This Certificate is issued by 4 Ever Life International Limited ("Insurer"), an Independent Licensee of the Blue Cross Blue Shield Association, through a Policy issued to the Global Citizens Association (the "Group"). The Insurer will use a third-party Administrator to perform certain of its duties on its behalf. The Group and the Participant are hereby notified of the use of Worldwide Insurance Services, LLC d/b/a Blue Cross Blue Shield Global SolutionsSM (BCBS Global SolutionsSM) as its Administrator.

Important Trademark and Licensure Disclosures: Blue Cross Blue Shield Global Solutions is the trade name of Worldwide Insurance Services, LLC (Blue Cross Blue Shield Global Solutions Insurance Services in California and BCBS Global Solutions Insurance Services in New York), an independent licensee of Blue Cross and Blue Shield Association (BCBSA). Blue Cross Blue Shield Global Solutions is a Brand owned by the BCBSA. 4 Ever Life International Limited and BCBS Global Solutions are Independent Licensees of the BCBSA. The Licensees are not contracting as an agent of BCBSA, and no person, entity or organization other than the Licensees shall be held accountable or liable for any of the Licensee's obligations under this agreement.

The benefits of this Certificate are provided only for those services that the Insurer determines are Medically Necessary and for which the Covered Person has benefits. The fact that a Physician prescribes or orders a service does not, by itself, mean that the service is Medically Necessary or that the service is a Covered Expense. The benefits and services listed in this Certificate will be provided for Covered Persons for a covered Illness, Injury, or condition, subject to all of the terms and conditions of this Certificate. The Covered Person may consult this Certificate or telephone/email the Administrator at the number/email address shown on their identification card if they have any questions about whether services are covered.

This Certificate contains many important terms (such as "Medically Necessary" and "Covered Expense") that are defined in the Definitions sections and capitalized throughout this Certificate. Before reading through this Certificate, consult Definitions for the meanings of these words as they pertain to this Certificate.

Note: whenever coverage provided under this Certificate would be in violation of any U.S. economic or trade sanctions, such coverage shall be null and void. Any payments under this Certificate will only be made in full compliance with all United States of America economic or trade sanction laws or regulations, including, but not limited to, sanctions, laws and regulations administered and enforced by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"). In addition, We will not cover any person as an Insured Person if such cover would result in We being exposed to any sanctions, prohibitions or restrictions under United Nations resolutions or the trade or economic sanctions, laws, or regulations of the European Union or the United Kingdom. Therefore, any expenses incurred, or claims made involving travel, that are in violation of such sanctions, laws and regulations will not be covered under the Certificate. For more information, you can consult the OFAC internet website at www.treas.gov/resource-center/sanctions or a BCBS Global Solutions representative.

**SECTION 2
SPECIAL PLAN PROVISIONS**

Services Available in Conjunction with Your Medical Plan

The following pages describe helpful services available in conjunction with Your medical plan. You can access these services by calling the toll-free number shown on the back of Your ID card.

Pre-certification, Continued Stay Review, and Case Management services are performed through a utilization review program by a Review Organization with which 4 Ever Life International and its Administrator have contracted.

Pre-certification/Pre-certify

Certain services require Pre-certification by Us. The term Pre-certification means the approval that a Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this Certificate. Pre-certification is a process that helps you and your physician determine whether the services being recommended are covered expenses under the plan. It also allows Us to help Your Provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

The Pre-certification Process

Prior to being hospitalized or receiving certain other medical services or supplies there are certain Pre-certification procedures that must be followed.

You do not need to Pre-certify services provided by a network provider. Network providers will be responsible for obtaining necessary Pre-certification for you. Since pre-certification is the provider's responsibility, there is no additional out-of-pocket cost to you because of a network provider's failure to pre-certify services.

When You go to an out-of-network provider, it is Your responsibility to obtain pre-certification from Us for any services or supplies on the pre-certification listed in this section. If you do not Pre-certify, your benefits may be reduced, You may incur a penalty, or the plan may not pay any benefits. You or a member of your family, a hospital staff member, or the attending physician, must notify Us to Pre-certify the admission or medical services and expenses prior to receiving any of the services or supplies that require pre-certification pursuant to this Booklet-Certificate in accordance with the following timelines:

Pre-certification should be secured within the timeframes specified below. To obtain Pre-certification, call Us at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request Pre-certification at least 14 days before the date You are scheduled to be admitted.
For an emergency outpatient medical condition:	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness; the diagnosis of an illness; or an injury.
For outpatient non-emergency medical services, equipment or supplies, or for all other medical services requiring Pre-certification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Services and Supplies that Require Pre-certification

Some services or supplies in this list may not be covered by the Plan. Please check the benefits as listed in the Schedule of Benefits and the Exclusions and Limitations listed.

