Definitions

Whenever used in this Policy and unless otherwise expressly stated in writing:

ACCIDENTAL INJURY means accidental bodily injury resulting, directly and independently of all other causes.

ADA CODE means the American Dental Association Code assigned to a particular dental procedure.

ALLOWABLE AMOUNT means the maximum amount determined by BCBSTX to be eligible for consideration of payment for a particular service, supply, or procedure.

- For certain Dentists contracting with BCBSTX – The Allowable Amount is based on the terms of the Dentist's contract and BCBSTX's methodology in effect on the date of service. The methodology used may include relative value, global pricing, or a combination of methodologies.
- For Dentists not contracting with BCBSTX – The Allowable Amount is based on the amount BCBSTX would have paid for the same covered service, supply, or procedure if performed or provided by a Contracting Dentist.

Unless otherwise stipulated by a contract between the Dentist and Carrier:

- For services performed in Texas – The Allowable Amount is based upon the applicable methodology for Dentists with similar experience and/or skills.
- For services performed outside of Texas – The Allowable Amount will be established by identifying Dentists with similar experience or skills in order to establish the applicable amount for the procedure, services, or supplies.
- For multiple surgical procedures performed in the same operative area – The Allowable Amount for all surgical procedures performed on the same patient on the same day will be the amount for the single procedure with the highest Allowable Amount plus an additional Allowable Amount for covered supplies or services.
- When a less expensive professionally acceptable service, supply, or procedure is available – The Allowable Amount will be based upon the least expensive services. This is not a determination of Dental Necessity, but merely a contractual benefit allowance.

The Allowable Amount for all Eligible Expenses also includes the administration of any local anesthesia and necessary infection control as required by state and federal mandates.

- The Dentist has had the appropriate training and experience to provide the treatment or procedure.

The medical/dental staff of BCBSTX shall determine whether any treatment, procedure, facility, equipment, drug, device, or supply is Experimental/Investigational, and will consider the guidelines and practices of Medicare, Medicaid, or other government-financed programs in making its determination. If a decision is based on Dental Necessity, We will follow the process outlined in the Review of Claim Determination section.

Although a Dentist may have prescribed treatment, and the services or supplies may have been provided as the treatment of last resort, BCBSTX still may determine such services or supplies to be Experimental/Investigational within this definition. Treatment provided as part of a clinical trial, or a research study is Experimental/Investigational.

Eligibility for Insurance

Each person in one of the Class(es) of Eligible Persons shown below is eligible to be insured under this Policy. This includes anyone who is eligible on the Policy Effective Date and may become eligible after the Policy Effective Date while the Policy is in force. Students must meet the Institution's requirements for maintaining their status as an eligible Student. We maintain the right to investigate Student status and attendance records to verify that eligibility requirements have been met.

Classes of Eligible Persons:

Class 1: All enrolled Students and their Dependents are eligible for coverage under this Policy.

A person may be insured only under one class of eligible persons even though he or she may be eligible under more than one class.

Dependents, as defined by this Policy, of all Students are eligible for coverage under this Policy.

A person may not be insured as a Dependent and a Student at the same time.

A Student's Dependent is eligible on the date:

- The Student is eligible if the Student has Dependents on that date; or
- The date the person becomes a Dependent of the Student, if later.

Individuals who are eligible to receive Medicare benefits are not eligible to enroll in this Policy unless they fall within a Federal exception.

No eligibility rules or variations in premium will be imposed based on a Student's health status, medical condition, claims experience, receipt of health care, medical or dental history, genetic information, evidence of insurability, disability, or any other health status factor. A Student will not be discriminated against for coverage under this Policy on the basis of race, color, national origin, disability, quality of life, life expectancy, age, sex, gender identity, sexual orientation, or political affiliation. Coverage does not require documentation certifying a COVID-19 vaccination or require documentation of post-transmission recovery as a condition for obtaining coverage or receiving benefits. Variations in the administration, processes or benefits of this Policy that are based on clinically indicated, reasonable management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

Effective Date of Coverage

This Policy begins on the Policy Effective Date at 12:01 AM, Standard Time, at the address of the Policyholder.

Coverage for an eligible person who enrolls during the program's enrollment period, as established by the Institution, is effective on the latest of the following dates:

- The Policy Effective Date;
- The date We received the completed enrollment form;
- The date after the required premium is paid; or
- The date the Student enters the Eligible Class.

