insured is a party in a suit for the adoption of the Child; or a Child whom the Insured is required to insure under a medical support order issued or enforceable by the courts. Any such Child must be under age 26.

Coverage will continue for a Child who is 26 or more years old, chiefly supported by the Insured and incapable of self-sustaining employment by reason of mental or physical handicap. Proof of the Child's condition and dependence must be submitted to the University of New Mexico within 31 days after the date the Child ceases to qualify as a Dependent, under this plan, for the reasons listed above. During the next two years, the University of New Mexico may, from time to time, require proof of the continuation of such condition and dependence. After that, the University of New Mexico may require proof no more than once a year.

Dependent coverage is available only if the Student is also insured. Dependent coverage must take place within the exact same coverage period as the Insured's; therefore, it will expire concurrently with the Insured's plan.

A newborn Child will be covered, provided the covered Student:

- 1) Enrolls the Child within 31 days of birth and
- 2) Pays any required additional premium

Eligible Child - The following family members of the Student through the end of the month during which the Child turns age 26:

- Natural or legally adopted Child of the Student
- Child placed in the Student's home for purposes of adoption (including a Child for whom the Student is a party in a suit in which the adoption of the Child by the Student is being sought)
- Stepchild of the Student (or otherwise eligible Child of a domestic partner, if domestic partners are covered under your benefit plan)
- Child for whom the Student must provide coverage because of a court order or administrative order pursuant to state law

A Child meeting the criteria above is an "eligible Child" whether or not the Student is the custodial or noncustodial parent, and whether or not the "eligible Child" is claimed on income tax, employed, married, attending school or residing in the Student's home, **except** that:

- Once the Student is no longer a legal guardian of a Child or there is no longer a court order to provide coverage to a Child, the Child must be eligible as a natural Child, legally adopted Child, or stepchild of the Student in order to retain eligibility as a family member under this health plan.

A **domestic partner** is a person of the same or opposite sex who meets all of the following criteria:

- Shares your permanent residence and has resided with you for no less than one year
- Is not less than 18 years of age
- Is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property; community ownership of a motor vehicle; a joint bank account or a joint credit account; designation as a beneficiary for life insurance or retirement benefits or under your partner's will; assignment of a durable power of attorney or health care power of attorney; shared household expenses
- Is not a blood relative any closer than would prohibit legal marriage and
- Has signed jointly with you, a notarized affidavit which must be submitted to the UNM Benefits Office.

In addition, you and your domestic partner will meet the terms of this definition as long as neither of you nor your domestic partner:

- Has signed a domestic partner affidavit or declaration with any other person within 12 months prior to designating each other as domestic partners hereunder

- Is currently legally married to another person nor
- Has any other domestic partner, spouse, or spouse equivalent of the same or opposite sex

You and your domestic partner must qualify for and be recognized as domestic partners by the University of New Mexico (See UNM Policy #3790 for additional information on Domestic Partner eligibility). The UNM Student Health Plan, will require a notarized *Affidavit of Domestic Partnership* (available at <http://hr.unm.edu/docs/benefits/affidavit-of-domestic-partnership.pdf>) and at least one corroborating documents:

- Joint lease/mortgage or ownership of property
- Jointly owned motor vehicle, bank or credit account (only one qualifies)
- Domestic partner named as beneficiary of the Student's life insurance and/or retirement benefits, and/or as primary beneficiary under Students will
- Domestic partner assigned as power of attorney or legal designee by the Student both names on a utility bill and/or on an investment account

Within 31 days of the Effective Date of Coverage, you must submit all required forms to your UNM Benefits Department administrator. Once you have made an election during your initial enrollment period of 31 days from your date of hire, you are locked into that decision until the next open enrollment period.

UNM Student Health Plan will require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage.

Unless listed as an Eligible Family Member, no other family member, relative or person is eligible for coverage as a family member. Common-law spouses are **not** considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "domestic partner."

Information for Noncustodial Parents

When a Child is covered by the Plan through the Child's noncustodial parent, then **UNM Student Health Plan** will:

- Provide such information to the custodial parent as may be necessary for the Child to obtain benefits through the Plan
- Permit the custodial parent or the Provider (with the custodial parent's approval) to submit Claims for Covered Services with the approval of the noncustodial parent and
- Make payments on Claims submitted in accordance with the above provision directly to the custodial parent, the Provider, or the state Medicaid agency as applicable

APPLYING FOR COVERAGE

An eligible person can apply for coverage, for his/her Eligible Family Members, by enrolling online at www.unm.myahpcare.com **within 31 days** after becoming eligible according to the terms of the Administrative Services Agreement. **Note: UNM Student Health Plan** cannot use genetic information or require genetic testing in order to determine or to limit or deny coverage.

WHEN COVERAGE BEGINS

UNM Student Health Plan will determine your Effective Date of Coverage according to the provisions of the Administrative Services Agreement.

This Plan does not cover any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Student's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your effective date that are covered under the prior benefit plan.

CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by the University of New Mexico. Please contact Academic Health Plans at 1-(855) 865-0352 to find out when you can change your coverage type or remove a person from your coverage.

ADDING A FAMILY MEMBER TO COVERAGE

A Student may apply for coverage of an Eligible Family Member (such as a new spouse or a newborn Child). **Within 31 days** of acquiring the newly Eligible Family Member, the Student must:

- Notify Academic Health Plans of the change
- Submit all necessary information and legal documentation of proof of dependency and
- Pay any additional premium for coverage, Adding a Spouse or a Domestic Partner

If a Student adds coverage for a spouse **within 31 days** of marriage, the effective date of the new Eligible Family Member's coverage will be no later than the first of the month following the date your Group received all requested information. If the Student does not 1) provide the necessary information and documentation to his/her benefits administrator or to Academic Health Plans, and if required, 2) change from Individual (or Student + Child(ren) coverage, if applicable) to Family coverage **within 31 days** of marriage, then the spouse may not be added to coverage except as a Late Applicant (or as specified under "Special Enrollment" later in this section). You may also have the option of applying for a Two-Person (Student + Spouse) coverage type. Ask Academic Health Plans which coverage types are available to you. For example, if you are applying for coverage for a new spouse and his/her eligible Child(ren), you will have to change to Family coverage. See "Adding an Eligible Child," below.

Domestic partners and their eligible children may be added to existing coverage only during the open enrollment period.

Adding an Eligible Child

If you do not submit an application for an eligible Child or add additional coverage, if required, within the time frames below, the Child will be considered a **Late Applicant**, except as specified under "Special Enrollment."

Newborn Children

You must add coverage for the newborn **within 31 days** of the birth in order for newborn care to be covered beyond **48 hours** for a routine delivery or greater than **96 hours** for a C - section delivery. If the application is not received **within 31 days** and additional premium or other Student contributions for coverage, if any, are not paid, the newborn is considered a Late Applicant.

Note: If the parent of the newborn is an eligible Child of the Student (i.e., the newborn is the Student's grandchild), benefits are **not** available for the newborn.

Adopted Children

A Child placed in the Student's home for the purposes of adoption may be added to coverage as soon as the Child is placed in the home. However, application for coverage can be made as late as **31 days** following legal adoption without being considered late. (Although a Child over the age of 18 is not eligible for adoption, an adopted Child is covered as any other Child, subject to the same eligible Child age limitations and restrictions.) **Note:** An adopted Child who is not enrolled within 31 days of adoption or placement in the home will be considered a Late Applicant unless the Child was previously enrolled in a Student health plan or other Creditable Coverage within 30 days of his/her adoption or placement for adoption and has had prior Creditable Coverage since that date with no significant lapse (i.e., 63 or more days).

Legal Guardianship

Application for coverage must be made for a Child for whom the Student or the Student's spouse becomes the legal guardian **within 31 days** of the court or administrative order granting guardianship.

Stepchild

Application for coverage must be made for a stepchild **within 31 days** of the marriage to the stepchild's biological parent.

Court Ordered Coverage for Children

When a Student or university is required by a court or administrative order to provide coverage for an eligible Child, the eligible Child may be enrolled in the Student's Family coverage, or Student/Children coverage, if available and will **not** be considered a Late Applicant. (If the Student has Individual or Two-Person coverage, he/she may be required to pay additional premium in order for the eligible Child to be added.) If not specified in the court or administrative order, the eligible Child's Effective Date of Coverage will be the date the order has been filed as public record with the State or the effective date of Family coverage, or Student/Children coverage, if available, whichever is later. **UNM Student Health Plan** must receive a copy of the court or administrative order.

LATE APPLICANT

Unless eligible for a Special Enrollment, applications from the following enrollees will be considered late:

- Anyone not enrolled **within 31 days** of becoming eligible for coverage under this Plan (e.g., a newborn Child added to coverage more than 31 days after birth when, for example, Family coverage (or Student/Children coverage, if available) is not already in effect, a Child added more than 31 days after legal adoption, or a new spouse or stepchild added more than 31 days after marriage)
- Anyone enrolling on the Group's initial BCBSNM enrollment date who was not covered under the Group's prior plan (but who was eligible for such coverage)
- Anyone eligible but not enrolled during the Group's initial enrollment
- Anyone who voluntarily terminates his/her coverage and applies for reinstatement of such coverage at a later date (except as a Provider under USERRA of 1994)

Application for coverage from Late Applicants will be accepted only during your Group's open enrollment period, except as described under "Special Enrollment for Students and Their Eligible Family Members" and under "Switch Enrollment and Changes in Plan," provisions of this Section 2.

ENROLLMENT

Students are automatically enrolled and it is the Student's responsibility to waive out of coverage each semester if they have other coverage.

SPECIAL ENROLLMENT

There are four instances ("qualifying events") in which an eligible person can obtain a "Special Enrollment" right (see definition in *Section 10: Definitions*. You have a limited amount of time during which you may request a Special Enrollment. If you do not request Special Enrollment **within the time period specified below**, you will be considered a Late Applicant.

Note: There are no Special Enrollments for persons applying for any continuation coverage if offered under your Plan. You must enroll in these coverages timely.

Qualifying Events

The four instances of Special Enrollment are:

Loss of Prior Coverage

An eligible Student who declined coverage when initially eligible because of having other comprehensive medical coverage and who later *involuntarily* loses the other coverage (or who reaches a lifetime maximum under the prior benefit plan), may apply for coverage for himself/herself and Eligible Family Members. (The Eligible Family Members need not have been covered under the prior benefit plan when the Student has been granted a Special Enrollment under this provision.) Currently enrolled Students may also add Eligible Family Members to coverage under this provision if the Eligible Family Member had prior Creditable Coverage that was involuntarily lost or had reached lifetime benefit maximum under the other carrier's benefit plan. (See definition of "Involuntary Loss of Coverage" in *Section 10: Definitions.*)

If all necessary information and documentation is received **within 31 days** of losing the other coverage (or **within 31 days** of receiving the first denial notice informing the Student or Eligible Family Member that he/she had reached a lifetime limit), the applicant(s) will **not** be considered late.

Documentation from the prior carrier - supporting the fact that the person had prior Creditable Coverage that was lost involuntarily - may be submitted at a later date, but the Student must submit all other necessary information and documentation **within 31 days** of the loss of coverage (or denial notice). **Note:** Enrollment changes cannot be processed until **all documentation** is provided.

If the Student lost prior coverage, Special Enrollment is available to the Student and any Eligible Family Members of the Student (including spouse). If an Eligible Family Member of the Student lost prior coverage, Special Enrollment is available for the affected Eligible Family Member and the Student (not other Eligible Family Members). The choice to quit paying premiums, for example, because the Student or one family member under the other carrier's benefit plan reaches a lifetime benefit maximum in **not** an example of Involuntary Loss of Coverage for the entire family. However, in the case of one Eligible Family Member losing prior coverage, although all family members may not be eligible for a "special" enrollment, Eligible Family Members may be enrolled at the same time as the special enrollee, subject to Late Applicant provisions. Also, in order to be eligible for a Special Enrollment due to loss of prior coverage, the declining person must have completed a waiver of coverage statement when first eligible to enroll, and the reason stated for declining coverage must have been due to having other coverage. If a Student requests a Special Enrollment for self only, Eligible Family Member(s) only, or both, Academic Health Plans may require proof of loss of coverage or proof of the date of the event.

Change in Family Status

A Student who acquires a new Eligible Family Member due to marriage, birth, adoption, or placement for adoption may apply for a Special Enrollment in this Plan for himself/herself **and other family members** who are eligible for coverage under this Plan. Application for Special Enrollment of the Student and his/her Eligible Family Members will **not** be considered late if submitted **within 31 days** of the marriage, birth, adoption, or placement of the eligible Child in the Student's home. If submitted more than 31 days following the change in family status, Special Enrollment is not available.

