Schedule of benefits

This schedule of benefits lists the **policy year deductibles**, **copayments** and **coinsurance** that apply to the services you receive under this plan. You should review this schedule of benefits to become familiar with your **policy year deductibles**, **copayments** and **coinsurance** and any limits that apply to the services and supplies.

How to read your schedule of benefits

- When we say:
  - "In-network coverage," we mean you get care from our **in-network providers**.
  - "Out-of-network coverage," we mean you can get care from **out-of-network providers**.
- The **policy year deductibles**, **copayments** and **coinsurance** listed in the schedule of benefits below reflect the **policy year deductibles**, **copayments** and **coinsurance** amounts under your plan.
- The **coinsurance** listed in the schedule of benefits reflects the plan **coinsurance** percentage. This is the **coinsurance** amount that the plan pays. You are responsible for paying any remaining **coinsurance**.
- You are responsible for paying any **policy year deductibles**, **copayments** and your **coinsurance**.
- You are responsible for full payment of any health care services you received that are not **covered benefits**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are separate maximums for **in-network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule of benefits you will find detailed explanations about your:
  - **Policy year deductibles**
  - **Copayments**
  - Maximums
  - **Coinsurance**
  - **Maximum out-of-pocket limits**

Important note:
All **covered benefits** are subject to the **policy year deductible**, **copayment** and **coinsurance** unless otherwise noted in the schedule of benefits below. The *Surprise bill* section in the certificate of coverage explains your protections from a surprise bill.

How to contact us for help

We are here to answer your questions.

- Log in to your **Aetna®** website at https://www.aetnastudenthealth.com
- Call Member Services at the toll-free number on your ID card

The coverage described in this schedule of benefits will be provided under **Aetna's student policy**. This schedule of benefits replaces any schedule of benefits previously in effect under the **student policy** for medical and **pharmacy** coverage. Keep this schedule of benefits with your certificate of coverage.

Important note about your cost sharing

The way the cost sharing works under this plan, you pay the **policy year deductible** first. Then you pay your **copayment** and then you pay your **coinsurance**. Your **copayment** does not apply towards any **policy year deductible**.

You are required to pay the **policy year deductible** before **eligible health services** are **covered benefits** under the plan, and then you pay your **copayment** and **coinsurance**.

Here's an example of how cost sharing works:

- You pay your **policy year deductible** of $1,000
- Your **physician** charges $120
- Your **physician** collects the **copayment** from you – $20
- The plan pays 80% **coinsurance** – $80
- You pay 20% **coinsurance** – $20

Plan features

Policy year deductibles

You have to meet your policy year deductible before this plan pays for benefits.

Deductible type	In-network coverage	Out-of-network coverage
Student	$200 per **policy year**	$500 per **policy year**
Spouse	$200 per **policy year**	$500 per **policy year**
Each child	$200 per **policy year**	$500 per **policy year**
Family	$400 per **policy year**	$1,000 per **policy year**

Policy year deductible waiver

The **policy year deductible** is waived for all of the following **eligible health services**:

- In-network care for Pediatric Dental Type A services, Pediatric Vision Care Services, Physician, specialist including Consultants Office visits, Walk-in clinic visits (non-emergency visit), Mental Health and Substance Abuse Outpatient treatment office visits, Voluntary sterilization for males-physician or specialist surgical services and Abortion- physician or specialist surgical services

Family	$16,000 per **policy year**	$40,000 per **policy year**

Precertification covered benefit penalty

This only applies to out-of-network coverage. The certificate of coverage contains a complete description of the **precertification** program. You will find details on **precertification** requirements in the *Medical necessity and precertification requirements* section.

Failure to **precertify** your **eligible health services** when required will result in the following benefit penalty:

- A $500 benefit penalty will be applied separately to each type of **eligible health service**

The additional percentage or dollar amount of the **recognized charge** which you may pay as a penalty for failure to obtain **precertification** is not a **covered benefit**, and will not be applied to the out-of-network **policy year deductible** amount or the **maximum out-of-pocket limit**, if any.

Eligible health services

Coinsurance listed in the schedule of benefits
The **coinsurance** listed in the schedule of benefits below reflects the plan **coinsurance** percentage. This is the **coinsurance** amount that the plan pays. You are responsible for paying any remaining **coinsurance**.

  - Add metal substructure to acrylic full denture (per arch)
  - Rebase, complete upper denture
  - Rebase, complete lower denture
  - Rebase upper partial denture
  - Rebase lower partial denture
  - Rebase hybrid prosthesis
  - Reline complete upper denture (direct)
  - Reline complete lower denture (direct)
  - Reline upper partial denture (direct)
  - Reline lower partial denture (direct)
  - Reline complete upper denture (indirect)
  - Reline complete lower denture (indirect)
  - Reline upper partial denture (indirect)
  - Reline lower partial denture (indirect)
  - Soft liner for complete or partial removable denture (indirect)
  - Fixed partial denture repair necessitated by material failure

General anesthesia and intravenous sedation

- Evaluation for moderate sedation, deep sedation or general anesthesia
- Deep sedation/general anesthesia – first 15 minutes
- General anesthesia/ deep sedation – each subsequent 15 minute increment
- Intravenous moderate (conscious) sedation/analgesia – first 15 minutes
- Intravenous conscious sedation – each subsequent 15 minute increment

Major restorative care (type C services)

Periodontics

- Gingivectomy or gingivoplasty, 4 or more contiguous teeth or tooth bound spaces, per quadrant (limited to 1 per quadrant every 3 years)
- Gingivectomy or gingivoplasty, 1 to 3 contiguous teeth or tooth bound spaces, per quadrant (limited to 1 per quadrant every 3 years)
- Gingivectomy or gingivoplasty, to allow access for restorative procedure, per tooth (limited to 1 per quadrant every 3 years)
- Gingival flap procedure, including root planing – 4 or more contiguous teeth or tooth bound spaces, per quadrant (limited to 1 per quadrant every 3 years)
- Gingival flap procedure, including root planing – 1 to 3 contiguous teeth or tooth bound spaces, per quadrant (limited to 1 per quadrant every 3 years)
- Clinical crown lengthening
- Osseous **surgery**, 4 or more contiguous teeth (limited to 1 per quadrant every 3 years)
- Osseous **surgery**, including flap and closure, 1 to 3 teeth, contiguous teeth per quadrant (limited to 1 per site every 3 years)
- Bone replacement graft – first site in quadrant (limited to 1 every 3 years)
- Pedicle soft tissue graft procedure
- Autogenous connective tissue graft procedures (including donor and recipient **surgery** sites)
- Non-autogenous connective soft tissue graft (including donor and recipient **surgery** sites)
- Free soft tissue graft procedure 1st tooth, implant or edentulous tooth position in graft (including donor and recipient **surgery** sites)
- Free soft tissue graft procedure each additional contiguous tooth, implant or edentulous tooth position in same graft site (including donor and recipient **surgery** sites)
- Autogenous connective tissue graft procedure – each additional contiguous tooth, implant or edentulous tooth position in same graft site (including donor and recipient **surgery** sites)
- Non-autogenous connective tissue graft procedure – each additional contiguous tooth, implant or edentulous tooth position in same graft site (including donor and recipient **surgery** sites)
- Full mouth debridement to enable a comprehensive periodontal evaluation (limited to 1 treatment per lifetime)

Endodontics

- Root canal therapy including **medically necessary** images
  - Anterior tooth
  - Premolar tooth
  - Molar tooth
- Retreatment of previous root canal therapy including **medically necessary** images
  - Anterior tooth
  - Premolar tooth
  - Molar tooth
  - Apexification/recalcification – initial visit
  - Apexification/recalcification – interim medication replacement
  - Apexification/recalcification – final visit
  - Pulpal regeneration – initial visit
  - Interim medications replacement
  - Completion of treatment
  - Apicoectomy – anterior
  - Apicoectomy – premolar
  - Apicoectomy – molar
  - Apicoectomy – each additional tooth

- Root amputation
- Surgical repair of root resorption – anterior
- Surgical repair of root resorption – premolar
- Surgical repair of root resorption – molar
- Hemisection (including any root removal)

Restorative

Inlays, onlays, labial veneers and crowns are covered only as treatment for decay or acute traumatic **injury** and only when teeth cannot be restored with a filling material or when the tooth is an abutment to a fixed bridge. (Limited to 1 per tooth every 5 years.)

- Inlay – metallic, 1 surface
- Inlay – metallic, 2 surfaces
- Inlay – metallic, 3 or more surfaces
- Onlay – metallic, 2 surfaces
- Onlay – metallic, 3 surfaces
- Onlay – metallic, 4 or more surfaces
- Inlay – porcelain/ceramic, 1 surface
- Inlay – porcelain/ceramic, 2 surfaces
- Inlay – porcelain/ceramic, 3 or more surfaces
- Onlay – porcelain/ceramic, 2 surfaces
- Onlay – porcelain/ceramic, 3 surfaces
- Onlay – porcelain/ceramic, in addition to inlay
- Inlay – composite/resin, 1 surface
- Inlay – composite/resin, 2 surfaces
- Inlay – composite/resin, 3 surfaces
- Onlay – composite/resin, 2 surfaces
- Onlay – composite/resin, 3 surfaces
- Onlay – composite/resin, 4 or more surfaces
- Crowns (limited to 1 per tooth every 5 years)
    - Resin
    - Resin with high noble metal
    - Resin with base metal
    - Resin with noble metal
    - Porcelain/ceramic
    - Porcelain with high noble metal
    - Porcelain with base metal
    - Porcelain with noble metal
    - Porcelain fused to titanium and titanium alloys
    - ¾ cast high noble metal
    - ¾ cast predominantly base metal
    - ¾ cast noble metal
    - ¾ porcelain/ceramic
    - Full cast high noble metal
    - Full cast base metal
    - Full cast noble metal
    - Titanium and titanium alloys
- Core build-up
- Post and core
- Each additional post
- Prefabricated post and core

- Each additional prefabricated post
- Labial veneer (resin) – chairside
- Labial veneer (resin laminate) – laboratory (1 tooth every 5 years)
- Labial veneer (porcelain) – laboratory (1 tooth every 5 years)
- Repairs
  - Crown repair
  - Inlay repair
  - Onlay repair
  - Veneer repair

Prosthodontics

- Dentures and partial dentures (replacement of existing dentures or partial dentures/bridges, limited to 1 every 5 years)
  - Complete upper denture, limited to 1 every 5 years
  - Complete lower denture, limited to 1 every 5 years
  - Immediate upper denture, limited to 1 every 5 years
  - Immediate lower denture, limited to 1 every 5 years
  - Partial upper (including any conventional clasps, rests and teeth), limited to 1 every 5 years
  - Partial lower (including any conventional clasps, rests and teeth), limited to 1 every 5 years
  - Partial upper, cast metal base with resin center bases (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Partial lower, cast metal base with resin center bases (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Immediate upper partial denture – resin base (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Immediate lower partial denture – resin base (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Immediate upper partial denture – cast metal framework with resin denture bases (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Immediate lower partial denture – cast metal framework with resin denture bases (including retentive clasping materials, rests and teeth), limited to 1 every 5 years
  - Maxillary partial denture – flexible base (including any clasps, rests and teeth), limited to 1 every 5 years
  - Mandibular partial denture – flexible base (including any clasps, rests and teeth), limited to 1 every 5 years
  - Immediate maxillary partial denture – flexible base (including any clasps, rests and teeth), limited to 1 every 5 years
  - Immediate mandibular partial denture – flexible base (including any clasps, rests and teeth), limited to 1 every 5 years
  - Interim partial denture, upper
  - Interim partial denture, lower
  - Removable unilateral partial denture – one piece cast metal (including retentive clasping materials, rests and teeth), upper, limited to 1 every 5 years
  - Removable unilateral partial denture – one piece cast metal (including retentive clasping materials, rests and teeth), lower, limited to 1 every 5 years
  - Removable unilateral partial denture – one piece flexible base (including clasps and teeth), per quadrant, limited to 1 every 5 years
  - Removable unilateral partial denture – one piece resin (including clasps and teeth), per quadrant, limited to 1 every 5 years

- Implant services
  - Surgical placement of implant body: endosteal implant (limited to 1 every 5 years)
  - Surgical placement of interim implant body for transitional prosthesis: endosteal implant (limited to 1 every 5 years)
  - Surgical placement of eposteal implant (limited to 1 every 5 years)
  - Surgical placement of transosteal implant (limited to 1 every 5 years)
  - Connecting bar – implant or abutment supported (limited to 1 every 5 years)
  - Prefabricated abutment – includes placement (limited to 1 every 5 years)
  - Custom fabricated abutment – includes placement (limited to 1 every 5 years)
  - Abutment supported porcelain/ceramic crown (limited to 1 every 5 years)
  - Abutment supported porcelain fused to high noble metal (limited to 1 every 5 years)
  - Abutment supported porcelain fused to predominantly base metal crown (limited to 1 every 5 years)
  - Abutment supported porcelain fused to noble metal crown (limited to 1 every 5 years)
  - Abutment supported cast high noble metal crown (limited to 1 every 5 years)
  - Abutment supported cast predominantly base metal crown (limited to 1 every 5 years)
  - Abutment supported cast noble metal crown (limited to 1 every 5 years)
  - Implant supported porcelain/ceramic crown (limited to 1 every 5 years)
  - Implant supported porcelain crown fused to high noble metal (limited to 1 every 5 years)
  - Implant supported crown – high noble alloys (limited to 1 every 5 years)
  - Abutment supported retainer for porcelain/ceramic fixed partial denture (SPD) (limited to 1 every 5 years)
  - Abutment supported retainer for porcelain/ceramic fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for porcelain fused to high noble metal fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for porcelain fused to predominantly base metal fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for porcelain fused to noble metal fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for cast high noble metal fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for predominantly base metal fixed partial denture (limited to 1 every 5 years)
  - Abutment supported retainer for cast noble metal fixed partial denture (limited to 1 every 5 years)
  - Implant supported retainer for ceramic fixed partial denture (limited to 1 every 5 years)
  - Implant supported retainer for porcelain fused to high noble alloys fixed partial denture (limited to 1 every 5 years)
  - Implant supported retainer for metal fixed partial denture – high noble alloys (limited to 1 every 5 years)
  - Implant maintenance procedures (limited to 1 every 5 years)
  - Implant supported crown – porcelain fused to predominantly base alloys (limited to 1 every 5 years)
  - Implant supported crown – porcelain fused to predominantly noble alloys (limited to 1 every 5 years)
  - Implant supported crown – porcelain fused to predominantly titanium and titanium alloys (limited to 1 every 5 years)
  - Implant supported crown – predominantly base alloys (limited to 1 every 5 years)
  - Implant supported crown – noble alloys (limited to 1 every 5 years)
  - Implant supported crown – titanium and titanium alloys (limited to 1 every 5 years)

- Accessing and retorquing loose implant screw, per screw (limited to 1 every 5 years)
- Repair implant prosthesis (limited to 1 every 5 years)
- Replacement of semi-precious or precision attachment, per attachment (limited to 1 every 5 years)
- Abutment supported crown – titanium (limited to 1 every 5 years)
- Repair implant abutment (limited to 1 every 5 years)
- Remove broken implant retaining screw (limited to 1 every 5 years)
- Abutment supported crown – porcelain fused to titanium and titanium alloys (limited to 1 every 5 years)
- Implant supported retainer – porcelain fused to predominantly base alloys (limited to 1 every 5 years)
- Implant supported retainer for fixed partial denture – porcelain fused to noble alloys (limited to 1 every 5 years)
- Surgical removal of implant body (limited to 1 every 5 years)
- Debridement of a peri-implant defect or defects surrounding a single implant (limited to 1 every 5 years)
- Debridement and osseous contouring of a peri-implant defect or defects surrounding a single implant (limited to 1 every 5 years)
- Bone graft for repair of peri-implant defect (limited to 1 every 5 years)
- Bone graft at time of implant placement (limited to 1 every 5 years)
- Removal of implant body not requiring bone removal or flap elevation (limited to 1 every 5 years)
- Implant/abutment supported removable denture – upper (limited to 1 every 5 years)
- Implant/abutment supported removable denture – lower (limited to 1 every 5 years)
- Implant/abutment supported removable denture for partially edentulous arch – upper (limited to 1 every 5 years)
- Implant/abutment supported removable denture for partially edentulous arch – lower (limited to 1 every 5 years)
- Implant/abutment supported fixed denture for completely edentulous arch – upper (limited to 1 every 5 years)
- Implant/abutment supported fixed denture for completely edentulous arch – lower (limited to 1 every 5 years)
- Implant/abutment supported fixed denture for partially edentulous arch – upper (limited to 1 every 5 years)
- Implant/abutment supported fixed denture for partially edentulous arch – lower (limited to 1 every 5 years)
- Implant/abutment supported interim fixed denture for edentulous arch – lower
- Implant/abutment supported interim fixed denture for edentulous arch – upper
- Implant supported retainer – porcelain fused to titanium and titanium alloys (limited to 1 every 5 years)
- Implant supported retainer for metal full partial denture – predominantly base alloys (limited to 1 every 5 years)
- Implant supported retainer for full partial denture – noble alloys (limited to 1 every 5 years)
- Implant supported retainer for full partial denture – titanium and titanium alloys (limited to 1 every 5 years)
- Implant index (limited to 1 every 5 years)
- Abutment supported retainer crown for full partial denture – titanium alloys (limited to 1 every 5 years)
- Abutment supported retainer – porcelain fused to titanium and titanium alloys (limited to 1 every 5 years)

- Pontics – fixed partial denture
  - Cast high noble metal (limited to 1 every 5 years)
  - Cast base metal (limited to 1 every 5 years)
  - Cast noble metal (limited to 1 every 5 years)
  - Titanium (limited to 1 every 5 years)
  - Porcelain fused to high noble metal (limited to 1 every 5 years)
  - Porcelain fused to base metal (limited to 1 every 5 years)
  - Porcelain fused to noble metal (limited to 1 every 5 years)
  - Porcelain fused to titanium and titanium alloys (limited to 1 every 5 years)
  - Porcelain/ceramic (limited to 1 every 5 years)
  - Resin with high noble metal (limited to 1 every 5 years)
  - Resin with predominantly base metal (limited to 1 every 5 years)
  - Resin with noble metal (limited to 1 every 5 years)
- Inlays/onlays – fixed partial denture
  - Retainer cast metal for resin bonded fixed prosthesis (limited to 1 every 5 years)
  - Retainer porcelain/ceramic for resin bonded fixed prosthesis (limited to 1 every 5 years)
  - Retainer inlay – porcelain/ceramic (limited to 1 every 5 years)
  - Retainer onlay – porcelain/ceramic (limited to 1 every 5 years)
  - Retainer inlay – cast high noble metal, 2 surfaces (limited to 1 every 5 years)
  - Retainer inlay – cast predominantly base metal, 2 surfaces (limited to 1 every 5 years)
  - Retainer inlay – cast noble metal, 2 surfaces (limited to 1 every 5 years)
  - Retainer inlay – cast high noble metal, 3 or more surfaces (limited to 1 every 5 years)
  - Retainer inlay – cast predominantly base metal, 3 or more surfaces (limited to 1 every 5 years)
  - Retainer inlay – cast noble metal, 3 or more surfaces (limited to 1 every 5 years)
  - Retainer onlay – cast high noble metal, 3 or more surfaces (limited to 1 every 5 years)
  - Retainer onlay – cast predominantly base metal (limited to 1 every 5 years)
  - Retainer onlay – cast noble metal, 3 or more surfaces (limited to 1 every 5 years)
- Dentures and partials (Fees for dentures and partial dentures include relines, rebases, and adjustments within 6 months after installation. Specialized techniques and characterizations are not eligible.)
- Crowns – fixed partial dentures
  - Retainer crown – porcelain/ceramic (limited to 1 every 5 years)
  - Retainer crown – porcelain fused to high noble metal (limited to 1 every 5 years)
  - Retainer crown – porcelain fused to predominantly base metal (limited to 1 every 5 years)
  - Retainer crown – porcelain fused to noble metal (limited to 1 every 5 years)
  - Retainer crown – porcelain fused to titanium and titanium alloys (limited to 1 every 5 years)
  - Retainer crown – ¾ cast high noble metal (limited to 1 every 5 years)
  - Retainer crown – ¾ cast predominantly base metal (limited to 1 every 5 years)
  - Retainer crown – ¾ cast noble metal (limited to 1 every 5 years)
  - Retainer crown – ¾ porcelain/ceramic (limited to 1 every 5 years)
  - Retainer crown – ¾ titanium and titanium alloys (limited to 1 every 5 years)
  - Retainer crown – full cast high noble metal (limited to 1 every 5 years)
  - Retainer crown – full cast predominantly base metal (limited to 1 every 5 years)
  - Retainer crown – full cast noble metal (limited to 1 every 5 years)
- Stress breakers
- Pediatric partial denture (limited to 1 every 5 years)
- Removable appliance therapy
- Fixed or cemented appliance therapy
- Cleaning and inspection of removable complete denture – upper
- Cleaning and inspection of removable complete partial denture – lower
- Cleaning and inspection of removable complete partial denture – upper

9. Outpatient prescription drugs

Plan features

Outpatient **prescription drug** benefits are subject to the medical plan's **maximum out-of-pocket limits** as explained earlier in this schedule of benefits.

Policy year deductible and copayment waiver for risk reducing breast cancer

The outpatient **prescription drug policy year deductible** and the **prescription drug copayment** will not apply to risk reducing breast cancer **prescription drugs** filled at a **retail** or **mail order in-network pharmacy**. This means that such risk reducing breast cancer **prescription drugs** are paid at 100%.

Policy year deductible and copayment waiver for tobacco cessation prescription and over-the-counter drugs

The outpatient **prescription drug policy year deductible** and the **prescription drug copayment** will not apply to the first two 90-day treatment regimens per **policy year** for tobacco cessation **prescription drugs** and OTC drugs when obtained at a **retail** or **mail order in-network pharmacy**. This means that such **prescription drugs** and OTC drugs are paid at 100%.