Coverage for a Student's eligible Dependent who enrolls: (1) during the enrollment period established by the Policyholder; (2) within 31 days after the Student acquires a new Dependent; (3) or within 31 days after a Dependent terminates coverage under another dental care plan, is effective on the latest of the following dates:

- The first day of the Coverage Period;
- The date the Student enters the Eligible Class;
- The date We receive the completed online enrollment form; or
- The date after the required premium is paid.

After the time periods described above, the Student and/or Dependent must wait until the next enrollment period, except for a newborn or a newly adopted child or if there is an involuntary loss of coverage under another dental care plan.

We will pay benefits for a newborn child of the Participant until that child is 31 days old. Coverage may be continued beyond the 31 days if the Covered Person notifies Us of the child's birth and pays the required premium, if any.

Adopted children, as defined by this Policy, will be covered on the same basis as a newborn child from the date the child is placed for adoption with the Participant or the date the Participant becomes a party to a suit for the adoption of the child. Coverage will cease on the date the child is removed from placement and the Participant's legal obligation terminates.

Qualifying Event

Eligible Students and eligible Dependents who have a change in status, and lose coverage under another health care plan, are eligible to enroll for coverage under this Policy. Within 30 days of the qualifying event, the Student or Dependent must complete supporting documentation. A change in status due to a qualifying event includes, but is not limited to, loss of a spouse, whether by death, divorce, or annulment, gain of a Dependent whether by birth, adoption, or suit for adoption or court-ordered Dependent coverage, or loss of Dependent status because of age. The premium will be prorated based on what it would have been at the beginning of the semester or quarter, whichever applies. However, the Effective Date will be the later of the date the Student or Dependent enrolls for coverage under the Policy and pays the required premium, or the day after the prior coverage ends. Please contact your Institution for further information.

Premiums and Reinstatement Provisions

The premiums for this Policy will be based on the rates currently in force, the Plan, and amount of insurance in effect.

Premium rates are based upon the amount of taxes, fees, surcharges, or other amounts currently in effect by various governmental agencies. If the amount of taxes, fees, surcharges, or other amounts which BCBSTX is required to pay or remit are increased during the Policy Year, BCBSTX reserves the right, at its option, to charge the Participant for such amounts, or adjust the premium rates to reflect such increase, on the effective date of such increase. Upon request, the Participant shall furnish to Us in a timely manner all information necessary for the calculation or administration of any such taxes, fees, surcharges or amounts.

Payment of Premium

Coverage does not become effective until payment of the first month's premium. Premiums are due on the first day of the month and may be paid to on a monthly or quarterly basis. The Participant's premium payments should be submitted to BCBSTX at the address shown on the billing statement.

Policy Grace Period

A Policy Grace Period of 31 days will be granted for the payment of the required premiums. The Policy will remain in force during the Grace Period. If the required premiums are not paid during the Policy Grace Period, insurance will end upon the expiration of the Grace Period. The Policyholder will be liable to Us for any unpaid premium for the time the Policy was in force.

Reinstatement

If default is made in the stipulated premium payments for this Policy, the subsequent acceptance of such premium payments by BCBSTX shall reinstate this Policy. For purposes of reinstatement, mere receipt and/or negotiation of a late premium shall not constitute acceptance. The reinstated Policy shall not cover loss due to covered dental expenses incurred after the date of termination. In all other respects, the Participant shall have the same rights under the Policy as he had immediately before the due date of the defaulted premiums, including his right to apply the period of time this Policy was in effect immediately before the due date of the defaulted premiums toward satisfaction of any Benefit Waiting Period or benefits, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a Reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

Refund of Premium

A refund of premium will be made only in the event:

- A Participant's death; or
- The Participant enters full-time active duty in any Armed Forces, and We receive proof of such active-duty service.

Payment of Benefits; Participant/Dentist Relationship

Payment of Benefits

When benefits are payable, We will pay either the Participant or the Dentist. This payment constitutes Our full responsibility to the Participant under this Policy.

Except as provided above, the rights and benefits of this Policy shall not be assignable, either before or after services and supplies are provided. However, if a written assignment of benefits is made by the Participant to a Dentist and the written assignment is delivered to Us with the claim for benefits, We will make any payment directly to the Dentist.

Any benefits payable to the Participant shall, if unpaid at his death, be paid to his surviving beneficiary. If there is no surviving beneficiary, then such benefits shall be paid to his estate.