- **Newborn or Adopted Child:** For a change in family status due to birth of an eligible newborn or adoption of a Child, coverage begins on the date of birth or adoption (or, if earlier, on the date of placement in the Student's home).
- **Marriage:** The Effective Date of Coverage for all persons granted a Special Enrollment due to marriage will be the same as the new spouse's Effective Date of Coverage as described under "Adding An Eligible Family Member to Coverage."

This right to Special Enrollment upon a change in family status applies to the Student and to all Eligible Family Members.

Establishing a new domestic partnership and adding a Child to coverage due to a court order are **not** considered a change in family status for purposes of the "Special Enrollment" provision.

Loss of Medicaid/SCHIP Eligibility

If an eligible Student or his/her Eligible Family Member is not currently enrolled in the Plan and loses eligibility under Medicaid or under a state Child health plan (SCHIP), the person losing such coverage may enroll in the

Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the person must apply for coverage under the Student health plan no later than **60 days** after the date of termination of Medicaid or SCHIP coverage. (In order for an Eligible Family Member to be eligible for Special Enrollment, the Student must be covered under the Student health plan. If the Student is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the Student must enroll into the Plan at the same time as the Eligible Family Member.) Documentation from the state - supporting the fact that the person had Medicaid/SCHIP coverage that was lost involuntarily - may be submitted at a later date with the university's approval, but the Student must submit all necessary information and documentation within **60 days** of the loss of coverage. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the University.

If the Student lost Medicaid/SCHIP coverage, Special Enrollment is available to the current University and any Eligible Family Members of the Student (including spouse). If an Eligible Family Member of the current Student lost Medicaid/SCHIP coverage, Special Enrollment is available for the affected Eligible Family Member and the Student (not other Eligible Family Members).

Medicaid/SCHIP Student Health Plan Premium Assistance Eligibility

A state may offer premium subsidies through Medicaid or a state Child health plan (SCHIP) to low-income children and their families for qualified University-sponsored coverage. This includes premium assistance for continuation coverage under federal or state law. Therefore, if an eligible Student or an Eligible Family Member is not enrolled in the Plan and later becomes eligible for Student health plan premium assistance under Medicaid or under SCHIP, the eligible person may enroll in the Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the affected person must apply for coverage through the University no later than **60 days** after becoming eligible for premium assistance. (In order for a family member to be eligible for Special Enrollment, the Student must be covered under the University's health plan. If the Student is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the Student must enroll in to the Plan at the same time as the Eligible Family Member.)

Documentation from the state - supporting the fact that the person is eligible for premium assistance from Medicaid or SCHIP - may be submitted at a later date with the University's approval, but the Student must submit all necessary information and documentation **within 60 days** of the affected person's premium assistance eligibility date. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the University.

The current Student who is eligible but not enrolled for coverage under the terms of the Student Health Plan (or a Dependent of such a Student who is eligible but not enrolled for Student Health Plan coverage under such terms) may enroll in the Student Health Plan upon becoming eligible for a state premium assistance subsidy under Medicaid or SCHIP if Special Enrollment is requested in a timely manner.

Applying for Special Enrollment

Application for Special Enrollment must be made **within the time period specified for each of the qualifying events above** in order to qualify you and/or your Eligible Family Member(s) for a Special Enrollment right. Please contact Academic Health Plans for details about Special Enrollment privileges that apply to you and your Eligible Family Members.

SECTION 3: HOW YOUR PLAN WORKS

BENEFIT CHOICES

This health care plan is a Preferred Provider Option (PPO) health care plan that gives you the opportunity to save money, while providing you choice and flexibility when you need medical/surgical care and Preventive Services. When you need health care, you have the choice of obtaining benefits from the Student Health and Counseling Center (SHAC), a UNM Health Provider or a BCBS Preferred Provider. It's important to understand the differences between them. When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a BCBSNM Preferred Provider. (A Physician's or other Provider's contract may be separate from the Facility's contract.) Your choice can make a difference in the amount you pay and the benefits available to you unless otherwise specified in the Plan. Services obtained from Out-of-Network Providers (any Provider outside the UNM Health Network or BCBSNM PPO Network) will not be paid EXCEPT for Ambulance and Emergency services.

Your Choices

Covered Charges

*For Covered Charges related to Claims from Providers that contract directly with BCBSNM, see "Covered Charges" in *Section 8: Claims Payments and Appeals*.

*For Covered Charges related to Claims from out-of-network Providers, see "Benefit Level Exceptions" later in this *Section 3: How Your Plan Works*.

*For Covered Charges related to Claims from Providers outside New Mexico, see "BlueCard" in *Section 8: Claims Payments and Appeals*.

PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER[®]

When you need medical care, there are a variety of ways you can choose a UNM Health Provider or Primary Preferred Provider (PPP) or other Preferred Provider in your area. You can also access mental health Providers (including those specializing in Chemical Dependency) and Participating Pharmacies. **Note:** Only those Providers listed under Family Practice, General Practice, Internal Medicine, Gynecology, Obstetrics/Gynecology and Pediatrics are considered Primary Preferred Providers (PPPs). See "Cost-Sharing Features," later in this section for details.

Whichever method you choose, the Provider directory gives each Provider's specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the doctor's name once you have found one you want to know more about.) The website directory also gives you a map to the Provider's office.

Note: Providers who are listed in the directory as having a "participating" contract are **not** "Preferred" Providers (unless they are also listed as having a "Preferred" Provider contract). **You will not receive the "Preferred Provider" benefit level when receiving services from a "Participating" Network Provider.** You must use providers in the "Preferred" Provider network in order to obtain the highest level of benefit under this Plan for nonemergency care. However, if you live in or travel to a state that does not offer Preferred Provider contracts, you can receive the "Preferred Provider" benefit level by visiting "Participating" Providers in that state. **If you are in an Emergency situation, call 911 if necessary or go directly to the nearest Emergency room.**

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an Internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a UNM Team Health Customer Care. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS Preferred Provider network before making an appointment.

Web-Based BCBSNM Provider Finder

To find a Preferred Provider in New Mexico or along the border of neighboring states, please visit the *Provider Finder* section of the BCBSNM website for a list of Network Providers:

www.bcbsnm.com

The website is the most up-to-date resource for finding providers and also has an Internet link to the national Blue Cross and Blue Shield Association website for services outside New Mexico. Website directories also include maps and directions to Provider locations.

Paper Provider Network Directory

If you want a paper copy of a *BCBSNM Preferred Provider Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge. You may also call UNM Team Health Customer Care and request a paper copy of a BCBS Provider directory from another state.

Finding a Pharmacy

To find a Participating Pharmacy, visit the Prime Therapeutics website at:

www.MyPrime.com

Click on *Find a Pharmacy*. You will then be asked to select from a list of BCBS Plans. **You must select “Blue Cross and Blue Shield of New Mexico”** and then select **“Other BCBSNM Plans”** in order to get the correct list of Participating Pharmacies for this health plan. After you have selected “Blue Cross and Blue Shield of New Mexico” as your health plan administrator, you will be able to locate Participating Pharmacies throughout the United States based on zip code or state name. You may also request a paper copy of the list of Participating Pharmacies by calling a UNM Team Health Customer Care.

Providers Outside New Mexico

Out-of-state Providers that contract with their local Blue Cross and/or Blue Shield Plan and international Providers that contract with the Blue Cross and Blue Shield Association as **Preferred Providers** are also eligible for the “Preferred Provider” level of benefits for Covered Services, including fixed-dollar Copayment amounts listed on the *Summary of Benefits*. **Note:** Providers who have a “participating-only” contract are **not** Preferred Providers and you will not receive the Preferred Provider benefit level when receiving services from Participating-only Providers. You must use **Preferred Providers** in order to obtain the higher benefit (unless listed under **“Benefit Level Exceptions,”** later in this section).

You have a number of ways to locate a Preferred Provider in the United States or around the world:

BCBSNM Website

If you have an Internet connection, go to the BCBSNM website at www.bcbsnm.com, click on “Provider Finder[®]” and then select the line entitled “Providers located outside New Mexico.” You will then be linked to the Blue Cross Blue Shield Association’s BlueCard Doctor and Hospital Finder. **BCBSNM website: www.bcbsnm.com**

www.bcbs.com (or www.bluecares.com)

National Phone Number

Call BlueCard Access[®] at the phone number below for the names and addresses of doctors and Hospitals in the area where you or an Eligible Family Member need care. When you call, a BlueCard representative will give

you the name and telephone number of a local Provider (you will be asked for the zip code in the area of your search) who will be able to call Customer Service for eligibility information and will submit a Claim for the services provided to the local BCBS Plan. Call:

1-800-810-BLUE (2583)

International Assistance

Call the BlueCard Worldwide Service Center at one of the phone numbers **below**, 24 hours a day, 7 days a week, for information on doctors, Hospitals, and other health care professionals or to receive medical assistance services around the world. If you need to be hospitalized, call BCBSNM for Prior Authorization. You can find the Prior Authorization phone number on your ID card. **Note:** The phone number for Prior Authorization is different from the following phone numbers, which are strictly for locating a Preferred Provider while outside the United States:

1-800-810-BLUE (2583) or call collect: 1-804-673-1177

PLAN YEAR

Your Benefit Period is usually a period of up to one year which begins on July 1, 2023 and ends on June 30, 2024 (Medical & Pharmacy Doctorate, and Physician's Assistants) or begins on August 21, 2023 and ends on August 18, 2024, for (all others). The initial Benefit Period is from a Member's Effective Date of Coverage, but ends on the date it would normally end, which may be less than 12 months.

BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. However, certain services have separate benefit limits per Admission or per Plan Year. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

COST-SHARING FEATURES

For some services, you will pay only a fixed-dollar amount Copayment for Covered Charges. In other cases, you will have to meet a Deductible and pay a percentage of the Covered Charge (Preferred Providers will not bill you for amounts in excess of the Covered Charge). When you receive a number of services during a single visit or procedure, you may have to pay both a Copayment and a Deductible (if applicable) plus a percentage of the Covered Charges that are not included in the Copayment. Refer to your *Summary of Benefits* for details.

YOUR DEDUCTIBLE

Your Deductible (if applicable) is the amount of Covered Charges that you must pay in a Plan Year before this Plan begins to pay its share of the applicable (Preferred or Nonpreferred Provider) Covered Charges you incur during the same Plan Year. If the Deductible amount remains the same during the Plan Year, you pay it only once each Plan Year, and it applies to all Preferred or Nonpreferred Provider Covered Services you receive during that Plan Year.

Individual Deductible

The individual Deductible amounts indicated on your *Summary of Benefits* apply to the UNM Health and BCBSNM network benefits. Once a Member's Deductible payments for the UNM Health or the BCBSNM Preferred Provider services reach the individual Deductible amount, this Plan will begin paying its share of that Member's covered Preferred Provider charges. Services performed at the Student Health and Counseling Center (SHAC) are not subject the individual Deductible.

Family Deductible

An entire family meets the applicable annual Deductible when the total Deductible amount for all family members reaches the amount specified on your separately issued *Summary of Benefits*. (The Deductible amounts for three or more family members are combined to satisfy the family Deductible.) **Note:** If a Member's Individual Deductible is met, no more charges incurred by that Member may be used to satisfy the applicable family Deductible.

What Is Not Subject to the Deductible

The following are **not applied** to the annual Deductible:

- Charges covered under "Prescription Drugs and Other Items"
- Primary Preferred Provider office visit Copayments
- The following services when received from Preferred Providers: preventive care, routine diagnostic tests, (excluding MRIs, PET scans, and CT scans)

Admissions Spanning Two Plan Years

If a Deductible has been met while you are an inpatient and the Admission continues into a new Plan Year, no additional Deductible is applied to that Admission's Covered Services. However, all other services received during the new Plan Year are subject to the Deductibles for the new Plan Year.

Timely Filing Reminder

Most benefits are payable only after BCBSNM's records show that the applicable Deductible has been met. Preferred Providers and Providers that have "Participating-only" Provider agreements with BCBSNM will file Claims for you and must submit them within a specified amount of time (usually 180 days). If you file your own Claims for Covered Services from Nonparticipating Providers, you must file them **within 12 months** of the date of service. If a Claim is returned for further information, resubmit it **within 45 days**. See *Section 8: Claim Payments and Appeals* for details.

COPAYMENTS

When you visit a Preferred Provider in his/her office, the office visit charge is subject to the PPP office visit Copayment described below. Other services received during the visit, services of other Preferred Providers, and the services of Nonpreferred Providers are subject to the Deductible, Coinsurance, and Out-of-Pocket Limit provisions described below.