Your **policy year deductible** and any **prescription drug copayment** will apply after those two regimens per **policy year** have been exhausted.

Policy year deductible and copayment waiver for contraceptives

The **policy year deductible** and the **prescription drug copayment** will not apply to female contraceptive methods when obtained at an **in-network pharmacy**.

This means that such contraceptive methods are paid at 100% for:

- Certain over-the-counter (OTC) and generic contraceptive **prescription drugs** and devices for each of the methods identified by the FDA. Related services and supplies needed to administer covered devices will also be paid at 100%.
- If a **generic prescription drug** or device is not available for a certain method, you may obtain certain **brand-name prescription drugs** or devices for that method paid at 100%.

The **policy year deductible** and the **prescription drug copayment** continue to apply to **prescription drugs** that have a generic equivalent or generic alternative available within the same **therapeutic drug class** obtained at an **in-network pharmacy** unless you are granted a medical exception. The certificate of coverage explains how to get a medical exception.

Outpatient prescription drugs important note:
Dispense As Written (DAW)
If a **provider** prescribes a covered **brand-name prescription drug** when a **generic prescription drug** equivalent is available and specifies "Dispense As Written" (DAW), you will pay the cost share for the brand-name drug. If a **provider** does not specify DAW and you request a covered **brand-name prescription drug**, you will be responsible for the cost share that applies to the brand-name drug plus the cost difference between the generic drug and the brand-name drug. The cost difference related to a **prescription** not specified as DAW does not apply toward your **policy year deductible** or **maximum out-of-pocket limit**.

General coverage provisions

This section provides detailed explanations about these features:

- **Policy year deductibles**
- **Copayments**
- Maximums
- **Coinsurance**
- **Maximum out-of-pocket limits**

Policy year deductible provisions

Eligible health services that are subject to the **policy year deductible** include **covered benefits** provided under the medical plan and outpatient **prescription drug** benefits provided under the **prescription drug** benefit.

Eligible health services applied to the out-of-network **policy year deductibles** will not be applied to satisfy the in-network **policy year deductibles**. **Eligible health services** applied to the in-network **policy year deductibles** will not be applied to satisfy the out-of-network **policy year deductibles**.

The in-network and out-of-network **policy year deductible** may not apply to certain **eligible health services**. You must pay any applicable **copayments** for **eligible health services** to which the **policy year deductible** does not apply.

Individual

This is the amount you owe for in-network and out-of-network **eligible health services** each **policy year** before the plan begins to pay for **eligible health services**. See the *Policy year deductibles* provision at the beginning of this schedule for any exceptions to this general rule. This **policy year deductible** applies separately to you and each of your **covered dependents**. After the amount you pay for **eligible health services** reaches the **policy year deductible**, this plan will begin to pay for **eligible health services** for the rest of the **policy year**.

Family

This is the amount you and your **covered dependents** owe for in-network and out-of-network **eligible health services** each **policy year** before the plan begins to pay for **eligible health services**. See the *Policy year deductibles* provision at the beginning of this schedule for any exceptions to this general rule. After the amount you and your **covered dependents** pay for **eligible health services** reaches this family **policy year deductible**, this plan will begin to pay for **eligible health services** that you and your **covered dependents** incur for the rest of the **policy year**.

To satisfy this family **policy year deductible** limit for the rest of the **policy year**, the following must happen:

- The combined **eligible health services** that you and each of your **covered dependents** incur towards the individual **policy year deductibles** must reach this family **policy year deductible** limit in a **policy year**.

When this occurs in a **policy year**, the individual **policy year deductibles** for you and your **covered dependents** will be considered to be met for the rest of the **policy year**.

Copayments

In-network coverage

This is a specified dollar amount or percentage that must be paid by you when you receive **eligible health services** from an **in-network provider**. If **Aetna** compensates **in-network providers** on the basis of the **negotiated charge** amount, your percentage **copayment** is based on this amount.

Out-of-network coverage
This is a specified dollar amount or percentage that must be paid by your when you receive **eligible health services** from an **out-of-network provider**. If **Aetna** compensates **out-of-network providers** on the basis of the **recognized charge** amount, your percentage **copayment** is based on this amount.

Coinsurance
Coinsurance is both the percentage of **eligible health services** that the plan pays and what you pay. The specific percentage that we have to pay for **eligible health services** is listed earlier in the schedule of benefits. **Coinsurance** is not a **copayment**.

Maximum out-of-pocket limits provisions
Eligible health services that are subject to the **maximum out-of-pocket limits** include **covered benefits** provided under the medical plan and outpatient **prescription drug** benefits provided under the outpatient **prescription drug** benefit.

Eligible health services applied to the out-of-network **maximum out-of-pocket limit** will not be applied to satisfy the in-network **maximum out-of-pocket limit**. **Eligible health services** applied to the in-network **maximum out-of-pocket limit** will not be applied to satisfy the out-of-network **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **copayments**, **coinsurance** and **policy year deductibles** for **eligible health services** during the **policy year**. This plan has an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit** each of you must meet your **maximum out-of-pocket limit** separately.

Individual
Once the amount of the **copayments**, **coinsurance** and **policy year deductibles** you or your **covered dependents** have paid for **eligible health services** during the **policy year** meets the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **eligible health services** that would apply toward the limit for the rest of the **policy year** for that person.

Family
Once the amount of the **copayments**, **coinsurance** and **policy year deductibles** you and your **covered dependents** have paid for **eligible health services** during the **policy year** meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **eligible health services** that would apply toward the limit for the remainder of the **policy year** for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the **policy year**, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members. The family **maximum out-of-pocket limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **maximum out-of-pocket limit** amount in a **policy year**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **eligible health services** during the **policy year**. This plan has an individual and family **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a **covered benefit**, your **copayment** and **coinsurance** for that **covered benefit** will not count toward satisfying the **maximum out-of-pocket limit** amount.

Medical and outpatient prescription drugs

In-network care

Costs that you incur that do not apply to your in-network **maximum out-of-pocket limits**.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services

Out-of-network care

Costs that you incur that do not apply to your out-of-network **maximum out-of-pocket limit**.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- Amounts you pay toward a **deductible**
- Amounts you pay toward a **copayment**
- Amounts you pay toward a **coinsurance**
- Charges, expenses or costs in excess of the **recognized charge**
- All costs for non-covered services
- **Precertification** penalties because you did not get a service or supply **precertified**

Calculations; determination of recognized charge; determination of benefits provisions

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one **policy year**. Determinations regarding when benefits are covered are subject to the terms and conditions of the certificate of coverage.

Welcome

Thank you for choosing **Aetna®**.

This is your certificate of coverage. It is one of three documents that together describe the benefits covered by your **Aetna** plan.

This certificate of coverage will tell you about your **covered benefits** – what they are and how you get them. It is your certificate of coverage under the **student policy**, and it replaces all certificates of coverage describing similar coverage that were previously sent to you. The second document is the schedule of benefits. It tells you how we share expenses for **eligible health services** and tells you about limits – like when your plan covers only a certain number of visits.

The third document is the **student policy** between **Aetna Life Insurance Company** ("**Aetna**") and the **policyholder**. Ask the **policyholder** if you have any questions about the **student policy**.

Sometimes, we may send you documents that are amendments, endorsements, attachments, inserts or riders. They change or add to the documents that they're part of. When you receive these, they are considered part of your **Aetna** plan for coverage.

Where to next? Take a look at the *Table of contents* section or try the *Let's get started!* section right after it. The *Let's get started!* section gives you a summary of how your plan works. The more you understand, the more you can get out of your plan.

Welcome to your **Aetna** plan.

Table of contents

Let's get started!

Here are some basics. First things first – some notes on how we use words. Then we explain how your plan works so you can get the most out of your coverage. But for all the details – and this is very important – you need to read this entire certificate of coverage and the schedule of benefits. And if you need help or more information, we tell you how to reach us.

Some notes on how we use words in the certificate of coverage and schedule of benefits

- When we say "you" and "your", we mean the **covered student** and any **covered dependents**
- When we say "us", "we", and "our", we mean **Aetna**
- Some words appear in **bold** type and we define them in the *Glossary* section

Sometimes we use technical medical language that is familiar to medical **providers**.

What your plan does – providing covered benefits

Your plan provides **covered benefits**. These are **eligible health services** for which your plan has the obligation to pay.

This plan provides **covered benefits** for medical and **pharmacy** services.

How your plan works – starting and stopping coverage

Your coverage under the plan has a start and an end. You start coverage after the eligibility and enrollment process is completed. To learn more see the *Who the plan covers* section.

Your coverage typically ends when you are no longer a student. Family members can lose coverage for many reasons. To learn more see the *When coverage ends* section.

Ending coverage under the plan doesn't necessarily mean you lose coverage with us. See the *Special coverage options after your plan coverage ends* section.

Eligible health services

Physician and **hospital** services are the foundation for many other services. You'll probably find the preventive care, **emergency services** and **urgent condition** coverage especially important. But the plan won't always cover the services you want. Sometimes it doesn't cover health care services your **physician** will want you to have.

So what are **eligible health services**? They are health care services that meet these three requirements:

- They are listed in the *Eligible health services and exclusions* section.
- They are not carved out in the *What your plan doesn't cover – general exclusions* section.
- They are not beyond any limits in the schedule of benefits.

Paying for eligible health services– the general requirements

There are several general requirements for the plan to pay any part of the expense for an **eligible health service**. They are:

- The **eligible health service** is **medically necessary**
- You get the **eligible health service** from an **in-network provider** or **out-of-network provider**
- You or your **provider precertifies** the **eligible health service** when required

You will find details on **medical necessity** and **precertification** requirements in the *Medical necessity and precertification requirements* section.

Paying for eligible health services– sharing the expense

Generally your plan and you will share the expense of your **eligible health services** when you meet the general requirements for paying.

But sometimes your plan will pay the entire expense and sometimes you will. For more information see the *What the plan pays and what you pay* section, and see the schedule of benefits.

Disagreements

We know that people sometimes see things differently.

The plan tells you how we will work through our differences. And if we still disagree, an independent group of experts called an "external review organization" or ERO for short, will make the final decision for us.

For more information see the *When you disagree - claim decisions and appeals procedures* section.

How your plan works while you are covered for in-network coverage

Your in-network coverage helps you:

- Get and pay for a lot of – but not all – health care services
- Pay less cost share when you use an **in-network provider**

Generally your in-network coverage will pay only when you get care from an **in-network provider**.

School health services

School health services can give you some of the care that you need. Contact them first before seeking care.

School health services will generally provide your routine care and send you to other **providers** when you need specialized care or services that **school health services** cannot provide.

You don't have to access care through **school health services**. You may go directly to **in-network providers** for **eligible health services**. Your plan often will pay a bigger share for **eligible health services** that you get through **school health services**.

For more information about **in-network providers** and the role of **school health services**, see the *Who provides the care* section.

Aetna's network of providers

Aetna's network of **physicians**, **hospitals** and other health care **providers** is there to give you the care that you need. You can find **in-network providers** and see important information about them most easily on our online **provider directory**. Just log in to your **Aetna** website at https://www.aetnastudenthealth.com.

If you can't find an **in-network provider** for a service or supply that you need, call Member Services at the toll-free number in the *How to contact us for help* section. We will help you find an **in-network provider**. If we can't find one, we may give you a pre-approval to get the service or supply from an **out-of-network provider**. When you get a pre-approval for an **out-of-network provider**, **covered benefits** are paid at the in-network coverage level of benefits.

How your plan works while you are covered for out-of-network coverage

The section above told you how your plan works while you are covered for in-network coverage. You also have coverage when:

- You want to get your care from **providers** who are not part of the **Aetna** network

It's called out-of-network coverage. Your out-of-network coverage helps you get and pay for a lot of – but not all – health care services.

Your out-of-network coverage:

- Means you can get care from **providers** who are not part of the **Aetna** network.
- Means you will have to pay for services at the time that they are provided. You will be required to pay the full charges and submit a claim for reimbursement to us. You are responsible for completing and submitting claim forms for reimbursement of **eligible health services** that you paid directly to a **provider**.
- Means that when you use out-of-network coverage, it is your responsibility to start the **precertification** process with **providers**.
- Means you may pay a higher cost share when you use an **out-of-network provider**.

You will find details on:

- **Precertification** requirements in the *Medical necessity and precertification requirements* section.
- **Out-of-network providers** and any exceptions in the *Who provides the care* section.
- Cost sharing in the *What the plan pays and what you pay* section, and your schedule of benefits.
- Claim information in the *When you disagree - claim decisions and appeals procedures* section.

Surprise bill

There may be times when you unknowingly receive services or don't consent to receive services from an **out-of-network provider**, even when you try to stay in the network for your **eligible health services**. You may get a bill at the out-of-network rate that you didn't expect. This is called a surprise bill.

An **out-of-network provider** can't balance bill or attempt to collect costs from you that exceed your in-network cost-sharing requirements, such as **deductibles**, **copayments** and **coinsurance** for the following services:

- **Emergency services** provided by an **out-of-network provider** and ancillary services initiated from your **emergency service**
- Non-emergency services provided by an **out-of-network provider** at an in-network facility, except when the **out-of-network provider** has given you the following:
  - The out-of-network notice for your signature
  - The estimated charges for the items and services
  - Notice that the **provider** is an **out-of-network provider**
- Out-of-network air ambulance services

The **out-of-network provider** must get your consent to be treated and balance billed by them.

Ancillary services mean any professional services including:

- Anesthesiology
- Hospitalist services
- Items and services related to emergency medicine
- Laboratory services
- Neonatology
- Pathology
- Radiology
- Services provided by an **out-of-network provider** because there was no **in-network provider** available to perform the service

A facility in this instance means an institution providing health care related services, or a health care setting. This includes the following:

- **Hospitals** and other licensed inpatient centers
- Ambulatory surgical or treatment centers
- **Skilled nursing facilities**
- **Residential treatment facilities**
- Diagnostic, laboratory, and imaging centers
- Rehabilitation facilities
- Other therapeutic health settings

A surprise bill claim is paid based on the median contracted rate for all plans offered by us in the same insurance market for the same or similar item or service that is all of the following:

- Provided by a **provider** in the same or similar specialty or facility of the same or similar facility type
- Provided in the geographic region in which the item or service is furnished

The median contracted rate is subject to additional adjustments as specified in federal regulations.

Any cost share paid with respect to the items and services will apply toward your in-network **deductible** and **maximum out-of-pocket limit** if you have one.

It is not a surprise bill when you knowingly choose to go out-of-network and have signed a consent notice for these services. In this case, you are responsible for all charges.

If you receive a surprise bill or have any questions about what a surprise bill is, contact us.

How to contact us for help

We are here to answer your questions. You can contact us by:

- Calling our Member Services at the toll-free number 877-373-2708
- Writing us at **Aetna Life Insurance Company**, 151 Farmington Ave, Hartford, CT 06156
- Visiting https://www.aetnastudenthealth.com to register and access your **Aetna** website

Aetna's online tools will make it easier for you to make informed decisions about your health care, view claims, research care and treatment options, and access information on health and wellness.

Your ID card

We issued to you a digital ID card which you can view or print by going to the website at https://www.aetnastudenthealth.com. When visiting **physicians**, **hospitals**, and other **providers**, you don't need to show them an ID card. Just provide your name, date of birth and either your digital ID card or student identification number. The **provider** office can use that information to verify your eligibility and benefits.

Remember, only you and your **covered dependents** can use your digital ID card. If you misuse your card by allowing someone else to use it, that is fraud and we may end your coverage. See the *Honest mistakes and intentional deception* section for details.

If you don't have internet access, call Member Services at the toll-free number in the *How to contact us for help* section. You can also access your ID card when you're on the go. To learn more, visit us at https://www.aetnastudenthealth.com.

Who the plan covers

The **policyholder** decides and tells us who is eligible for health care coverage.

You will find information in this section about:

- Who is eligible?
- When you can join the plan
- Who can be on your plan (who can be your dependent)
- Adding new dependents
- Special times you and your dependents can join the plan

Who is eligible?

All full-time degree, resident and international students with F-1 and J-1 visas are required to have health insurance each school year. Students will automatically be enrolled in the Student Health Insurance Plan if they are required to have insurance and the annual premium will be charged to their student account. Domestic students may waive out of the plan with an approved waiver by the appropriate deadline.

You must actively attend classes for at least the first 31 days after the date your coverage becomes effective. You cannot meet this eligibility requirement if you take courses through:

- Home study
- Correspondence
- The internet
- Television (TV)

Medicare eligibility

You are not eligible for health coverage under this **student policy** if you have **Medicare** at the time of enrollment in this student plan.

If you obtain **Medicare** after you enrolled in this student plan, your health coverage under this plan will not end.

As used here, "have **Medicare**" means that you are entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

When you can join the plan

As a student you can enroll yourself and your dependents:

- During the enrollment period
- At other special times during the year (see the *Special times you and your dependents can join the plan* section below)

If you do not enroll yourself and your dependents when you first qualify for medical benefits, you may have to wait until the next enrollment period to join.

Who can be on your plan (who can be your dependent)

If your plan includes dependent coverage, you can enroll the following family members on your plan. (They are referred to in this certificate of coverage as your "**covered dependents**" or "dependents".)

- Your legal spouse that resides with you
- Your civil union partner that resides with you
- Your domestic partner who meets the rules set by the **policyholder** and requirements under state law
- Your dependent children – your own or those of your spouse, civil union partner or domestic partner
  - The children must be under 26 years of age, and they include:
    - Biological children
    - Stepchildren
    - Legally adopted children
    - A child legally placed with you for adoption (including a foster child)
    - Foster children
    - Children you are responsible for under a qualified medical support order or court-order (whether or not the child resides with you)
    - Grandchildren in your court-ordered custody

A dependent does not include:

- An eligible student listed above in the *Who is eligible* section

You may continue coverage for a disabled child past the age limit shown above. See *Continuation of coverage for other reasons* in the *Special coverage options after your plan coverage ends* section for more information.

Adding new dependents

You can add new dependents during the year. These include any dependents described in the *Who can be on your plan (who can be your dependent)* section above.

Coverage begins on the date of the event for new dependents that join your plan for the following reasons:

- Birth
- Adoption or placement for adoption
- Marriage
- Civil union
- Domestic partnership
- Legal guardianship
- Court or administrative order

We must receive your completed enrollment information not more than 60 days after the event date.

Newborn child

- Your newborn child is covered on your health plan for the first 60 days from the moment of birth.
- To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required **premium** contribution during that 60 day period.
- You must still enroll the child within 60 days of birth even when coverage does not require payment of an additional **premium** contribution for the newborn.
- If you miss this deadline, your newborn will not have health benefits after the first 60 days.
- If your coverage ends during this 60 day period, then your newborn's coverage will end on the same date as your coverage. This applies even if the 60 day period has not ended.

Adopted child or a child legally placed with you for adoption
A child that you, or you and your spouse, civil union partner or domestic partner adopt, or that is placed with you for adoption is covered on your plan for the first 60 days after the adoption or the placement is complete.

- To keep your child covered, we must receive your completed enrollment information within 60 days after the adoption or placement for adoption.
- You must still enroll the child within 60 days of the adoption or placement for adoption even when coverage does not require payment of an additional **premium** contribution for the child.
- If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 60 days.
- If your coverage ends during this 60 day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 60 day period has not ended.

Dependent coverage due to a court order
If you must provide coverage to a dependent because of a court order, your dependent is covered on your health plan for the first 60 days from the court order.

- To keep your dependent covered, we must receive your completed enrollment information within 60 days of the court order.
- You must still enroll the dependent within 60 days of the court order even when coverage does not require payment of an additional **premium** contribution for the dependent.
- If you miss this deadline, your dependent will not have health benefits after the first 60 days.
- If your coverage ends during this 60 day period, then your dependent's coverage will end on the same date as your coverage. This applies even if the 60 day period has not ended.

Notification of change in status

It is important that you notify us and the **policyholder** of any changes in your benefit status. This will help us effectively deliver your benefits. Please notify us and the **policyholder** as soon as possible of status changes such as:

- Change of address or phone number
- Change in marital status
- Enrollment in **Medicare**
- Change of **covered dependent** status
- You or your **covered dependents** enroll in any other health plan

Special times you and your dependents can join the plan

You can enroll in these situations:

- You or your dependent become pregnant and the pregnancy is certified by a **provider**.
- When you did not enroll in this plan before because:
  - You were covered by another health plan, and now that other coverage has ended.
  - You had COBRA, and now that coverage has ended.
  - You have added a dependent because of marriage, birth, adoption, placement for adoption, or foster care. See the *Adding new dependents* section for more information.
- You or your dependents become eligible for State premium assistance under Medicaid or an S-CHIP plan for the payment of your **premium** contribution for coverage under this plan.

- When a court orders that you cover a current spouse, civil union partner or domestic partner or a minor child on your health plan.
- When you are a victim of domestic abuse or spousal abandonment and you don't want to be enrolled in the perpetrator's health plan.

We must receive your completed enrollment information from you within 60 days of that date on which you no longer have the other coverage mentioned above.

Effective date of coverage

Enrollment

Student coverage

If you enrolled on or before the effective date of the **student policy** and you were eligible for health benefits at the time, your coverage will take effect as of the effective date of the **student policy**. Your coverage will take effect on this date if we received your completed enrollment application or you did not submit a waiver form to waive automatic enrollment in the student plan and you paid any required **premium** contribution.

If you enroll after the effective date of the **student policy** and you are eligible for health benefits at the time, your coverage will take effect as of that date as long as:

- We agree
- We receive your completed request for enrollment
- You pay any **premium** contribution.

In the case of pregnancy, if you enroll after the effective date of the **student policy**, coverage is effective on an appropriate date based on the circumstances of the special enrollment period. See the *Special times you and your dependents can join the plan* section for details.

Dependent coverage

Your dependent's coverage will take effect when we receive completed enrollment information and you pay any required **premium** contribution. See the *Adding new dependents* section for details.