Participant/Dentist Relationship

The choice of a Dentist should be made solely by the Participant. BCBSTX does not furnish services or supplies but only makes payment for Eligible Expenses incurred by Participants. BCBSTX is not liable for any act or omission by any Dentist. BCBSTX does not have any responsibility for a Dentist's failure or refusal to provide services or supplies to the Participant. Care and treatment received are subject to the rules and regulations of the Dentist selected and are available only for treatment acceptable to the Dentist.

We will pay Eligible Expenses incurred by the Participant or on behalf of him. Expenses must be incurred while the Policy is in force and after the Benefit Waiting Period, if applicable, and while the person is covered by this Policy. Any Deductible, Coinsurance Amount and annual and lifetime benefit maximums, if applicable are shown in the Schedule of Benefits.

Allowable Amount

The Allowable Amount is the maximum amount of benefits BCBSTX will pay for Eligible Expenses the Participant incurs under the Policy. In determining the Allowable Amount, BCBSTX will consider such factors as the Dentist's usual fee and fees charged by other Dentists in the area with similar training and experience and any special circumstances, and whether the Dentist is a Contracting Dentist. The portion of the charges by the Participant's Dentist that exceeds the Allowable Amount of BCBSTX will be the Participant's responsibility to pay to his Dentist, except when he has used a Contracting Dentist. The Participant will also be responsible for charges for services, supplies, and procedures limited or not covered under the Plan and any applicable Deductibles.

Review the definition of Allowable Amount in the DEFINITIONS section of this Policy to understand the guidelines used by BCBSTX.

Deductibles

The Deductible is the dollar amount of Eligible Expenses that must be incurred by the Participant during a Benefit Period for which no benefits will be paid. The amounts applied to the Deductible are based on the benefit allowance in the Schedule of Benefits. The following Deductibles will apply:

- An individual Deductible as indicated in the Schedule of Benefits; and
- A family Deductible as shown in the Schedule of Benefits. When the family Deductible equals the amount indicated in the Schedule of Benefits, all Participants will be deemed to have satisfied their Deductible for the remainder of that calendar year. No one Participant is allowed to satisfy more than the individual Deductible amount.

The Deductible may not apply to some benefits as shown in the Schedule of Benefits.

Dental Benefit Information

Annual Maximum Benefit

The Annual Maximum Benefit is the maximum dollar amount We will pay for all covered services for each Participant during a Benefit Period, according to the terms of this Policy and the coverage outlined in the Schedule of Benefits.

The maximum benefits payable during a Benefit Period for any one Participant under this Policy for all Eligible Expenses is shown in the Schedule of Benefits. Benefits paid for Orthodontic Services, if covered under this Policy, do not apply to the Annual Maximum Benefit.

Benefit Waiting Period

There is a 12-month or 24-month Benefit Waiting Period for certain classes of benefits as indicated in the Schedule of Benefits. The Benefit Waiting Period applies to each Participant separately and begins for each Participant on his Effective Date of coverage under this Policy. If this Policy is terminated for any reason, refer to the Reinstatement Provisions.

Eligible Expenses

To be an Eligible Expense, the dental service must be performed by a Dentist, or licensed dental hygienist acting under the supervision and direction of a Dentist.

Eligible Expenses are deemed incurred on the earlier of:

- The date the final impression is taken for full and partial dentures;
- The date the teeth are first prepared for fixed bridges, crowns, inlays and onlays;
- The date the pulp chamber is opened for root canal therapy;
- The date surgery is performed for periodontal surgery;
- The date the appliance or bands are inserted; or
- On the date the service is performed for all other services.

Predetermination of Benefits

Predetermination is an estimate by BCBSTX of Your eligibility under the Plan for dental benefits or covered dental services, the amount of your Deductible, Copayment or Coinsurance Amount related to dental benefits or covered dental services and the maximum benefit limits for dental benefits or covered dental services.

If a Course of Treatment for non-emergency services can reasonably be expected to involve Eligible Expenses in excess of \$300, a description of the procedures to be performed and an estimate of the Dentist's charge should be filed with BCBSTX prior to the commencement of treatment.

BCBSTX may request copies of existing x-rays, photographs, models, and any other records used by the Dentist in developing the Course of Treatment. BCBSTX will review the reports and materials, taking into consideration alternative Courses of Treatment.

BCBSTX will notify You and Your Dentist of:

- Your eligibility under the Plan;
- Your Deductible, copayment and Coinsurance Amount related to dental benefits or covered dental services; and
- The maximum benefit limits for dental benefits or covered dental services.