Office Visit Copayment

When you receive **office services** from a UNM Health Provider or a Preferred Provider, you pay only a fixed-dollar amount (or Copayment), for his/her covered **office visit charge**. The Copayments for "Primary Preferred Provider" (PPP) and PPO Specialist office visits are listed on the *Summary of Benefits*. However, all other services received during the office visit (such as Physical Therapy or Chemotherapy) will be subject to regular Deductible and/or Coinsurance requirements and/or to an additional Copayment as listed on the *Summary of Benefits*, which can be obtained by contacting a UNM Team Health Customer Care Customer or by logging on to www.UNM.myahpcare.com.

Primary Preferred Provider (PPP) is a Preferred Provider in one of the following medical specialties **only**: Family Practice; General Practice; Internal Medicine; Obstetrics/Gynecology; Gynecology; or Pediatrics. PPPs do **not** include Physicians specializing in any other fields such as Obstetrics only, Geriatrics, Pediatric Surgery or Pediatric Allergy.

Preferred (PPO) Specialist is a practitioner of the healing arts who is in the Preferred Provider Network - but does not belong to one of the specialties defined above as being for a "Primary Preferred Provider" (or "PPP"). A PPO Specialist does not include Hospitals or other treatment facilities, Urgent Care facilities, pharmacies, equipment suppliers, Ambulance companies, or similar ancillary health care Providers.

Drug Plan Copayment

When you purchase covered Prescription Drugs and other items through the drug plan, your responsibility may be either a fixed-dollar amount or a percentage of the Covered Charge. (You may also have to pay the difference between the cost of a Brand-Name Drug and its generic equivalent.) In either case, drug plan Copayments are **not** subject to the Deductible or Out-of-Pocket Limit provisions. See “Prescription Drugs and Other Items” for more information about the drug plan.

COINSURANCE

For some Covered Services, you must pay a percentage of Covered Charges (Coinsurance) after you have met your annual Deductible. After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any. You pay a lower percentage of Covered Charges when you visit a Preferred Provider.

Remember: The Covered Charge may be less than the billed charge for a Covered Service. Preferred Providers may not bill you more than the Covered Charge. **Note:** If you receive Covered Services from an “unsolicited” provider, as defined in this section, you will be responsible for amounts over the Covered Charge.

Preferred Providers

When you receive Covered Services from a Preferred Provider, you pay an annual Deductible and, after meeting the Deductible, you pay a percentage of Covered Charges (Coinsurance). Preferred Provider office visit charges are not subject to the Coinsurance or Deductible unless listed as otherwise on your summary. Other services of a Preferred Provider and services of a Nonpreferred Provider **are** subject to Deductible and Coinsurance.

OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductible, Coinsurance, and Copayments that you pay for most Covered Services in a Plan Year. After the Out-of-Pocket Limit is reached, this Plan pays 100 percent of most of your Preferred Provider Covered Charges for the rest of the Plan Year, not to exceed any benefit limits.

Individual Limits

Once your Coinsurance amounts for Preferred Provider services in a Plan Year reaches the individual Preferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your covered Preferred Provider charges for the rest of the Plan Year.

Family Limits

An entire family meets the Out-of-Pocket Limit during a Plan Year when the total Coinsurance for all family members reaches the amount specified in the *Summary of Benefits*. (When a Member meets the Individual Out-of-Pocket Limit, no more charges incurred by that Member may be used to satisfy the applicable Family Out-of-Pocket Limit.)

What Is Not Included in the Out-of-Pocket Limits

The following amounts are **not** applied to the Out-of-Pocket Limits and are **not** eligible for 100 percent payment under this provision:

- Penalty amounts
- Amounts in excess of Covered Charges (including amounts in excess of annual or lifetime benefit limits, if applicable)
- Noncovered expenses (including services in excess of annual or lifetime day/visit limits)

See the Summary of Benefits which can be obtained by contacting a UNM Team Health Customer Care Customer or by logging on to www.UNM.myahpcare.com for your Deductible amounts, Coinsurance percentages and Out-of-Pocket Limit amounts.

CHANGES TO THE COST-SHARING AMOUNTS

Copayments, Coinsurance percentage amounts, Deductibles, and Out-of-Pocket Limits may change during a Plan Year. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a year, the new amounts must be met during the same Plan Year. For example, if you have met your Deductible and your Group changes to a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

BENEFIT LEVEL EXCEPTIONS

Benefits will be provided as indicated on the *Summary of Benefits*, except as listed below.

Emergency Care

If you visit a Nonpreferred Provider for Emergency Care services, the Preferred Provider Deductible and Coinsurance is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. (Office/Urgent Care Facility services are not considered “Emergency Care” for purposes of this provision.)

For follow-up care (which is no longer considered Emergency Care) and for all other nonemergency care, benefits are not available for the services of a Nonpreferred Provider, even if a Preferred Provider is not available to perform the service, except as specified below. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

Transition of Care

If your health care Provider leaves the BCBSNM Provider network (for reasons other than medical competence or professional behavior) or if you are a new Member and your Provider is not in the Provider network when you enroll, UNM Health may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days. (If necessary and ordered by the treating Provider, UNM Health may also authorize transitional care from other out-of-network Providers.) The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. If you have entered the third trimester of pregnancy at the effective date of enrollment, the transitional period shall include post-partum care directly related to the delivery. Call the UNM Customer Care for details.

Unsolicited Providers

In some states, the local BCBS Plan does not offer Preferred Provider contracts to certain types of Providers (e.g., Home Health Care Agencies, Chiropractors, Ambulance Providers). These Provider types are referred to as “unsolicited providers.” Unsolicited Providers vary from state to state. If you receive Covered Services from an “unsolicited provider” outside New Mexico, you will receive the Preferred Provider benefit level for those services. However, the unsolicited Provider may still bill you for amounts that are in excess of Covered Charges. You will be responsible for these amounts, in addition to your Deductible and Coinsurance.

Ancillary Provider

Once you have obtained Prior Authorization for an inpatient Admission to a preferred Hospital or treatment Facility, your preferred Physician or Hospital will make every effort to ensure that you receive ancillary services from other Preferred Providers. If you receive Covered Services from a **preferred** Physician for Outpatient Surgery or inpatient medical/surgical care in a preferred Hospital or treatment Facility, services of a nonpreferred radiologist,

anesthesiologist, or pathologist will be paid at the Preferred Provider level and you will not be responsible for any amounts over the Covered Charge (these are the only three specialties covered under this provision).

If a **nonpreferred** surgeon provides your care or you are admitted to a nonpreferred Hospital or other treatment Facility, you **will** be responsible for all associated charges.

Note: Except as described above, the Preferred Provider benefit level will not apply to nonemergency services when received from a Nonpreferred Provider.

The rules establishing the order of benefit determination between this Plan and any other Health Care Plan covering you on whose behalf a Claim is made are as follows:

NOTE: The University of New Mexico does not allow Students or their Dependents to have dual coverage under the University of New Mexico or University of New Mexico Student Health plans. In the event of dual coverage under these plans, The University of New Mexico reserves the right to determine the appropriate plan coverage and may discontinue the other coverage

1. The benefits of a Health Care Plan that does not have a Coordination of Benefits provision shall in all cases be determined before the benefits of this Plan.
2. If according to the rules set forth below in this section the benefits of another Health Care Plan that contains a provision coordinating its benefits with this Health Care Plan would be determined before the benefits of this Health Care Plan have been determined, the benefits of the other Health Care Plan will be considered before the determination of benefits under this Health Care Plan.

The order of benefits for your Claim relating to **paragraphs 1 and 2** above, is determined using the first of the following rules that applies:

1. **Nondependent or Dependent.** The Health Care Plan that covers the person other than as a Dependent, for example as an employee, Member, policyholder, Student, or retiree, is the primary plan, and the Health Care Plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Health Care Plan covering the person as a Dependent and primary to the Health Care Plan covering the person as other than a Dependent, then the order of benefits between the two plans is reversed so that the Health Care Plan covering the person as an employee, Member, policyholder, Student, or retiree is the secondary plan and the other Health Care Plan is the primary plan. An example includes a retired employee.
2. **Dependent Child Covered Under More Than One Health Care Plan.** Unless there is a court order stating otherwise. Health Care Plans covering a Dependent Child must determine the order of benefits using the following rules that apply.
 - a. For a Dependent Child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The Health Care Plan of the parent whose birthday falls earlier in the Calendar Year is the primary plan; or
 - (ii) If both parents have the same birthday, the Health Care Plan that has covered the parent the longest is the primary plan.
 - b. For a Dependent Child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (i) If a court order states that one of the parents is responsible for the Dependent Child's health care expenses or health care coverage and the Health Care Plan of that parent has actual knowledge of those terms, that Health Care Plan is primary. This rule applies to Plan Years commencing after the Health Care Plan is given notice of the court decree.
 - (ii) If a court order states that both parents are responsible for the Dependent Child's health care expenses or health care coverage, the provisions of 2a must determine the order of

- (iii) If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent Child, the provisions of 2a must determine the order of benefits.
- (iv) If there is no court order allocating responsibility for the Dependent Child's health care expenses or healthcare coverage, the order of benefits for the Child are as follows:
 - (I) Health Care Plan covering the custodial parent;
 - (II) Health Care Plan covering the spouse of the custodial parent;
 - (III) Health Care Plan covering the noncustodial parent; then
 - (IV) Health Care Plan covering the spouse of the noncustodial parent.
- c. For a Dependent Child covered under more than one Health Care Plan of individuals who are not the parents of the Child, the provisions of 2a or 2b must determine the order of benefits as if those individuals were the parents of the Child.
- d. For a Dependent Child who has coverage under either or both parents' Health Care Plans and has his or her own coverage as a Dependent under a spouse's Health Care Plan, paragraph 5, below applies.
- e. In the event the Dependent Child's coverage under the spouse's Health Care Plan began on the same date as the Dependent Child's coverage under either or both parents' Health Care Plans, the order of benefits must be determined by applying the birthday rule in 2a to the Dependent Child's parent(s) and the Dependent(s) spouse.

SECTION 4: PRIOR AUTHORIZATIONS

You or your Provider must obtain Prior Authorization from UNM Health *before* you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- Services must be covered and Medically Necessary
- Services must not be excluded and
- The procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

Medically Necessary/Medical Necessity is defined as health care services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or mental health condition, illness, injury, or disease.

Please note:

Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and *before* you receive certain types of services.

Even when this plan is not your primary coverage, these Prior Authorization procedures must be followed. **Failure to do so may result in a reduction or in a denial of benefits.**

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision **within 15 days** of receiving the request (**within 24 hours** for Urgent Care requests). If requested services are not approved, the notice will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial (see *Section 8: Claims Payments and Appeals*).

Retroactive approvals will not be given, except for Emergency and Maternity-related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained **before** the service is received.

How the Prior Authorization Procedure Works

When you or your Provider call UNM Team Health Customer Care a representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider (usually at the time of the call) of the status of the Prior Authorization requested for benefits for the proposed hospitalization or other services.. If Prior Authorization is not obtained for the Admission or other services you may appeal the decision as explained in *Section 8: Claims Payments and Appeals*.

BCBSNM PREFERRED PROVIDERS

If the attending Physician is a Preferred Provider that contracts **directly** with BCBSNM, obtaining Prior Authorization is not your responsibility — it is the Provider's. Preferred Providers contracting with BCBSNM must obtain **Prior Authorization** from BCBSNM (or from the Behavioral Health Unit (BHU), when applicable) in the following circumstances:

- When recommending any nonemergency Admission, readmission, or transfer
- When a covered newborn stays in the Hospital longer than the mother
- Before providing or recommending a service listed under “Other Prior Authorizations,” later in this section

Note: Providers that contract with other Blue Cross and Blue Shield Plans are not familiar with the Prior Authorization requirements of BCBSNM. Unless a Provider contracts directly with BCBSNM as a Preferred Provider, the Provider is not responsible for being aware of this Plan’s Prior Authorization requirements.

NONPREFERRED PROVIDERS OR PROVIDERS OUTSIDE NEW MEXICO

If any provider outside New Mexico (except for those contracting as Preferred Providers directly with BCBSNM) or any Nonpreferred Provider recommends an Admission or a service that requires Prior Authorization, the provider is **not** obligated to obtain the Prior Authorization for you. In such cases, it is **your** responsibility to ensure that Prior Authorization is obtained. If authorization is **not** obtained **before** services are received, **your benefits for Covered Services will be denied and you will be entirely responsible for the charges.** The provider may call on your behalf, but it is **your responsibility** to ensure that BCBSNM has authorized those services.

INPATIENT PRIOR AUTHORIZATION

Prior Authorization is required for all Admissions before you are admitted to the Hospital or other inpatient treatment Facility (e.g., Skilled Nursing Facility, Residential Treatment Center, physical rehabilitation Facility, long-term acute care (LTAC)).