Pre-certification is required for the following types of medical expenses:

- All Inpatient Hospital services, including: acute habilitation admissions; elective surgical and nonsurgical inpatient admissions; inpatient hospice admissions; long term acute care facility admissions; skilled nursing facility admissions.
- Stays in a residential treatment facility for treatment of mental disorders, alcoholism or drug abuse treatment.
- Home Health Care Services.
- Maternity Services.
- Outpatient facility services.
- Chemotherapy.
- Outpatient private duty nursing.
- Intensive Outpatient programs including those for mental health or substance abuse treatments.
- Advanced radiological imaging, including CT and CTA scans, MRAs and MRIs, PET and PETT scans.
- Elective/non-emergency ground, air and sea ambulance transportation.
- Reconstructive procedures that might be considered cosmetic procedures: examples include, but are not limited to: blepharoplasty, bone grafts, breast reconstruction, gender reassignment surgery, rhinoplasty, surgery for varicose veins.
- Any procedure, device or service that may be conserved experimental or investigational including: new emergent technology/procedures, as well as existing technology and procedures applied for new used and treatments.
- Any durable medical equipment more than \$500, including, but not limited to: insulin pumps; CPAP or Bi-PAP devices; electric, power and motorized wheelchairs; external defibrillators; speech generating devices.
- Custom prosthetics/orthoses
- Specialty Drugs – see addendum to this Certificate for a list of specialty drugs. That list is subject to change.
- Transplant services.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an Outpatient, or an Inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, Mental Health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to You or Your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, Your Dependent or an attending Physician can request Case Management services by calling the toll-free number shown on Your ID card. In addition, a claim office or a utilization review program may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or Your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if You do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with You, Your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed;
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between Us, the patient, their family and Physician as needed (for example, by helping You to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Pre-certification and Continued Stay Review are performed through a utilization review program by a Review Organization with which 4 Ever Life International and its Administrator have contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for any other part of this Plan.

Retrospective Review

If neither pre-service review, admission review nor continued stay review were performed, We will use retrospective review to determine if a scheduled admission to a Hospital or any surgery at a Hospital or Ambulatory Surgical Center was Medically Necessary. In the event services are determined to be Medically Necessary, benefits will be provided as described in this Plan. If it is determined that a Hospital stay or any other service is not Medically Necessary, the Covered Person is responsible for payment of the Charges for those services.

SECTION 3 DESCRIPTION OF COVERAGES MEDICAL EXPENSES

- A. What the Insurer Pays for Covered Medical Expenses:** If a Covered Person incurs expenses while insured under the Certificate due to an Injury or a Sickness, the Insurer will pay the Reasonable Expenses for the Covered Medical Expenses listed below. Note: When outside the United States, this benefit will provide coverage for private rooms if that is all that is available or if the choice is between a ward or a more than two person room and a private room.

If Tests and X-rays are the result of a Physician Office Visit or of Hospital and Physician Outpatient Services there is no additional Copayment for these Tests or X-rays. If there is a charge for visits to, or medical services, treatments and supplies received from, a Recognized Student Health Center for an Injury or a Sickness, benefits for those visits, medical services, treatments and supplies will be paid at 100% of Reasonable Expenses with no Copayment or Deductible.

If the Recognized Student Health Center is not able to treat the Covered Person, it will refer the Covered Person to a Preferred Provider. 4. In equal shares to the Covered Person's surviving brothers and sisters;
5. The Covered Person's estate.

Any other accrued benefits unpaid at the Covered Person's death may, at the Insurer's option, be paid either to his/her beneficiary or to his/her estate. Benefits payable under other coverages shall be payable to the provider of the service. Benefits payable under the Accidental Death & Dismemberment coverage, other than for loss of life, will be paid to the Covered Person.

If any benefits are payable to the estate of a Covered Person, or to a Covered Person's beneficiary who is a minor or otherwise not competent to give valid release, the Insurer may pay up to \$1,000 to any relative, by blood or by marriage, of the Covered Person or beneficiary who is deemed by the Insurer to be equitably entitled to payment.