Benefit payments may be reduced based on any claims paid after a predetermination estimate is provided.

This Policy will provide benefits for the following Eligible Expenses, subject to the limitations and exclusions described in this Policy. The benefit amount applicable to each Coverage Level and covered service is also

shown on Your Schedule of Benefits.

It is important for You to refer to Your Schedule of Benefits to find out what a Participant's Deductible, Coinsurance and annual maximum will be for a covered service. If You do not have a Schedule of Benefits, please call Customer Service at the toll-free telephone number on the back of your Identification Card.

Important Information About the Participant's Dental Benefits

- ***Dental Procedures Which Are Not Dentally Necessary***

Please note that in order to provide the Participant with dental care benefits at a reasonable cost, this Policy provides benefits only for those covered services for eligible dental treatment that are determined by BCBSTX to be Dentally Necessary. No benefits will be provided for procedures which are not Dentally Necessary.

The fact that a Dentist may prescribe, order, recommend or approve a procedure does not of itself make such a procedure or supply Dentally Necessary.

- ***Care by More Than One Dentist***

If the Participant changes Dentists in the middle of a particular Course of Treatment, benefits will be provided as if he had stayed with the same Dentist until his treatment was completed. There will be no duplication of benefits.

- ***Alternate Benefits***

In all cases in which there is more than one service or Course of Treatment to treat a Covered Person's dental condition, the benefit will be based on the less costly covered services or Course of Treatment, as determined by BCBSTX.

When two or more services are submitted, and the services are considered part of the same service, the Plan will pay the most comprehensive service as determined by the Plan.

When two or more services are submitted on the same day and the services are considered mutually exclusive (one service contradicts the need for the other service), the Plan will pay for the service that represents the final treatment as determined by the Plan.

If the Participant and his Dentist decide on personalized restorations, or personalized complete or partial dentures and over dentures, or to employ specialized techniques for dental services rather than standard procedures, the benefits provided will be limited to the benefit for the least costly Course of Treatment or procedures for dental services, as determined by Us.

- ***Non-Compliance with Prescribed Care***

Any additional treatment and resulting liability which is caused by the lack of a Participant's cooperation with the Dentist or from non-compliance with prescribed dental care will be the responsibility of the Participant.

Coordination of Benefits

Coordination of Benefits (COB) applies to this Benefit Program when a Student or a Student's covered Dependent has health care coverage under more than one Benefit Program.

The order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Benefit Program are determined before or after those of another Benefit Program. The benefits of this Benefit Program:

1. Shall not be reduced when, under the order of benefit determination rules, this Benefit Program determines its benefits before another Benefit Program; and
2. Benefits may be reduced when, under the order of benefits determination rules, another Benefit Program determines its benefits first. This reduction is described below in "When this Benefit Program is a Secondary Program."

In addition to the Definitions Section of this Policy, the following definitions apply to this section:

ALLOWABLE EXPENSE means a covered service, when the covered service is covered at least in part by one or more Benefit Program covering the person for whom the claim is made.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under the above definition unless a Participant's stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice, or as specifically defined in the Benefit Program.

When a Benefit Program provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

BENEFIT PROGRAM means any of the following which provides benefits or services for, or because of, medical or dental care or treatment:

- i. Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage; and
- ii. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX of the Social Security Act).

Each contract or other arrangement under (i) or (ii) above is a separate benefit program. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate program.

CLAIM DETERMINATION PERIOD means the Benefit Period. However, it does not include any part of the Benefit Period during which a person has no coverage under this Benefit Program, or any part of the Benefit Period before the date this COB provision or a similar provision takes effect.

PRIMARY PROGRAM or SECONDARY PROGRAM means the order of payment responsibility as determined by the order of benefit determination rules.

When this Benefit Program is the Primary Program, its benefits are determined before those of the other Benefit Program and without considering the other program's benefits.

When this Benefit Program is a Secondary Program, its benefits are determined after those of the other Benefit Program and may be reduced because of the other program's benefits.

When there are more than two Benefit Programs covering the person, this Benefit Program may be a Primary Program as to one or more other programs and may be a Secondary Program as to a different program or programs.

ORDER OF BENEFIT DETERMINATION

When there is a basis for a claim under this Benefit Program and another Benefit Program, this Benefit Program is a Secondary Program which has its benefits determined after those of the other program, unless:

1. The other Benefit Program has rules coordinating its benefits with those of this Benefit Program; and
2. Both those rules and this Benefit Program's rules, described below, require that this Benefit Program's benefits be determined before those of the other Benefit Program.