Type of inpatient Admission, readmission, or transfer:	When to obtain inpatient Admission Prior Authorization:
Non-Emergency	Before the patient is admitted.
Emergency, non-Maternity	Within 48 hours of the Admission. If the patient’s condition makes it impossible to call within 48 hours, call as soon as possible.
Maternity-related (including eligible newborns when the mother is not covered)	Before the mother’s Maternity due date , soon after pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother’s stay is greater than 48 hours for a routine delivery or greater than 96 hours for a C- section delivery.
Extended stay, newborn (an eligible newborn stays in the Hospital longer than the mother)	Before the newborn’s mother is discharged.

Not Obtaining Inpatient Prior Authorization

If you or your Provider **do not receive Prior Authorization** for inpatient benefits, but you choose to be hospitalized anyway, **no** benefits may be paid as indicated in the table below:

If, based on a review of the Claim:	Then:
The Admission was not for a Covered Service.	Benefits for the Facility and all related services will be denied.*
The Admission was for an item listed under “ Other Prior Authorizations, ” (e.g., elective admissions).	Benefits for the Facility and all related services will be denied.*
The Admission was for any other Covered Service but hospitalization was not Medically Necessary.	Benefits will be denied for room, board, and other charges that are not Medically Necessary.*

The Admission was for a Medically Necessary Covered Service .	Benefits for the Facility's Covered Services may be denied.
--	---

Inpatient Prior Authorization requirements may affect the amounts that this Plan pays for Inpatient Services, but they do not deny your right to be admitted to any Facility and to choose your services.

OTHER PRIOR AUTHORIZATIONS

In addition to Prior Authorization review for all non-Emergency Inpatient Services, Prior Authorization is required for the services listed below. Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. An out-of-state network Provider may call on your behalf, but it is **your responsibility** to ensure that BCBSNM is called. Preferred Providers that contract **directly** with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See "Inpatient Prior Authorization" for further information regarding inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and all related services, the service will be reviewed for Medical Necessity and subject to one of the following actions in the chart below:

No Prior Authorization Received	Claim Disposition: In-Network	Claim Disposition: Out-of-Network
Service is Medically Necessary	Claim is paid based on Member's benefit plan	Claim is paid based on Member's benefit plan

For specific details about the Prior Authorization requirement for the above referenced services, please call Customer Service at the number on the back of your Identification Card. BCBSNM reserves the right to no longer require Prior Authorization during the Plan Year. Updates to the list of services requiring Prior Authorization may be confirmed by calling UNM Team Health Customer Service.

All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria described in *Section 5: Covered Services*, “Medically Necessary Services,” and will not be covered, if excluded, for any reason. **Some services requiring Prior Authorization may not be approved for payment** (for example, due to being Experimental, Investigational, Unproven, or not Medically Necessary). The complete list of services requiring Prior Authorization is subject to review and change by BCBSNM.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

It is strongly recommended that you request a Predetermination for benefits for high-cost services in order to reduce the likelihood of benefits being denied *after* charges are incurred. See “Advance Benefit Information/Predetermination” later in this section for further information.

PRIOR AUTHORIZATION OF MENTAL HEALTH/CHEMICAL DEPENDENCY SERVICES

Prior Authorization must be obtained for all inpatient mental health and Chemical Dependency services in addition to certain services listed in the table below. Prior Authorization may be requested by contacting the BCBSNM Behavioral Health Unit (BHU) at the phone number listed on the back of your ID card.

For services needing Prior Authorization, you or your health care Provider should call the BHU **before** you schedule treatment. **NOTE:** Your Provider may be asked to submit clinical information in order to obtain Prior Authorization for the services you are planning to receive. Services may be authorized or may be denied based on the clinical information received. (*Clinical information* is information based on actual observation and treatment of a particular patient.)

If you or your Provider do not call for Prior Authorization of nonemergency **Inpatient** Services, benefits for covered, Medically Necessary inpatient Facility care may be reduced by an amount that is equal to the Prior Authorization (or Admission review) penalty, if any, indicated for medical/surgical Admissions. If Inpatient Services received without Prior Authorization are determined to be not Medically Necessary or not eligible for coverage under your Plan for any other reason, the Admission and all related services will be denied. In such cases, **you may be responsible for all charges.**

If Prior Authorization is **not** obtained before you receive services, your Claims may be denied as being **not Medically Necessary**. In such cases, **you may be responsible for all charges.** Therefore, you should make sure that you (or your Provider) have obtained Prior Authorization for Outpatient Services *before* you start treatment.

IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED

UNM Team Health and BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved - pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests (“pre-service Claims”). For appeals involving post-service Claims payments or denials, see *Section 8: Claims Payment and Appeals*.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your UNM Team Health Customer Service Advocate for assistance at 1844-866-2224. Many complaints or problems can be handled informally by calling or writing UNM Team Health Customer Service. If you make an oral complaint, a UNM Team Health Customer Service Advocate will assist you.

ADVANCE BENEFIT INFORMATION/PREDETERMINATION

If you want to know what benefits will be paid before receiving services or filing a Claim, BCBSNM may require a written request. BCBSNM may also require a written statement from the Provider identifying the circumstances of the case and the specific services that will be provided. An advance confirmation/Predetermination of benefits **does not guarantee** benefits if the actual circumstances of the case differ from those originally described. When submitted, Claims are reviewed according to the terms of this Benefit Booklet, your eligibility, or any other coverage that applies on the date of service.

UTILIZATION REVIEW/QUALITY MANAGEMENT

Medical records, Claims, and requests for Covered Services may be reviewed to establish that the services are/were Medically Necessary, delivered in the appropriate setting, and consistent with the condition reported and with generally accepted standards of medical and surgical practice in the area where performed and according to the findings and opinions of BCBSNM's professional consultants. Utilization management decisions are based only on appropriateness of care and service. BCBSNM does not reward Providers or other individuals conducting utilization review for denying coverage or services and does not offer incentives to utilization review decision-makers to encourage underutilization.

SECTION 5: COVERED SERVICES

This section describes the services and supplies covered by this Group Health Care Plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM. **To be covered, services must be Medically Necessary or listed as a Covered Service below. If a service is not listed as a Covered Service, it will be covered as long as that service is Medically Necessary and is not specifically excluded in this Benefit Booklet.**

MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by BCBSNM's medical director (in consultation with your Provider) to meet the following definition:

Medically Necessary is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or mental health condition, illness, injury, or disease.

All services must be eligible for benefits as described in this section, not listed as an exclusion and must meet all of the conditions of "Medically Necessary" as defined above in order to be covered.

Note: Because a health care Provider prescribes, orders, recommends, or approves a service does not make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. BCBSNM, at its sole discretion, will determine Medical Necessity based on the criteria above.

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- Services must be covered and Medically Necessary
- Services must not be excluded and
- The procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services.

Services not listed as covered, excluded services, services received after your termination date under this Plan, and services not Medically Necessary will be denied.

AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency (e.g., cardiac arrest, stroke). When you cannot be safely transported by any other means in a nonemergency situation, this Plan also covers Medically Necessary Ambulance transportation to a Hospital with appropriate facilities, or from one Hospital to another.

Air Ambulance

Ground Ambulance is usually the approved method of transportation. This Plan covers air Ambulance only when terrain, distance, or your physical condition requires the use of air Ambulance services or for high-risk Maternity

and newborn transport to Tertiary Care Facilities. To be covered, nonemergency air Ambulance services require **Prior Authorization** from BCBSNM.

BCBSNM determines on a case-by-case basis when air Ambulance is covered. If BCBSNM determines that ground Ambulance services could have been used, benefits are limited to the cost of ground Ambulance services.

Exclusions

This Plan does **not** cover:

- Commercial transport, private aviation, or air taxi services
- Services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance
- Services ordered only because other transportation was not available, or for your convenience

AUTISM SPECTRUM DISORDERS

This Plan covers the Habilitative and rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA). Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the Member's treating Physician in accordance with a treatment plan. Prior Authorization for the treatment must be requested by contacting BCBSNM. BCBSNM may determine that the services are to be performed in accordance with such a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services will be denied. If Prior Authorization is not obtained from BCBSNM, which will determine if the services will be performed in accordance with a treatment plan and are Medically Necessary, prior to having the services benefits for such services will be denied. Once maximum functionality has been reached and no additional improvement is expected, no therapies are covered unless required to maintain that Member's current functionality (that is, in the absence of additional treatment, the patient would suffer a setback). **No benefits are available for any treatments not shown to be Habilitative or rehabilitative.** See *Section 4: Prior Authorizations* for more information about Prior Authorization requirements. Please review the **Short-Term Rehabilitation: Occupational, Physical, Speech Therapy** section of this Policy for more specific information about how visit maximums for Occupational, Physical and Speech Therapy services apply to benefits for Autism Spectrum Disorder.

Services are subject to usual Member cost-sharing features such as Deductible, Coinsurance, Copayments, and Out-of-Pocket Limits - based on place of treatment, type of service, and whether Prior Authorization was obtained from BCBSNM. All services are subject to the *General Limitations and Exclusions* except where explicitly mentioned as being an exception. This benefit is subject to the other general provisions of the health plan, including but not limited to: coordination of benefits, Participating Provider agreements, restrictions on health care services, including review of Medical Necessity, case management, and other managed care provisions.

Regardless of the type of therapy received, Claims for services related to Autism Spectrum Disorder should be mailed to BCBSNM - **not** to the behavioral health services administrator.

Exclusions

This Plan does **not** cover:

- Any experimental, long-term, or maintenance treatments unless listed above
- Medically unnecessary or non habilitative services under any circumstance
- Any services received under the federal Individuals with Disabilities Education Improvement Act of 2004 and related state laws that place responsibility on state and local school boards for providing specialized education and related services to children 3 to 22 years old who have Autism Spectrum Disorder
- Services not in accordance with a treatment plan

- Respite services or care
- Sensory Integration Therapy (SIT) or Auditory Integration Therapy (AIT)

- Chelation therapy
- Hippotherapy, animal therapy, or art therapy

Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face or Sound Natural Teeth are generally subject to the same limitations, exclusions and Member cost-sharing provisions that would apply to similar services when not dental-related (e.g., x-rays, Medical Supplies, Surgical Services). This also includes services or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition. For treatment of TMJ or CMJ injuries, see “TMJ/CMJ Services.”

Facility Charges

This Plan covers inpatient and outpatient Hospital expenses for Dental-Related Services **only** if the patient is under age six or has a nondental, hazardous physical condition (e.g., heart disease or hemophilia) that makes hospitalization Medically Necessary. All inpatient Hospital services for dental-related and oral surgery services must have Prior Authorization from by BCBSNM. **Note:** The Dentist’s services for the procedure will not be covered unless listed as eligible for coverage in this section.

Oral Surgery

This Plan covers the following oral surgical procedures only:

- Surgeon's or Dentist's charges for noncovered dental services
- Hospitalization or general anesthesia for the patient's or Provider's convenience
- Any service related to a dental procedure that is not Medically Necessary
- Any service related to a dental procedure that is excluded under this Plan for reasons other than being dental-related, even if hospitalization and/or general anesthesia is Medically Necessary for the procedure being received (e.g., Cosmetic procedures, experimental procedures, services received after coverage termination, work-related injuries, etc.)
- Nonstandard services (diagnostic, therapeutic, or surgical)
- Removal of tori, exostoses, or impacted teeth
- Procedures involving orthodontic care, the teeth, dental implants, periodontal disease, noncovered services, or preparing the mouth for dentures
- Duplicate or "spare" Appliances
- Personalized restorations, Cosmetic replacement of serviceable restorations, or materials (such as precious metals) that are more expensive than necessary to restore damaged teeth

- Dentures, artificial devices and/or bone grafts for denture wear, including implants

DIABETIC SERVICES

Diabetic persons are entitled to the same benefits for Medically Necessary Covered Services as are other Members under the health care plan. For special coverage details, such as for insulin, glucose monitors and educational services, refer to the applicable provisions as noted below. **Note:** This Plan will also cover items not specifically listed as covered when new and improved equipment, Appliances and Prescription Drugs for the treatment and management of diabetes are approved by the U.S. Food and Drug Administration.

For insulin and over-the-counter diabetic supplies, including glucose meters, see "Prescription Drugs and Other Items."

For Durable Medical Equipment, see "Supplies, Equipment and Prosthetics."

For educational services and diabetes management services, see "Physician Visits/Medical Care."

EMERGENCY CARE AND URGENT CARE

Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an Emergency room, trauma center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include but are not limited to: heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning.

Emergency Room Services

Use of an Emergency center for nonemergency care is NOT covered. However, services will not be denied if you, in good faith and possessing average knowledge of health and medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be nonemergency.