In the case of pregnancy, if you enroll after the effective date of the **student policy**, coverage is effective on an appropriate date based on the circumstances of the special enrollment period. See the *Special times you and your dependents can join the plan* section for details.

Late enrollment

If we receive your enrollment application and **premium** contribution more than 31 days after the date you become eligible, coverage will only become effective if, and when:

- We agree to enroll you
- You enroll during the **policyholder's** late enrollment period, or
- You enroll because you lost coverage for any reason under another health plan with similar health coverage

Medical necessity and precertification requirements

The starting point for **covered benefits** under your plan is whether the services and supplies are **eligible health services.** See the *Eligible health services and exclusions* and *General exclusions* sections plus the schedule of benefits.

Your plan pays for its share of the expense for **eligible health services** only if the general requirements are met. They are:

- The **eligible health service** is **medically necessary**
- You or your **provider precertifies** the **eligible health service** when required

This section addresses the **medical necessity** and **precertification** requirements.

Medically necessary; medical necessity

As we said in the *Let's get started!* section, **medical necessity** is a requirement for you to receive a **covered benefit** under this plan.

The **medical necessity** requirements are stated in the *Glossary* section, where we define "**medically necessary, medical necessity**". That is where we also explain what our medical directors or their **physician** designees consider when determining if an **eligible health service** is **medically necessary**.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html.

Precertification

You need **precertification** from us for some **eligible health services**.

Precertification for medical services and supplies

In-network care

Your in-network **physician** is responsible for obtaining any necessary **precertification** before you get the care. If your in-network **physician** doesn't get a required **precertification**, we won't pay the **provider** who gives you the care. You won't have to pay either if your in-network **physician** fails to ask us for **precertification**. If your in-network **physician** requests **precertification** and we refuse it, you can still get the care but the plan won't pay for it. You will find details on requirements in the *What the plan pays and what you pay - Important exceptions – when you pay all* section.

Out-of-network care

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from us for any services and supplies on the **precertification** list. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. Refer to your schedule of benefits for this information. The list of services and supplies requiring **precertification** appears later in this section. Also, for any **precertification** benefit penalty that is applied, see the schedule of benefits *Precertification covered benefit penalty* section.

Precertification call

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call Member Services at the toll-free number in the *How to contact us for help* section. You, your **physician** or the facility must call us within these timelines:

Type of care	Timeframe
Non-emergency admission	Call at least 14 days before the date you are scheduled to be admitted
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted
Urgent admission	Call before you are scheduled to be admitted
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment is scheduled

An **urgent admission** is a **hospital** admission by a **physician** due to the onset of or change in an **illness**, the diagnosis of an **illness**, or an **injury**.

Written notification of precertification decisions

We will provide a written notification to you and your **physician** of the **precertification** decision**,** where required by state law and within the timeframe specified by state law. If your **precertified** services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

Inpatient and outpatient precertification

When you have an inpatient admission to a facility, we will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be **precertified**. You, your **physician**, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. We will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

When you have an outpatient service or supply that requires **precertification**, we will notify you, your **physician** and the facility about your **precertified** outpatient service or supply. If your **physician** recommends that your outpatient service or supply benefits be extended, the additional outpatient benefits will need to be **precertified**. You, your **physician**, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final day of the authorized outpatient service or supply. We will review and process the request for the extended outpatient benefits. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or outpatient services and supplies are not **covered benefits**, the notification will explain why and how you can appeal our decision. You or your **provider** may request a review of the **precertification** decision. See the *When you disagree - claim decisions and appeals procedures* section.

What if you don't obtain the required precertification?

If you don't obtain the required **precertification**:

- Your benefits may be reduced, or the plan may not pay any benefits. See the schedule of benefits *Precertification covered benefit penalty* section.
- You will be responsible for the unpaid balance of the bills.
- Any additional out-of-pocket expenses incurred will not count toward your out-of-network **policy year deductibles** or **maximum out-of-pocket limits**.

What types of services and supplies require precertification?
Precertification is required for the following types of services and supplies:

Inpatient –

- Gender affirming treatment
- **Stays** in a **hospice facility**
- **Stays** in a **hospital**
- **Stays** in a rehabilitation facility
- **Stays** in a **residential treatment facility** for treatment of **mental health disorders** and **substance related disorders**
- **Stays** in a **skilled nursing facility**

Outpatient –

- ART services
- Certain **prescription drugs** and devices
- **Cosmetic** and reconstructive **surgery**
- Gender affirming treatment
- Home health care
- **Hospice care**
- Injectables, (immunoglobulins, growth hormones, multiple sclerosis medications, osteoporosis medications, Botox, hepatitis C medications)
- Limited infertility services
- Non-emergency transportation by airplane

Contact us to get a complete list of the services that require **precertification**. The list may change from time to time.

Sometimes you or your **provider** may want us to review a service that doesn't require **precertification** before you get care. This is called a predetermination, and it is different from **precertification**. Predetermination means that you or your **provider** requests the pre-service clinical review of a service that does not require **precertification**.

For certain drugs covered under your medical plan or **prescription drug** plan, your **provider** needs to get approval from us before we will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are **medically necessary**.
Step therapy is a type of **precertification** where you must try one or more prerequisite drugs before a **step therapy** drug is covered. A 'prerequisite' is something that is required before something else. Prerequisite drugs are FDA-approved, may cost less and treat the same condition. If you don't try the prerequisite drugs first, the **step therapy** drug may not be covered.

Contact us or go online to get the most up-to-date **precertification** requirements and list of **step therapy prescription drugs**.

Requesting a medical exception
Sometimes you or your **provider** may ask for a medical exception for **prescription drugs** that are not covered or for which coverage was denied. You, someone who represents you, or your **provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other **covered persons**. For directions on how you can submit a request for a review:

- Contact Member Services at the toll-free number 877-373-2708
- Log in to your **Aetna** website at https://www.aetnastudenthealth.com
- Submit the request in writing to CVS Health, ATTN: **Aetna** PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you, or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

Eligible health services and exclusions

The information in this section is the first step to understanding your plan's **eligible health services**. These services are:

- Described in this section.
- Not listed as exclusions in this section or the *General exclusions* section.
- Not beyond any limitations in the schedule of benefits.
- Not prohibited by law. See *Services not permitted by law* in the *General exclusions* section for more information.

Your plan covers many kinds of health care services and supplies, such as **physician** care and **hospital stays**. But sometimes those services are not covered at all or are covered only up to a limit.

For example:

- **Physician** care generally is covered but **physician** care for **cosmetic surgery** is never covered. This is an exclusion.
- Home health care is generally covered but may only be covered up to a set number of visits per year. This is a limitation.
- Your **provider** may recommend services that are considered **experimental, investigational, or unproven** services. But an **experimental, investigational, or unproven** service is not covered and is also an exclusion, unless it is recognized as part of an approved clinical trial when you have cancer or a **terminal illness**. See *Clinical trials* in the list of **eligible health services** below.

We explain **eligible health services** and exclusions in this section. You can find out about general exclusions in the *General exclusions* section and about limitations in the schedule of benefits.

We've grouped the health care services below to make it easier for you to find what you're looking for.

Important note:
Sex-specific **eligible health services** are covered when medically appropriate, regardless of identified gender.

1. Preventive care and wellness

This section describes the **eligible health services** and supplies available under your plan when you are well.

You will see references to the following recommendations and guidelines in this section:

- Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention
- United States Preventive Services Task Force
- Health Resources and Services Administration
- American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents

These recommendations and guidelines may be updated periodically. When these are updated, they will be applied to this plan. The updates will be effective on the first day of the **calendar year**, one year after the updated recommendation or guideline is issued.

- Diagnostic testing for the treatment or diagnosis of a medical condition will not be covered under the preventive care and wellness benefit. For those types of tests and treatment, you will pay the cost sharing specific to **eligible health services** for diagnostic testing and treatment.

- Gender-specific preventive care and wellness benefits include **eligible health services** described below regardless of the sex you were assigned at birth, your gender identity, or your recorded gender.

- To learn what frequency and age limits apply to routine physical exams and routine cancer screenings, contact your **physician** or contact Member Services by logging in to your **Aetna** website at https://www.aetnastudenthealth.com or by calling the toll-free number in the *How to contact us for help* section. This information can also be found at the https://www.healthcare.gov website.

Routine physical exams

Eligible health services include office visits to your **physician** or other **health professional** for routine physical exams. This includes routine vision and hearing screenings given as part of the exam. A routine exam is a medical exam given by a **physician** for a reason other than to diagnose or treat a suspected or identified **illness** or **injury**, and also includes:

- Evidence-based items that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force
- Services as recommended in the American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents
- Screenings and counseling services as provided for in the comprehensive guidelines recommended by the Health Resources and Services Administration. These services may include but are not limited to:
  - Screening and counseling services on topics such as:
    - Interpersonal and domestic violence
    - Sexually transmitted diseases
    - Human Immune Deficiency Virus (HIV) infections
  - Screening for gestational diabetes for women
  - High-risk Human Papillomavirus (HPV) DNA testing for women age 30 and older
- Radiological services, lab and other tests given in connection with the exam
- For covered newborns, an initial **hospital** checkup

Preventive care immunizations

Eligible health services include immunizations provided by your **physician** or other **health professional** for infectious diseases recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

The following is not covered under this benefit:

- Any immunization that is not considered to be preventive care or recommended as preventive care, such as those required due to employment or travel

Well woman preventive visits

Eligible health services include your routine:

- Well woman preventive exam office visit to your **physician**, obstetrician (OB), gynecologist (GYN) or OB/GYN. This includes Pap smears. Your plan covers the exams recommended by the Health Resources and Services Administration. A routine well woman preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified **illness** or **injury**.
- Preventive care breast cancer (BRCA) gene blood testing by a **physician** and lab.
- Preventive breast cancer genetic counseling provided by a genetic counselor to interpret the test results and evaluate treatment.
- Screening for diabetes after pregnancy for women with a history of diabetes during pregnancy.
- Screening for urinary incontinence.

Preventive screening and counseling services

Eligible health services include screening and counseling by your **health professional** for some conditions. These are obesity, misuse of alcohol and/or drugs, use of tobacco products, sexually transmitted infection counseling and genetic risk counseling for breast and ovarian cancer. Your plan will cover the services you get in an individual or group setting.

Here is more detail about those benefits:

- **Obesity and/or healthy diet counseling**
  Eligible health services include the following screening and counseling services to aid in weight reduction due to obesity:
  - Preventive counseling visits and/or risk factor reduction intervention
  - Nutritional counseling
  - Healthy diet counseling visits provided in connection with Hyperlipidemia (high cholesterol) and other known risk factors for cardiovascular and diet-related chronic disease

- **Misuse of alcohol and/or drugs**
  Eligible health services include the following screening and counseling services to help prevent or reduce the use of an alcohol agent or controlled substance:
  - Preventive counseling visits
  - Risk factor reduction intervention
  - A structured assessment

- **Use of tobacco products**
  Eligible health services include the following screening and counseling services to help you to stop the use of tobacco products:
  - Preventive counseling visits
  - Treatment visits
  - Class visits

Tobacco product means a substance containing tobacco or nicotine such as:
- Cigarettes
- Cigars
- Smoking tobacco
- Snuff
- Smokeless tobacco
- Candy-like products that contain tobacco

- **Sexually transmitted infection counseling**
  Eligible health services include the counseling services to help you prevent or reduce sexually transmitted infections.

- **Genetic risk counseling for breast and ovarian cancer**
  Eligible health services include counseling and evaluation services to help you assess whether or not you are at increased risk for breast and ovarian cancer.

Routine cancer screenings

Eligible health services include the following routine cancer screenings:

- Mammograms, baseline and annual (including 3-D mammograms and adjuvant breast cancer screenings)
- Prostate specific antigen (PSA) tests
- Digital rectal exams
- Fecal occult blood tests
- Sigmoidoscopies
- Double contrast barium enemas (DCBE)
- Colonoscopies (includes:
  - Bowel preparation medications
  - Anesthesia
  - Removal of polyps performed during a screening procedure
  - Pathology exam on any removed polyps)
- Lung cancer screenings

Adjuvant breast cancer screenings mean magnetic resonance imagining, ultrasounds and molecular breast imaging. They will be covered if a mammogram shows you have a certain breast density classification, or your **provider** decides that you are at an increased risk for breast cancer.

These benefits will be subject to any age, family history and frequency guidelines that are:

- Evidence-based items or services that have in effect a rating of A or B in the recommendations of the United States Preventive Services Task Force
- Evidence-informed items or services provided in the comprehensive guidelines supported by the Health Resources and Services Administration

Prenatal care

Eligible health services include your routine prenatal physical exams as *Preventive Care and wellness*, which is the initial and subsequent history and physical exam such as:

- Maternal weight
- Blood pressure
- Fetal heart rate check
- Fundal height
- Preeclampsia screening

You can get this care at your **physician's**, OB's, GYN's, or OB/GYN's office.

Important note:
You should review the benefit under *Eligible health services and exclusions – Maternity care* and *Well newborn nursery care* section of this certificate of coverage for more information on coverage for pregnancy expenses under this plan.

Comprehensive lactation support and counseling services

Eligible health services include comprehensive lactation support (assistance and training in breast feeding) and counseling services during pregnancy or at any time following delivery for breast-feeding. Your plan will cover this when you get it in an individual or group setting. Your plan will cover this counseling only when you get it from a certified lactation support **provider**.

Breast feeding durable medical equipment

Eligible health services include renting or buying **durable medical equipment** you need to pump and store breast milk as follows:

Breast pump
Eligible health services include:

- Renting a **hospital** grade electric pump while your newborn child is confined in a **hospital**
- The buying of:
  - An electric breast pump (non-**hospital** grade, cost is covered by your plan once every 12 months) or
  - A manual breast pump (cost is covered by your plan once per pregnancy)

If an electric breast pump was purchased within the previous 12 month period, the purchase of another electric breast pump will not be covered until a 12 month period has elapsed since the last purchase.

Breast pump supplies and accessories
Eligible health services include breast pump supplies and accessories. These are limited to only one purchase per pregnancy in any year where a covered female would not qualify for the purchase of a new pump.

Coverage for the purchase of breast pump equipment is limited to one item of equipment, for the same or similar purpose. Including the accessories and supplies needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

Family planning services – female contraceptives

Eligible health services include family planning services such as:

Counseling services

Eligible health services include counseling services provided by a **provider** on contraceptive methods. These will be covered when you get them in either a group or individual setting.

Contraceptives

Eligible health services include contraceptive **prescription drugs** and devices (including any related services or supplies) when they are provided by, administered, or removed by a **provider**.

Voluntary sterilization

Eligible health services include charges billed separately by the **provider** for female voluntary sterilization procedures and related services and supplies. This also could include tubal ligation and sterilization implants.

Important note:
See the following sections for more information:

- *Maternity care*
- *Well newborn nursery care*
- *Infertility services*
- *Outpatient prescription drugs*

The following are not covered under this benefit:

- Services provided as a result of complications resulting from a female voluntary sterilization procedure and related follow-up care
- Any contraceptive methods that are only "reviewed" by the FDA and not "approved" by the FDA
- Male contraceptive methods, sterilization procedures or devices, except for male condoms prescribed by a **provider**

2. Physicians and other health professionals

Physician and specialist services (non-surgical and non-preventive)

Eligible health services include services provided by your **physician** to treat an **illness** or **injury** such as radiological supplies, services and tests. You can get those services:

- At the **physician's** or **specialist's** office
- In your home
- From any other inpatient or outpatient facility
- By way of **telemedicine**

Important note:
Your **student policy** covers **telemedicine**. All in-person **physician** or **specialist** office visits that are **covered benefits** are also covered if you use **telemedicine** instead.

Telemedicine provided by a **physician** or **specialist** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

Allergy testing and treatment

Eligible health services include the services and supplies that your **physician** or **specialist** may provide for:

- Allergy testing
- Allergy injections treatment
- Allergy sera and extracts administered via injection

Physician and specialist – inpatient surgical services

Eligible health services include the services of:

- The surgeon who performs your **surgery** while you are confined in a **hospital** or birthing center
- Your surgeon who you visit before and after the **surgery**

When your **surgery** requires two or more **surgical procedures**:

- Using the same approach and at the same time or
- Right after each other

we will pay for the one that costs the most.

Coverage includes **eligible health services** provided by a licensed mid-wife.

Anesthetist
Covered benefits for your **surgery** include the services of an anesthetist who is not employed or retained by the **hospital** where the **surgery** is performed.

Surgical assistant
Covered benefits for your **surgery** include the services of a surgical assistant. A "surgical assistant" is a **health professional** trained to assist in **surgery** and during the periods before and after **surgery**. A surgical assistant is under the supervision of a **physician**.

The following are not covered under this benefit:

- A **stay** in a **hospital** (**Hospital stays** are covered in the *Eligible health services and exclusions – Hospital and other facility care* section)
- Services of another **physician** for the administration of a local anesthetic

Physician and specialist – outpatient surgical services

Eligible health services include the services of:

- The surgeon who performs your **surgery** in the outpatient department of a **hospital** or **surgery center**
- Your surgeon who you visit before and after the **surgery**

Covered benefits include **hospital** or **surgery center** services provided within 24 hours of the **surgical procedure**.

Anesthetist

Covered benefits for your **surgery** include the services of an anesthetist who is not employed or retained by the **hospital** or **surgery center** where the **surgery** is performed.

Surgical assistant

Covered benefits for your **surgery** include the services of a surgical assistant. A "surgical assistant" is a **health professional** trained to assist in **surgery** and during the periods before and after **surgery**. A surgical assistant is under the supervision of a **physician**.

The following are not covered under this benefit:

- A **stay** in a **hospital** (**Hospital stays** are covered in the *Eligible health services and exclusions – Hospital and other facility care* section)
- A separate facility charge for **surgery** performed in a **physician's** office
- Services of another **physician** for the administration of a local anesthetic

In-hospital non-surgical physician services

During your **stay** in a **hospita**l for **surgery**, **eligible health services** include the services of **physician** employed by the **hospital** to treat you. The **physician** does not have to be the one who performed the **surgery**.

Consultant services (non-surgical and non-preventive)

Eligible health services include the services of a consultant to confirm a diagnosis made by your **physician** or to determine a diagnosis. Your **physician** or **specialist** must make the request for the consultant services.

Covered benefits include treatment by the consultant.

The consultation by a **physician** or **specialist** may happen by way of **telemedicine.**

Important note:
Your **student policy** covers **telemedicine**. All in-person consultant office visits provided by a **physician** or **specialist** that are **covered benefits** are also covered if you use **telemedicine** instead.

Telemedicine provided by a **physician** or **specialist** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

Second surgical opinion

Eligible health services include a second surgical opinion by a s**pecialist** to confirm your need for a **surgery**. The **specialist** must be board-certified in the medical field for the **surgery** that is being proposed by your **physician**.

Covered benefits include diagnostic lab work and radiological services ordered by the **specialist**.

We must receive a written report from a **specialist** on the second surgical opinion.

Alternatives to physician and specialist office visits

Walk-in clinic (non-emergency visit)

Eligible health services include, but are not limited to, health care services provided at **walk-in clinics** for:

- Scheduled and unscheduled visits for **illnesses** and **injuries** that are not **emergency medical conditions**
- Preventive care immunizations administered within the scope of the clinic's license

3. Hospital and other facility care

Hospital care (facility charges)

Eligible health services include inpatient and outpatient **hospital** care. This includes:

- Semi-private **room and board**. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Services and supplies provided by the outpatient department of a **hospital**, including the facility charge.
- Services of **physicians** employed by the **hospital**.
- Administration of blood and blood products.

The following are not **eligible health services**:

- All services and supplies provided in:
  - Rest homes
  - Any place considered a person's main residence or providing mainly custodial or rest care
  - Health resorts
  - Spas
  - Schools or camps

Preadmission testing

Eligible health services include pre-admission testing on an outpatient basis before a scheduled **surgery**.

For your preadmission testing to be eligible for coverage, the following conditions must be met:

- The testing is related to the scheduled **surgery**
- The testing is done within the 7 days before the scheduled **surgery** and
- The testing is not repeated in, or by, the **hospital** or **surgery center** where the **surgery** is done

Alternatives to hospital stays

Outpatient surgery (facility charges)

Eligible health services include facility services provided and supplies used in connection with outpatient **surgery** performed in a **surgery center** or a **hospital's** outpatient department.

Important note:
Some **surgeries** can be done safely in a **physician's** office. For those **surgeries**, your plan will pay only for **physician** services and not a separate facility fee.

The following are not covered under this benefit:

- A **stay** in a **hospital** (See the *Hospital care – facility charges* benefit in this section)
- A separate facility charge for **surgery** performed in a **physician's** office
- Services of another **physician** for the administration of a local anesthetic

Home health care

Eligible health services include home health care services provided by a **home health care agency** in the home, but only when all of the following criteria are met:

- You are **homebound**
- Your **physician** orders them
- The services take the place of your needing to **stay** in a **hospital** or a **skilled nursing facility**, or needing to receive the same services outside your home
- The services are part of a **home health care plan**
- The services are **skilled nursing services**, **home health aide** services or medical social services, or are short-term speech, physical or occupational therapy
- **Home health aide** services are provided under the supervision of a registered nurse
- Medical social services are provided by or supervised by a **physician** or social worker

Short-term physical, speech and occupational therapy provided in the home are subject to the conditions and limitations imposed on therapy provided outside the home. See the *Short-term rehabilitation services and Habilitation therapy service*s sections and the schedule of benefits.

Home health care services do not include **custodial care**.

