Introduction

Welcome to the UnitedHealthcare Student Resources Student Health Insurance Plan.

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-800-767-0700. The Insured can also write to the Company at:

UnitedHealthcare Student Resources
P.O. Box 809025
Dallas, TX 75380-9025

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All registered Domestic students (including Undergraduate, Graduate Dental, Dental School and Pharmacy), all Graduate students and Graduate Assistants enrolled in one or more credit hours are required to purchase this insurance plan unless proof of comparable coverage is furnished.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse, Civil Union partner or Domestic Partner and dependent children under 26 years of age. See the Definitions section of this Certificate for the specific requirements needed to meet Domestic Partner eligibility.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse, Civil Union partner or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Medicare Eligibility

Any person who has Medicare at the time of enrollment in this student insurance plan is not eligible for coverage under the Master Policy.

If an Insured Person obtains Medicare after the Insured Person is covered under the Master Policy, the Insured Person's coverage will not end due to obtaining Medicare.

As used here, "has Medicare" means that an individual is entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2025. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., July 31, 2026. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission, or as soon as possible after the patient becomes lucid and able to communicate, to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider and Out-of-Network Provider Information

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

Preferred Provider Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at www.uhcsr.com. The website will allow the Insured to easily search for providers by specialty and location. The Insured may also call the Customer Service Department at 1-800-767-0700 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider. Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-800-767-0700 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at www.uhcsr.com.

If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

Additionally, if an Insured makes a good faith effort to locate a Preferred Provider to obtain a Covered Medical Expense and it is determined the network does not include the appropriate Provider due to insufficient number, type, unreasonable travel distance, or delay, or the Preferred Provider refusing to provide a Covered Medical Expense because it is contrary to the conscience of the Preferred Provider (as protected by the Health Care Right of Conscience Act), the Company shall ensure the Insured is eligible for cost-sharing that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at 1-800-767-0700 to find out if they are eligible for continuity of care benefits.

"Preferred Provider Benefits" apply to Covered Medical Expenses that are provided by a Preferred Provider.

"Out-of-Network Provider Benefits" apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

Preferred Provider Benefits

The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

This Certificate includes the following provisions to comply with the applicable requirements of the *Consolidated Appropriations Act (the "Act")* (P. L. 116 -260). These provisions reflect requirements of the Act; however, they do not preempt applicable state law.

Out-of-Network Provider Benefits

Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.

2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the Recognized Amount as defined in this Certificate.
3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center (as described in section 1833(i)(1)(A) of the Social Security Act), and any other facility specified by the Secretary.

DISCLOSURE OF LIMITED BENEFIT

WARNING, LIMITED BENEFITS WILL BE PAID WHEN OUT-OF-NETWORK PROVIDERS ARE USED. THE INSURED CAN EXPECT TO PAY MORE THAN THE COST-SHARING AMOUNT DEFINED IN THE POLICY IN NON-EMERGENCY SITUATIONS. Except in limited situations governed by the federal No Surprises Act or Section 356z.3a of the Illinois Insurance Code (215 ILCS 5/356z.3a), Out-of-Network Providers furnishing non-emergency services may bill an Insured for any amount up to the billed charge after the plan has paid its portion of the bill. If the Insured elects to use an Out-of-Network Provider, plan benefit payments will be determined according to the Policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the Policy.

Preferred Providers have agreed to ONLY bill Insureds the cost-sharing amounts. An Insured may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll-free telephone number on their identification card.

Continuation of Care

If the Insured is undergoing an active course of treatment from a Preferred Provider at the time the provider is terminated without cause, the Insured will be allowed to continue treatment at the Preferred Provider benefit level until the treatment is complete or for 90 days, whichever is shorter. An active course of treatment includes:

- An ongoing course of treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted.
- An ongoing course of treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the Insured is currently receiving, such as chemotherapy, radiation therapy, or post-operative visits.
- Undergoing a course of treatment for pregnancy.
- An ongoing course of treatment for a health condition for which a treating Physician or health care provider attests that discontinuing care by that Physician or healthcare provider would worsen the condition or interfere with anticipated outcomes.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
 - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
 - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
 - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Individual and group insurance contracts and subscriber contracts.
- Uninsured arrangements of individual, group or group-type coverage.
- Individual and group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.