If you disagree with the Claim Administrator’s determination in processing your benefits as non-emergency care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your ID card. Please review the *Section 8: Claims Payment and Appeals* provision of this benefit booklet for specific information on your right to seek and obtain a full and fair review of your claim.

Acute Emergency care is available 24 hours per day, 7 days a week. If services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an Emergency room that do not meet the definition of Emergency Care may be reviewed for appropriateness and may be denied. If you disagree with the Claim Administrator’s determination in processing your benefits as non-emergency care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review *Section 8: Claims Payments and Appeals* section of this Policy for specific information on your rights to seek and obtain a full and fair review of your claim.

If you visit a Nonpreferred Provider for Emergency Care, the Preferred Provider benefit is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. Once you are discharged, covered follow-up care from a Nonpreferred Provider is paid at the Nonpreferred Provider benefit level. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other nonemergency care will not be covered for non-contracted Providers.

Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments, or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered.

HEARING AIDS/RELATED SERVICES

This Plan covers the cost of hearing aids, the fitting and dispensing fees for hearing aids and ear molds.

HOME HEALTH CARE/HOME I.V. SERVICES

Conditions and Limitations of Coverage

If you are homebound (unable to receive medical care on an outpatient basis), this Plan covers Home Health Care Services and home I.V. services provided under the direction of a Physician. Nursing management must be through a Home Health Care Agency approved by BCBSNM. A *visit* is one period of home health service of up to four hours.

HOSPICE CARE SERVICES

Conditions and Limitations

This Plan covers inpatient and home Hospice services for a terminally ill Member received during a Hospice Benefit Period when provided by a Hospice program with Prior Authorization from by BCBSNM. If you need an extension of the Hospice Benefit Period, the Hospice agency must provide a new treatment plan and the attending Physician must recertify your condition to BCBSNM. (See definition of a Hospice Benefit Period in *Section 10* for more information.)

Covered Services

This Plan covers the following services, subject to the conditions and limitations under the Hospice Care benefit:

- Nutritional guidance and support, such as intravenous feeding and hyperalimentation
- Respite care for a period **not to exceed five continuous days for every 60 days** of Hospice care and **no more than two respite care periods** during each Hospice Benefit Period (*Respite care* provides a brief break from total care-giving by the family.)

Exclusions

This Plan does **not** cover:

- Food, housing, or delivered meals
- Medical transportation
- Homemaker and housekeeping services
- Comfort items
- Private duty nursing
- Supportive services provided to the family of a Terminally Ill Patient when the patient is not a Member of this Plan
- Care or services received after the Member’s coverage terminates

Blood Services

This Plan covers the processing, transporting, handling, and administration of blood and blood components. This Plan covers directed donor or autologous blood storage fees only when the blood is used during a scheduled surgical procedure. This Plan does **not** cover blood replaced through donor credit.

Inpatient Services

Prior Authorization Required

If hospitalization is recommended by a Nonpreferred Provider or you are outside New Mexico, **you are responsible** for obtaining Prior Authorization. If you do not follow the inpatient Prior Authorization procedures, benefits for covered Facility services will be **reduced** or **denied** as explained in *Section 4: Prior Authorizations*.

Member out-of-pocket expenses may be lower when services are provided by a Professional Provider in an Infusion Suite, a home or an office, instead of a Hospital. Non-maintenance outpatient infusion therapy services will be covered the same as any other illness.

A list of drugs requiring Prior Authorization is available on the BCBSNM website at <https://unm.myahpcare.com/>. Your Physician can request the necessary Prior Authorization. See *Section 4: Prior Authorizations* for more information about Prior Authorization requirements.

Member Copayments

For covered Prescription Drugs (including specialty drugs), insulin, diabetic supplies, and nutritional products, you pay a Copayment, not to exceed the actual retail price, for each Prescription filled or item purchased (not to exceed supply limitations described in this section). Copayments are included in the Out-of-Pocket Limit, and are eligible for reimbursement once the Out-of-Pocket Limit is reached. You may also have to pay the difference in cost between the Brand-Name Drug and its generic equivalent (see below). The Copayments are listed on the *Summary of Benefit*, which can be obtained by contacting a UNM Team Health Customer Care Customer or by logging on to www.UNM.myahpcare.com.

Brand-Name vs. Generic Drug Costs

If you or the Provider requests the Brand-Name Drug when there is an FDA-approved generic equivalent available, **you must pay the difference in cost between the Brand-Name and its Generic equivalent**, plus the applicable Copayment and/or Coinsurance amount after your deductible based on current tier of brand name drug. Any “differences” between the cost of the Generic equivalent and the cost of the Brand Name Drug will not apply to the Deductible and out-of-pocket maximum and will continue to be applicable after the Out-of-Pocket Maximum is met.

Retail Pharmacy Program

All items covered under this provision must be purchased from a participating retail Pharmacy unless there is an Emergency. **Some drugs may have to be purchased from a participating Specialty Pharmacy Provider in order to be covered.** (See your Provider Directory, call a Customer Service Advocate or visit the BCBSNM website at www.bcbsnm.com for a list of Participating Pharmacies and Specialty Pharmacy Providers.)

For a list of Participating Pharmacies, call Customer Service at the phone number on the back of your ID card and request a Provider directory – or visit the BCBSNM website at www.bcbsnm.com. The pharmacies that are participating in the BCBSNM Retail Pharmacy Program may change from time to time. You should check with your Pharmacy before obtaining drugs or supplies to make certain of its participating status.

You must present your BCBSNM Identification (ID) Card to the pharmacist at the time of purchase to receive your drug benefits. (You do not receive a separate Prescription ID card; use your BCBSNM ID card to receive all your medical/surgical and Prescription drug services covered under this Plan.) You are responsible for paying any Deductibles, Coinsurance amounts, Copayments, any pricing differences when applicable, and limited or non-Covered Services. No Claim forms are required when you purchase your Prescriptions at a Participating Pharmacy.

You can use your ID card to purchase covered items only for yourself and covered family members. When coverage for you or a family member ends under this Plan, the ID card may not be used to purchase drugs or other items for the terminated family member(s).

If you do not have your ID card with you or if you purchase your drug or other item from a nonparticipating (out-of-network) Pharmacy and it is eligible for coverage as indicated in the first paragraph above, such as in an **Emergency**, you must pay for the purchase in full and then submit a Claim directly to the BCBSNM Pharmacy benefit manager, Prime Therapeutics, at the address below (do not send to BCBSNM). In such cases, you will pay the difference in cost between the Pharmacy’s billed amount and the Covered Charge, in addition to your Deductible, Coinsurance, and/or Copayment amount. You can obtain the necessary Claim forms from UNM Team Health Customer Care.

Prime Therapeutics
P.O. Box 14624
Lexington, KY 40512-4624

If you are leaving the country or need an extended supply of medication, call Customer Service **at least two weeks** before you intend to leave. (Extended supplies or vacation overrides may be approved only through the Retail Pharmacy Program. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Retail Pharmacy Program.)

IMPORTANT: You must use the Specialty Pharmacy Provider designated by BCBSNM in order to receive benefits for specialty drugs.

Coinsurance amounts are subject to the overall Plan Deductible and the Out-of-Pocket Limit provisions (see *Summary of Benefits, which can be obtained by contacting a UNM Team Health Customer Care*

Prior Authorization is **not** required for outpatient/office group, individual, or family therapy visits to a Physician or other Professional Provider licensed to perform Covered Services under this health plan. You or your Physician should call the Behavioral Health Unit **before** you schedule treatment. If you do not call before receiving nonemergency services, **benefits for Covered Services may be reduced or denied** as explained in the *Prior Authorizations* section, earlier. In such cases, you may be responsible for all charges, so please ensure that you or your Provider have received Prior Authorization for any services you plan to receive. TRANSPLANT SERVICES

Prior Authorization, requested in writing, must be obtained from BCBSNM **before** a pretransplant evaluation is scheduled. A pretransplant evaluation is **not** covered if Prior Authorization is not obtained from BCBSNM. If approved, a BCBSNM case manager will be assigned to you (the Transplant recipient candidate) and must later be contacted with the results of the evaluation.

If you are approved as a Transplant recipient candidate, you must ensure that **Prior Authorization** for the actual Transplant is also received. None of the benefits described here are available unless you have this Prior Authorization. See *Section 4: Prior Authorizations* for more information about Prior Authorization requirements.

Facility Must Be in Transplant Network

Benefits for Covered Services will be approved only when the Transplant is performed at a Facility that contracts with BCBSNM, another Blue Cross Blue Shield (BCBS) Plan or the national BCBS Transplant network, for the Transplant being provided. Your BCBSNM case manager will assist your Provider with information on the exclusive network of contracted facilities and required approvals. Call BCBSNM Health Services for information on these BCBSNM Transplant programs.

Effect of Medicare Eligibility on Coverage

If you are now eligible for (or are *anticipating* receiving eligibility for) Medicare benefits, **you** are solely responsible for contacting Medicare to ensure that the Transplant will be eligible for Medicare benefits.

Organ Procurement or Donor Expenses

If a Transplant is covered, the surgical removal, storage, and transportation of an organ acquired from a cadaver is also covered. If there is a living donor that requires surgery to make an organ available for a covered Transplant, coverage is available for expenses incurred by the donor for surgery, organ storage expenses, and inpatient follow-up care only.

This Plan does **not** cover donor expenses after the donor has been discharged from the Transplant Facility. Coverage for compatibility testing prior to organ procurement is limited to the testing of cadavers and, in the case of a live donor, to testing of the donor selected.

This Plan covers Transplant-Related Services for a **heart, heart-lung, liver, lung or pancreas-kidney** Transplant. Prior Authorization must be obtained in order to be covered. All other limitations, requirements, and exclusions of this “Transplant Services” provision apply to these Transplant-Related Services. See *Section 4: Prior Authorizations* for more information about Prior Authorization requirements.

In addition to the general provisions of this “Transplant Services” section, the following benefits, limitations, and exclusions apply to the above-listed Transplants for **one year** following the date of the actual Transplant or retransplant. After one year, usual benefits apply and the services must be covered under other provisions of the Plan in order to be considered for benefit payment.

Recipient Travel and Per Diem Expenses

If BCBSNM requires you (i.e., the Transplant recipient) to temporarily relocate outside of your city of residence to receive a covered Transplant, travel to the city where the Transplant will be performed is covered. A standard per diem benefit (**\$150**) will be allocated for lodging expenses for the recipient and one additional adult traveling with the Transplant recipient. If the Transplant recipient is an eligible Child under the age of 18, benefits for travel and per diem expenses for **two adults** to accompany the Child are available.

Travel expenses and standard per diem allowances are limited to a total combined lifetime maximum benefit of **\$10,000** per Transplant. Your case manager may approve travel and per diem lodging allowances based upon the total number of days of temporary relocation, up to the **\$10,000** benefit maximum.

Travel expenses are **not** covered and per diem allowances are **not** paid if you *choose* to travel to receive a Transplant for which travel is not considered Medically Necessary by the case manager or if the travel occurs **more than five days** before or **more than one year** following the Transplant or retransplant date.

These general limitations and exclusions apply to **all** services listed in this Benefit Booklet.

This Plan does not cover any service or supply not specifically listed as a Covered Service in this Benefit Booklet. If a service is not covered, then all services performed in conjunction with it are not covered.

This Plan will not cover any of the following services, supplies, situations, or related expenses:

— Aerial and Vehicle Accidents

This Plan does not cover nor provide benefits for loss or expenses incurred as a result of an accident occurring in consequence of riding as a passenger or otherwise in any vehicle or device for aerial navigation, except as fare-paying passenger in an aircraft operated by a commercial scheduled airline. Handled by subrogation.

This Plan does not cover nor provide benefits for loss or expenses incurred as a result of committing or attempting to commit an assault or felony or participation in a riot or civil commotion.

Exception: Breast/nipple surgery performed as reconstructive procedures following a covered mastectomy may be covered. However, **Prior Authorization**, requested in writing, must be obtained from BCBSNM for such services. Also, Reconstructive Surgery, which may have a coincidental Cosmetic effect, may be covered when required as the result of Accidental Injury, illness, or congenital defect.

— **Custodial Care**

This Plan does not cover Custodial Care. Custodial Care is any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care includes those services which do not require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel assisting with routine medical needs (e.g., simple care and dressings, administration of routine medications, etc.), and/or assisting with activities of daily living (e.g., bathing, eating, dressing, etc.).

— **Dental-Related Services and Oral Surgery**

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Dental-Related Services and Oral Surgery” in *Section 5: Covered Services* for additional exclusions.