The following are not covered under this benefit:

- Nursing and **home health aide** services or therapeutic support services provided outside of the home (such as in conjunction with school, vacation, work or recreational activities)
- Transportation
- Homemaker or housekeeper services
- Food or home delivered services
- Maintenance therapy

Hospice care

Eligible health services include inpatient and outpatient **hospice care** when given as part of a **hospice care program** because your **physician** diagnoses you with a **terminal illness.**

The types of **hospice care** services that are eligible for coverage include:

- **Room and board**
- Services and supplies furnished to you on an inpatient or outpatient basis
- Services by a **hospice care agency** or **hospice care** provided in a **hospital**
- Part-time or intermittent nursing care by a **R.N.** or **L.P.N.** for up to eight hours a day
- Part-time or intermittent **home health aide** services to care for you up to eight hours a day
- Medical social services under the direction of a **physician** such as:
  - Assessment of your social, emotional and medical needs, and your home and family situation
  - Identification of available community resources
  - Assistance provided to you to obtain resources to meet your assessed needs
- Bereavement counseling for the caregiver or immediate family

Hospice care services provided by the **providers** below may be covered, even if the **providers** are not an employee of the **hospice care agency** responsible for your care:

- A **physician** for consultation or case management
- A physical or occupational therapist
- A **home health care agency** for:
  - Physical and occupational therapy
  - Medical supplies
  - Outpatient **prescription drugs**
  - Psychological counseling
  - Dietary counseling

The following are not covered under this benefit:

- Funeral arrangements
- Pastoral counseling
- **Respite care**
- Financial or legal counseling which includes estate planning and the drafting of a will
- Homemaker or caretaker services that are services which are not solely related to your care and may include:
  - Sitter or companion services for either you or other family members
  - Transportation
  - Maintenance of the house

Skilled nursing facility

Eligible health services include inpatient **skilled nursing facility** care.

The types of **skilled nursing facility** care services that are eligible for coverage include:

- **Room and board**, up to the **semi-private room rate**
- Services and supplies that are provided during your **stay** in a **skilled nursing facility**

4. Emergency services and urgent care

Eligible health services include services and supplies for the treatment of an **emergency medical condition** or an **urgent condition**.

Emergency services

Emergency services coverage for an **emergency medical condition** includes your use of:

- An ambulance
- A **hospital** emergency room or an independent freestanding emergency department facility, along with their:
  - Staff **physician** services
  - Nursing staff services
  - Staff radiologist and pathologist services

As always, you can get **emergency services** from **in-network providers**. However, you can also get **emergency services** from **out-of-network providers**.

Your coverage for **emergency services** will continue until the following conditions are met:

- You are evaluated and your condition is stabilized
- Your attending **physician** determines that you are medically able to travel or be transported, by non-medical or non-emergency transportation, to another **provider** if you need more care

For follow-up care, you are covered when:

- Your in-network **physician** provides the care.
- You use an **out-of-network provider** to provide the care. If you use an **out-of-network provider** to receive follow up care, you may be subject to a higher out-of-pocket expense.

Emergency department HIV screening

Eligible health services include the cost of one annual voluntary HIV screening test performed while receiving **emergency services**, other than HIV screening, in a **hospital** emergency room.

The cost associated with administering the HIV screening will include:

- Laboratory expenses to analyze the test
- Communicating to the patient the results of the test
- Any follow-up instructions for obtaining health care and supportive services

Coverage is not subject to **policy year deductible** or any **copayment** other than **policy year deductible** or **copayment** that the insured would have to pay for the applicable hospital emergency department visit.

In case of a medical emergency

When you experience an **emergency medical condition**, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and ambulance assistance. If possible, call your **physician** but only if a delay will not harm your health.

Non-emergency condition

If you go to an emergency room for what is not an **emergency medical condition**, the plan will not cover your expenses. See the schedule of benefits for specific plan details.

The following are not covered under this benefit:

- Non-emergency services in a **hospital** emergency room or an independent freestanding emergency department

Urgent care

In case of an urgent condition

Urgent condition

If you need care for an **urgent condition**, you should first seek care through your **physician** or **school health services.** If your **physician** or **school health services** is not reasonably available to provide services, you may access urgent care from an **urgent care facility**.

Non-urgent care

If you go to an **urgent care facility** for what is not an **urgent condition,** the plan will not cover your expenses. See the schedule of benefits for specific plan details.

Examples of non-urgent care are:

- Routine or preventive care (this includes immunizations)
- Follow-up care
- Physical therapy
- Elective treatment
- Any diagnostic lab work and radiological services which are not related to the treatment of the **urgent condition**

The following is not covered under this benefit:

- Non-urgent care in an **urgent care facility** (at a non-hospital freestanding facility)

5. Pediatric dental care

Eligible health services include dental services and supplies provided by a **dental provider** as found in the *Pediatric dental care* section of the schedule of benefits.

Dental emergencies

Eligible health services also include dental services provided for a **dental emergency**. Services and supplies provided for a **dental emergency** will be covered even if services and supplies are provided by an **out-of-network provider**.

If you have a **dental emergency**, you should consider calling your **in-network dental provider** who may be more familiar with your dental needs. If you cannot reach your **in-network dental provider**, you may get treatment from any **dentist**. The care received from an **out-of-network provider** must be for the temporary relief of the **dental emergency** until you can be seen by your **in-network dental provider**. Services given for other than the temporary relief of the **dental emergency** by an **out-of-network provider** can cost you more. To get the maximum level of benefits, services should be provided by your **in-network dental provider**.

If you get treatment from an **out-of-network provider** for a **dental emergency**, the plan pays a benefit at the in-network cost-sharing level of coverage.

Follow-up care will be paid at the cost-sharing level that applies to the type of **provider** that gives you the care.

Orthodontic treatment

Orthodontic treatment is covered for a severe, dysfunctional, disabling condition, such as:

- Cleft lip and palate, cleft palate, or cleft lip with alveolar process involvement
- The following craniofacial anomalies:
  - Hemifacial microsomia
  - Craniosynostosis syndromes
  - Cleidocranial dental dysplasia
  - Arthrogryposis
  - Marfan syndrome
- Anomalies of facial bones and/or oral structures
- Facial trauma resulting in functional difficulties

If you suffer from one of these conditions, the orthodontic services that are eligible for coverage include:

- Pre-orthodontic treatment visit
- Comprehensive orthodontic treatment
- Orthodontic retention (removal of appliances, construction and placement of retainers)

Replacements

The plan's "replacement rule" applies to:

- Crowns
- Inlays
- Onlays
- Veneers
- Complete dentures
- Removable partial dentures
- Fixed partial dentures (bridges)
- Other prosthetic services

The "replacement rule" means that replacements of, or additions to, these dental services are covered only when:

- You had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay, onlay and veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 5 years before its replacement and cannot be fixed.
- You had a tooth (or teeth) extracted. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Missing teeth that are not replaced

The plan covers installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services if:

- The dentures, bridges or other prosthetic items are needed to replace one or more natural teeth. (The extraction of a third molar tooth does not qualify.)
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 5 years.

Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Getting an advance claim review

This only applies to out-of-network coverage. The purpose of the advance claim review is to determine, in advance, what we will pay for proposed services. Knowing ahead of time which services are covered and the benefit amount payable, helps you and your **dental provider** make informed decisions about the care you are considering.

Important note:
The advance claim review is not a guarantee of coverage and payment, but rather an estimate of the amount or scope of benefits to be paid.

When to get an advance claim review
An advance claim review is recommended whenever a course of dental treatment is likely to cost more than $350. Here are the steps to get an advance claim review:

1. Ask your **dental provider** to write down a full description of the treatment you need, using either an **Aetna** claim form or an American Dental Association (ADA) approved claim form
2. Before treating you, your **dental provider** should send the form to us
3. We may request supporting images and other diagnostic record.
4. Once all of the information has been gathered, we will review the proposed treatment plan and provide you and your **dental provider** with a statement outlining the benefits payable
5. You and your **dental provider** can then decide how to proceed

The advance claim review is voluntary. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, we will take into account alternate procedures, services, or courses of dental treatment for the dental condition in question in order to accomplish the anticipated result. See the *When does your plan cover other treatment?* section below.

What is a course of dental treatment?
A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** during an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

Pediatric dental care exclusions

The following are not covered under this benefit:

- Any instruction for diet, plaque control and oral hygiene
- **Cosmetic** services and supplies including:
  - Plastic **surgery**, reconstructive **surgery**, **cosmetic surgery**, personalization or characterization of dentures or other services and supplies which improve, alter or enhance appearance
  - Augmentation and vestibuloplasty, and other substances to protect, clean, whiten, bleach or alter the appearance of teeth, whether or not for psychological or emotional reasons, except to the extent coverage is specifically provided in the *Eligible health services and exclusions* section
  - Facings on molar crowns and pontics will always be considered **cosmetic**
- Crown, inlays, onlays, and veneers unless:
  - It is treatment for decay or traumatic **injury** and teeth cannot be restored with a filling material
  - The tooth is an abutment to a covered partial denture or fixed bridge
- Dental implants and braces (that are determined not to be **medically necessary**), mouth guards, and other devices to protect, replace or reposition teeth
- Dentures, crowns, inlays, onlays, bridges, or other appliances or services used:
  - For splinting
  - To alter vertical dimension
  - To restore occlusion
  - For correcting attrition, abrasion, abfraction or erosion
- Treatment of any **jaw joint disorder** and treatments to alter bite or the alignment or operation of the jaw, including **temporomandibular joint dysfunction** disorder (**TMJ**) and **craniomandibular joint dysfunction** disorder (**CMJ**) treatment, orthognathic **surgery**, and treatment of malocclusion or devices to alter bite or alignment, except as covered in the *Eligible health services and exclusions – Specific conditions* section

- General anesthesia and intravenous sedation, unless specifically covered and only when done in connection with another **eligible health service**
- Mail order and at-home kits for orthodontic treatment
- Orthodontic treatment except as covered above and in the *Pediatric dental care* section of the schedule of benefits
- Pontics, crowns, cast or processed restorations made with high noble metals (gold)
- Prescribed drugs, pre-medication or analgesia (nitrous oxide)
- Replacement of a device or appliance that is lost, missing or stolen, and for the replacement of appliances that have been damaged due to abuse, misuse or neglect and for an extra set of dentures
- Replacement of teeth beyond the normal complement of 32
- Services and supplies:
  - Done where there is no evidence of pathology, dysfunction, or disease other than covered preventive services
  - Provided for your personal comfort or convenience or the convenience of another person, including a **provider**
  - Provided in connection with treatment or care that is not covered under your policy
- Surgical removal of impacted wisdom teeth only for orthodontic reasons
- Treatment by other than a **dental provider**

6. Specific conditions

Abortion

Eligible health services include services provided and supplies used in connection with an abortion.

Birthing center (facility charges)

Eligible health services include prenatal (non-preventive care) and postpartum care and obstetrical services from a birthing center.

A birthing center is a facility specifically licensed as a freestanding birthing center by applicable state and federal laws to provide prenatal care, delivery and immediate postpartum care.

Refer to the *Eligible health services and exclusions – Maternity care* and *Well newborn nursery care* sections for more information.

Diabetic services and supplies (including equipment and training)

Eligible health services include:

- Services and supplies

Dermatological treatment

Eligible health services include the diagnosis and treatment of skin disorders by a **physician or specialist.**

The following are not covered under this benefit:

- **Cosmetic** treatment and procedures

Maternity care

Eligible health services include prenatal (non-preventive care), delivery, postpartum care, and other obstetrical services, and postnatal visits. Coverage includes **eligible health services** provided by a licensed mid-wife.

After your child is born, **eligible health services** include:

- 48 hours of inpatient care in a **hospital** or birthing center after a vaginal delivery
- 96 hours of inpatient care in a **hospital** or birthing center after a cesarean delivery
- A shorter **stay** if the attending **physician**, with the consent of the mother, discharges the mother or newborn earlier
- The mother could be discharged earlier. If so, the plan will pay for post-delivery home visits by a health care **provider**

The following are not covered under this benefit:

- Any services and supplies related to births that take place in the home or in any other place not licensed to perform deliveries

Well newborn nursery care

Eligible health services include routine care of your well newborn child in a **hospital** or birthing center such as:

- Well newborn nursery care during the mother's **stay** but for not more than 48 hours for a vaginal delivery or 96 hours for a cesarean delivery
- **Hospital** or birthing center visits and consultations for the well newborn by a **physician** but for not more than 1 visit per day
- Newborn hearing screening before being discharged from the **hospital**

Gender affirming treatment

Eligible health services include certain services and supplies for gender affirming treatment.

Important note:
Visit https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html for detailed information about this benefit, including eligibility and **medical necessity** requirements. You can also call *Member Services* at the toll-free number in the *How to contact us for help* section.

Autism spectrum disorder

Autism Spectrum Disorder is defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

Eligible health services include the services and supplies provided by a **physician** or **behavioral health provider** for the diagnosis, testing and treatment of autism spectrum disorders. We will only cover this treatment if a **physician** or **behavioral health provider** orders it as part of a treatment plan.

We will cover certain early intensive behavioral interventions such as applied behavior analysis. Applied behavior analysis is an educational service that is the process of applying interventions:

- That systematically change behavior
- That are responsible for observable improvements in behavior

Behavioral health

Mental health treatment

Eligible health services include the treatment of **mental health disorders** provided by a general medical **hospital**, **psychiatric hospital**, **residential treatment facility**, **physician**, or **behavioral health provider** as follows:

- **Inpatient room and board** at the **semi-private room rate**. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Other services and supplies related to your condition that are provided during your **stay** in a general medical **hospital**, **psychiatric hospital**, or **residential treatment facility**.
- Outpatient treatment received while not confined as an inpatient in a general medical **hospital**, **psychiatric hospital**, or **residential treatment facility**, including:
  - Office visits to a **physician** or **behavioral health provider** such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes **telemedicine** consultations)
  - Individual, group and family therapies for the treatment of mental health
  - Other outpatient mental health treatment such as:
    - Partial hospitalization treatment provided in a facility or program for mental health treatment provided under the direction of a **physician**

- Intensive outpatient program provided in a facility or program for mental health treatment provided under the direction of a **physician**
- Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
  - You are **homebound**
  - Your **physician** orders them
  - The services take the place of a **stay** in a **hospital** or a **residential treatment facility**, or you are unable to receive the same services outside your home
  - The skilled behavioral health care is appropriate for the active treatment of a condition, **illness** or disease
- Electro-convulsive therapy (ECT)

Substance related disorders treatment

Eligible health services include the treatment of **substance related disorders** provided by a general medical **hospital**, **psychiatric hospital**, **residential treatment facility**, **physician**, or **behavioral health provider** as follows:

- **Inpatient room and board** at the **semi-private room rate**. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Other services and supplies that are provided during your **stay** in a general medical **hospital**, **psychiatric hospital** or **residential treatment facility**.
- Outpatient treatment received while not confined as an inpatient in a general medical **hospital**, **psychiatric hospital** or **residential treatment facility**, including:
  - Office visits to a **physician** or **behavioral health provider** such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes **telemedicine** consultations)
  - Individual, group and family therapies for the treatment of **substance related disorders**
  - Other outpatient **substance related disorders** treatment such as:
    - Outpatient **detoxification**
    - Partial hospitalization treatment provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**
    - Intensive outpatient program provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**
    - Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
      - You are **homebound**
      - Your **physician** orders them
      - The services take the place of a **stay** in a **hospital** or a **residential treatment facility**, or you are unable to receive the same services outside your home
      - The skilled behavioral health care is appropriate for the active treatment of a condition, **illness**, or disease
    - Ambulatory **detoxification** which includes outpatient services that monitor withdrawal from alcohol or other substances, including administration of medications
    - Observation
    - Peer counseling support by a peer support specialist (including **telemedicine** consultation)

Telemedicine important note:
Your **student policy** covers **telemedicine** for **mental health disorders** and **substance related disorders**. All in-person **physician** or **behavioral health provider** office visits that are **covered benefits** are also covered if you use **telemedicine** provided by a **physician** or **behavioral health provider** instead.

Telemedicine provided by a **physician** or **behavioral health provider** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

Reconstructive surgery and supplies

Eligible health services include all stages of reconstructive **surgery** by your **provider** and related supplies provided in an inpatient or outpatient setting only in the following circumstances:

- Your **surgery** reconstructs the breast where a necessary mastectomy was performed. Services and supplies include:
  - An implant
  - Areolar and nipple reconstruction
  - Areolar and nipple re-pigmentation
  - **Surgery** on a healthy breast to make it symmetrical with the reconstructed breast
  - Treatment of physical complications of all stages of the mastectomy, including lymphedema and prosthetic devices
- Your **surgery** is to implant or attach a covered prosthetic device.
- Your **surgery** corrects a gross anatomical defect present at birth. The **surgery** will be covered if:
  - The defect results in severe facial disfigurement or major functional impairment of a body part
  - The purpose of the **surgery** is to improve function
- Your **surgery** is needed because treatment of your **illness** resulted in severe facial disfigurement or major functional impairment of a body part, and your **surgery** will improve function.

Transplant services

Eligible health services include transplant services provided by a **physician** and **hospital**.

This includes the following transplant types:

- Solid organ
- Hematopoietic stem cell
- Bone marrow
- CAR-T and T Cell receptor therapy for FDA-approved treatments
- Thymus tissue for FDA-approved treatments

Network of transplant facilities

We designate facilities to provide specific services or procedures. They are listed as **Institutes of Excellence™ (IOE) facilities** in your **provider directory**.

The amount you will pay for covered transplant services depends on where you get the care. Your cost share will be lower when you get transplant services from the **IOE facility** we designate to perform the transplant you need. Transplant services received from an **IOE facility** are subject to the in-network **copayment**, **coinsurance**, **policy year deductible**, maximum out-of-pocket and limits, unless stated differently in this certificate and the schedule of benefits. You may also get transplant services at a non-IOE facility, but your cost share will be higher. Transplant services received from a non-IOE facility are subject to the out-of-network **copayment**, **coinsurance**, **policy year deductible**, maximum out-of-pocket and limits, unless stated differently in this certificate and the schedule of benefits.

Important note:
If there are no **IOE facilities** assigned to perform your transplant type in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your transplant services at the facility we designate your cost share will be higher.

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence Program® (NME), all medical services must be managed through the NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **eligible health service** is not directly related to your transplant.

Travel and lodging expenses
If an **IOE** patient lives 100 or more miles from the **IOE facility, eligible health services** include travel and lodging expenses for the **IOE** patient and a companion to travel between the **IOE** patient's home and the **IOE facility**. **Eligible health services** will be reimbursed by the plan and include coach class round-trip air, train, or bus travel and lodging costs.

The following are not covered under this benefit:

- Services and supplies furnished to a donor when the recipient is not a **covered person**
- Harvesting and storage of organs, without intending to use them for immediate transplantation for your existing **illness**
- Harvesting and/or storage of bone marrow, hematopoietic stem cells, or other blood cells without intending to use them for transplantation within 12 months from harvesting, for an existing **illness**

Infertility services

Basic infertility

Eligible health services include seeing a **provider**:

- To diagnose and evaluate the underlying medical cause of infertility.
- To do **surgery** to treat the underlying medical cause of infertility. Examples are endometriosis **surgery** or, for men, varicocele **surgery.**

Limited infertility services

Eligible health services include the following infertility services provided by an in-network infertility **specialist**:
Eligible health services include the following infertility services provided by an infertility **specialist**:

- Ovulation induction cycle(s) using medication to stimulate the ovaries. This may include the use of ultrasound and lab tests.
- Artificial insemination, which includes intrauterine (IUI)/intracervical (ICI) insemination.
- **Prescription drugs** injected by your **provider** to stimulate the ovaries.

Infertility **eligible health services** may include either dollar or cycle limits. Your schedule of benefits will tell you which limits apply to your plan. For plans with cycle limits, a "cycle" is defined as:

- An attempt at ovulation induction while on medication to stimulate the ovaries with or without artificial insemination
- An artificial insemination cycle with or without medication to stimulate the ovaries

Aetna's National Infertility Unit
Our National Infertility Unit (NIU) is here to help you. It is staffed by a dedicated team of registered nurses and infertility coordinators. They can help you with determining eligibility for benefits and **precertification**. You can call the NIU at 1-800-575-5999.

Your **in-network provider** will request approval from us in advance for your infertility services. If your **provider** is not an **in-network provider**, you are responsible to request approval from us in advance**.**

Advanced reproductive technology (ART)
Advanced reproductive technology, also called "assisted reproductive technology", is a more advanced type of infertility treatment.

Eligible health services include the following services provided by an ART **specialist**:

- In vitro fertilization (IVF).
- Zygote intrafallopian transfer (ZIFT).
- Gamete intrafallopian transfer (GIFT).
- Cryopreserved (frozen) embryo transfers (FET).
- Charges associated with your care when you receive a donor egg or embryo in a donor IVF cycle. These services include culture and fertilization of the egg from the donor and transfer of the embryo into you.
- Charges associated with your care when using a gestational carrier including egg retrieval and culture and fertilization of your eggs that will be transferred into a gestational carrier. Services for the gestational carrier, including transfer of the embryo into the carrier, are not covered. (See exclusions, below.)
- **Prescription drugs** injected by your **provider** to stimulate the ovaries.

ART **eligible health services** may include either dollar or cycle limits. Your schedule of benefits will tell you which limits apply to your plan.

For plans with ovulation induction cycle limits, an ovulation induction cycle is defined as an attempt at ovulation induction while on medication to stimulate the ovaries with or without artificial insemination.

For plans with ART cycle limits, an ART "cycle" is defined as:

ART service	Procedure	Cycle count
IVF	One complete fresh cycle with transfer (egg retrieval, fertilization, and transfer of embryo)	One full cycle
IVF	One fresh cycle with attempted egg aspiration (with or without egg retrieval) but without transfer of embryo	One half cycle
IVF	Fertilization of egg and transfer of embryo	One half cycle
IVF	One cryopreserved (frozen) embryo transfer	One half cycle
GIFT	One complete cycle	One full cycle
ZIFT	One complete cycle	One full cycle

Aetna's National Infertility Unit
Our National Infertility Unit (NIU) is here to help you. It is staffed by a dedicated team of registered nurses and infertility coordinators. They can help you with determining eligibility for benefits and **precertification**. They can also give you information about our infertility **Institutes of Excellence™ (IOE) facilities**. You can call the NIU at 1-800-575-5999.