This Benefit Program determines its order of benefit payments using the first of the following rules which applies:

1. Non-Dependent or Dependent

The benefits of the Benefit Program which covers the person as an employee, member, or subscriber (that is, other than a Dependent) are determined before those of the Benefit Program which covers the person as a Dependent, except that, if the person is also a Medicare beneficiary, Medicare is:

- a. Secondary to the Benefit Program covering the person as a Dependent; and
- b. Primary to the Benefit Program covering the person as other than a Dependent, for example a retired employee.

2. Dependent Child if Parents not Separated or Divorced

Except as stated in rule 3 below, when this Benefit Program and another Benefit Program cover the same child as a Dependent of different persons, called "parents:"

- a. The benefits of the program of the parent whose birthday (month and day) falls earlier in a calendar year are determined before those of the program of the parent whose birthday falls later in that year; but
- b. If both parents have the same birthday, the benefits of the program which covered the parents longer are determined before those of the program which covered the other parent for a shorter period of time.

However, if the other Benefit Program does not have this birthday-type rule, but instead has a rule based upon gender of the parent, and if, as a result, the Benefit Programs do not agree on the order of benefits, the rule in the other Benefit Program will determine the order of benefits.

3. Dependent Child if Parents Separated or Divorced

If two or more Benefit Programs cover a person as a Dependent Child of divorced or separate parents, benefits for the child are determined in this order:

- a. First, the program of the parent with custody of the child;
- b. Then, the program of the spouse of the parent with the custody of the child; and
- c. Finally, the program of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the program of that parent has actual knowledge of those terms, the benefits of that program are determined first. The program of the other parent shall be the Secondary Program. This paragraph does not apply with respect to any Claim Determination Period or Benefit Program year during which any benefits are actually paid or provided before the entity has that actual knowledge. It is the obligation of the person claiming benefits to notify Blue Cross and Blue Shield and, upon its request, to provide a copy of the court decree.

4. Dependent Child if Parents Share Joint Custody

If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Benefit Programs covering the child shall follow the order of benefit determination rules outlined in 2 above.

5. Active or Inactive Employee

The benefits of a Benefit Program which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Benefit Program which covered that person as a laid off or retired employee (or as that employee's Dependent). If the other Benefit Program does not have this rule, and if, as a result, the Benefit Programs do not agree on the order of benefits, this rule is ignored.

6. Continuation Coverage

If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Benefit Program, the following shall be the order of benefit determination:

- a. First, the benefits of a Benefit Program covering the person as an employee, member, or subscriber (or as that person's Dependent); and
- b. Second, the benefits under the continuation coverage.

7. Length of Coverage

If none of the above rules determines the order of benefits, the benefits of the Benefit Program which covered an employee, member or subscriber longer are determined before those of the Benefit Program which covered that person for the shorter term.

WHEN THIS BENEFIT PROGRAM IS A SECONDARY PROGRAM

In the event this Benefit Program is a Secondary Program as to one or more other Benefit Programs, the benefits of this Benefit Program may be reduced.

The benefits of this Benefit Program will be reduced when the sum of:

1. The benefits that would be payable for the Allowable Expenses under this Benefit Program in the absence of this COB provision; and
2. The benefits that would be payable for the Allowable Expenses under the other Benefit Programs, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made;

Exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Benefit Program will be reduced so that they and the benefits payable under the other Benefit Programs do not total more than those Allowable Expenses.

When the benefits of this Benefit Program are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Program.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts are needed to apply these COB rules. Blue Cross and Blue Shield has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Blue Cross and Blue Shield need not tell, or obtain the consent of, any person to do this. Each person claiming benefits under this Benefit Program must give Blue Cross and Blue Shield any facts necessary to pay the claim.

FACILITY OF PAYMENT

A payment made under another Benefit Program may include an amount which should have been paid under this Benefit Program. If it does, Blue Cross and Blue Shield may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Benefit Program. Blue Cross and Blue Shield will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of payments made by Blue Cross and Blue Shield is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;
2. Insurance companies; or
3. Other organizations.

The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

We, at Our own expense, shall have the right and opportunity to examine the person of the Participant for whom claim is made, when and so often as We may reasonably require during the pendency of a claim hereunder and also in case of death, the right and opportunity to make an autopsy where it is not prohibited by law.

