Who is eligible?

All students enrolled in the College of Arts and Science (CAS) are required to maintain health insurance coverage, either through the Student Health Insurance Plan or through a comparable individual or family insurance plan. Students enrolled in all other schools who are taking six or more credits—including those in Business and Graduate Studies (BGS), the School of Education (EDU), the School of Professional Studies (SPS), and the School of Nursing and Health Professionals (except students who originally entered as CAS students)—may choose to enroll in the Student Health Insurance Plan on a voluntary basis.

You must actively attend classes for at least the first 31 days after the date your coverage becomes effective. You cannot meet this eligibility requirement if you take courses through:

- Home study
- Correspondence
- The internet
- Television (TV).

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary pre-certification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not pre-certify when required, there is a \$500 penalty for each type of eligible health service that was not pre-certified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to <https://www.aetnastudenthealth.com>.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. You, your physician or the facility must call us within these timelines:

Non-emergency admissions	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted.
Urgent admission	Call before you are scheduled to be admitted.
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment is scheduled

An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.

We will provide a written notification to you and your physician of the pre-certification decision, where required by state law and within the time frame specified by state law. If your pre-certified services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

CVS Virtual Care®

From everyday illnesses and chronic conditions to mental health support, we've got your back. Once you tell us what you need, we'll connect you with trusted, in-network providers so you can schedule a virtual visit. Most mental health visits are available within two weeks. You can access 24/7 care through our virtual clinic. General Care: 100% coverage. Behavioral Health: See the schedule of benefits for more information. Go to www.cvs.com/virtual-care to register and schedule an appointment.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <https://www.aetnastudenthealth.com>.