Your **in-network provider** will request approval from us in advance for your infertility services. If your **provider** is not an **in-network provider**, you are responsible to request approval from us in advance. **Fertility preservation** Fertility preservation involves the retrieval of mature eggs/sperm with or without the creation of embryos that are frozen for future use.

Eligible health services for fertility preservation are provided when:

- You are believed to be fertile
- You have planned medical services that are proven to result in infertility such as:
  - Chemotherapy or radiation therapy that is established in medical literature to result in infertility
  - Other gonadotoxic therapies
  - Removing the uterus
  - Removing both ovaries or testicles
- The eggs that will be retrieved for use are likely to result in a pregnancy by meeting the FSH level and ovarian responsiveness criteria outlined in **Aetna's** infertility clinical policy

Premature ovarian insufficiency
If your infertility has been diagnosed as premature ovarian insufficiency (POI), as described in our clinical policy bulletin, you are eligible for ART services using donor eggs/embryos through age 45 regardless of FSH level.

Infertility services exclusions

The following are not covered under the **infertility** services benefit:

- Infertility medication. See the *Eligible health services and exclusions-Outpatient prescription drugs* section for information on coverage of infertility **prescription drugs**.
- The donor's care in a donor egg cycle. This includes, but is not limited to, screening fees, lab test fees and charges associated with donor care as part of donor egg retrievals or transfers.
- A gestational carrier's care, including transfer of the embryo to the carrier. A gestational carrier is a woman who has a fertilized egg from another woman placed in her uterus and who carries the resulting pregnancy on behalf of another person.
- All charges associated with or in support of surrogacy arrangements for you or the surrogate. A surrogate is a female carrying her own genetically related child with the intention of the child being raised by someone else, including the biological father.
- Home ovulation prediction kits or home pregnancy tests.
- The purchase of donor embryos, donor eggs or donor sperm.
- Obtaining sperm from a person not covered under this plan.
- Infertility treatment when a successful pregnancy could have been obtained through less costly treatment.
- Infertility treatment when either partner has had voluntary sterilization **surgery**, with or without surgical reversal, regardless of post reversal results. This includes tubal ligation, hysterectomy and vasectomy only if obtained as a form of voluntary sterilization.
- Infertility treatment when infertility is due to a natural physiologic process such as age related ovarian insufficiency (e.g., perimenopause, menopause) as measured by an unmedicated FSH level at or above 19 on cycle day two or three of your menstrual period or other abnormal testing results as outlined in Aetna's infertility clinical policy.
- Treatment for dependent children, except for fertility preservation as described above.

7. Specific therapies and tests

Outpatient diagnostic testing

Diagnostic complex imaging services

Eligible health services include complex imaging services by a **provider**, including:

- Computed tomography (CT) scans
- Magnetic resonance imaging (MRI) including Magnetic resonance spectroscopy (MRS), Magnetic resonance venography (MRV) and Magnetic resonance angiogram (MRA)
- Nuclear medicine imaging including positron emission tomography (PET) scans

Diagnostic lab work and radiological services

Eligible health services include diagnostic radiological services (other than diagnostic complex imaging), lab services, and pathology and other tests.

Chemotherapy

Eligible health services for chemotherapy depend on where treatment is received. In most cases, chemotherapy is covered as outpatient care. However, your **hospital** benefit covers the initial dose of chemotherapy after a cancer diagnosis during a **hospital stay**. **Covered benefits** for chemotherapy include anti-nausea **prescription drugs**.

Hormone replacement therapy

Eligible health services include **prescription drugs** prescribed or ordered for treating symptoms and conditions of menopause.

Outpatient infusion therapy

Eligible health services include infusion therapy you receive in an outpatient setting including but not limited to:

- A freestanding outpatient facility
- The outpatient department of a **hospital**
- A **physician** in their office
- A home care **provider** in your home

You can access the list of preferred infusion locations by contacting Member Services at the toll-free number in the *How to contact us for help* section or by logging in to your **Aetna** website at https://www.aetnastudenthealth.com.

Infusion therapy is the parenteral (e.g. intravenous) administration of prescribed medications or solutions.

Certain infused medications may be covered under the outpatient **prescription drug** coverage. You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number in the *How to contact us for help* section or by logging in to your **Aetna** website at https://www.aetnastudenthealth.com to determine if coverage is under the outpatient **prescription drug** benefit of this certificate of coverage.

When Infusion therapy services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

The following are not covered under this benefit:

- Drugs that are included on the list of **specialty prescription drugs** as covered under your outpatient **prescription drug** plan
- Enteral nutrition
- Blood transfusions and blood products
- Dialysis

Outpatient radiation therapy

Eligible health services include the following radiology services provided by a **health professional**:

- Radiological services
- Gamma ray
- Accelerated particles
- Mesons
- Neutrons
- Radium
- Radioactive isotopes

Specialty prescription drugs

Eligible health services include **specialty prescription drugs** when they are:

- Purchased by your **provider**
- Injected or infused by your **provider** in an outpatient setting such as:
  - A freestanding outpatient facility
  - The outpatient department of a **hospital**
  - A **physician** in the office
  - A home care **provider** in your home
- Listed on our **specialty prescription drug** list as covered under this certificate of coverage

You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number in the *How to contact us for help* section or by logging in to your **Aetna** website at https://www.aetnastudenthealth.com to determine if coverage is under the outpatient **prescription drug** benefit of this certificate of coverage.

Certain infused medications may be covered under the outpatient **prescription drug** coverage. You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number in the *How to contact us for help* section or by logging in to your **Aetna** website at https://www.aetnastudenthealth.com to determine if coverage is under this **specialty prescription drug** or the outpatient **prescription drug** benefit.

When infused services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

Outpatient respiratory therapy

Eligible health services include outpatient respiratory therapy services you receive at a **hospital, skilled nursing facility** or **physician's** office but only if those services are part of a treatment plan determined by your risk level and ordered by your **physician**.

Transfusion or kidney dialysis of blood

Eligible health services include services and supplies for the transfusion or kidney dialysis of blood. **Covered benefits** include:

- Whole blood
- Blood components
- The administration of whole blood and blood components

Short-term cardiac and pulmonary rehabilitation services

Eligible health services include the cardiac and pulmonary rehabilitation services listed below.

Cardiac rehabilitation

Eligible health services include cardiac rehabilitation services you receive at a **hospital, skilled nursing facility** or **physician's** office, but only if those services are part of a treatment plan determined by your risk level and ordered by your **physician**.

Pulmonary rehabilitation

Eligible health services include pulmonary rehabilitation services as part of your inpatient **hospital stay** if it is part of a treatment plan ordered by your **physician**.

A course of outpatient pulmonary rehabilitation may also be eligible for coverage if it is performed at a **hospital, skilled nursing facility**, or **physician's** office, is used to treat reversible pulmonary disease states, and is part of a treatment plan ordered by your **physician**.

Short-term rehabilitation and habilitation therapy services

Short-term rehabilitation therapy services

Short-term rehabilitation therapy services are services needed to restore or develop your skills and functioning for daily living.

Eligible health services include short-term rehabilitation therapy services your **physician** prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A **hospital**, **skilled nursing facility**, or **hospice facility**
- A **home health care agency**
- A **physician**

Short-term rehabilitation therapy services have to follow a specific treatment plan, ordered by your **physician**.

Outpatient cognitive rehabilitation, physical, occupational, and speech therapy

Eligible health services include:

- Physical therapy, but only if it is expected to significantly improve or restore physical functions lost as a result of an acute **illness**, **injury** or **surgical procedure**
- Occupational therapy (except for vocational rehabilitation or employment counseling), but only if it is expected to:
  - Significantly improve, develop or restore physical functions you lost as a result of an acute **illness**, **injury** or **surgical procedure** or
  - Relearn skills so you can significantly improve your ability to perform the activities of daily living on your own

- Speech therapy, but only if it is expected to:
  - Significantly improve or restore the speech function or correct a speech impairment as a result of an acute **illness, injury** or **surgical procedure** or
  - Improve delays in speech function development caused by a gross anatomical defect present at birth

  Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one's thoughts with spoken words.
- Cognitive rehabilitation therapy associated with physical rehabilitation, but only when:
  - Your cognitive deficits are caused by neurologic impairment due to trauma, stroke, or encephalopathy
  - The therapy is coordinated with us as part of a treatment plan intended to restore previous cognitive function.

Short-term habilitation therapy services

Short-term habilitation therapy services are services needed to keep, learn, or improve your skills and functioning for daily living (e.g. therapy for a child who isn't walking or talking at the expected age), including children with congenital defects.

Eligible health services include short-term habilitation therapy services your **physician** prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A **hospital**, **skilled nursing facility**, or **hospice facility**
- A **home health care agency**
- A **physician**

Short-term habilitation therapy services have to follow a specific treatment plan, ordered by your **physician**.

Outpatient physical, occupational, and speech habilitation therapy

Eligible health services include:

- Physical therapy (except for services provided in an educational or training setting), if it is expected to develop any impaired function.
- Occupational therapy (except for vocational rehabilitation or employment counseling or services provided in an educational or training setting), if it is expected to develop any impaired function.
- Speech therapy (except for services provided in an educational or training setting or to teach sign language) is covered provided the therapy is expected to develop speech function as a result of delayed development. Speech function is the ability to express thoughts, speak words and form sentences.

Chiropractic services

Eligible health services include chiropractic services to correct a muscular or skeletal problem.

Your **provider** must establish or approve a treatment plan that details the treatment, and specifies frequency and duration.

Diagnostic testing for learning disabilities

Eligible health services include diagnostic testing for:

- Attention deficit disorder
- Attention deficit hyperactive disorder
- Dyslexia

Once you are diagnosed with one of these conditions, the treatment is covered under the Mental health treatment section.

8. Other services

Acupuncture

Eligible health services include manual or electro acupuncture.

The following is not covered under this benefit:

- Acupressure

Ambulance services

An ambulance is a vehicle staffed by medical personnel and is equipped to transport an ill or injured person by ground, air, or water.

Emergency

Eligible health services include emergency transportation when your condition is unstable and requires medical supervision and rapid transport. These emergency ambulance services are limited to transportation by a licensed ambulance:

- To the first facility to provide **emergency services**
- From one facility to another if the first can't provide the **emergency services** you need

Non-emergency

Eligible health services also include non-emergency transportation when an ambulance is the only safe way to transport you. These non-emergency ambulance services are limited to transportation by a licensed ambulance:

- To the nearest facility able to treat your condition
- From a facility to your home by ground ambulance

The following are not **eligible health services**:

- Ambulance services for non-emergency transportation
- Ambulance services for routine transportation to receive outpatient or inpatient services

Clinical trials

Routine patient costs

Eligible health services include routine patient costs you have from a **provider** in connection with participation in an approved clinical trial as defined in the federal Public Health Service Act, Section 2709.

The following are not **eligible health services**:

- Services and supplies related to data collection and record-keeping needed only for the clinical trial
- Services and supplies provided by the trial sponsor for free
- The experimental intervention itself (except Category B investigational devices and promising experimental or investigational interventions for **terminal illnesses** in certain clinical trials in accordance with our policies)

Experimental or investigational therapies

Eligible health services include drugs, devices, treatments or procedures from a **provider** under an "approved clinical trial" only when you have cancer, a chronic disease or life-threatening or **terminal illness**. All of the following conditions must be met:

- Standard therapies have not been effective or appropriate
- We determine you may benefit from the treatment

An approved clinical trial is one that meets all of these requirements:

- The Food and Drug Administration (FDA) has approved the drug, device, treatment, or procedure to be investigated or has granted it investigational new drug (IND) or group c/treatment IND status, when this is required
- The clinical trial has been approved by an institutional review board that will oversee it
- The clinical trial is sponsored by the National Cancer Institute (NCI) or similar organization and:
  - It conforms to standards of the NCI or other applicable federal organization
  - It takes place at an NCI-designated cancer center or at more than one institution
- You are treated in accordance with the protocols of that study

Durable medical equipment (DME)

Eligible health services include the expense of renting or buying **DME** and accessories you need to operate the item from a **DME** supplier. Your plan will cover either buying or renting the item, depending on which we think is more cost efficient. If you purchase **DME**, that purchase is only eligible for coverage if you need it for long-term use.

Coverage includes:

- One item of **DME** for the same or similar purpose.
- Repairing **DME** due to normal wear and tear. It does not cover repairs needed because of misuse or abuse.
- A new **DME** item you need because your physical condition has changed. It also covers buying a new **DME** item to replace one that was damaged due to normal wear and tear, if it would be cheaper than repairing it or renting a similar item.
- The fitting and adjustment of such **DME** items.

We:

- Assume no responsibility
- Make no express or implied warranties

concerning the outcome of any covered **DME** items.

We reserve the right to limit the payment of charges up to the most cost-efficient and least restrictive level of service or item that can be safely and effectively provided. It is our decision whether to rent or purchase the **DME** item.

Coverage is limited to one item of equipment, for the same or similar purpose and the accessories needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment that you purchase or rent for personal convenience or mobility.

Your plan only covers the same type of **DME** that **Medicare** covers. But there are some **DME** items **Medicare** covers that your plan does not.

The following are not covered under this benefit:

- Whirlpools
- Portable whirlpool pumps
- Sauna baths
- Massage devices
- Over bed tables
- Elevators
- Communication aids

- Vision aids
- Telephone alert systems
- Personal hygiene and convenience items such as air conditioners, humidifiers, hot tubs, or physical exercise equipment even if they are prescribed by a **physician**

Nutritional support

Eligible health services include medically necessary food ordered by a **physician.**

For purposes of this benefit, "medically necessary food" means food, including a low protein modified food product, an amino acid preparation product, a modified fat product, or a nutritional formula that is specially formulated and processed for the partial or exclusive feeding of an individual by means of oral intake or enteral feeding by tube. It is intended for dietary management of an individual who, because of therapeutic or chronic medical needs, has limited or impaired capacity to ingest, digest, absorb, or metabolize ordinary foodstuffs or certain nutrients or who has other specially medically determined nutrient requirements, the dietary management of which cannot be achieved by modification of the normal diet alone.

Low protein modified food product" means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a **physician** for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

The following are not covered under this benefit:

- Any food item, including infant formulas, nutritional supplements, vitamins, plus **prescription** vitamins, medical foods and other nutritional items, even if it is the sole source of nutrition, except as described above

Osteoporosis (non-preventive care)

Eligible health services include the diagnosis, treatment and management of osteoporosis by a **physician**. The services include Food and Drug Administration approved technologies, including bone mass measurement.

Prosthetic devices

Eligible health services include the initial provision and subsequent replacement of a prosthetic device that your **physician** orders and administers.

Prosthetic device means:

- A device that temporarily or permanently replaces all or part of an external body part lost or impaired as a result of **illness** or **injury** or congenital defects

Coverage includes:

- The prosthetic device
- Repairing or replacing the original device you outgrow or that is no longer appropriate because your physical condition changed
- Replacements required by ordinary wear and tear or damage
- The fitting, instruction and other services (such as attachment or insertion) so you can properly use the device

The following are not covered under this benefit:

- Services covered under any other benefit
- Orthopedic shoes, therapeutic shoes, foot orthotics, or other devices to support the feet, unless required for the treatment of or to prevent complications of diabetes, or if the orthopedic shoe is an integral part of a covered leg brace
- Trusses, corsets, and other support items
- Repair and replacement due to loss, misuse, abuse or theft
- Communication aids
- Cochlear implants

Hearing aids

Eligible health services include prescribed hearing aids and hearing aid services as described below.

Hearing aid means:

- Any wearable, non-disposable instrument or device designed to aid impaired human hearing
- Parts, attachments, or accessories

Hearing aid services are:

- Audiometric hearing exam and evaluation for a hearing aid **prescription** performed by:
  - A **physician** certified as an otolaryngologist or otologist
  - An audiologist who is legally qualified in audiology, or holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association in the absence of any licensing requirements; and who performs the exam at the written direction of a legally qualified otolaryngologist or otologist
- Electronic hearing aids, installed in accordance with a **prescription** written during a covered hearing exam
- Any other related services necessary to access, select and adjust or fit a hearing aid

Hearing aids alternate treatment rule

Sometimes there are several types of hearing aids that can be used to treat a medical condition, all of which provide acceptable results. When alternate hearing aids can be used, the plan's coverage may be limited to the cost of the least expensive device that is:

- Customarily used nationwide for treatment and
- Deemed by the medical profession to be appropriate for treatment of the condition in question. The device must meet broadly accepted standards of medical practice for your physical condition.

You should review the differences in the cost of alternate treatment with your **physician**. Of course, you and your **physician** can still choose the more costly treatment method. You are responsible for any charges in excess of what the plan will cover for hearing aids.

The following are not covered under this benefit:

- A replacement of:
  - A hearing aid that is lost, stolen or broken
  - A hearing aid installed within the prior 36 month period
- Replacement parts or repairs for a hearing aid
- Batteries or cords

- Cochlear implants
- A hearing aid that does not meet the specifications prescribed for correction of hearing loss
- Any ear or hearing exam performed by a **physician** who is not certified as an otolaryngologist or otologist

Hearing exams

Eligible health services include hearing exams for evaluation and treatment of **illness**, **injury** or hearing loss when performed by a hearing **specialist**.

The following are not covered under this benefit:

- Hearing exams given during a **stay** in a **hospital** or other facility, except those provided to newborns as part of the overall **hospital stay**

Podiatric (foot care) treatment

Eligible health services include non-routine foot care for the treatment of **illness** or **injury** of the feet by **physicians** and **health professionals**.

Non-routine treatment means:

- It would be hazardous for you if someone other than a **physician** or **health professional** provided the care
- You have an **illness** that makes the non-routine treatment essential
- The treatment is routine foot care but it's part of an **eligible health service** (e.g., debriding of a nail to expose a subungual ulcer, or treatment of warts)
- The treatment you need might cause you to have a change in your ability to walk.

The following are not covered under this benefit:

- Services and supplies for:
  - The treatment of calluses, bunions, toenails, flat feet, hammertoes, fallen arches
  - The treatment of weak feet, chronic foot pain or conditions caused by routine activities, such as walking, running, working or wearing shoes
  - Supplies (including orthopedic shoes), foot orthotics, arch supports, shoe inserts, ankle braces, guards, protectors, creams, ointments and other equipment, devices and supplies
  - Routine pedicure services, such as cutting of nails, corns and calluses when there is no **illness** or **injury** of the feet

Telemedicine

Eligible health services include **telemedicine** consultations when provided by a **physician**, **specialist**, **behavioral health provider telemedicine provider** acting within the scope of their license.

Vision care

Pediatric vision care

Routine vision exams

Eligible health services include a routine vision exam provided by an ophthalmologist or optometrist. The exam will include refraction and glaucoma testing.

Vision care services and supplies

Eligible health services include:

- Office visits to an ophthalmologist, optometrist or optician related to the fitting of **prescription** contact lenses

- Eyeglass frames, **prescription** lenses or **prescription** contact lenses that are identified as preferred by a vision **provider**
- Eyeglass frames, **prescription** lenses or **prescription** contact lenses that are identified as non-preferred by a vision **provider**
- Non-conventional **prescription** contact lenses that are required to correct visual acuity to 20/40 or better in the better eye and that correction cannot be obtained with conventional lenses
- Aphakic **prescription** lenses prescribed after cataract **surgery** has been performed
- Low vision services including comprehensive low vision evaluations and prescribed optical devices, such as high-power spectacles, magnifiers, and telescopes

In any one **policy year**, this benefit will cover either **prescription** lenses for eyeglass frames or **prescription** contact lenses, but not both.

The following are not covered under this benefit:

- Eyeglass frames, non-prescription lenses and non-prescription contact lenses that are for **cosmetic** purposes

Adult vision care

Routine vision exams

Eligible health services include a routine vision exam provided by an ophthalmologist or optometrist. The exam will include refraction and glaucoma testing.

Vision care services and supplies

Eligible health services include:

- Office visits to an ophthalmologist, optometrist or optician related to the fitting of **prescription** contact lenses

The following are not covered under this benefit:

Adult vision care

- Eyeglass frames, non-prescription lenses and non-prescription contact lenses that are for **cosmetic** purposes

Adult vision care services and supplies

- Special supplies such as non-prescription sunglasses
- Special vision procedures, such as orthoptics or vision therapy
- Eye exams during your **stay** in a **hospital** or other facility for health care
- Eye exams for contact lenses or their fitting
- Eyeglasses or duplicate or spare eyeglasses or lenses or frames
- Replacement of lenses or frames that are lost or stolen or broken
- Acuity tests
- Eye **surgery** for the correction of vision, including radial keratotomy, LASIK and similar procedures
- Services to treat errors of refraction

9. Outpatient prescription drugs

Prescription drugs

Read this section carefully. This plan does not cover all **prescription drugs** and some coverage may be limited. This doesn't mean you can't get **prescription drugs** that aren't covered; you can, but you have to pay for them yourself. For more information about **prescription drug** benefits, including limits, see the schedule of benefits.

Important note:
A **pharmacy** may refuse to fill or refill a **prescription** when, in the professional judgement of the pharmacist, it should not be filled or refilled.

Your plan provides standard safety checks to encourage safe and appropriate use of medications. These checks are intended to avoid adverse events and align with the medication's U.S. Food and Drug Administration (FDA) approved prescribing information and current published clinical guidelines and treatment standards. These checks are routinely updated as new medications come to market and as guidelines and standards are updated.

Eligible health services are based on the drugs in the **drug guide**. Your cost may be higher if you're prescribed a **prescription drug** that is not listed in the **drug guide**. You can find out if a **prescription drug** is covered; see the *How to contact us for help* section.

Eligible health services are based on the drugs in the **drug guide**. We exclude **prescription drugs** listed on the formulary exclusions list unless we approve a medical exception. The formulary exclusions list is a list of **prescription drugs** not covered under the plan. This list is subject to change. If it is **medically necessary** for you to use a **prescription drug** that is not on this **drug guide**, you or your **provider** must request a medical exception. See the *Requesting a medical exception* section or just contact us.