Policy; Amendments

This Policy and the application or applications for coverage by the Participant and any amendments, riders, or endorsements attached hereto, shall constitute the entire Policy. Any statements made shall be deemed representations and not warranties, and no statement made by the Participant in the application for this Policy shall be used in any contest or in defense of a claim hereunder unless a copy of the application is attached to this Policy when issued.

Only an authorized officer of BCBSTX has the power to change, modify, or waive the provisions of this Policy, and then only in writing prepared at the home office and attached or endorsed hereto. We shall not be bound by any promise or representation heretofore or hereafter made by or to any agent other than as specified above.

Proof of Loss

Written Proof of Loss must be furnished to BCBSTX, no later than 90 days from the date that the services, supplies or appliances are provided to the Participant. Failure to furnish such proof within the time required shall not invalidate or reduce any claim if it was not reasonably possible to furnish such proof within such time, provided such proof is furnished as soon as reasonably possible and, in no event, except in the absence of legal capacity of the Participant, later than one year from the time proof is otherwise required.

Participant/Dentist Benefit Website

Information concerning covered dental services is available to You and Your Dentist on our website www.bcbstx.com.

Refund of Benefit Payments

If BCBSTX pays benefits for eligible dental expenses incurred by You or Your Dependents and it is found that the payment was more than it should have been, or was made in error, BCBSTX has the right to a refund from the Participant for whom such benefits were paid, any other insurance company, any other organization, or from the Dentist who received the overpayment. If no refund is received, BCBSTX may deduct any refund due it from any future benefit payment but, will not deduct the amount of an overpayment of a claim from a payment or reimbursement for a dental care service provided by a Dentist who did not receive the overpayment.

Payment or Reimbursement of Dentist

The payment or reimbursement process for a Non-Contracting Dentist will be the same as the payment or reimbursement for a Contracting Dentist.

The Plan provides one or more methods of payment or reimbursement that provide the Dentist the full contracted amount of the payment or reimbursement without the Dentist incurring a fee to access payment or reimbursement.

Reimbursement

1. If We pay or provide benefits for the Participant under this Policy, We are subrogated to all rights of recovery which he has in contract, tort or otherwise against any person, organization, or insurer for the amount of benefits We have paid or provided. That means We may use the Participant's rights to recover money through judgment, settlement or otherwise from any person, organization or insurer.
2. For the purposes of this provision, Subrogation means the substitution of one person or entity (BCBSTX) in the place of another (any Participant covered under this Policy) with reference to a lawful claim, demand or right, so that he or she who is substituted succeeds to the rights of the other in relation to the debt or claim, and its rights or remedies.
3. Right of Reimbursement: In jurisdictions where subrogation rights are not recognized, or where subrogation rights are precluded by factual circumstances, We will have a right of reimbursement. If any Participant covered under this Policy recovers money from any person, organization or insurer for an injury or condition for which We paid benefits under this Policy, all Participants covered under this Policy agrees to reimburse Us from the recovered money for the amount of benefits paid or provided by Us. That means any Participant covered under this Policy will pay Us the amount of money recovered through judgment, settlement or otherwise from the third party or their insurer, as well as from any person, organization or insurer, up to the amount of benefits We paid or provided.
4. Right to Recovery by Subrogation or Reimbursement: Any Participant covered under this Policy agrees to promptly furnish to Us all information concerning any Participant's rights of recovery from any person, organization or insurer and to fully assist and cooperate with Us in protecting and obtaining its reimbursement and subrogation rights. Any Participant covered under this Policy, or their attorney will notify Us before settling any claim or suit so as to enable Us to enforce Our rights by participating in the settlement of the claim or suit. Any Participant covered under this Policy further agrees not to allow the reimbursement and subrogation rights BCBSTX to be limited or harmed by any acts or failure to act on the part of any Participant.
5. Our process to recover by subrogation or reimbursement will be conducted in accordance with Texas Civil Practice and Remedies Code Title 6, Chapter 140.

Rescission of Coverage

Any act, practice or omission that constitutes fraud or making an intentional misrepresentation of material fact on the Participant's application may result in the cancellation of his coverage and/or his Dependent(s) coverage retroactive to the Effective Date, subject to 30 days' prior notification. Rescission is defined as a cancellation or discontinuance of coverage that has a retroactive effect. In the event of such cancellation, Blue Cross and Blue Shield of Texas (BCBSTX) may deduct from the premium refund any amounts made in claim payments during this period and the Participant may be liable for any claims payment amount greater than the total amount of premiums paid during the period for which cancellation is affected. At any time when Blue Cross and Blue Shield of Texas is entitled to rescind coverage already in force or is otherwise permitted to make retroactive changes to this Policy, Blue Cross and Blue Shield of Texas may at its option make an offer to reform the policy already in force or is otherwise permitted to make retroactive changes to this Policy and/or change the rating category/level.