- Accident only coverage.
 - Limited benefit health coverage as defined by state law.
 - Specified disease or specified accident coverage.
 - School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a “to and from school” basis;
 - Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
 - Medicare supplement policies.
 - State Plans under Medicaid.
 - A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
 - Disability income protection coverage.
3. **Primary Plan:** A Plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other Plan into consideration. There may be more than one primary plan. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
4. **Secondary Plan:** A Plan that is not the Primary Plan.
5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan’s benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for Emergency Services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.

2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
- the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:
If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
- If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).
- If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).
- If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:
- First, the Plan of the parent with custody of the child.
 - Then the Plan of the spouse of the parent with the custody of the child.
 - The Plan of the parent not having custody of the child.
 - Finally, the Plan of the spouse of the parent not having custody of the child.
4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Young Adult/Dependent.** If a Dependent child has coverage under either or both parent's Plans and also has his or her own coverage as a Dependent under a spouse's Plan, the rules specified in Section (8) Longer/Shorter Length of Coverage apply. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parent's Plans, the order of benefits shall be determined by applying the birthday rules specified in Section (2), Dependent Child/Parents Married or Living Together, to the Dependent child's parent or parents and the Dependent's spouse.
6. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
7. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
- First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
8. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 9: Definitions

ADOPTED OR FOSTER CHILD means the adopted child or foster child who is in the custody of the Insured, pursuant to an interim court order of adoption or placed with an Insured, regardless of whether the child resides with the Insured, while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted or foster child not more than 31 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

Benefits will also be provided for another child placed in court-ordered temporary or other custody of the Insured from the moment of placement.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. Indemnities provided under the Policy for any of the Out-of-Network Provider services listed in the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* will be paid directly to the Provider. An Out-of-Network Provider subject to the *No Surprises Act* may negotiate reimbursement after initial payment is received. If attempts to negotiate reimbursement do not result in a resolution of the payment dispute within 30 days after receipt of the explanation of benefits, then We or the Out-of-Network Provider or facility may initiate binding arbitration. The party requesting arbitration shall notify the other party that arbitration has been initiated and state its final offer before arbitration. In response to this notice, the non-requesting party shall inform the requesting party of its final offer before the arbitration occurs. Arbitration shall be initiated by filing a request with the Department of Insurance.

Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

PHYSICAL EXAMINATION: As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law. The Company has the right to secure a second opinion regarding treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. No such action shall be brought after the expiration of three years after the time written proofs of loss are required to be furnished.

SUBROGATION: Whenever this Policy has paid benefits because of Sickness or an Injury to any Insured Person resulting from a third party's wrongful act or negligence, to the extent of such payment the Company shall reserve the right to assume the legal claim any Insured Person may have against that third party. This means that the Company may choose to take legal action against the negligent third party or their representatives and to recover from them the amount of claim benefits paid to the Insured Person for loss caused by the third party.

RIGHT OF REIMBURSEMENT: If an Insured Person incurs expenses for Sickness or an Injury that occurred due to the negligence of a third party:

- A) The Company has the right to reimbursement for all benefits paid by the Company from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the Insured Person, Insured Person's parents, if the Insured Person is a minor, or Insured Person's legal representative as a result of that Sickness or Injury.
- B) The Company is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits paid by the Company for that Sickness or Injury.

The Company has the right to reimbursement out of all funds the Insured Person, the Insured Person's parents, if the Insured Person is a minor, or the Insured Person's legal representative, is or was able to obtain for the same expenses we have paid as a result of that Sickness or Injury.

You are required to furnish any information or assistance or provide any documents that we may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

The Company will not seek reimbursement for overpayment of a claim made to a provider after 12 months from the date of the first payment on the claim.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies. The Insured Person designating a beneficiary retains the right to change that designation unless he/she make the designation irrevocable.