In addition, if federal or other government agency approval is required for use of any items and such approval was not granted when services were administered, the service is experimental and will not be covered. To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The device, drug, or medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the device, drug, or medicine is furnished.
- Reliable evidence shows that the treatment, device, drug, or medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, device, drug, or medicine is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.

The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

Reliable evidence means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

Standard medical practice means the services or supplies that are in general use in the medical community in the United States, and:

- Have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- Are appropriate for the Hospital or other Facility Provider in which they were performed; and
- The Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

(Preferred Providers contracting directly with BCBSNM and Providers that have a “Participating” Provider agreement with BCBSNM will file Claims for you and must submit them within a specified period of time, usually 180 days.) If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change. See *Section 8: Claim Payments and Appeals* for details.

BCBSNM, in consultation with the Provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a Provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. (BCBSNM, at its sole discretion, determines Medical Necessity based on the criteria given in *Section 5: Covered Services*.)

This Plan does not cover services resulting from work-related illness or injury, or charges resulting from occupational accidents or sickness covered under:

- Occupational disease laws
- Employer’s liability
- Municipal, state, or federal law (except Medicaid)
- Workers’ Compensation Act

To recover benefits for a work-related illness or injury, you must pursue your rights under the Workers’ Compensation Act or any of the above provisions that apply, including filing an appeal. (BCBSNM may pay Claims during the appeal process on the condition that you sign a reimbursement agreement.) **This Plan does not cover** a work-related illness or injury, **even if:**

- You fail to file a Claim within the filing period allowed by the applicable law.
- You obtain care not authorized by Workers’ Compensation insurance.
- Your employer fails to carry the required Workers’ Compensation insurance. (The employer may be liable for an employee’s work-related illness or injury expenses.) S You fail to comply with any other provisions of the law.

Note: This “Work-Related Conditions” exclusion does not apply to an executive employee or sole proprietor of a professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers’ Compensation Act. You must provide documentation showing that you have waived Workers’ Compensation and are eligible for the waiver. (The Workers’ Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

For a work-related injury or condition, see the “Work-Related Conditions” exclusion in Section 6: General Limitations and Exclusions.

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100 percent of BCBSNM’s Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or health care plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

When this Plan is secondary, all provisions (such as obtaining Prior Authorization) must be followed or benefits may be denied.

The following rules determine which coverage pays first:

No COB Provision — If the Other Valid Coverage does not include a COB provision, that coverage pays first.

Medicare — If the Other Valid Coverage is Medicare, then Medicare pays first.

Child/Spouse — If a covered Child under this health plan is covered as a spouse under another health plan, the covered Child’s spouse’s health plan is primary over this health plan.

Student/Family Member — If the Member who received care is covered as an employee, retiree, or other policy holder (i.e., as the Student) under one health plan and as a spouse, Child, or other family member under another, the health plan that designates the Member as the employee, retiree, or other policy holder (i.e., as the Student) pays first.

If you have Other Valid Coverage *and* Medicare, contact the other carrier’s customer service department to find out if the other coverage is primary to Medicare. There are many federal regulations regarding Medicare Secondary Payer provisions, and other coverage may not be subject to those provisions.

Child — For a Child whose parents are not separated or divorced, the coverage of the parent whose birthday falls earlier in the calendar year pays first. If the Other Valid Coverage does not follow this rule, the father’s coverage pays first.

Child, Parents Separated or Divorced — For a Child of divorced or separated parents, benefits are coordinated in the following order:

- *Court-Decreed Obligations.* Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the Child’s health care expenses, the coverage of that parent pays first.
- *Custodial/Noncustodial.* The plan of the custodial parent pays first. The plan of the spouse of the custodial parent pays second. The plan of the noncustodial parent pays last.
- *Joint Custody.* If the parents share joint custody, and the court decree does not state which parent is responsible for the health care expenses of the Child, the plans follow the rules that apply to children whose parents are not separated or divorced.

Active/Inactive Employee — If a Member is covered as an active employee under one coverage and as an inactive employee under another, the coverage through active employment pays first. (Even if a Member is covered as a family member under both coverages, the coverage through active employment pays first.) If the other plan does not have this rule and the plans do not agree on the order of benefits, the next rule applies.

Longer/Shorter Length of Coverage — When none of the above applies, the plan in effect for the longest continuous period of time pays first. (The start of a new plan does not include a change in the amount or scope of

benefits, a change in the entity that pays, provides, or administers the benefits, or a change from one type of plan to another.)

Responsibility For Timely Notice

BCBSNM is not responsible for coordination of benefits if timely information is not provided.

Facility of Payment

Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will fully satisfy its liability under this provision.

Overpayments - Right of Recovery

Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

REIMBURSEMENT

If you or one of your covered family members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- **UNM Student Health Plan** has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which **UNM Student Health Plan** has provided benefits to you or your covered family members.
- **UNM Student Health Plan** is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits **UNM Student Health Plan** provided for that sickness or injury.

UNM Student Health Plan shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which **UNM Student Health Plan** has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that BCBSNM and/or **UNM Student Health Plan** may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

SECTION 8: CLAIMS PAYMENTS AND APPEALS

FILING CLAIMS

You must submit Claims **within 12 months** after the date services or supplies were received. If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change.

IMPORTANT NOTE ABOUT FILING CLAIMS

This section addresses the procedures for filing Claims and appeals. The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All Claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be reduced or denied as explained in *Section 4: Prior Authorizations*. Covered Services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

IF YOU HAVE OTHER VALID COVERAGE

When you have Other Valid Coverage that is “primary” over this Plan, you need to file your Claim with the other coverage first. (See *Section 7: Coordination of Benefits (COB) and Reimbursement*.) After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile, or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under “Where to Send Claim Forms” later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

PARTICIPATING AND PREFERRED PROVIDERS

Your “Preferred” Provider may have two agreements with the local BCBS Plan — a Preferred Provider contract and another Participating Provider contract. Some Providers have **only** the Participating Provider contract and are **not** considered Preferred Providers. However, all Participating and Preferred Providers file Claims with their local BCBS Plan and payment is made directly to them. Be sure that these Providers know you have health care coverage administered by BCBSNM. Do **not** file Claims for these services yourself.

Preferred Providers (and Participating Providers contracting directly with BCBSNM) also have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The Providers' contract language lets them know that they may not bill the university or any Member for a service if the Provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations.

NONPARTICIPATING PROVIDERS

A Nonparticipating Provider is one that has neither a Preferred or a Participating Provider agreement. If your Nonparticipating Provider does not file a Claim for you, submit a separate Claim form for each family member as the services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form*. (Forms can be printed from the BCBSNM website at www.bcbsnm.com or requested from a Customer Service Advocate.) Complete the Claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under “Where to Send Claim Forms” later in this section.)

Payment normally is made to the Provider. However, if you have already paid the Provider for the services being claimed, your Claim must include evidence that the charges were paid in full. Upon approval of the Claim, BCBSNM will reimburse you for Covered Services, based on Covered Charges, less any required Member Copayment. You will be responsible for charges not covered by the Plan.

ITEMIZED BILLS

Claims for Covered Service must be itemized on the Provider's billing forms or letterhead stationery and must show:

- Member's identification number
- Member's and Student's name and address
- Member's date of birth and relationship to the Student
- Name, address, National Provider Identification number (NPI), and tax ID or social security number of the Provider
- Date of service or purchase, diagnosis, type of service or treatment, procedure, and amount charged for each service (each service must be listed separately)
- Accident or surgery date (when applicable)
- Amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment

Correctly itemized bills are necessary for your Claim to be processed. The only acceptable bills are those from health care Providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the Provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See "Where to Send Claim Forms" below, for special instructions regarding out-of-country Claims.)

WHERE TO SEND CLAIM FORMS

If your Nonparticipating Provider does not file a Claim for you, you (not the Provider) are responsible for filing the Claim. **Remember:** Participating and Preferred Providers will file Claims for you; these procedures are used only when you must file your own Claim.

Services in United States, Canada, Jamaica, U.S. Virgin Islands, and Puerto Rico

If a Nonparticipating Provider will not file a Claim for you, ask for an itemized bill and complete a Claim form the same way that you would for services received from any other Nonparticipating Provider. Mail the Claim forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

Blue Cross and Blue Shield of New Mexico
P.O. Box 27630
Albuquerque, New Mexico 87125-7630

Mental Health/Chemical Dependency Claims

Claims for covered mental health and Chemical Dependency services received in New Mexico should be submitted to:

BCBSNM, BH Unit
P.O. Box 27630
Albuquerque, New Mexico 87125-7630

Drug Plan Claims

If you purchase a Prescription Drug or other item covered under the drug plan from a nonparticipating Pharmacy or other Provider in an Emergency, or if you do not have your ID card with you when purchasing a Prescription or other covered item, you must pay for the Prescription in full and then submit a Claim to BCBSNM's Pharmacy benefit manager. **Do not send these Claims to BCBSNM.** The bills or receipts must be issued by the Pharmacy and must include the Pharmacy name and address, drug name, Prescription number, and amount charged. If not included in your enrollment materials, you can obtain the name and address of the Pharmacy benefit manager and

the necessary Claim forms from a UNM Team Health Customer Care or on the BCBSNM website at www.bcbsnm.com.

Services Outside the United States, U.S. Virgin Islands, Jamaica, Puerto Rico, or Canada

For covered inpatient Hospital services received outside the United States (including Puerto Rico, Jamaica, and the U.S. Virgin Islands) and Canada, show your Plan ID card issued by BCBSNM. BCBSNM participates in a Claim payment program with the Blue Cross and Blue Shield Association. If the Hospital has an agreement with the Association, the Hospital files the Claim for you to the appropriate Blue Cross Plan. Payment is made to the Hospital by that Plan, and then BCBSNM reimburses the other Plan.

You will need to pay up front for care received from a **doctor, a participating outpatient Hospital, and/or a nonparticipating Hospital**. Then, complete an *International Claim Form* and send it with the bill(s) to the BlueCard Worldwide Service Center (the address is on the form). The *International Claim Form* is available from BCBSNM, the BlueCard Worldwide Service Center, or on-line at:

www.bcbs.com/already-a-member/coverage-home-and-away.html

The BlueCard Worldwide *International Claim Form* is to be used to submit institutional and professional Claims for benefits for covered Emergency services received outside the United States, Puerto Rico, Jamaica and the U.S. Virgin Islands. For filing instructions for other Claim types (e.g., dental, Prescription Drugs, etc.) contact your Blue Cross and Blue Shield Plan. The *International Claim Form* must be completed for each patient in full and accompanied by fully itemized bills. It is not necessary for you to provide an English translation or convert currency.

Since the Claim cannot be returned, please be sure to keep photocopies of all bills and supporting documentation for your personal records. The Member should submit an *International Claim Form* (available at www.bcbs.com), attach itemized bills, and mail to BlueCard Worldwide at the address below. BlueCard Worldwide will then translate the information, if necessary, and convert the charges to United States dollars. They also will contact BCBSNM for benefit information in order to process the Claim. Once the Claim is finalized, the *Explanation of Benefits* will be mailed to the Student and payment, if applicable, will be made to the Student via wire transfer or check. Mail international Claims to:

**BlueCard Worldwide Service Center
P.O. Box 72017
Richmond, VA 23255-2017**

CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the Provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Student will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **Note:** If a Qualified Child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the Member is an eligible Child of divorced parents, and the Student under this Plan is the noncustodial parent, the custodial parent may receive the payment and the EOB.

If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial. (See "Grievance Procedures," later in this section.) **You also have 180 days in which to appeal a decision.**

Covered Charge

Provider payments are based upon Preferred Provider and Participating Provider agreements and Covered Charges as determined by BCBSNM. For services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state Providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses. For Covered Services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

Participating and Preferred Providers

Payments for Covered Services usually are sent directly to Network (Preferred or Participating) Providers. The EOB you receive explains the payment.

Nonparticipating Providers

If covered Emergency services are received from a Nonparticipating Provider, payments are usually made to the Student (or to the applicable alternate payee when a QCMSO is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the Provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, any penalty amounts, and noncovered expenses.

Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or treatment Facility may place a lien upon a compromise, settlement, or judgment obtained by you when the Facility has not been paid its total billed charges from all other sources.

Assignment of Benefits

BCBSNM specifically reserves the right to pay the Student directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Student instead of anyone else.

Emergency Service Pricing

Notwithstanding anything in this booklet to the contrary, for out-of-network Emergency Care services, the Covered Charge shall be equal to at least the greatest of the following three amounts - not to exceed billed charges:

- The median amount negotiated with In-Network Providers for Emergency Care services furnished;
- The amount for the Emergency Care service calculated using the same method the Plan generally uses to determine payments for Nonparticipating Provider services but substituting the In-Network Provider cost-sharing provisions for the out-of-network cost-sharing provisions; or
- The amount that would be paid under Medicare for the Emergency Care service.