In the event of reformation, the Policy will be reissued retroactive in the form it would have been issued had the misstated or omitted information been known at the time of application.

Review of Claim Determinations

1. Claim Determinations

When We receive a properly submitted claim, We have authority under this Policy to interpret and determine benefits in accordance with the Policy provisions. We will receive and review claims for benefits and will accurately process claims consistent with administrative practices and procedures established in writing.

The Participant has the right to seek and obtain a review by Us of any determination of a claim, or any other determination made by Us of the Participant's benefits under this Policy.

If a Claim Is Denied or Not Paid in Full

On occasion, We may deny all or part of the Participant's claim. There are a number of reasons why this may happen. We suggest that the Participant first read the *Explanation of Benefits* summary prepared by Us; then review this Policy to see whether the Participant understands the reason for the determination. If the Participant has additional information that he believes could change the decision, send it to Us and request a review of the decision as described in Claim Appeal Procedures below.

If the claim is denied in whole or in part, the Participant will receive a written notice from Us with the following information, if applicable:

- The reasons for determination;
- A reference to the benefit provisions on which the determination is based, A description of additional information which may be necessary to perfect the claim and an explanation of why such material is necessary; and
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings. Upon request, treatment codes with their meanings and the standards used are also available.

An explanation of Our internal review/appeals and external review processes (and how to initiate a review/appeal or external review); The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits:

- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination as applied to the Covered Person's dental circumstances, if the denial was based on Dental Necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request; and
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

Timing of Required Notices and Extensions

Post-Service Claim is notification in a form acceptable to Us that a service has been rendered or furnished to the Participant. This notification must include full details of the service received, including the Participant's name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the claim charge, and any other information which We may request in connection with services rendered to the Participant.

Post-Service Claims

Type of Notice or Extension	Timing
If the Participant's claim is incomplete, We must notify the Participant within:	30 days
If the Participant is notified that his claim is incomplete, he must then provide completed claim information to Us within:	45 days after receiving notice
<i>BCBSTX must notify the Participant of any adverse claim determination:</i>	
If the initial claim is complete, within:	30 days after receipt of the claim
After receiving the completed claim (if the initial claim is incomplete), within:	45 days, if we extended the period, less any days already utilized by Us during our review*

* This period may be extended one time by Us for up to 15 days, provided that We both (1) determine that such an extension is necessary due to matters beyond the control of the Plan and (2) notify the Participant in writing, prior to the expiration of the initial 30-day period of the circumstances requiring the extension of time and the date by which We expect to render a decision. If the period is extended because We require additional information from the Participant or his Provider, the period for Our making the determination is tolled from the date We send notice of extension to the Participant until the earlier of i) the date on which we receive the information; or ii) the date by which the information was to be submitted.

2. Claim Appeal Procedures

Claim Appeal Procedures - Definitions

An “*Adverse Benefit Determination*” means a denial, reduction, or a failure to provide or make payment (in whole or in part) for, a benefit in response to a Claim, including any such denial, reduction, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not dentally necessary or appropriate. If an ongoing Course of Treatment had been approved by Us and We reduce such treatment (other than by amendment) before the end of the approved treatment period, that is also an Adverse Benefit Determination.

A “*Final Internal Adverse Benefit Determination*” means an Adverse Benefit Determination that has been upheld by Us at completion of Our internal review/appeal process.

How to Appeal an Adverse Benefit Determination

The Participant has the right to seek and obtain a full and fair review of any determination of a claim, or any other determination made by Us in accordance with the benefits and procedures detailed in this Policy.

An appeal of an Adverse Benefit Determination may be requested orally or in writing, by the Participant or a person authorized to act on his behalf. In some circumstances, a health care provider may appeal on his/her own behalf.

Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about the Participant except to his authorized representative.

To obtain an authorized representative form, the Participant or his representative may call Us at the toll-free telephone number on the back of his Identification Card.