Your **provider** can give you a **prescription** in different ways including:

- A written **prescription** that you take to an **in-network pharmacy**
- Calling or e-mailing a **prescription** to an **in-network pharmacy**
- Submitting the **prescription** to an **in-network pharmacy** electronically

The **pharmacy** may substitute a **generic prescription drug** for a **brand-name prescription drug**. Your cost share may be less if you use a generic drug when it is available.

Any **prescription drug** made to work beyond one month shall require the **copayment** amount that equals the expected duration of the medication.

Prescription drug synchronization

If you are prescribed multiple maintenance medications and would like to have them each dispensed on the same fill date for your convenience, your **in-network pharmacy** may be able to coordinate that for you. This is called synchronization. We will apply a prorated daily cost share rate to a partial fill of a maintenance drug, if needed, to synchronize your **prescription drugs**.

How to access in-network pharmacies

An **in-network pharmacy** will submit your claim. You will pay your cost share to the **pharmacy**. You can find an **in-network pharmacy** either online or by phone. See the *How to contact us for help* section. You may go to any of our **in-network pharmacies**.

Pharmacy types

Retail pharmacy

A **retail pharmacy** may be used for up to a 30 day supply of a **prescription drug**.

Mail order pharmacy

The drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition. A **mail order pharmacy** may be used for up to a 90 day supply of a **prescription drug**.

Prescriptions can be filled at an in-network **mail order pharmacy**.

Specialty pharmacy

A **specialty pharmacy** may be used for up to a 30 day supply of a **specialty prescription drug**. You can view the list of **specialty prescription drugs**. See the *How to contact us for help* section.

Prescription drugs covered by this plan are subject to misuse, waste, or abuse utilization review by us, your **provider**, and/or your **in-network pharmacy**. The outcome of this review may include:

- Limiting coverage of a drug to one prescribing **provider** or one **in-network pharmacy**
- Quantity, dosage or day supply limits
- Requiring a partial fill or denial of coverage

How to access out-of-network pharmacies

You can directly access an **out-of-network pharmacy** to get covered outpatient **prescription drugs**.
When you use an **out-of-network pharmacy**, you pay your in-network **copayment** or **coinsurance** then you pay any remaining **deductible** and then you pay your out-of-network **coinsurance**. If you use an **out-of-network pharmacy** to obtain outpatient **prescription drugs**, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your in-network outpatient **prescription drug** cost share
- Paying any applicable out-of-network outpatient **prescription drug deductible**
- Your out-of-network **copayment**
- Your out-of-network **coinsurance**
- Any charges over the **recognized charge**
- Submitting your own claims

Other covered services

Abortion drugs

Eligible health services include **prescription drugs** used for elective termination of pregnancy.

Anti-cancer drugs taken by mouth

Eligible health services include any drug prescribed for cancer treatment, including chemotherapy drugs. The drug must be recognized for treating cancer in standard reference materials or medical literature even if it isn't approved by the FDA for this treatment.

Contraceptives (birth control)

For females who are able to become pregnant, **eligible health services** include certain drugs and devices that the FDA has approved to prevent pregnancy. You will need a **prescription** from your **provider** and must fill it at an **in-network pharmacy**. At least one form of each FDA-approved contraception method is an **eligible health service**. You can access a list of covered drugs and devices. See the *How to contact us for help* section.

We also cover over-the-counter (OTC) and **generic prescription drugs** and devices for each method of birth control approved by the FDA at no cost to you. If a generic drug or device is not available for a certain method, we will cover the **brand-name prescription drug** or device at no cost share.

Preventive contraceptives important note:
You may qualify for a medical exception if your **provider** determines that the contraceptives covered as preventive **eligible health services** under the plan are not medically appropriate for you. Your **provider** may request a medical exception and submit it to us for review. If the exception is approved, the **brand-name prescription drug** contraceptive will be covered at 100%.

Immunizations
Eligible health services include preventive immunizations as required by the ACA when given by an **in-network pharmacy**. You can find a participating **in-network pharmacy** by contacting us. Check with the **pharmacy** before you go to make sure the vaccine you need is in stock. Not all **pharmacies** carry all vaccines.

Preventive care drugs and supplements
Eligible health services include preventive care drugs and supplements, including OTC ones, as required by the ACA.

Risk reducing breast cancer prescription drugs
Eligible health services include **prescription drugs** used to treat people who are at:
- Increased risk for breast cancer
- Low risk for medication side effects

Tobacco cessation prescription and OTC drugs
Eligible health services include FDA approved **prescription** and OTC drugs to help stop the use of tobacco products. You must receive a **prescription** from your **provider** and submit the **prescription** to the **pharmacy** for processing.

Outpatient prescription drug exclusions
The following are not **eligible health services**:
- Any services related to providing, injecting or application of a drug
- Compounded **prescriptions** containing bulk chemicals not approved by the FDA including compounded bioidentical hormones
- **Cosmetic** drugs including medication and preparations used for **cosmetic** purposes
- Devices, products and appliances unless listed as an **eligible health service**
- Dietary supplements including medical foods
- Drugs or medications:
  - Administered or entirely consumed at the time and place they are prescribed or provided
  - Which do not require a **prescription** by law, even if a **prescription** is written, unless we have approved a medical exception
  - That are therapeutically the same or an alternative to a covered **prescription drug**, unless we approve a medical exception
  - Not approved by the FDA or not proven safe or effective
  - Provided under your medical plan while inpatient at a healthcare facility
  - Recently approved by the FDA but not reviewed by our Pharmacy and Therapeutics Committee, unless we have approved a medical exception
  - That include vitamins and minerals unless recommended by the United States Preventive Services Task Force (USPSTF)

- That are used to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity or alter the shape or appearance of a sex organ unless listed as an **eligible health service**
- That are indicated or used for the purpose of weight gain or loss including but not limited to stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food or food supplements, non-prescription appetite suppressants or other medications except as described in the certificate
- That are drugs or growth hormones used to stimulate growth and treat idiopathic short stature, unless there is evidence that the **covered person** meets one or more clinical criteria detailed in our **precertification** and clinical policies

- Duplicative drug therapy; for example, two antihistamines for the same condition
- Genetic care including:
  - Any treatment, device, drug, service or supply to alter the body's genes, genetic makeup or the expression of the body's genes unless listed as an **eligible health service**
- Immunizations related to travel or work
- Immunization or immunological agents except as specifically stated in the schedule of benefits or the certificate
- Implantable drugs and associated devices except as specifically stated in the schedule of benefits or the certificate
- Injectables including:
  - Any charges for the administration or injection of **prescription drugs**
  - Needles and syringes except for those used for insulin administration
  - Any drug which, due to its characteristics as determined by us, must typically be administered or supervised by a qualified **provider** or licensed certified **health professional** in an outpatient setting with the exception of Depo Provera and other **injectable drugs** for contraception
- Off-label drug use except for indications recognized through peer-reviewed medical literature
- **Prescription drugs**:
  - That are ordered by a **dentist** or prescribed by an oral surgeon in relation to the removal of teeth or **prescription drugs** for the treatment of a dental condition
  - That are considered oral dental preparations and fluoride rinses except pediatric fluoride tablets or drops as specified on the plan's **drug guide**
  - That are used for the purpose of improving visual acuity or field of vision
  - That are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, or drugs obtained for use by anyone other than the person identified on the ID card
- **Prescription drugs** indicated for the purpose of weight loss.
- Replacement of lost or stolen **prescriptions**
- Test agents except diabetic test agents
- Tobacco cessation drugs, unless recommended by the USPSTF
- We reserve the right to exclude:
  - A manufacturer's product when the same or similar drug (one with the same active ingredient or same therapeutic effect), supply or equipment is on the plan's **drug guide**
  - Any dosage or form of a drug when the same drug is available in a different dosage or form on the plan's **drug guide**

Where your schedule of benefits fits in

You are responsible for paying your part of the cost sharing. The schedule of benefits shows any benefit limitations and any out-of-pocket costs you are responsible for. Keep in mind that you are responsible for costs not covered under this plan.

Your outpatient **prescription drug** costs are based on:

- The type of **prescription drug** you are prescribed
- Where you fill your **prescription**

How your copayment works

Your **copayment** is the amount you pay for each **prescription** fill or refill. Your schedule of benefits shows you which **copayments** you need to pay for specific **prescription** fills or refills. You will pay any cost sharing directly to the **in-network pharmacy**.

What your plan doesn't cover – general exclusions

General exclusions

The following are not **eligible health services** under your plan:

Behavioral health treatment

- Services for the following based on categories, conditions, diagnoses or equivalent terms as listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association:
  - School and/or education service including special education, remedial education, wilderness treatment programs, or any such related or similar programs
  - Services provided in conjunction with school, vocation, work or recreational activities
  - Transportation

Blood and blood products

- Blood, blood products, and related services that are supplied to your **provider** free of charge

Cosmetic services and plastic surgery

- Any treatment, **surgery** (**cosmetic** or plastic), service or supply to alter, improve or enhance the shape or appearance of the body, except where described in the *Eligible health services and exclusions* section

Court-ordered testing

- Court-ordered testing or care unless **medically necessary**

Custodial care

Services and supplies meant to help you with activities of daily living or other personal needs.
Examples of these are:

- Routine patient care such as changing dressings, periodic turning and positioning in bed
- Administering oral medications
- Care of a stable tracheostomy (including intermittent suctioning)
- Care of a stable colostomy/ileostomy
- Care of stable gastrostomy/jejunostomy/nasogastric tube (intermittent or continuous) feedings
- Care of a bladder catheter, including emptying or changing containers and clamping tubing
- Watching or protecting you
- **Respite care**, adult or child day care, or convalescent care
- Institutional care, including **room and board** for rest cures, adult day care and convalescent care
- Help with walking, grooming, bathing, dressing, getting in or out of bed, going to the bathroom, eating or preparing foods
- Any other services that a person without medical or paramedical training could be trained to perform
- For behavioral health (mental health treatment and **substance related disorder** treatment):
  - Services provided when you have reached the greatest level of function expected with the current level of care, for a specific diagnosis
  - Services given mainly to:
    - Maintain, not improve, a level of function
    - Provide a place free from conditions that could make your physical or mental state worse

Dental care for adults

- Dental services for adults including services related to:
  - The care, filling, removal or replacement of teeth and treatment of **injuries** to or diseases of the teeth
  - Dental services related to the gums
  - Apicoectomy (dental root resection)
  - Orthodontics
  - Root canal treatment
  - Soft tissue impactions
  - Alveolectomy
  - Augmentation and vestibuloplasty treatment of periodontal disease
  - False teeth
  - Prosthetic restoration of dental implants
  - Dental implants except when part of an approved treatment plan for an **eligible health service** described in the *Eligible health services and exclusions – Reconstructive surgery and supplies* section.

  This exception does not include removal of bony impacted teeth, bone fractures, removal of tumors, and odontogenic cysts.

Educational services

Examples of these are:

- Any service or supply for education, training or retraining services or testing. This includes:
  - Special education
  - Remedial education
  - Wilderness treatment programs (whether or not the program is part of a **residential treatment facility** or otherwise licensed institution)
  - Job training
  - Job hardening programs
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

Examinations

Any health or dental examinations needed:

- Because a third party requires the exam. Examples include examinations to get or keep a job, and examinations required under a labor agreement or other contract.
- To buy insurance or to get or keep a license.
- To travel.
- To go to a school, camp, sporting event, or to join in a sport or other recreational activity.

Experimental, investigational, or unproven

- **Experimental, investigational, or unproven** drugs, devices, treatments or procedures unless otherwise covered under clinical trials

Gene-based, cellular and other innovative therapies

Growth/Height care

- A treatment, device, drug, service or supply to increase or decrease height or alter the rate of growth
- **Surgical procedures**, devices and growth hormones to stimulate growth

Jaw joint disorder

- Non-surgical treatment of **jaw joint disorders**
- **Jaw joint disorder** treatment performed by prosthesis placed directly on the teeth, surgical and non-surgical medical and dental services, and diagnostic or therapeutic services related to **jaw joint disorders** including associated myofascial pain

This exclusion does not apply to **covered benefits** for treatment of **TMJ** and **CMJ** as described in the *Eligible health services and exclusions –Temporomandibular joint dysfunction (TMJ) and Craniomandibular joint dysfunction (CMJ) treatment* section.

Maintenance care

- Care made up of services and supplies that maintain, rather than improve, a level of physical or mental function, except for habilitation therapy services.

Medical supplies – outpatient disposable

- Any outpatient disposable supply or device. Examples of these include:
  - Sheaths
  - Bags
  - Elastic garments
  - Support hose
  - Bandages
  - Bedpans
  - Home test kits not related to diabetic testing
  - Splints
  - Neck braces
  - Compresses
  - Other devices not intended for reuse by another patient

Obesity surgery and services

- Weight management treatment or drugs intended to decrease or increase body weight, control weight or treat obesity, including morbid obesity except as described in the *Eligible health services and exclusions* section, including preventive services for obesity screening and weight management interventions. This is regardless of the existence of other medical conditions. Examples of these are:
  - Liposuction, banding, gastric stapling, gastric by-pass and other forms of bariatric **surgery**
  - **Surgical procedures**, medical treatments and weight control/loss programs primarily intended to treat, or are related to the treatment of obesity, including morbid obesity
  - Drugs, stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food supplements, appetite suppressants and other medications
  - Hypnosis, or other forms of therapy
  - Exercise programs, exercise equipment, membership to health or fitness clubs, recreational therapy or other forms of activity or activity enhancement

Other primary payer

- Payment for a portion of the charges that **Medicare** or another party is responsible for as the primary payer

Personal care, comfort or convenience items

- Any service or supply primarily for your convenience and personal comfort or that of a third party

Private duty nursing

Routine exams and preventive services and supplies

- Routine physical exams, routine eye exams, routine dental exams, routine hearing exams and other preventive services and supplies, except as specifically provided in the *Eligible health services and exclusions* section

Services not permitted by law

- Some laws restrict the range of health care services a **provider** may perform under certain circumstances or in a particular state. When this happens, the services are not covered by the plan.

Services provided by a family member

- Services provided by a spouse, civil union partner, domestic partner, parent, child, stepchild, brother, sister, in-law, or any household member

Sexual dysfunction and enhancement

- Except as required by law, any treatment, **prescription drug**, or supply to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including:
  - **Surgery**, **prescription drugs**, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity or alter the shape of a sex organ
  - Sex therapy, sex counseling, marriage counseling, or other counseling or advisory services

Sports

- Any services or supplies given by **providers** as a result from play or practice of collegiate or intercollegiate sports, not including intercollegiate club sports and intramurals

Strength and performance

- Services, devices and supplies such as drugs or preparations designed primarily to enhance your strength, physical condition, endurance or physical performance

Students in mental health field

- Any services and supplies provided to a **covered student** who is specializing in the mental health care field and who receives treatment from a **provider** as part of their training in that field

Telemedicine

- Services including:
  - Telephone calls
  - **Telemedicine** kiosks
  - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

Therapies and tests

- Full body CT scans
- Hair analysis
- Hypnosis and hypnotherapy
- Massage therapy, except when used for physical therapy treatment
- Sensory or hearing and sound integration therapy

Tobacco cessation

- Any treatment, drug, service or supply to stop or reduce smoking or the use of other tobacco products or to treat or reduce nicotine addiction, dependence or cravings, including, medications, nicotine patches and gum unless recommended by the United States Preventive Services Task Force (USPSTF). This also includes:
  - Counseling, except as specifically provided in the *Eligible health services and exclusions – Preventive care and wellness* section
  - Hypnosis and other therapies
  - Medications, except as specifically provided in the *Eligible health services and exclusions – Outpatient prescription drugs* section
  - Nicotine patches
  - Gum

Treatment in a federal, state, or governmental entity

- Any care in a **hospital** or other facility owned or operated by any federal, state or other governmental entity, unless coverage is required by applicable laws

Vision care for adults

- Routine vision exam provided by an ophthalmologist or optometrist, including refraction and glaucoma testing
- Vision care services and supplies

Voluntary sterilization

- Reversal of voluntary sterilization procedures, including related follow-up care

Wilderness treatment programs

See *Educational services* in this section

Work related illness or injuries

- Coverage available to you under workers' compensation or a similar program under local, state or federal law for any **illness** or **injury** related to employment or self-employment

Important note:
A source of coverage or reimbursement is considered available to you even if you waived your right to payment from that source. You may also be covered under a workers' compensation law or similar law. If you submit proof that you are not covered for a particular **illness** or **injury** under such law, then that **illness** or **injury** will be considered "non-occupational" regardless of cause.

Who provides the care

Just as the starting point for coverage under your plan is whether the services and supplies are **eligible health services**, the foundation for getting covered care is through our network of **providers**. This section tells you about in-network and **out-of-network providers**. This section also tells you about the role of **school health services**.

School health services

School health services can give you some of the care that you need. Contact them first before seeking care from other **providers**.

In-network providers

We have contracted with **providers** to provide **eligible health services** to you. These **providers** make up the network for your plan. For you to receive the in-network level of benefits you must use **in-network providers** for **eligible health services**. There are some exceptions:

- **Emergency services** – refer to the description of **emergency services** and urgent care in the *Eligible health services and exclusions* section
- Urgent care – refer to the description of **emergency services** and urgent care in the *Eligible health services and exclusions* section
- Transplants – see the description of transplant services in the *Eligible health services and exclusions – Specific conditions* section

You may select an **in-network provider** from the **directory** through your **Aetna** website at https://www.aetnastudenthealth.com. You can search our online **directory** for names and locations of **providers** or contact Member Services at the toll-free number in the *How to contact us for help* section.

You will not have to submit claims for treatment received from **in-network providers**. Your **in-network provider** will take care of that for you. And we will directly pay the **in-network provider** for what the plan owes.

Out-of-network providers

You also have access to **out-of-network providers.** This means you can receive **eligible health services** from an **out-of-network provider.** If you use an **out-of-network provider** to receive **eligible health services**, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your out-of-network **policy year deductible**
- Your out-of-network **coinsurance**
- Any charges over our **recognized charge**
- Submitting your own claims and getting **precertification**

Keeping a provider you go to now (continuity of care)

You may have to find a new **provider** when:

- You join the plan and the **provider** you have now is not in the network
- You are already covered under another **Aetna** plan and your **provider** stops being in our network

But in some cases, you may be able to keep going to your current **provider** to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

If this situation applies to you, contact us for details. If you are undergoing treatment for an acute or chronic condition and your **provider** didn't leave the network based on fraud or lack of quality standards, you'll be able to receive transitional care from your **provider** for a period up to 90 days from when we notified you of their network status or the end of your treatment, whichever is sooner.

If you are pregnant and have entered your second trimester, transitional care will be through the time required for postpartum care directly related to the delivery.

You will not be responsible for an amount that exceeds the cost share that would have applied had your **provider** remained in the network.

What the plan pays and what you pay

Who pays for your **eligible health services** – this plan, both of us, or just you? That depends. This section gives the general rule and explains these key terms:

- Your **policy year deductible**
- Your **copayments**
- Your **coinsurance**
- Your **maximum out-of-pocket limit**

We also remind you that sometimes you will be responsible for paying the entire bill – for example, if you get care that is not an **eligible health service**.

The general rule

When you get **eligible health services**:

- You pay for the entire expense up to any **policy year deductible** limit

And then

- The plan and you share the expense up to any **maximum out-of-pocket limit**. The schedule of benefits lists how much your plan pays and how much you pay for each type of health care service.

And then

- The plan pays the entire expense after you reach your **maximum out-of-pocket limit**

When we say "expense" in this general rule, we mean the **negotiated charge** for an **in-network provider**, and **recognized charge** for an **out-of-network provider**. See the *Glossary* section for what these terms mean.

See the schedule of benefits for any exceptions to this general rule.

Important exception – when your plan pays all

Under the in-network level of coverage, your plan pays the entire expense for all **eligible health services** under the *Preventive care and wellness* benefit.

Important exceptions – when you pay all

You pay the entire expense for an **eligible health service**:

- When you get a health care service or supply that is not **medically necessary.** See the *Medical necessity and precertification requirements* section.

- When your plan requires **precertification**, your **physician** requested it, we refused it, and you get an **eligible health service** without **precertification**. See the *Medical necessity and precertification requirements* section.

In all these cases, the **provider** may require you to pay the entire charge. Any amount you pay will not count towards your **policy year deductible** or towards your **maximum out-of-pocket limit**.

One more important exception – when you go to the emergency room

When you have to visit an emergency room for **emergency services**, the general rule described earlier doesn't apply.

Instead:

- You pay your initial share, a **copayment**, for each visit. The **copayment** amount is shown in the schedule of benefits.

And then

- If you haven't satisfied your **policy year deductible**, you pay any remaining expense for the visit, up to the amount of your **policy year deductible**.

And then

- Once the **policy year deductible** has been satisfied, the plan and you share the remaining expense up to any **maximum out-of-pocket limit**. The schedule of benefits lists what percentage of this remaining amount your plan pays. Your share is called **coinsurance**.

And then

- The plan pays any remaining expense after you reach your **maximum out-of-pocket limit**.

As with the general rule, when we say "expense" we mean the **negotiated charge** for an **in-network provider**, and **recognized charge** for an **out-of-network provider**.

Special financial responsibility

You are responsible for the entire expense of:

- Cancelled or missed appointments

Neither you nor we are responsible for:

- Charges for which you have no legal obligation to pay
- Charges that would not be made if you did not have coverage
- Charges, expenses, or costs in excess of the **negotiated charge** for in-network **covered benefits**
- Standby charges made by a **physician**

Where your schedule of benefits fits in

How your policy year deductible works

Your **policy year deductible** is the amount you need to pay for **eligible health services** per **policy year** before your plan begins to pay for **eligible health services**. Your schedule of benefits shows the **policy year deductible** amounts for your plan.