Each of these three amounts is calculated excluding any in-network Copayment or Coinsurance imposed with respect to the Member.

Medicaid

Payment of benefits for Members eligible for Medicaid is made to the appropriate state agency or to the Provider when required by law.

Medicare

If you are 65 years of age or older, BCBSNM will suspend your Claims until it receives (a) an *Explanation of Medicare Benefits (EOMB)* for each Claim (if you are entitled to Medicare), or (b) Social Security Administration documentation showing that you are not entitled to Medicare.

Overpayments

If your group's benefit plan or the Claim Administrator pays benefits for Covered Charges incurred by you or your Eligible Family Members and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Non-Participating Providers.

If no refund is received, your group's benefit plan and/or Blue Cross and Blue Shield of New Mexico (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this benefit booklet, whether for the same or a different member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield plan or policy.

Student Pricing for the following categories of Claims for **Covered Services** from noncontracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the Provider, whichever is less:

- Covered Services required during an Emergency and received in a Hospital, trauma center, or Ambulance
- For PPO health plans, services from noncontracted Providers that satisfy at least one of the three conditions below and, as a result, are eligible for the Preferred Provider benefit level of coverage.
 - Covered Services from noncontracted Providers within the United States that are classified as "unsolicited" as explained earlier in *Section 3: How Your Plan Works* and as determined by the Member's Host Plan while outside the service area of BCBSNM
 - Transition of care services when Prior Authorization has been obtained and are received from noncontracted Providers
 - Covered Services received from a noncontracted anesthesiologist, pathologist, or radiologist while you are a patient at a contracted Facility receiving Covered Services or procedures having Prior Authorization, if needed

BCBSNM will use essentially the same Claims processing rules and/or edits for noncontracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any Claim edits or rules for a particular Covered Service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

IMPORTANT: Regardless of the pricing method used, the BCBSNM Covered Charge will usually be less than the Provider's billed charge and **you will be responsible** for paying to the Provider the difference between the BCBSNM

Covered Charge and the noncontracted Provider's billed charge for a Covered Service. **This difference may be considerable.** The difference is **not** applied to any Deductible or Out-of-Pocket Limit. In the case of a noncovered service, you are responsible for paying the Provider's full billed charge directly to the Provider. **Reminder:** Contracted Providers will **not** charge you the difference between the BCBSNM Covered Charge and the billed charge for a Covered Service.

BLUECARD[®] PROGRAM

Blue Cross and Blue Shield of New Mexico (BCBSNM) has relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Program Arrangements." Whenever you obtain health care services outside of the BCBSNM service area, the Claims for these services may be processed through one of these Inter-Plan Programs, which includes the BlueCard program.

Typically, when accessing care outside of the BCBSNM service area, you will obtain care from healthcare Providers that have a contractual agreement (i.e. are "Contracted Providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, you may obtain care from noncontracted Providers. BCBSNM payment practices in both instances are described below. (Note: Under PPO plans, "Contracted Providers" are referred to as Preferred Providers and "Noncontracted Providers" are referred to as Nonpreferred Providers.)

Inter-Plan Program Arrangements link the BCBSNM provider network with other individual Blue Cross Blue Shield networks across the country to provide you broad access to Contracted Providers. Contracted Providers may be contracted with either BCBSNM or the Host Blue. Noncontracted Providers are not contracted with either BCBSNM or the Host Blue.

You always have the choice to receive services from contracted or Noncontracted Providers in New Mexico or outside New Mexico, but the difference in the amount you pay may be substantial. When services are received by you outside of New Mexico from either contracted or Noncontracted Providers, the Host Blue will provide BCBSNM with a Covered Charge based on what it uses for its own local Members for services received from either contracted or Noncontracted Providers in the state where the Host Blue is located.

For purposes of the Inter-Plan Arrangements described in this section, "Covered Charge" means the amount that BCBSNM determines is fair and reasonable for a particular covered and Medically Necessary service, as provided to BCBSNM by a Host Blue. After the Member's share of the Covered Charge is calculated, BCBSNM will pay the remaining amount of the Covered Charge up to the maximum benefit limitation, if any. For services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine the Covered Charge.

Services Received from Contracted Providers Outside New Mexico

Under the BlueCard Program, when you access Covered Services within the geographic area served by a Host Blue, BCBSNM will remain responsible for fulfilling BCBSNM contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Contracted Providers.

Whenever you access Covered Services outside of the BCBSNM service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for your Covered Services; or
- The negotiated price or "allowable amount" that the Host Blue makes available to BCBSNM.

If the services are provided by a Contracted Provider of the Host Blue, the Provider will submit your Claims directly to the Host Blue to determine the allowable amount. BCBSNM will use the allowable amount to determine the Covered Charge so that your Claim can be processed timely. The Covered Charge will be an amount up to, but not in excess of, the allowable amount the Host Blue has passed on to BCBSNM. Because the services were provided

by a Contracted Provider, you will receive the benefit of the payment/rate negotiated by the Host Blue with the Provider. As always, you will be responsible for any applicable Deductible, copay and/or Coinsurance amounts (“Member share”). The amount that BCBSNM pays together with your Member share is the total amount the Contracted Provider has contractually agreed to accept as payment in full for the services you have received.

Often, this “allowable amount” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price BCBSNM uses for your Claim because they will not be applied retroactively to Claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your liability calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, BCBSNM would then calculate your liability for any Covered Services according to applicable law.

Services Received from a Noncontracted Provider Outside of New Mexico

If services are provided by a Noncontracted Provider, the Provider may, but is not required to, submit Claims on your behalf. A Noncontracted Provider has not negotiated his/her payments/rates with either the Host Blue or BCBSNM. If the Noncontracted Provider does not submit Claims on your behalf, you will be required to submit the Claims directly to the Host Blue. You will be subject to balance billing when you receive services from a Noncontracted Provider. This amount may be significant. “Balance billing” means that the Noncontracted Provider may require you to pay any amount that the Provider bills that exceeds the sum of what BCBSNM pays toward a Covered Charge and your Member share of the Covered Charge.

Member Liability Calculation

1. In General

Under Inter-Plan Program Arrangements, when services are received outside the state of New Mexico from a Noncontracted Provider, the Covered Charge will be determined by the Host Blue servicing area or by applicable law and will be passed onto BCBSNM. BCBSNM will use the Host Blue’s Covered Charge as its Covered Charge so that your Claim can be processed timely. BCBSNM’s Covered Charge will be an amount up to but not in excess of the Covered Charge the Host Blue has passed on to BCBSNM. In addition to being responsible to pay your Member share, you may be subject to balance billing by the Noncontracted Provider who provided services to you. Before you receive services from a Noncontracted Provider, you should ask for a written breakdown of all amounts that you will have to pay, including Member share and balance billing amounts for the services you will receive.

2. Exceptions

In certain situations, BCBSNM may use other payment bases, such as billed charges for Covered Services, as the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Program Arrangements policies, to determine the amount BCBSNM will pay for services rendered by Noncontracted Providers. In these situations, you may be liable for the difference between the amount that the Noncontracted Provider bills and the payment BCBSNM will make for the Covered Services as set forth in this paragraph.

COMPLAINTS (GRIEVANCES) AND APPEALS: SUMMARY OF PROCEDURES

If you want to make an oral complaint or file a written appeal about a Claims payment or denial, a Prior Authorization denial, the termination of your coverage (other than due to nonpayment of premium), or any other issue, a BCBSNM Customer Service Advocate is available to assist you. You will not be subject to retaliatory action by BCBSNM for making a complaint, filing an appeal, or requesting a reconsideration.

IMPORTANT: Within **180 days** after you receive notice of a BCBSNM decision on, for example, a Claim, a Prior Authorization request, the quality of care you receive, or the termination of your coverage, call or write BCBSNM Customer Service and explain your reasons for disagreeing with the decision. **If you do not submit the request for internal review within the 180- day period, you waive your right to internal review as described in this section, unless you can satisfy BCBSNM that matters beyond your control prevented you from timely filing the request.**

Many complaints or problems can be handled informally by calling, writing, or e-mailing UNM Customer Care. If you are not satisfied with the initial response, you can request internal review as described in the detailed *Inquiries/Complaints and Internal/External Appeals* notice included in the back of this booklet.

Also see “Network Provider (In-Network Provider),” in this section.

When determining cost effectiveness, the situation and characteristics of the individual patient are considered.

Covered Charge — The amount that BCBSNM allows for Covered Services using a variety of pricing methods and based on generally accepted Claim coding rules. The Covered Charge for services from “Contracted Providers” is the amount the Provider, by contract with BCBSNM (or another entity, such as another BCBS Plan), will accept as payment in full under this health plan. For information about pricing of Noncontracted Provider Claims, see “Pricing of Noncontracted Provider Claims” in *Section 8: Claim Payments and Appeals*.

Noncontracting Allowable Amount — The maximum amount, not to exceed billed charges, that will be allowed for a Covered Service received from a Noncontracted Provider in most cases. The BCBSNM Noncontracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS).

Medicare Allowable — The amount allowed by CMS for Medicare-Participating Provider services, which is also used as a base for calculating Noncontracted Provider Claims payments for some Covered Services of Noncontracted Providers under this health plan. The Medicare Allowable amount will not include any additional payments that are not directly tied to a specific Claim, for example, medical education payments. If Medicare is primary over this health plan, and has paid for a service, the Covered Charge under this health plan may be one of the two following amounts:

Medicare-Approved Amount — The Medicare fee schedule amount upon which Medicare bases its payments. When Medicare is the primary carrier, it is the amount used to calculate secondary benefits under this health plan when no “Medicare limiting charge” is available. The Medicare-Approved Amount may be less than the billed charge.

Medicare Limiting Charge — As determined by Medicare, the limit on the amount that a Nonparticipating Provider can charge a Medicare beneficiary for some services. When Medicare is the primary carrier and a limiting charge has been calculated by Medicare, this is the amount used to determine your secondary benefits under this health plan. **Note:** Not all Medicare-covered services from Nonparticipating Providers are restricted by a Medicare Limiting Charge.

Covered Services — Those services and other items for which benefits are available under the terms of the benefit plan of an eligible plan Member.

Creditable Coverage — Health care coverage through an employment-based Group Health Care Plan; health insurance coverage; Part A or B of Title 18 of the Social Security Act (Medicare); Title 19 of the Social Security Act (Medicaid) except coverage consisting solely of benefits pursuant to section 1928 of that title; 10 USCA Chapter 55 (military benefits); a medical care program of the Indian Health Service or of an Indian nation, tribe, or pueblo; the NM Medical Insurance Pool (NMMIP) Act, or similar state sponsored health insurance pool; a health plan offered

pursuant to 5 USCA Chapter 89; a public health plan as defined in federal regulations, whether foreign or domestic; any coverage provided by a governmental entity, whether or not insured, a State Children's Health Insurance Program; or a health benefit plan offered pursuant to section 5(e) of the federal Peace Corps Act.

Custodial Care Services — Any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Special Medical Foods are covered only when prescribed by a Physician for treatment of genetic disorders of metabolism, and the Member is under the Physician’s ongoing care. Special Medical Foods are not for use by the general public and may not be available in stores or supermarkets. Special Medical Foods are not those foods included in a healthy diet intended to decrease the risk of disease, such as reduced-fat foods, low sodium foods, or weight loss products.

Appendix: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans

This notice is made a part of your University's self-funded health care plan Benefit Booklet, administered by Blue Cross and Blue Shield of New Mexico (BCBSNM). If you have a question about these procedures, please call a Customer Service Advocate at the phone number printed on the back of your Identification Card. NOTE: Whenever these procedures require that an action be taken by any party, including BCBSNM, within a certain period of time from receipt of a request or document, the request or document will be deemed to have been received within three working days of the date it was mailed.

Change in state or federal law or regulations, or interpretations thereof, may change the terms and conditions of coverage.

GENERAL INQUIRIES AND COMPLAINTS

Inquiry - A general request for information regarding Claims, benefits, or membership.

Complaint - An expression of dissatisfaction by you, either orally or in writing. Issues may include, but are not limited to, Claims payments or denials, quality of care, and locating a Network Provider.

The Claims Administrator, BCBSNM, has a team available to assist you with inquiries and complaints. To make an inquiry or complaint, contact a Customer Service Advocate at the phone number on the back of your ID card or by mail at the address on the inside front cover of your Benefit Booklet (inquiries about behavioral health services are directed to the Behavioral Health Unit; appeals are directed to the general BCBSNM Appeals Unit as indicated later in this appendix notice).