If any other benefits are payable for coverages under this Plan, the Insurer or its Administrator may pay and individual or entity who is deemed by the Insurer to be equitably entitled to payment, whether or not such benefits have been assigned by Covered Person due to the Covered Person's death, disability or unavailability.

Any payment made by the Insurer in good faith pursuant to this provision will fully discharge the Insurer of any obligation to the extent of the payment.

Choice of Hospital and Physician: Nothing contained in this Certificate restricts or interferes with the Covered Person's right to select the Hospital or Physician of his or her choice. Also, nothing in this Certificate restricts the Covered Person's right to receive, at his/her expense, any treatment not covered in this Certificate.

Physical Examination and Autopsy: The Insurer may, at its expense, examine a Covered Person, when and as often as may reasonably be required during the pendency of a claim under the Certificate and, in the event of death, make an autopsy in case of death, where it is not forbidden by law.

Services inside the U.S., Puerto Rico, and the U.S. Virgin Islands

BCBS Global Solutions/4 Ever Life International Limited has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services inside the United States, Puerto Rico, or the United States Virgin Islands, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between BCBS Global Solutions/4 Ever Life International Limited and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care inside the United States, Puerto Rico, and the United States Virgin Islands, you will obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). In some instances, you may obtain care from providers that do not contract with the Host Blue (non-participating healthcare providers). BCBS Global Solutions/4 Ever Life International Limited payment practices in both instances are described below.

A. BlueCard® Program and Other Inter-Plan Arrangements

4 Ever Life International Limited and BCBS Global Solutions have relationships with other Blue Cross and/or Blue Shield Licensees generally called “Inter-Plan Arrangements.” They include “the BlueCard Program” and arrangements for payments to Non-Participating Providers. Whenever You obtain healthcare services the claims are processed through one of these arrangements. You can take advantage of the BlueCard Program when You receive covered services from hospitals, doctors, and other Providers that are in the network of the local Blue Cross and/or Blue Shield Licensee, called the “Host Blue” in this section. At times, You may also obtain care from Non-Participating Providers. Our payment calculation/practices in both instances are described below.

It is important to note that receiving services through these Inter-Plan Arrangements does not change covered benefits, benefit levels, or any stated residence requirements of this Plan.

- **Out of Area Services.** We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs”. Whenever You obtain healthcare services outside of Our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between Us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside of Our service area, You may obtain care from healthcare Providers that have a contractual agreement (i.e., are “Participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, You may obtain care from Non-Participating healthcare Providers. Our payment practices in both instances are described below.

- **BlueCard® Program.** Under the BlueCard® Program, when You access covered healthcare services within the geographic area served by a Host Blue, We will remain responsible for fulfilling Our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

Whenever You access covered healthcare services outside of Our service area and the claim is processed through the BlueCard® Program, the amount You pay for covered healthcare services is calculated based on the lower of:

- The billed covered Charges for Your covered services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will consist of a simple discount which reflects the actual price paid by the Host Blue to Your healthcare Provider. But sometimes it is an estimated price that takes into account special arrangements with Your healthcare Provider or Provider group that may include types of settlements, incentive payments, and other credits or Charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation or modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price We use for Your claim because they will not be applied retroactively to claims already paid.

Federal law or the law in a small number of states may require the Host Blue to add a surcharge to the calculation. If any federal law or any state law mandates other liability calculation methods, including a surcharge, We would then calculate Your liability for any covered healthcare services according to applicable law.

- **Non-Participating Health Care Providers**

Your Liability Calculation. When covered health care services are provided by Non-Participating health care Providers, the amount You pay for such services will generally be based on either the Host Blue’s Non-Participating health care Provider local payment or the pricing arrangements required by applicable state law. In these situations, You may be liable for the difference between the amount that the Non-Participating health care Provider bills and the payment We will make for the covered services as set forth in this paragraph.

Exceptions. In certain situations, We may use other payment bases, such as billed covered Charges, the payment We would make if the health care services had been obtained within Our network, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount We will pay for services rendered by Non-Participating health care Providers. In these situations, You may be liable for the difference between the amount that the Non-Participating health care Provider bills and the payment We will make for the covered services as set forth in this paragraph.