FRAUD OR INTENTIONAL MISREPRESENTATION OF A MATERIAL FACT: The Company will provide at least 30 days advance notice to the Insured that coverage will end on the date We identify in the notice because the Insured committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to an Insured Person's eligibility. The Insured may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

CONFORMITY WITH STATE STATUTES: Any provision of this Policy which, on its effective date, is in conflict with the statutes of the state in which the Insured resides on such date is hereby amended to conform to the minimum requirements of such statutes.

UNPAID PREMIUM: Upon payment of a claim under this Policy, any premium then due from an Insured and unpaid or covered by any note or written order may be deducted therefrom.

MISSTATEMENT OF AGE: If the age of the Insured has been misstated, all amounts payable under this Policy shall be such as the premium paid would have purchased at the correct age.

Within 180 days after receipt of a notice of an Adverse Determination, an Insured Person or an Authorized Representative may submit a written request for an Internal Review of an Adverse Determination.

Upon receipt of the request for an Internal Review, the Company shall provide the Insured Person with the name, address and telephone of the employee or department designated to coordinate the Internal Review for the Company. With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination.

Within three working days after receipt of the grievance, the Company shall provide notice that the Insured Person or Authorized Representative is entitled to:

2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person's request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide, free of charge and as soon as possible:

1. Any new or additional evidence considered by the Company in connection with the grievance; and
2. Any new or additional rationale upon which the decision was based.

The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

Expedited Internal Review

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

- 1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
- 2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare Student Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

- 1. Relating to healthcare services, including but not limited to, procedures or treatments for the Insured with an ongoing course of treatment ordered by a Provider, the denial of which could significantly increase the risk to an Insured's health; or
- 2. A treatment referral, service, procedure, or other health care services, the denial of which could significantly increase the risk to an Insured's health.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available.

- 1. Upon receipt of a request for an Expedited Internal Appeal, the Company will notify the Insured Person, Provider, or Insured's Authorized Representative of all information the Company requires to evaluate the appeal. This notice shall be made as soon as possible, but in no event more than 24 hours after the submission of the appeal.
- 2. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than twenty-four (24) hours after receipt of the required information.
- 3. The Company will notify the filing party of its decision orally with a follow-up Written Notice of Determination.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational, or a preexisting condition.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days for concurrent or prospective reviews, 60 days for retrospective reviews, and 48 hours for expedited reviews when the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

If the Company determines that benefits are no longer Medically Necessary, the Company shall notify the Insured, the Insured's Authorized Representative, if any, and the Insured's Physician in writing of the Insured's right to request an External Review. The Company's notification shall occur within 24 hours following the Adverse Determination.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has four months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Director. Upon request of an External Review, the Director shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

Standard External Review (SER) Process

A Standard External Review request must be submitted in writing within four months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. Within five business days after receiving the SER request notice, the Company will complete a preliminary review to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
 - b. The Insured Person has exhausted the Company's Internal Appeal Process;
 - c. The Insured Person has provided all the information and forms necessary to process the request; and

- d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.
2. Within one business day after completion of the preliminary review, the Company shall notify the Director, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SER.
 - a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete;
 - b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Director.
3. After receiving notice that a request is eligible for SER, the Director shall, within one business day:
 - a. Assign an IRO from the Director's approved list;
 - b. Notify the Company of the name of the assigned IRO; and
 - c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within five business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
4. a. The Company shall, within five business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SER.
 - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall, within one business day, advise the Director, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
5. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
6. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within one business day.
 - a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SER.
 - b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
 - c. If the Company reverses its decision, the Company shall provide written notification within one business day to the Director, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.
7. Within 45 days after receipt of the SER request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Director, the Company, the Insured Person and, if applicable, the Authorized Representative. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Expedited External Review (EER) Process

An Expedited External Review request may be submitted in writing after an Insured receives notice of the Company's Adverse Determination or Final Adverse Determination. The Insured or the Insured's Authorized Representative, if any, may submit the Expedited External Review request.