INITIAL INTERNAL REVIEW OF CLAIMS/PRIOR AUTHORIZATION REQUESTS

When you or your treating health care professional requests a Prior Authorization or files a Claim for a health care service, BCBSNM first determines whether the requested service is covered under your Plan. If the requested service is not covered, BCBSNM will not review for Medical Necessity, but will send you notice that there is no coverage for the requested service.

Only if the requested service is possibly covered, will BCBSNM review for Medical Necessity. If the requested service is approved as Medically Necessary, you will receive notice of that determination. An approval does not ensure that the service will be covered. For example, if you are not eligible for coverage at the time services are received, if the service you receive is different from the service authorized, or if your benefit plan changes or terminates before you receive the service in question, the service may still be denied.

Prior Authorization - A decision by BCBSNM that a health care service has been reviewed and, based upon the information available, meets BCBSNM's requirements for coverage and Medical Necessity.

TIMING OF REQUIRED NOTICES AND EXTENSIONS

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

- ***Urgent Care clinical Claim*** - Any pre-service Claim that requires Prior Authorization, as described in the Benefit Booklet, for a benefit determination for medical care or treatment for which the application of regular notification time periods could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of the Physician with knowledge of your medical condition, would subject you to severe pain that cannot adequately be managed without the care or treatment
- ***Post-service Claim*** - A notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim

charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

- **Pre-service Claim** - A request for Prior Authorization, which is any non-urgent request for a benefit or for a benefit determination for which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. A voluntary request for advance determination of benefits is not a pre-service request for purposes of this provision.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

MANNER AND CONTENT OF CLAIM/PRIOR AUTHORIZATION DENIAL NOTICES

On occasion, the Claim Administrator may deny all or part of your Claim. There are a number of reasons why this may happen. We suggest that you first read the *Explanation of Benefits* summary prepared by the Claim Administrator; then review the Benefit Booklet to see whether you understand the reason for the determination. If you have additional information that you believe could change the decision, send it to the Claims Administrator and request a review of the decision as described in Internal Appeal Procedures below.

If your Prior Authorization request or Claim is denied in whole or in part, you will be notified in writing or by electronic means, within the time frames stated above, of the following:

- Subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, health care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- The specific reason(s) for determination;
- A reference to the specific health plan provision(s) on which the denial is based, or the contractual, administrative or protocol for the determination;
- The specific internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, if the denial was based on Medical Necessity, experimental treatment, or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- A description of additional information that may be needed to perfect the request or Claim and an explanation of why such material is needed;
- A description of BCBSNM's internal review/appeals and external review procedures and time limits (and how to initiate a review/appeal or external review) including a statement of your right, if any, to pursue any state and, if applicable, federal legal remedies, including your right to pursue arbitration following a final denial on internal review/appeal;

- In certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Claim for benefits;
- In the case of a denial of an Urgent Care clinical Claim, a description of the expedited internal review procedure applicable to such Claims (an Urgent Care Claim decision may be provided orally, so long as written notice is furnished to you within three days of oral notification);
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

IMPORTANT: For *Adverse Benefit Determinations* that are related to any Claim or Prior Authorization denial, reduction, termination, or failure to provide or make payment that is based on a **determination of eligibility** to participate in the Plan, including contributions for coverage, you must contact **The University of New Mexico**.

INTERNAL APPEAL PROCEDURES

The following definitions apply to the Claims Administrator’s internal appeal procedures (i.e., for issues not related to eligibility determinations):

Adverse Benefit Determination - A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment for a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claims Administrator or your University and the Claims Administrator or your UNM Benefits Department reduces or terminates such treatment (other than by amendment or termination of the University’s benefit plan) before the end of the approved treatment period; that is also an *Adverse Benefit Determination*. A rescission of coverage is also an *Adverse Benefit Determination*. A rescission of coverage does not include a termination of coverage for reasons related to nonpayment of premium.) In addition, an *Adverse Benefit Determination* also includes an Adverse Determination. For purposes of this Plan, BCBSNM will refer to both an “Adverse Determination” and an “Adverse Benefit Determination” as an “Adverse Benefit Determination,” unless indicated otherwise.

Appeal - An oral or written request for review of an *Adverse Benefit Determination* or an adverse action by the Claims Administrator (“BCBSNM”), its employees, or a Participating Provider.

Final Internal Adverse Benefit Determination - An *Adverse Benefit Determination* that has been upheld by BCBSNM, at the completion of its internal appeal process or with respect to which the internal appeals process has been deemed exhausted.

Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An expedited clinical appeal is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care Provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, the Claims Administrator will provide you with notice at least **24 hours** before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claims Administrator will notify the party filing the appeal, as soon as possible, but no more than **24 hours** after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within **24 hours** of request. The Claims Administrator shall render a determination on the appeal within **24 hours** after it receives the requested information, but no later than **72 hours** after the appeal has been received by the Claims Administrator.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a full and fair review of any determination of a Claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an *Adverse Benefit Determination* may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care Provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your ID card.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within **180 days** after you receive notice of an *Adverse Benefit Determination*, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the *Adverse Benefit Determination*. You may contact the Claim Administrator at:

BCBSNM Appeals Unit
P.O. Box 27630
Albuquerque, NM 87125-9815
Telephone (toll-free): (800) 205-9926

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within **180 days** after you receive notice of an *Adverse Benefit Determination* or at any time during the Claim review process.

The Claim Administrator will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the denial or the review of your Claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial *Adverse Benefit Determination*. Such new or additional evidence or rationale and information will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond. The appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial denial of your Claim. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal determination will be made by a Physician associated or contracted with us and/or by external advisors, but who were not involved in making the initial denial of your Claim. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator or your university.

For non-eligibility issues, you or your authorized representative may request an appeal of a Claims or Prior Authorization decision, orally or in writing, by contacting:

BCBSNM Appeals Unit
P.O. Box 27630
Albuquerque, NM 87125-9815
Telephone (toll-free): (800) 205-9926
FAX: (505) 816-3837

Timeframe for Completion of Internal Appeal

Upon receipt of a non-urgent pre-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than **30 days** after the appeal has been received by the Claim Administrator.

Upon receipt of a post-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than **60 days** after the appeal has been received by the Claim Administrator.

You have the right to request a postponement of the appeal review process by submitting your request in writing.

Manner and Content of Notification of Internal Appeal Decision

BCBSNM will provide you with written or electronic notice of the Internal Appeal Decision within the timeframes described above. You have the right to request, free of charge, reasonable access to and copies of all documents, records, and other information related to your appeal. If your appeal is denied in whole or in part, you will be notified in writing of the following:

- Subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, health care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- The specific reason(s) for the determination;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- A description of the standard that was used in denying the Claim and a discussion of the decision;
- A description of BCBSNM's external review procedures and time limits including your right to pursue, if applicable, federal legal remedies including your right to pursue arbitration following a final Adverse Determination on external appeal;
- In certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

If the Claims Administrator's or your university's decision is to continue to deny or partially deny your Claim or Prior Authorization request or you do not receive a timely decision, you may be able to request an external review of your Claim or Prior Authorization request by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the next section.

INDEPENDENT EXTERNAL REVIEW

For non-eligibility issues, you or your authorized representative may make a request for a standard external review or expedited external review of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* by an independent review organization (IRO). External review is available for an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that involves medical judgment (including, but not limited to, those based on requirements, for Medical Necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit, or a determination that a treatment is experimental or investigational), as determined by the external reviewer. Rescissions are also eligible for external review.

1. Request for external review. Within four months after the date of receipt of a notice of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* from BCBSNM, you or your authorized representative must file your request for standard external review.

2. Preliminary review. Within five business days following the date of receipt of the external review request, BCBSNM must complete a preliminary review of the request to determine whether:

- You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
- The *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
- You have exhausted BCBSNM’s internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the “Exhaustion” section below for additional information about the exhaustion of the internal appeal process; and
- You or your authorized representative has provided all the information and forms required to process an external review.

You will be notified within one business day after BCBSNM completes the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the four-month appeal period (or **48 hours** following receipt of the notice), whichever is later, to perfect the appeal request. If your Claim is not eligible for external review, BCBSNM will outline the reasons it is ineligible in the notice.

3. Referral to Independent Review Organization. When an eligible request for external review is completed within the time period allowed, BCBSNM or your university will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally-recognized accrediting organization. Moreover, BCBSNM will take action against bias and to ensure independence. Accordingly, BCBSNM must contract with at least three IROs for assignments under the plan and rotate Claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

The IRO must provide the following:

- Utilization of legal experts where appropriate to make coverage determinations under the plan.
- Timely notification to you or your authorized representative, in writing, of the request’s eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- Within five business days after the date of assignment of the IRO, BCBSNM must provide to the assigned IRO the documents and any information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Failure by BCBSNM to timely provide the documents and information must not delay the conduct of the external review. If BCBSNM fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Within one business day after making the decision, the IRO must notify BCBSNM and you or your authorized representative.
- Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within one business day forward the information to BCBSNM. Upon receipt of any such information, BCBSNM may reconsider its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that is the subject of the external review. Reconsideration by BCBSNM must not delay the external review. The external review may be terminated as a result of the reconsideration only if BCBSNM decides, upon completion of its reconsideration, to reverse its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* and provide coverage or payment. Within one business day after making such a decision, BCBSNM must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from BCBSNM.

- Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the Claim de novo and not be bound by any decisions or conclusions reached during BCBSNM’s internal Claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
 - Your medical records;
 - The attending health care professional’s recommendation;
 - Reports from appropriate health care professionals and other documents submitted by BCBSNM, you, or your treating Provider;
 - The terms of your plan to ensure that the IRO’s decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;
 - Any applicable clinical review criteria developed and used by BCBSNM, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - The opinion of the IRO’s clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available, and the clinical reviewer or reviewers consider appropriate.
- Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to BCBSNM and you or your authorized representative.
- The notice of final external review decision will contain:
 - A general description of the reason for the request for external review, including information sufficient to identify the Claim;
 - The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either BCBSNM and you or your authorized representative;
 - A statement that judicial review may be available to you or your authorized representative; and
 - Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- After a final external review decision, the IRO must maintain records of all Claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. Reversal of plan’s decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, BCBSNM immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the Claim.

Expedited External Review

1. Request for expedited external review. BCBSNM must allow you or your authorized representative to make a request for an expedited external review with BCBSNM at the time you receive:

- An *Adverse Benefit Determination* if the *Adverse Benefit Determination* involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final

regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

- A *Final Internal Adverse Benefit Determination*, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the *Final Internal Adverse Benefit Determination* concerns an Admission, availability of care, continued stay, or health care item or service for which you received Emergency services, but have not been discharged from a Facility.

2. Preliminary review. Immediately upon receipt of the request for expedited external review, BCBSNM must determine whether the request meets the reviewability requirements set forth in the “Standard External Review” section above. BCBSNM must immediately send you a notice of its eligibility determination that meets the requirements set forth in the “Standard External Review” section above.

3. Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, BCBSNM will assign an IRO pursuant to the requirements set forth in the “Standard External Review” section above. BCBSNM must provide or transmit all necessary documents and information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the Claim de novo and is not bound by any decisions or conclusions reached during BCBSNM’s internal Claims and appeals process.

4. Notice of final external review decision. BCBSNM’s contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the “Standard External Review” section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to BCBSNM and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if BCBSNM waives the internal review process or has failed to comply with the internal Claims and appeals process. If you have been deemed to have exhausted the internal review process due to BCBSNM’s failure to comply with the internal Claims and appeals process, you may also have the right to pursue arbitration and any available remedies under federal or under state law.

External review may not be requested for an Adverse Benefit Determination involving a Claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

OTHER EXTERNAL ACTIONS

If you are still not satisfied after having completed BCBSNM’s or, for eligibility and Student contribution issues, your university’s complaint, appeal, grievance, or reconsideration procedure, you may have the option of taking one of the following steps. No legal action at law or in equity may be taken or arbitration demand made earlier than 60 days after the Claims Administrator has received the Claim for benefits or Prior Authorization request, or later than three years after the date that the Claim for benefits should have been filed with the Claims Administrator.

Arbitration for Non- ERISA Plans — The “Arbitration for Non- ERISA Plans” provision applies to all governmental plans, Church Plans, and plans maintained outside the United States primarily for the benefit of persons substantially all of whom are non-resident aliens. If a dispute about coverage, benefits, or handling of Claims or appeals continues after you have followed and **exhausted** the appeals and grievance process set forth above, including having completed the external review process, the issue or Claim may be submitted to arbitration. The rules for arbitration shall be the “Commercial Arbitration Rules” developed by the American Arbitration Association. You may obtain a copy of these rules from a Customer Service Advocate. The rules are also available from the American Arbitration Association’s Web site (www.adr.org).