If You obtain services in a state with more than one Blue Plan network, an exclusive network arrangement may be in place. If You see a Provider who is not part of an exclusive network arrangement, that Provider's services will be considered Non-Participating Provider care, and You may be billed the difference between the charge and the maximum allowable amount. You may call the customer service number on Your ID card or go to www.bcbsglobalsolutions.com for more information about such arrangements.

Providers available to You through the BlueCard Program have not entered into contracts with 4 Ever Life International Limited. If You have any questions or complaints about the BlueCard Program, please call Us at the customer service telephone number listed on Your ID card.

We, or Our authorized Administrator, will provide written notice to the insured Participant within a reasonable period of time of any Participating Provider's termination or breach of, or inability to perform under, any Provider contract, if We determine that the insured Participant or his/her insured Dependents may be materially and adversely affected, and provide the insured Participant with a current list of Participating Providers.

If the insured Participant needs a new Provider listing for any other reason, he/she may call the customer service telephone number listed on the ID card or go to www.bcbsglobalsolutions.com for a new Provider listing.

SECTION 12 GENERAL PROVISIONS

Entire Contract: The entire contract between the Insurer and the Covered Person consists of the Master Policy issued to the Global Citizens Association, this Certificate and the Member's Group Certificate, which are deemed incorporated by reference and made a part of the Master Policy. All statements contained in the contract will be deemed representations and not warranties. No statement made by an applicant for insurance will be used to void the insurance or reduce the benefits, unless contained in a written application and signed by the applicant. No agent has the authority to make or modify the Certificate, or to extend the time for payment of premiums, or to waive any of the Insurer's rights or requirements. No modifications of the Certificate will be valid unless evidenced by an endorsement or amendment of the Certificate, signed by one of the Insurer's officers and delivered to the Participating Organization.

Time Limit on Certain Defenses: No claim for loss incurred after 1 year from the effective date of the Covered Person's insurance will be reduced or denied on the grounds that the disease or physical condition existed prior to the effective date of the Covered Person's insurance. This provision does not apply to a disease or physical condition excluded by name or specific description.

Legal Actions: No action at law or in equity may be brought to recover under the Certificate prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the Certificate. No such action may be brought after the expiration of 3 years after the time written proof of loss is required to be furnished.

Assignment: No assignment of benefits will be binding on the Insurer until a copy of the assignment has been received by the Insurer or by its Administrator. The Insurer assumes no responsibility for the validity of the assignment. Any payment made in good faith will relieve the Insurer of its liability under the Certificate.

Beneficiary: The beneficiary is the last person named in writing by the Covered Person and recorded by or on the Insurer's behalf. The beneficiary can be changed at any time by sending a written notice to the Insurer or to its Administrator. The beneficiary's consent is not required for this or any other change in the Certificate unless the designation of the beneficiary is irrevocable.

Mistake in Age: If the age of any Covered Person has been misstated, an equitable adjustment will be made in the premiums or, at the Insurer's discretion, the amount of insurance payable. Any premium adjustment will be based on the premium that would have been charged for the same coverage on a Covered Person of the same age and similar circumstances.

Clerical Error: A clerical error in record keeping will not void coverage otherwise validly in force, nor will it continue coverage otherwise validly terminated. Upon discovery of the error an equitable adjustment of premium shall be made.

Not in Lieu of Workers' compensation. The Certificate does not satisfy any requirement for Workers' Compensation.

Subrogation: If the Covered Person suffers an Injury or Sickness through the act or omission of another person, and if benefits are paid under the Certificate due to that Injury or Sickness, then to the extent the Covered Person recovers for the same Injury or Sickness from a third party, its insurer, or the Covered Person's uninsured motorist insurance, the Insurer will be entitled to a refund of all benefits the Insurer has paid from such recovery. Further, the Insurer has the right to offset subsequent benefits payable to the Covered Person under the Certificate against such recovery.

The Insurer may file a lien in a Covered Person's action against the third party and have a lien upon any recovery that the Covered Person receives whether by settlement, judgment, or otherwise, and regardless of how such funds are designated. The Insurer shall have a right to recovery of the full amount of benefits paid under the Certificate for the Injury or Sickness, and that amount shall be deducted first from any recovery made by the Covered Person. The Insurer will not be responsible for the Covered Person's attorneys' fees or other cost.