How your copayment works

Your **copayment** is the amount you pay for **eligible health services** after you have paid your **policy year deductible**. Your schedule of benefits shows you which **copayments** you need to pay for specific **eligible health services**.

How your maximum out-of-pocket limit works

You will pay your **policy year deductible**, **copayments**, and **coinsurance** up to the **maximum out-of-pocket limit** for your plan. Your schedule of benefits shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered benefits** for the remainder of that **policy year**.

Important note:
See the schedule of benefits for any **policy year deductibles**, **copayments**, **coinsurance**, **maximum out-of-pocket limit** and maximum age, visits, days, hours, admissions that may apply.

When you disagree - claim decisions and appeals procedures

In the previous section, we explained how you and we share responsibility for paying for your **eligible health services**.

When a claim comes in, we decide and tell you how you and we will split the expense. We also explain what you can do if you think we got it wrong.

Notice of claim
You must tell us in writing within 20 days after you have paid for a service covered under the **student policy**. If you do not tell us within the 20 days, you must do so as soon as possible.

Claim forms
Claim forms may be obtained from us or the **policyholder**. If we don't send you the forms within 15 days, you may send us the information to process your request for reimbursement. See how to submit a claim in the *Claim procedures* below.

Proof of loss
You must provide proof of loss no later than 90 days after the last date of service. If you are unable to do so, you must provide proof as soon as possible, but no later than 12 months after the last day of service.

Payment of claims
We will reimburse you for any payment you have made for services once we receive your proof of payment. If we will only pay a portion of a claim that you have paid, that portion will be paid once we receive your proof of payment. We will pay all benefits to the owner. If any accrued benefits are unpaid at the owner's death, we will pay them to the owner's estate or as otherwise required by law.

Claim procedures

These procedures apply to claims involving **out-of-network providers**.

Submit a claim

- You should notify and request a claim form from the **policyholder**
- The claim form will provide instructions on how to complete and where to send the form
- If you are unable to complete a claim form, you may send us:
  - A description of services
  - A bill of charges
  - Any medical documentation you received from your **provider**

Proof of loss (claim)

- Proof of loss is a completed claim form and any additional information required by us
- You or your **provider** must send us notice and proof within 12 months of the date you received services, unless you are legally unable to notify us

Benefit payment

- Written proof must be provided for all benefits
- If we challenge any portion of a claim, the unchallenged portion of the claim will be paid promptly after the receipt of proof of loss
- Benefits will be paid immediately, and no later than 30 days after the necessary proof to support the claim is received

Types of claims and communicating our claim decisions

You or your **provider** is required to send us a claim in writing. You can request a claim form from us. We will review that claim for payment to the **provider** or to you as appropriate.

There are different types of claims. The amount of time that we have to tell you about our decision on a claim depends on the type of claim. The section below will tell you about the different types of claims.

Urgent care claim

An urgent claim is one for which the **physician** treating you decides that a delay in getting medical care, could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. It could also be a situation in which you need care to avoid severe pain.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

Pre-service claim

A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we **precertify** them.

Post-service claim

A post service claim is a claim that involves health care services you have already received.

In this section, health care services mean services or supplies provided by a **physician** or other **health professional** for the prevention, care, diagnosis, or treatment of disease, pain, injury, deformity or other physical or **mental health disorder** including services mandated under Chapter 31 of Title 31 (coverage for the medical and psychological treatment of **substance related disorder** or **mental health disorder**).

Concurrent care claim extension

A concurrent care claim extension occurs when you ask us to approve more services than we already have approved. Examples are extending a **hospital stay** or adding a number of visits to a **provider**.

Concurrent care claim reduction or termination

A concurrent care claim reduction or termination occurs when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as **copayments**, **coinsurance** and **deductibles** that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

We may need to tell your **physician** about our decision on some types of claims, such as a concurrent care claim, or a claim when you are already receiving the health care services or are in the **hospital.**

Type of notice	Urgent care claim	Pre-service claim	Post-service claim	Concurrent care claim
Initial determination	72 hours	15 days	30 days	Urgent request: 24 hours Non-urgent request: 15 calendar days
Extension	None	15 days	15 days	Not applicable
Our additional information request to you	72 hours	15 days	30 days	Not applicable
Your response to our additional information request	48 hours	45 days	45 days	Not applicable

Important note for concurrent care urgent requests:
We have to receive the request at least 24 hours before the previously approved health care services end.

Adverse benefit determinations

We pay many claims at the full rate **negotiated charge** with **in-network provider** and the **recognized charge** with an **out-of-network provider**, except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we deny payment entirely. Any time we deny even part of the claim that is an "adverse benefit determination" or "adverse decision". It is also an "adverse benefit determination" if we rescind your coverage entirely.

If we make an adverse benefit determination, we will tell you in writing.

An adverse benefit determination may also be based on:

- Your eligibility for coverage
- Whether the service or supply is **experimental or investigational**
- The **medical necessity**, appropriateness, or level of care, or health care setting
- Whether a wellness incentive has been properly applied
- Whether you were given a reasonable alternate option for satisfying a wellness plan when required

The difference between a complaint and an appeal

A Complaint

You may not be happy about a **provider** or an operational issue, and you may want to complain. You can call Member Services at the toll-free number in the *How to contact us for help* section or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint**.** We will let you know if we need more information to make a decision.

An Appeal

You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us by calling Member Services at the toll-free number in the *How to contact us for help* section.

Appeals of adverse benefit determinations

You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination or by calling Member Services at the toll-free number in the *How to contact us for help* section. For a written appeal, you need to include:

- Your name
- The **policyholder's** name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form on our website or by calling Member Services at the toll-free number in the *How to contact us for help* section. The form will tell you where to send it to us. You can use an authorized representative at any level of appeal.

You can appeal two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Urgent care or pre-service claim appeals

If your claim is an urgent claim or a pre-service claim, your **provider** may appeal for you without having to fill out a form.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

Timeframes for deciding appeals

The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

Claim type	Decision timeframe	Extensions
Urgent care claim	36 hours	None
Pre-service claim	15 days	None
Post-service claim	30 days	None
Concurrent care claim	As appropriate to type of claim	As appropriate to type of claim

Exhaustion of appeals process

In most situations you must complete the appeal process with us before you can take these other actions:

- Appeal through an external review process
- Pursue arbitration, litigation or other type of administrative proceeding

But sometimes you do not have to complete the appeals process before you may take other actions. These situations are:

- You have an urgent claim or a claim that involves ongoing treatment. You can have your claim reviewed internally and at the same time through the external review process.
- We did not follow all of the claim determination and appeal requirements of the District of Columbia Department of Insurance, Securities and Banking. But you will not be able to proceed directly to external review if:
  - The rule violation was minor and not likely to influence a decision or harm you.
  - The violation was for a good cause or beyond our control.
  - The violation was part of an ongoing, good faith exchange between you and us.

You have the option to contact the District of Columbia Department of Insurance, Securities and Banking to request an investigation or file a complaint with the Department at any time during the internal claims appeal process.

External review

External review is a review done by people in an organization outside of **Aetna**. This is called an external review organization (ERO).

You have a right to external review only if:

- Our claim decision involved medical judgment
- We decided the service or supply is not **medically necessary** or not appropriate
- We decided the service or supply is **experimental, investigational, or unproven**
- You have received an adverse determination

You may also request external review if you want to know if the federal surprise bill law applies to your situation.

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the Request for External Review form at the final adverse determination level.

You must submit the Request for External Review Form:

- To District of Columbia Department of Insurance, Securities and Banking
- Within 4 months of the date you received the decision from us
- And you must include a copy of the notice from us and all other important information that supports your request

You will pay for any information that you send and want reviewed by the ERO. We will pay for information we send to the ERO plus the cost of the review.
District of Columbia Department of Insurance, Securities and Banking will:

- Contact the ERO that will conduct the review of your claim
- The ERO will:
  - Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review
  - Consider appropriate credible information that you sent
  - Follow our contractual documents and your plan of benefits
  - Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.

How long will it take to get an ERO decision?

We will tell you of the ERO decision not more than 45 calendar days after we receive your Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster external review decision. Your **provider** must call us or send us a Request for External Review Form.

There are two scenarios when you may be able to get a faster external review:

For initial adverse determinations
Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function or
- Be much less effective if not started right away (in the case of experimental or investigational treatment)

For final adverse determinations
Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function
- Be much less effective if not started right away (in the case of experimental or investigational treatment) or
- The final adverse determination concerns an admission, availability of care, continued **stay** or health care service for which you received **emergency services**, but have not been discharged from a facility

If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

If you are dissatisfied with the resolution reached through our internal grievance system regarding **medical necessity**, you may contact the Director, Office of the Health Care Ombudsman and Bill of Rights at the following:

For **medically necessary** cases:
District of Columbia Department of Health Care Finance
Office of the Health Care Ombudsman and Bill of Rights
One Judiciary Square
441 4th St. NW, Suite 250 North
Washington, DC 20001
Phone: 1 (877) 685-6391, (202) 724-7491
Fax: (202) 442-6724
Email: healthcareombudsman@dc.gov

In this section, Director means the Director of the Department of Health Care Finance.

If you are dissatisfied with the resolution reached through our internal grievance system regarding all other grievances, you may contact the Commissioner at the following:

For Non-**medically necessary** cases:
Commissioner
Department of Insurance, Securities and Banking
1050 First St. NE, Suite 801
Washington, DC 20002
Phone: (202) 727-8000
Fax: (202) 671-0650
Email: disbcomplaints@dc.gov

In this section, grievance means a written request by a member or a member representative for review of a decision of an insurer to deny, reduce, limit, terminate or delay a benefit to a member, including regarding:

- A determination about the **medical necessity**, appropriateness, or level of care, health care setting, or effectiveness of a treatment
- A determination as to whether treatment is **experimental**
- An insurer's decision to rescind coverage
- The failure to provide or make payment that is based on a determination of your eligibility to participate in a plan
- Whether a wellness incentive has been properly applied
- Whether you were given a reasonable alternate option for satisfying a wellness plan when required

In this section, a grievance decision means a determination accepting or denying the basis or requested remedy of the grievance.

Recordkeeping

We will keep the records of all complaints and appeals for at least 10 years.

Fees and expenses

We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.

Coordination of benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

Key terms

Here are some key terms we use in this section. These terms will help you understand this COB section.

Allowable expense means:

- A health care expense that any of your health plans cover to any degree. If the health care service is not covered by any of the plans, it is not an allowable expense. For example, **cosmetic surgery** generally is not an allowable expense under this plan.

In this section when we talk about "other plans" through which you may have other coverage for health care expenses, we mean:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Governmental benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

Different rules apply if you have **Medicare**. See the *How COB works with Medicare* section below for those rules.

Here's how COB works

- When this is your primary plan, we pay your medical claims first as if there is no other coverage
- When this is your secondary plan:
  - We calculate payment as if the primary plan does not exist. Then we reduce our payment based on any amount the primary plan paid.
  - We will never pay an amount that, together with payments from your other coverage, add up to more than 100% of the allowable submitted expenses.
  - Each family member has a separate benefit reserve for each **policy year**. The benefit reserve balance is:
    - The amount that the secondary plan saved due to COB
    - Used to cover any unpaid allowable expenses
    - Erased at the end of the year

Determining who pays

Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. A plan that does not contain a COB provision is always the primary plan.

COB rule	Primary plan	Secondary plan
Covered under this plan as a student or dependent	Plan covering you as a student	Plan covering you as a dependent
Child – parents married or living together	Plan of parent whose birthday (month and day) is earlier in the **calendar year** (Birthday rule)	Plan of parent whose birthday is later in the **calendar year**
Child – parents separated, divorced, or not living together	• Plan of parent responsible for health coverage in court order • Birthday rule applies if both parents are responsible or have joint custody in court order • Custodial parent's plan if there is no court order	• Plan of other parent • Birthday rule applies (later in the year) • Non-custodial parent's plan
Child – covered by individuals who are not parents (i.e., stepparent or grandparent)	Same rule as parent	Same rule as parent
Longer or shorter length of coverage	Plan that has covered you longer	Plan that has covered you for a shorter period of time
Other rules do not apply	Plans share expenses equally	Plans share expenses equally

How COB works with Medicare

This section explains how the benefits under this plan interact with benefits available under **Medicare**. Keep in mind, if you have **Medicare** you are not eligible to enroll in this plan. But you might get **Medicare** after you are already enrolled in this plan, so these rules will apply.

You have **Medicare** when you are entitled to premium-free **Medicare** Part A or enrolled in **Medicare** Part B or Premium Part A, or both, by reason of:

- Age
- Disability
- ALS / Lou Gehrig's disease or
- End stage renal disease (ESRD)

When you have **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, this plan is the primary plan, which means that the plan pays benefits before **Medicare** pays benefits. Sometimes, this plan is the secondary plan, and pays benefits after **Medicare**.

Who pays first?

- **Medicare** pays first when you have **Medicare** because of:
  - Age
  - Disability
  - ALS / Lou Gehrig's disease

- When you have **Medicare** because of ESRD:
  - We pay first for the first 3 months unless you take a self-dialysis course.
  - If you take a self-dialysis course, there is no **Medicare** waiting period and **Medicare** becomes primary payer on the first of the month of dialysis.
  - If a transplant takes place within the 3-month waiting period, **Medicare** becomes primary payer on the first of the month in which the transplant takes place.

ESRD important note:
If you have **Medicare** due to age and then later have it due to ESRD, **Medicare** will remain your primary plan and this plan will be secondary.

This plan is secondary to **Medicare** in all other circumstances.

How are benefits paid?

Plan status	How we pay
We are primary	We pay your claims as if there is no **Medicare** coverage.
Medicare is primary	We calculate our benefit as if there were no **Medicare** coverage. We reduce our benefit so that when combined with the **Medicare** payment, the total payment is no more than 100% of the allowable expense.

Other health coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly:

- **Online:** Log in to your **Aetna** member website at https://www.aetnastudenthealth.com. Select Find a Form, then select Your Other Health Plans.
- **By phone:** Call Member Services at the toll-free number in the *How to contact us for help* section.

Right to receive and release needed information

We have the right to release or obtain any information we need for COB purposes. That includes information we need to recover any payments from your other health plans.

Right to pay another carrier

Sometimes another plan pays something we would have paid under your plan. When that happens, we will pay your plan benefit to the other plan.

Right of recovery

If we pay more than we should have under the COB rules, we may recover the excess from:

- Any person we paid or for whom we paid or
- Any other plan that is responsible under these COB rules

When coverage ends

Coverage can end for a number of reasons. This section tells you how and why coverage ends and when you may still be able to continue coverage.

When will your coverage end?

Your coverage under this plan will end on the date of the first event to occur:

- This plan is discontinued
- The **student policy** ends
- You are no longer eligible for coverage
- The last day for which any required **premium** contribution has been paid
- The date you are no longer in an eligible class
- We end your coverage
- You become covered under another medical plan offered by the **policyholder**
- The date you withdraw from the school because of entering the armed forces of any country

Withdrawal from classes – leave of absence

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which **premium** payment has been received. No **premium** will be refunded.

Withdrawal from classes – other than leave of absence

- If you withdraw from classes within 31 days after the policy effective date, you will be considered ineligible for coverage. Your coverage will be terminated retroactively, and any **premium** paid will be refunded.
- If you withdraw from classes more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which **premium** payment has been received. No **premium** will be refunded.
- If you withdraw from classes to enter the armed forces of any country, your coverage will end as of the date of such entry. We will refund your **premium**, on a pro-rata basis, if you submit a written request within 90 days from the date you withdraw.

When will coverage end for any dependents?

Coverage for your dependent will end if:

- For a dependent child, on the first **premium** due date following the child's 26th birthday.
- Your dependent is no longer eligible for coverage.
- The date dependents are no longer an eligible class.
- You do not make the required **premium** contribution toward the cost of dependents' coverage.
- Your coverage ends for any of the reasons listed above.
- For your spouse, the date the marriage ends in divorce or annulment.
- They are covered under a continuation of coverage plan and it ends. Coverage for dependents ends on the date the continuation of coverage plan ends.

In addition, coverage for your domestic partner or civil union partner will end on the earlier of:

- The date this plan no longer allows coverage for domestic partners or civil unions.
- The date the domestic partnership or civil union ends. For domestic partnerships, you should provide the **policyholder** a completed and signed Declaration of Termination of Domestic Partnership.

What happens to your dependent coverage if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your plan coverage ends* section for more information.

Why would we suspend paying claims or end your coverage?

We will give you 30 days advance written notice if we suspend paying your claims because:

- You or your dependent do not cooperate or give facts that we need to administer the COB provisions.

We may immediately end your and your dependents coverage if:

- You commit fraud or intentionally misrepresent yourself when you applied for or obtained coverage. You can refer to the *General provisions – other things you should know- Honest mistakes and intentional deception* section for more information on rescissions.

On the date your coverage ends, we will refund to the **policyholder** any prepayments for periods after the date your coverage ended.

Special coverage options after your plan coverage ends

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have.

Continuation of coverage for other reasons

You can request an extension of coverage as we explain below**,** by calling Member Services at the toll-free number in the *How to contact us for help* section.

How can you extend coverage if you are totally disabled when coverage ends?

Your coverage may be extended if you or your dependents are totally disabled when coverage ends. Only the medical condition which caused the total disability is covered during your extension.

You are "totally disabled" if you cannot engage in most normal activities of a healthy person of the same age and gender.

Your dependent is "totally disabled" if that person cannot engage in most normal activities of a healthy person of the same age and gender.

You may extend coverage only for services and supplies related to the disabling condition until the earliest of:

- When you or your dependents are no longer totally disabled
- When you become covered by another health benefits plan or
- 12 months of coverage

How can you extend coverage when getting inpatient care when coverage ends?

Your coverage may be extended if you or your dependents are getting inpatient care in a **hospital** or **skilled nursing facility** when coverage ends.

Benefits are extended for the condition that caused the **hospital** or **skilled nursing facility stay** or for complications from the condition. Benefits aren't extended for other medical conditions.

You can continue to get care for this condition until the first to occur of:

- When you are discharged. Coverage will not end if you are transferred to another **hospital** or a **skilled nursing facility**.
- When you no longer need inpatient care.
- When you become covered by another health benefits plan.
- 12 months of coverage.

General provisions – other things you should know

Entire student policy

The **student policy** consists of several documents taken together. These documents are:

- The **policyholder's** application
- Your enrollment form**,** if the **policyholder** requires one
- The **student policy**
- The certificate(s) of coverage
- The schedule of benefits
- Any riders, endorsement, inserts, attachments, and amendments to the **student policy**, the certificate of coverage, and the schedule of benefits

Administrative provisions

How you and we will interpret this certificate

We prepared this certificate according to federal and state laws that apply. You and we will interpret it according to these laws. Also, you are bound by our interpretation of this certificate when we administer your coverage.

How we administer this plan

We administer this plan to comply with all applicable laws and regulations. We also apply policies and procedures we've developed to administer this plan.

Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. Even **in-network providers** are not our employees or agents.

Coverage and services

Your coverage can change

Your coverage is defined by the **student policy**. This document may have amendments and riders too. Under certain circumstances, we, the **policyholder** or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive **precertification**, **prescription** quantity limits or your cost share if you are affected. Only we may waive a requirement of your plan. No other person, including the **policyholder** or **provider**, can do this.

If your student status changes the amount of your coverage or benefit levels, the change will take effect on the date of the status change and the amount of coverage or benefit level will be changed to the new amount.

A retroactive change in your student status will not cause a retroactive change in your coverage.

If your dependent status changes the amount of your dependent coverage or benefit levels, the change will take effect on the date of the status change and the amount of coverage or benefit level will be changed to the new amount.

Physical examinations and autopsy

At our expense, we have the right to have a **physician** of our choice examine you. This will be done at all reasonable times while certification or a claim for benefits is pending or under review.

Records of expenses
You should keep complete records of your expenses. They may be needed for a claim.

Things that would be important to keep are:
- Names of **physicians** and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes and intentional deception
Honest mistakes
You or the **policyholder** may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in **premium** contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Intentional deception
If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:
- Loss of coverage, starting at some time in the past. This is called rescission.
- Loss of coverage going forward.
- Denial of benefits.
- Recovery of amounts we already paid.

We also may report fraud to criminal authorities.

Rescission means you lose coverage both going forward and going backward. If we paid claims for your past coverage, we will want the money back.

You have special rights if we rescind your coverage as follows:
- We will give you 30 days advance written notice of any rescission of coverage
- You have the right to an **Aetna** appeal
- You have the right to a third-party review conducted by an independent external review organization

Some other money issues
Legal action
You must complete the appeal process before you take any legal action against us for any expense or bill. See the *When you disagree - claim decisions and appeals procedures* section. You cannot take any action until 60 days after we receive written submission of claim.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Assignment of benefits
When you see an **in-network provider**, they will usually bill us directly. When you see an **out-of-network provider**, we may choose to pay you or to pay the **provider** directly. To the extent allowed by law, we will not accept an assignment to an **out-of-network provider**.

Financial sanctions exclusions

If coverage provided under this **student policy** violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **eligible health services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC). Visit https://www.treasury.gov/resource-center/sanctions/Pages/default.aspx to find out more.

Grace period

You have a grace period of 31 days after the due date for the payment of each contribution due after the first contribution payment. If contributions are not paid by the end of the grace period, your coverage will automatically terminate at the end of the grace period.

Payment of premium

The first **premium** payment is due on or before your **effective date of coverage**. **Premium** payments after the first one are due on the 1st of each month. This is the **premium** due date. **Premium** payments are due to us on or before this date.

Recovery of overpayments

We sometimes pay too much for **eligible health services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid, you or your **provider**, to return what we paid. If we don't do that, we have the right to reduce any future benefit payments by the amount we paid by mistake.

When you are injured

If someone else caused you to need care – say, a careless driver who injured you in a car crash – you may have a right to get money. We are entitled to that money, up to the amount we pay for your care. We have that right no matter who the money comes from – for example, the other driver, the **policyholder** or another insurance company.