If the Participant believes We incorrectly denied all or part of his benefits, he may have his claim reviewed. We will review the decision in accordance with the following procedure:

- Within 180 days after the Participant receives notice of a denial or partial denial, he may write to BCBSTX. We will need to know the reasons why the Participant does not agree with the denial or partial denial. Send the request to:

Dental Claim Review Section
Blue Cross and Blue Shield of Texas
P. O. Box 660247
Dallas, Texas 75266-0247

- We will honor telephone requests for information.
- In support of the Participant's claim review, the Participant has the option of presenting evidence and testimony to Us. The Participant and his authorized representative may ask to review his file and any relevant documents and may submit written issues, comments and additional dental information within 180 days after he receives notice of an Adverse Benefit Determination or at any time during the claim review process.
- We will provide the Participant or his authorized representative with any new or additional evidence or rationale and any other information and documents used in the review of his claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale will be provided to the Participant or his authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give the Participant a chance to respond. If the initial benefit determination regarding the claim is based in whole or in part on a dental judgment, the appeal determination will be made by a Dentist associated or contracted with Us and/or by external advisors, but who were not involved in making the initial denial of the Participant's claim.
- If the Participant has any questions about the claim procedures or the review procedure, they can write to Our Administrative Office or call Customer Service at the toll-free telephone number on the back of their Identification Card.

Timing of Appeal Determinations

We will render a determination on post-service appeals as soon as practical, but in no event later than 30 days after the appeal has been received by Us.

Expedited Appeals

An expedited appeal is available for emergency care, life-threatening conditions and if you are hospitalized. If your situation meets the definition of an expedited appeal, you may be entitled to an appeal on an expedited basis. An "expedited clinical appeal" is an appeal of a clinically urgent nature related to dental care services, including but not limited to, procedures or treatments ordered by a health care provider or the denial of emergency care.

Before authorization of benefits for an ongoing Course of Treatment is terminated or reduced (concurrent review), BCBSTX will provide you with notice and an opportunity to appeal. For the ongoing Course of Treatment, coverage will continue during the appeal process.

Upon receipt of an expedited or concurrent appeal of an adverse determination, BCBSTX will notify the party filing the appeal, as soon as possible, but in no event later than 24 hours after submission of the appeal, of all the information needed to review the appeal. BCBSTX will render a decision on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by BCBSTX.

Notice of Appeal Determination

We will notify the party filing the appeal, the Participant, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal, by a written notice of the determination.

The written notice to the Participant and his authorized representative will include:

- A reason for the determination;
- A reference to the benefit plan provisions on which the determination is based;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, treatment codes with their meanings are also available;
- An explanation of Our external review processes (and how to initiate an external review);
- The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- The Participant's right, if applicable, to request external review by and Independent Review Organization; and
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

If BCBSTX denies the Participant's appeal, in whole or in part, or he do not receive a timely decision, he has the right to request an external review of his claim by an independent third party, who will review the denial and issue a final decision. The Participant's external review rights are described in the How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO) section below.

How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO)

An "Adverse Determination" means a determination by Us or Our designated utilization review organization that a dental care service that is a covered service has been reviewed and, based upon the information provided, is determined to be experimental or investigational, or does not meet Our requirement for Dental Necessity or appropriateness and the requested service or payment for the service is therefore denied, or reduced.

This procedure (not part of the Complaint process) pertains only to appeals of Adverse Determinations.

Any party whose appeal of an Adverse Determination is denied by Us may seek review of the decision by an IRO. At the time the appeal is denied, We will provide the Participant, his designated representative or Provider of record, information on how to appeal the denial, including the approved form, which the Participant, his designated representative, or his Provider of record must complete.

- We will submit dental records, names of Providers and any documentation pertinent to the decision of the IRO.
- We will comply with the decision by the IRO.
- We will pay for the independent review.

Upon request and free of charge, the Participant or his designee may have reasonable access to, and copies of, all documents, records, and other information relevant to the claim or appeal, including:

- Information relied upon to make the decision;
- Information submitted, considered or generated in the course of making the decision, whether or not it was relied upon to make the decision;
- Descriptions of the administrative process and safeguards used to make the decision;

- Records of any independent reviews conducted by Us;
- Dental judgments, including whether a particular service is Experimental/Investigational or not Dentally Necessary or appropriate; and
- Expert advice and consultation obtained by Us in connection with the denied claim, whether or not the advice was relied upon to make the decision.

The appeal process does not prohibit the Participant from pursuing other appropriate remedies, including civil action, injunctive relief; a declaratory judgment or other relief available under law.

For more information about the IRO process, call the Texas Department of Insurance (TDI) on the IRO information line at (866) 554-4926, or in Austin call (512) 322-4266.