Upon request, the Covered Person must complete the required forms and return them to the Insurer or to the Administrator. The Covered Person must cooperate fully with the Insurer in asserting his/her right to recover. The Covered Person will be personally liable for reimbursement to the Insurer to the extent of any recovery obtained by the Covered Person from any third party. If it is necessary for the Insurer to institute legal action against the Covered Person for failure to repay the Insurer, the Covered Person will be personally liable for all costs of collection, including reasonable attorneys' fees.

Right of Recovery: Whenever the Insurer have made payments with respect to benefits payable under the Certificate in excess of the amount necessary, the Insurer shall have the right to recover such payments. The Insurer shall notify the Covered Person of such overpayment and request reimbursement from the Covered Person. However, should the Covered Person not provide such reimbursement, the Insurer has the right to offset such overpayment against any other benefits payable to the Covered Person under the Certificate to the extent of the overpayment.

Alternate Cost Containment Provision: If it will result in less expensive treatment, the Insurer may approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Plan. It must be mutually agreed to by the Insurer, the Covered Person, and the Covered Person's Physician, Provider, or other healthcare practitioner. The Insurer's offering an alternate treatment plan in a particular case in no way commits the Insurer to do so in another case, nor does it prevent the Insurer from strictly applying the express benefits, limitations, and exclusions of the Plan at any other time or for any other Covered Person.

Currency: All premiums for and claims payable pursuant to the Certificate are payable only in the currency of the United States of America.

Grievances

For the purposes of this section, any reference to "You", "Your" or "Covered Person" also refers to a representative or Provided by You to act on Your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems with the services provided.

Start with Customer Services

We are here to listen and help. You can also express that concern in writing. Please write to Us at the following address:

Blue Cross Blue Shield Global Solutions
Attn: Appeals Department
933 First Avenue
King of Prussia, PA 19406

We will do Our best to resolve the matter on your initial contact. If We need more time to review or investigate your concern, We will get back to You as soon as possible, but in any case within 30 days.

If You are not satisfied with the results of a coverage decision, You can start the appeals procedure.

Appeals Procedure

The Insurer has a two-step appeals procedure for most coverage decisions. To initiate an appeal, You must submit a request for an appeal in writing within 180 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting Your appeal. If You are unable or choose not to write, You may ask to register your appeal by telephone. Call or write to the Administrator at the toll-free number or address shown on your identification card, explanation of benefits or claim form.

Level One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, you will be responded to in writing with a decision within fifteen calendar days after we receive an appeal for a required pre-service or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a post service coverage determination. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify an additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of Your Physician would cause You severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer or its designee's physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Level Two Appeal

If You are dissatisfied with Our level one appeal decision, you or your authorized representative may request a second review for appeals involving Medical Necessity or clinical appropriateness. To start a level two appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by an appeals committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the appeals committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician or Dentist reviewer in the same or similar specialty as the care under consideration, as determined by the Insurer's or its designee's Physician or Dentist reviewer. You may present your situation to the committee by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a committee review. For required pre-service and concurrent care coverage determinations, the committee review will be completed within 15 calendar days. For post-service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the committee does not approve the requested coverage.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or Your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer's or its designee's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Following a second level appeal, a final determination will be made and a letter will be sent to you.

Dispute Resolution

All complaints or disputes relating to coverage under this Certificate must be resolved in accordance with the Insurer's grievance procedures. Grievances may be reported by telephone or in writing. All grievances received by the Insurer that cannot be resolved by telephone conversation (when appropriate) to the mutual satisfaction of both the Covered Person and the Insurer will be acknowledged in writing, along with a description of how the Insurer propose to resolve the grievance.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Covered Person and his/her Insured Dependents or the Member because the Covered Person's, the Member's, or any person's action on the Covered Person's or the Member's behalf, has filed a complaint against the Insurer or has appealed a decision made by the Insurer.

All grievances not resolved by the Insurer's grievance procedures, and all other controversies and claims arising out of or relating to the Policy, or any coverage provided thereunder, shall be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and Mediation Procedures ("Commercial Rules") including, if appropriate, the International Commercial Arbitration Supplementary Procedures and the Supplementary Rules for Class Arbitrations. The award rendered by the arbitrator shall be final, non-reviewable and non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or in default thereof appointed by the AAA in accordance with its Commercial Rules. The seat or place of arbitration shall be Philadelphia, Pennsylvania. The provisions of the certificate will be governed by and construed under the laws of Pennsylvania without regard to conflict of law provisions of such jurisdiction.