An Expedited External Review request may not be submitted if a Substance Use Disorder treatment provider or facility determines that continued treatment is no longer Medically Necessary.

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Director at the time the Insured Person receives:
 - a. An Adverse Determination if:
 - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
 - The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

- b. A Final Adverse Determination, if:
 - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received Emergency Services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EER request, the Director shall immediately send a copy of the request to the Company.
3. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
 - b. The Insured Person has exhausted the Company's Internal Appeal Process, unless the Insured Person is not required to do so as specified in sub-sections 1. a. and b. shown above;
 - c. The Insured Person has provided all the information and forms necessary to process the request; and

4. Immediately after completion of the review, the Company shall notify the Director, the Insured Person and the Authorized Representative, if applicable, whether the request is eligible for an EER.
 - a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete;
 - b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Director.
5. When a request is complete and eligible for an EER, the Director shall immediately assign an IRO from the Director's approved list and notify the Company of the name of the assigned IRO.
 - a. The Company shall immediately provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination.
 - b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
6.
 - a. If the EER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EER.
 - b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
7. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
 - a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
 - b. Notify the Director, the Company, the Insured Person, and, if applicable, the Authorized Representative.
8. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Standard Experimental or Investigational Treatment External Review (SEIER) Process

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.

A request for a Standard Experimental or Investigational External Review must be submitted in writing within four months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for a Standard Experimental or Investigational Treatment External Review (SEIER) with the Director.
2. Upon receipt of an SEIER request, the Director shall immediately send a copy of the request to the Company.

 - e. The Insured Person has exhausted the Company's Internal Appeal Process; and
 - f. The Insured Person has provided all the information and forms necessary to process the request.
4. Within one business day after completion of the preliminary review, the Company shall notify the Director, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SEIER.

 6.
 - a. The Company shall, within five business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SEIER.
 - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Director, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
 7. Each clinical reviewer assigned by the IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
 8. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within one business day.
 - a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SEIER.
 - b. The SEIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SEIER.
 - c. If the Company reverses its decision, the Company shall immediately provide written notification to the Director, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SEIER.
 9. Each clinical review shall provide an oral or written opinion to the IRO no later than 20 calendar days after being selected by the IRO.
 10. The IRO shall make a decision and provide oral or written notice of its decision within 20 days after receipt of the opinions from each clinical reviewer.

11. After completion of the IRO's review, upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

 - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

BINDING EXTERNAL REVIEW

An External Review decision is binding on the Company. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

APPEAL RIGHTS DEFINITIONS

For the purpose of this Notice of Appeal Rights, the following terms are defined as shown below:

Adverse Determination means:

1. A determination by the Company or its designee utilization review organization that, based upon the information provided, a request for benefits under the Policy upon application of any utilization review techniques does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, or is determined to be experimental or investigational, or a preexisting condition, and the requested benefit is denied, reduced or terminated;
2. A denial, reduction, or termination based on the Company's or its designee utilization review organization determination that the individual was not eligible for coverage under the Policy as an Insured Person;

4. A rescission of coverage determination, which does not include a cancellation or discontinuance of coverage that is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

Adverse Determination includes unilateral determinations that replace the requested health care service with an approval of an alternative health care service without the agreement of the Insured Person or the Insured Person's Physician for the requested health care service, or that condition approval of the requested service on first trying an alternative health care service, either if the request was made under a medical exceptions procedure, or if all of the following are true:

2. The alternative health care service poses no greater risk to the Insured based on Generally Accepted Standards of Medical Practice.
3. The alternative health care service is at least as likely to produce the same or better effect on the Insured Person's health as the requested service based on Generally Accepted Standards of Medical Practice.

Adverse Determination includes determinations made based on any source of health information pertaining to the Insured Person that is used to deny, reduce, replace, condition, or terminate the benefit or payment.

Adverse Determination includes determinations made in response to a request for authorization when the request was submitted by the Physician regardless of whether the Physician gave notice to or obtained the consent of the Insured Person or Authorized Representative to file the request.