To help us get paid back, you are doing four things now:

- Agreeing to repay us from money you receive because of your **injury**.
- Giving us the right to seek money in your name, from any person who causes you **injury** and from your own insurance. We can seek money only up to the amount we paid for your care.
- Agreeing to cooperate with us so we can get paid back in full. For example, you'll tell us within 30 days of when you seek money for your **injury** or **illness**. You'll hold any money you receive until we are paid in full. And you'll give us the right to money you get, ahead of everyone else.
- Agreeing to provide us notice of any money you will be receiving before pay out, or within 5 days of when you receive the money.

We don't have to reduce the amount we're due for any reason, even to help pay your lawyer or pay other costs you incurred to get a recovery.

Your health information

We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just contact us.

When you accept coverage under this plan, you agree to let your **providers** share information with us. We need information about your physical and mental condition and care.

Effect of benefits under other plans

Effect of a Health Maintenance Organization plan (an HMO Plan) or a Preferred Provider Organization plan (PPO plan) on coverage

If you have coverage under another group medical plan (such as an HMO or PPO plan) and that other plan denies coverage of benefits because you received the services or supplies outside of the plan's network geographic area, this student plan will cover those denied benefits as long as they are **covered benefits** under this plan. **Covered benefits** will be paid at the applicable level of benefits under the student plan.

Effect of prior coverage - transferred business

Prior coverage means:

- Any plan of student coverage that has been replaced by coverage under part or all of this plan.
- The plan must have been sponsored by the **policyholder** (e.g., transferred business).
- If you are eligible, the replacement can be complete, or in part for your eligible class. Any such plan is prior coverage if provided by another student contract or any benefit section of this plan.

If your coverage under any part of this plan replaces any prior coverage, any benefits provided under such prior coverage may reduce benefits payable under this plan. See the *General coverage provisions* section of the schedule of benefits.

A drug, device, procedure, supply, treatment, test, or technology is considered by us to be **experimental, investigational, or unproven** if any of the following apply:

- It hasn't been shown through well-conducted clinical trials or cohort studies published in peer-reviewed, evidence-based scientific literature to be safe and effective for treating or diagnosing the condition or illness for which it's meant.
  - A well-conducted clinical trial means a randomized, controlled trial where the experimental intervention is compared to a control group receiving care according to best practice and study participants are randomly assigned to the experimental or control group.
  - A well-conducted cohort study means a prospective cohort study from more than one institution where the experimental intervention is compared to a group of subjects receiving care according to best practice and where the comparison group is well matched to the experimental intervention group.
- There isn't FDA approval or clearance to market it for the proposed use.
- A national medical society, dental society, or regulatory agency has written that it's **experimental, investigational, or unproven**, or mainly for research purposes.
- It's the subject of a Phase I, Phase II, or the experimental or research arm of a Phase III clinical trial. The FDA and Department of Health and Human Services define these.
- Written procedures or consent form used by a facility **provider** says it's **experimental, investigational, or unproven**.

Generic prescription drug

An FDA-approved drug with the same intended use as the brand-name product. It is considered to be as effective as the brand-name product and offers the same:

- Dosage
- Safety
- Strength
- Quality
- Performance

Health professional

A person who is licensed, certified or otherwise authorized by law to provide health care services to the public. For example, **physicians**, nurses, **dental providers**, vision care **providers**, and physical therapists.

Home health aide

A **health professional** that provides services through a **home health care agency.** The services that they provide are not required to be performed by an **R.N.**, **L.P.N.**, or **L.V.N**. A **home health aide** primarily aids you in performing the normal activities of daily living while you recover from an **injury** or **illness**.

Home health care agency

An agency licensed, certified or otherwise authorized by applicable state and federal laws to provide home health care services, such as skilled nursing and other therapeutic services.

Home health care plan

A plan of services prescribed by a **physician** (or other **health professional**) to be provided in the home setting. These services are usually provided after your discharge from a **hospital** or if you are **homebound**.

Homebound

This means that you are confined to your home because:

- Your **physician** has ordered that you stay at home because of an **illness** or **injury**
- The act of transport would be a serious risk to your life or health

You are not **homebound** if:

- You do not often travel from home because you are feeble or insecure about leaving your home
- You are confined to a wheelchair but you can be transported by a vehicle that can safely transport you in a wheelchair

Hospice benefit period

A period that begins on the date your **physician** certifies that you have a **terminal illness**. It ends after 6 months (or later for which your treatment is certified) or on your death; if sooner.

Hospice care

Care designed to give supportive care to people in the final phase of a **terminal illness** and focus on comfort and quality of life, rather than cure.

Hospice care agency

An agency or organization licensed, certified or otherwise authorized by applicable state and federal laws to provide **hospice care**. These services may be available in your home or inpatient setting.

Hospice care program
A program prescribed by a **physician** or other **health professional** to provide **hospice care** and supportive care to their families.

Hospice facility
An institution specifically licensed, certified or otherwise authorized by applicable state and federal laws to provide **hospice care**.

Hospital
An institution licensed as a **hospital** by applicable law and accredited by The Joint Commission (TJC). This is a place that offers medical care. Patients can stay overnight for care. Or they can be treated and leave the same day. All **hospitals** must meet set standards of care. They can offer general or acute care. They can also offer service in one area, like rehabilitation.

Hospital stay
This is your **stay** of 18 or more hours in a row as a resident bed patient in a **hospital**.

Illness or illnesses
Poor health resulting from disease of the body or mind.

In-network dental provider
A **dental provider** listed in the **directory** for your plan.

In-network pharmacy
A **retail pharmacy**, **mail order pharmacy** or **specialty pharmacy** that has contracted with **Aetna**, an affiliate, or a third-party vendor, to provide outpatient **prescription drugs** to you.

In-network provider
A **provider** listed in the **directory** for your plan. However, a NAP **provider** listed in the NAP directory is not an **in-network provider**.

Injectable drug(s)
These are **prescription drugs** when an oral alternative drug is not available.

Injury or injuries
Physical damage done to a person or part of their body.

Institutes of Excellence™ (IOE) facility
A facility designated by **Aetna** in the **provider directory** as Institutes of Excellence **in-network provider** for specific services or procedures.

Intensive care unit
A ward, unit, or area in a **hospital** which is set aside to provide continuous specialized or intensive care services to your because your **illness** or **injury** is severe enough to require such care.

Jaw joint disorder

This is:

- A disorder of the jaw joint
- A Myofascial pain dysfunction (MPD) of the jaw
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves

L.P.N.

A licensed practical nurse or a licensed vocational nurse.

Mail order pharmacy

A **pharmacy** where **prescription drugs** are legally dispensed by mail or other carrier.

Maximum out-of-pocket limit

The maximum out-of-pocket amount for payment of **copayments** and **coinsurance** including any **policy year deductible**, to be paid by you or any **covered dependents** per **policy year** for **eligible health services**.

Medically necessary/Medical necessity

Health care services or supplies that prevent, evaluate, diagnose or treat an **illness**, **injury**, disease or its symptoms, and that are all of the following, as determined by us within our discretion:

- In accordance with "generally accepted standards of medical practice"
- Clinically appropriate, in terms of type, frequency, extent, site, place of service, duration, and considered effective for your **illness**, **injury** or disease
- Not primarily for your convenience, the convenience of your **physician**, or other health care **provider**
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your **illness**, **injury** or disease

Generally accepted standards of medical practice means:

- Standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community and
- Following the standards set forth in our clinical policies and applying clinical judgment

The fact that a **physician** may prescribe, authorize, or direct a service does not of itself make it **medically necessary** or covered by the group agreement.

Important note:
We develop and maintain clinical policy bulletins that describe the generally accepted standards of medical practice, credible scientific evidence, and prevailing clinical guidelines that support our decisions regarding specific services. We use these bulletins and other resources to help guide individualized coverage decisions under our plans and to determine whether an intervention is **medically necessary, experimental, investigational, or unproven**. They are subject to change. You can find these bulletins and other information at https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html. You can also contact us. See the *How to contact us for help* section.

Medicare
As used in this plan, **Medicare** means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare.**

Mental health disorder
A **mental health disorder** is, in general, a set of symptoms or behavior associated with distress and interference with personal function. A complete definition of **mental health disorder** is in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

Glossary N-Z

Negotiated charge
Health coverage
This is either:
- The amount an **in-network provider** has agreed to accept
- The amount we agree to pay directly to an **in-network provider** or third-party vendor (including any administrative fee in the amount paid)

for providing services, **prescription drugs** or supplies to **covered persons** in the plan. This does not include **prescription drug** services from an **in-network pharmacy**.

For surprise billing, calculations will be made based on the median contracted rate.

We may enter into arrangements with **in-network providers** or others related to:
- The coordination of care for **covered persons**
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:
- Value-based contracting
- Risk sharing

These arrangements will not change the **negotiated charge** under this plan.

Prescription drug coverage from an in-network pharmacy

In-network pharmacy
The amount we established for each **prescription drug** obtained from an **in-network pharmacy** under this plan. This **negotiated charge** may reflect amounts we agreed to pay directly to the **in-network pharmacy** or to a third-party vendor for the **prescription drug**, and may include a rebate, an additional service or risk charge set by us.

We may receive or pay additional amounts from or to third parties underprice guarantees. These amounts may change the **negotiated charge** under this plan.

Non-preferred drug
A **prescription drug** or device that may have a higher out-of-pocket cost than a **preferred drug**.

Out-of-network dental provider
A **dental provider** who is not an **in-network dental provider** and does not appear in the **directory** for your plan**.**

Out-of-network pharmacy
A **pharmacy** that is not an **in-network pharmacy** or National Advantage Program (NAP) **provider** and does not appear in the **directory** for your plan.

Out-of-network provider
A **provider** who is not an **in-network provider** or National Advantage Program (NAP) **provider** and does not appear in the **directory** for your plan.

Pharmacy
An establishment where **prescription drugs** are legally dispensed. This includes an in-network **retail pharmacy**, **mail order pharmacy** and **specialty pharmacy**. It also includes an out-of-network **retail pharmacy** and **mail order pharmacy**.

Physician
A skilled **health professional** trained and licensed to practice medicine under the laws of the state where they practice; specifically, doctors of medicine or osteopathy.

Policy year
This is the period of time from anniversary date to anniversary date of the **student policy** except in the first year when it is the period of time from the effective date to the first anniversary date.

Policy year deductible
The amount you pay for **eligible health services** per **policy year** before your plan starts to pay as listed in the schedule of benefits.

Policyholder
The school named on the front page of the **student policy** and your certificate of coverage and schedule of benefits for the purpose of coverage under the **student policy**.

Precertification, precertify
A requirement that you or your **physician** contact **Aetna** before you receive coverage for certain services. This may include a determination by us as to whether the service is **medically necessary** and eligible for coverage.

Preferred drug
A **prescription drug** or device that may have a lower out-of-pocket cost than a **non-preferred drug**.

Preferred in-network pharmacy
A network **retail pharmacy** that **Aetna** has identified as a **preferred in-network pharmacy.**

Premium
The amount you or the **policyholder** are required to pay to **Aetna**.

Prescription

As to hearing care:
A written order for the dispensing of **prescription** electronic hearing aids by otolaryngologist, otologist or audiologist.

*As to **prescription drugs**:*
A written order for the dispensing of a **prescription drug** or device by a **provider**. If it is a verbal order, it must promptly be put in writing by the **in-network pharmacy**.

As to vision care:
A written order for the dispensing of **prescription** lenses or **prescription** contact lenses by an ophthalmologist or optometrist.

Prescription drug

An FDA approved drug or biological which can only be dispensed by **prescription.**

Provider(s)

A **physician**, other **health professional**, **hospital**, **skilled nursing facility**, **home health care agency, pharmacy,** or other entity or person licensed or certified under applicable state and federal law to provide health care services to you. If state law does not specifically provide for licensure or certification, the entity must meet all **Medicare** accreditation standards (even if it does not participate in **Medicare**).

Psychiatric hospital

An institution licensed or certified as a **psychiatric hospital** by applicable laws to provide a program for the diagnosis, evaluation, and treatment of alcoholism, drug abuse or **mental health disorders** (including **substance related disorders**).

Recognized charge

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage.

The **recognized charge** depends on the geographic area where you receive the service or supply. The table below shows the method for calculating the **recognized charge** for specific services or supplies:

Professional services and other services or supplies not mentioned below	105% of the **Medicare** allowed rate
Services of **hospitals** and other facilities	140% of the **Medicare** allowed rate
Prescription drugs	100% of the average wholesale price (AWP)
Dental expenses	80% of the prevailing charge rate

Important note:
If the **provider** bills less than the amount calculated using the method above, the **recognized charge** is what the **provider** bills.

If your ID card displays the National Advantage Program (NAP) logo your cost may be lower when you get care from a NAP **provider**. NAP **providers** are **out-of-network providers** and third-party vendors that have contracts with us but are not **in-network providers**. Claims for services received from a NAP **provider** and paid at the NAP contracted rate are not subject to the federal surprise bill law.

Special terms used

- Average wholesale price (AWP) is the current average wholesale price of a **prescription drug** listed in the Facts and Comparisons, Medi-span weekly price updates (or any other similar publication chosen by **Aetna**).
- Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.
- **Medicare** allowed rates are the rates CMS establishes for services and supplies provided to **Medicare** enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If **Medicare** does not have a rate, we use one or more of the items below to determine the rate:
  - The method CMS uses to set **Medicare** rates
  - What other **providers** charge or accept as payment
  - How much work it takes to perform a service
  - Other things as needed to decide what rate is reasonable for a particular service or supply

  When the **recognized charge** is based on a percentage of the **Medicare** allowed rate, it is not affected by adjustments or incentives given to **providers** under **Medicare** programs.
- Prevailing charge rate is the percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we have the right to substitute a different database that we believe is comparable.

Our reimbursement policies

We reserve the right to apply our reimbursement policies to all out-of-network services including involuntary services. Our reimbursement policies may affect the **recognized charge**. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the **provider**

Our reimbursement policies are based on our review of:

- The Centers for **Medicare** and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice
- The views of **physicians** and **dentists** practicing in the relevant clinical areas

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

Get the most value out of your benefits
We have online tools to help you decide whether to get care and if so, where. Log in to your **Aetna** website at https://www.aetnastudenthealth.com. The website contains additional information that can help you determine the cost of a service or supply.

R.N.
A registered nurse.

Residential treatment facility
A facility that provides **mental health disorder** services or **substance related disorder** services and meets the following requirements:

- Is licensed and operated in accordance with applicable state and federal law
- Provides treatment under the direction of an appropriately licensed **physician** for the level of care provided
- Maintains a written treatment plan prepared by a licensed **behavioral health provider** (**R.N.** or master's level) requiring full-time residence and participation
- Has a licensed **behavioral health provider** (**R.N.** or master's level) on-site 24 hours per day 7 days per week
- And is:
  - Credentialed by us, or
  - Certified by **Medicare**, or

Respite care
This is care provided to you when you have a **terminal illness** for the sole purpose of providing temporary relief to your family (or other care givers) from the daily demands of caring for you**.**

Retail pharmacy
A community **pharmacy** that dispenses outpatient **prescription drugs**.

Room and board
A facility's charge for your overnight **stay** and other services and supplies expressed as a daily or weekly rate.

School health services
The **policyholder's** school's student health center or a **provider** or organization that is identified as a **school health services provider**. **School health services** is not credentialed by **Aetna**.

Semi-private room rate
An institution's **room and board** charge for most beds in rooms with 2 or more beds. If there are no such rooms, **Aetna** will calculate the rate based on the rate most commonly charged by similar institutions in the same geographic area.

Skilled nursing facility

A facility that provides skilled nursing care and meets the following requirements:

- Is licensed and operated in accordance with applicable state and federal law
- Provides treatment under the direction of an appropriately licensed **physician** for the level of care provided
- Maintains a written treatment plan prepared by a licensed **provider** (**R.N.** or master's level) requiring full-time residence and participation
- Has a licensed **provider** (**R.N.** or master's level) on-site 24 hours per day 7 days per week
- And is:
  - Credentialed by us, or
  - Certified by **Medicare**, or
  - Accredited by The Joint Commission (TJC) or The Committee on Accreditation of Rehabilitation Facilities (CARF)

Skilled nursing facilities also include rehabilitation **hospitals**, and portions of a rehabilitation **hospital** and a **hospital** designated for skilled or rehabilitation services.

Skilled nursing facility does not include institutions that provide only:

- Minimal care
- **Custodial care** services
- Ambulatory care
- Part-time care services

It does not include institutions that primarily provide for the care and treatment of **mental health disorders** or **substance related disorders**.

Skilled nursing services

Discount programs

Discount arrangements

We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called “third-party service providers”. These third-party service **providers** may pay us so that they can offer you their services.

Third-party service **providers** are independent contractors. The third-party service **provider** is responsible for the goods or services they deliver. We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don’t pay the third-party service **providers** for the services they offer. You are responsible for paying for the discounted goods or services.

Wellness and other incentives

We may encourage you to access certain medical services, use tools (online and others) that enhance your coverage and services, and to continue your participation in the **Aetna** plan through incentives. You and your **physician** can talk about these medical services and tools and decide if they are right for you. In connection with a wellness or health improvement program, including but not limited to financial wellness programs, we may provide incentives based on your participation.

Incentives may include but are not limited to:

- Modifications to **copayment**, **coinsurance**, or **policy year deductible** amounts
- **Premium** discounts or rebates
- Fitness center membership reimbursement
- Merchandise
- Coupons
- Gift cards
- Debit cards or
- Any combination of the above.

The award of any such incentive shall not depend upon the result of a wellness or health improvement activity or upon your health status.

Aetna Life Insurance Company

District of Columbia
Life & Health Insurance Guaranty
Association Act of 1992

SUMMARY OF GENERAL PURPOSES, COVERAGE LIMITATIONS, AND CONSUMER PROTECTIONS

General Purposes

Residents of the District of Columbia should know that licensed insurers or health maintenance organizations who sell health benefit plans, disability income insurance, long-term care insurance, life insurance, and annuities in the District of Columbia are members of the District of Columbia Life and Health Insurance Guaranty Association ("Guaranty Association").

The purpose of the Guaranty Association is to provide statutorily-determined benefits associated with covered policies and contracts in the unlikely event that a member insurer is unable to meet its financial obligations and is found by a court of law to be insolvent. When a member insurer is found by a court to be insolvent, the Guaranty Association will assess the other member insurers to satisfy the benefits associated with any outstanding covered claims of persons residing in the District of Columbia. However, the protection provided through the Guaranty Association is subject to certain statutory limits explained under the "Coverage Limitations" section, below. In some cases, the Guaranty Association may facilitate the reassignment of policies or contracts to other licensed insurance companies to keep the coverage in-force, with no change in contractual rights or benefits.

Coverage

The Guaranty Association, established pursuant to the Life and Health Guaranty Association Act of 1992 ("Act"), effective July 22, 1992 (D.C. Law 9-129; D.C. Official Code § 31 -5401 *et seq.*), provides insolvency protection for certain types of insurance policies and contracts. The insolvency protections provided by the Guaranty Association are generally conditioned on a person being 1) a resident of the District of Columbia and 2) either the individual insured or an owner under a health benefit plan, disability income insurance, long-term care insurance, life insurance, or annuity contract issued by a member insurer or the individual insured under a group policy insurance contract issued by a member insurer. Beneficiaries, payees, or assignees of District insureds are also generally covered under the Act, even if they reside in another state.

Coverage limitations

The Act also limits the amount the Guaranty Association is obligated to pay. The benefits for which the Guaranty Association may become liable shall be limited to the lesser of:

- The contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer; or

- With respect to any one life, regardless of the number of policies, contracts, or certificates:

» $300,000 in life insurance death benefits for any one life; including net cash surrender or net cash withdrawal values;

» $300,000 in the present value of annuity benefits, including net cash surrender or net cash withdrawal values;

» $300,000 in the present value of structured settlement annuity benefits, including net cash surrender or net cash withdrawal values;

» $300,000 for long-term care insurance benefits;

» $300,000 for disability income insurance benefits;

» $500,000 for health benefit plans;

» $100,000 for coverage not defined as disability income insurance; health benefit plans; or long-term care insurance including any net cash surrender and net cash withdrawal values.

In no event is the Guaranty Association liable for more than $300,000 in benefits with respect to any one life (except in the event of health benefit plans in which the Guaranty Association is liable for no more than $500,000).

Additionally, the Guaranty Association is not obligated to cover more than $5,000,000 for multiple non-group policies of life insurance with one owner, regardless of the number of policies owned.

Exclusions Examples

Policy or contract holders are not protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was domiciled in a state whose guaranty association law protects insureds that live outside of that state);

- Their insurer was not authorized to do business in the District of Columbia at the time the policy or contract was issued; or

- Their policy was issued by a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a risk retention group.

- The Guaranty Association also does not cover:

- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk;

- Any policy of reinsurance (unless an assumption certificate was issued);

- Any plan or program of an employer or association that provides life, health, or annuity benefits to its employees or members and is self-funded;

- Interest rate guarantees which exceed certain statutory limitations;

- Dividends, experience rating credits, or fees for services in connection with a policy;

- Credits given in connection with the administration of a policy by a group contract holder; or
- Unallocated annuity contracts.

Pursuant to the Act (D.C. Official Code § 31-5416), insurers are required to provide notice to policy and contract holders of the existence of the Guaranty Association and the amounts of coverage provided under the Act. Your insurer and agent are prohibited by law from using the existence of the Guaranty Association and the protection it provides to market insurance products. You should not rely on the insolvency protection provided under the Act when selecting an insurer or insurance product. If you have obtained this document from an agent in connection with the purchase of a policy or contract, you should be aware that such delivery does not guarantee that the Guaranty Association will cover your policy or contract. Any determination of whether a policy or contract will be covered will be determined solely by the coverage provisions of the Act.

This disclosure is intended to summarize the general purpose of the Act and does not address all the provisions of the Act. Moreover, the disclosure is not intended and should not be relied upon to alter any rights established in any policy or contract or under the Act.