Section 18: Pediatric Dental Services Benefits

Benefits are provided under this section for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this section terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call the Company at the number stated on their identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from out-of-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from out-of-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Exclusions of this section.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amounts.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this section are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Out-of-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this section applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Refer to the Pediatric Dental Services Schedule of Benefits for a list of Covered Dental Services.

22. Placement of fixed partial dentures solely for the purpose of achieving periodontal stability.
23. Acupuncture; acupressure and other forms of alternative treatment, whether or not used as anesthesia.
24. Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

Covered Dental Service - a Dental Service or Dental Procedure for which benefits are provided under this section.

- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

UnitedHealthcare Vision Network - any optometrist, ophthalmologist, optician or other person designated by the Company who provides Vision Care Services for which benefits are available under the Policy.

Vision Care Provider - any optometrist, ophthalmologist, optician or other person who may lawfully provide Vision Care Services.

Vision Care Service - any service or item listed in this section in Section 1: Benefits for Pediatric Vision Care Services.

Section 20: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this section.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

The Insured must either show their ID card to the Network Pharmacy when the prescription is filled or provide the Network Pharmacy with identifying information that can be verified by the Company during regular business hours. If the Insured does not show their ID card to the Network Pharmacy or provide verifiable information, they will need to pay for the Prescription Drug at the pharmacy.

The Insured may then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling Customer Service at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy or a Preferred 90 Day Retail Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Company at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

Refill Synchronization

The Company has a procedure to align the refill dates of Prescription Drug Products so that drugs that are refilled at the same frequency may be refilled concurrently. The Insured Person may access information on these procedures at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular reference product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, benefits will be paid under the out-of-network Prescription Drug Benefit.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, benefits will be paid based on the out-of-Network Benefit for that Prescription Drug Product.

For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay the same Copayment/Coinsurance as the Preferred Specialty Network Pharmacy based on the applicable tier.

However, if a non-Designated Pharmacy has entered into an agreement with the Company that it agrees to accept the same terms and conditions applicable to Designated Pharmacies, including reimbursement at the rate applicable to the Designated Pharmacies, including applicable copayment and/or coinsurance, as payment in full, the Insured may receive benefits on the same basis and at the same copayment and/or coinsurance as the Insured would from a Designated Pharmacy.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay the same Copayment/Coinsurance as the Preferred Specialty Network Pharmacy based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy. The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed. If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason

for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational Service.

The Company or its designee will contact the Insured's Physician and the notification criteria will be reviewed with the Insured's Physician prior to approval or denial of the medication.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Copayment and/or Coinsurance, and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational Service.

Does Step Therapy Apply?

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at www.uhcsr.com or by calling Customer Service at 1-855-828-7716.

When Does the Company Limit Selection of Pharmacies?

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. The Prescription Drug List will not be replaced mid-contract year. Please access www.uhcsr.com or call Customer Service at 1-855-828-7716 for the most up-to-date tier placement.

Rebates and Other Payments

We will apply any third-party payments, financial assistance, discounts, product vouchers, or any other reduction in out-of-pocket expenses made by the Insured Person or on the Insured Person's behalf for Prescription Drugs toward the Insured Person's Deductible, Copayments, or cost-sharing responsibility, or Out-of-Pocket Maximum associated with this Policy.

The Company may also receive rebates for certain drugs included on the Prescription Drug List. The Company may pass these rebates on to the Policyholder in the form of reduced future premiums.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Preferred Provider Benefits apply to Covered Medical Expenses that are provided by a Preferred Provider.

Out-of-Network Provider Benefits apply to Covered Medical Expenses that are provided by an Out-of-Network Provider. Refer to the *Preferred Provider and Out-of-Network Provider Information* section of the Certificate for information on reimbursement for Emergency Services provided by an Out-of-Network Provider, Covered Medical Expenses provided at certain Preferred Provider facilities by an Out-of-Network Physician, and Air Ambulance transport provided by an Out-of-Network Provider.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply.
