These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or Us based on an internally developed pharmaceutical pricing resource if the other methodologies have no pricing data available for a Physician-administered pharmaceutical or special circumstances support an upward adjustment to the other pricing methodology.

Services inside the U.S., Puerto Rico, and the U.S. Virgin Islands

Worldwide Insurance Services, LLC/4 Ever Life International Limited has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services inside the United States, Puerto Rico, or the United States Virgin Islands, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between Worldwide Insurance Services, LLC/4 Ever Life International Limited and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care inside the United States, Puerto Rico, and the United States Virgin Islands, you will obtain care from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). In some instances, you may obtain care from providers that do not contract with the Host Blue (non-participating healthcare providers). Worldwide Insurance Services, LLC/4 Ever Life International Limited payment practices in both instances are described below.

BlueCard® Program and Other Inter-Plan Arrangements

4 Ever Life International Limited and GeoBlue have relationships with other Blue Cross and/or Blue Shield Licensees generally called "Inter-Plan Arrangements." They include "the BlueCard Program" and arrangements for payments to Non-Participating Providers. Whenever You obtain healthcare services the claims are processed through one of these arrangements. You can take advantage of the BlueCard Program when You receive covered services from hospitals, doctors, and other Providers that are in the network of the local Blue Cross and/or Blue Shield Licensee, called the "Host Blue" in this section. At times, You may also obtain care from Non-Participating Providers. Our payment calculation/practices in both instances are described below.

It is important to note that receiving services through these Inter-Plan Arrangements does not change covered benefits, benefit levels, or any stated residence requirements of this Plan.

- **Out of Area Services.** We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs". Whenever You obtain healthcare services outside of Our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between Us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside of Our service area, You may obtain care from healthcare Providers that have a contractual agreement (i.e., are "Participating Providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, You may obtain care from Non-Participating healthcare Providers. Our payment practices in both instances are described below.

- **BlueCard® Program.** Under the BlueCard® Program, when You access covered healthcare services within the geographic area served by a Host Blue, We will remain responsible for fulfilling Our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

Whenever You access covered healthcare services outside of Our service area and the claim is processed through the BlueCard® Program, the amount You pay for covered healthcare services is calculated based on the lower of:

- The billed covered Charges for Your covered services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this "negotiated price" will consist of a simple discount which reflects the actual price paid by the Host Blue to Your healthcare Provider. But sometimes it is an estimated price that takes into account special arrangements with Your healthcare Provider or Provider group that may include types of settlements, incentive payments, and other credits or Charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation or modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price We use for Your claim because they will not be applied retroactively to claims already paid.

Federal law or the law in a small number of states may require the Host Blue to add a surcharge to the calculation. If any federal law or any state law mandates other liability calculation methods, including a surcharge, We would then calculate Your liability for any covered healthcare services according to applicable law.

- **Non-Participating Health Care Providers**

Please refer to the "Allowed Amount" definition in the Definitions section of this Contract.

Providers available to You through the BlueCard Program have not entered into contracts with 4 Ever Life International Limited. If You have any questions or complaints about the BlueCard Program, please call Us at the customer service telephone number listed on Your ID card.

We, or Our Authorized Administrator, will provide written notice to the insured Participant within a reasonable period of time of any Participating Provider's termination or breach of, or inability to perform under, any Provider contract, if We determine that the insured Participant or his/her insured Dependents may be materially and adversely affected, and provide the insured Participant with a current list of Participating Providers.

If the Covered Person needs a new Provider listing for any other reason, he/she may call the customer service telephone number listed on the ID card or go to www.geobluestudents.com for a new Provider listing.

Entire Contract: The entire contract between the Insurer and the Covered Person consists of the Master Policy issued to the Global Citizens Association, this Certificate and the Member's Group Certificate, which are deemed incorporated by reference and made a part of the Master Policy. All statements contained in the contract will be deemed representations and not warranties. No statement made by an applicant for insurance will be used to void the insurance or reduce the benefits, unless contained in a written application and signed by the applicant. No agent has the authority to make or modify the Certificate, or to extend the time for payment of premiums, or to waive any of the Insurer's rights or requirements. No modifications of the Certificate will be valid unless evidenced by an endorsement or amendment of the Certificate, signed by one of the Insurer's officers and delivered to the Participating Organization.

Time Limit on Certain Defenses: No claim for loss incurred after 1 year from the effective date of the Covered Person's insurance will be reduced or denied on the grounds that the disease or physical condition existed prior to the effective date of the Covered Person's insurance. This provision does not apply to a disease or physical condition excluded by name or specific description.

Legal Actions: No action at law or in equity may be brought to recover under the Certificate prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the Certificate. No such action may be brought after the expiration of 3 years after the time written proof of loss is required to be furnished.

Assignment: No assignment of benefits will be binding on the Insurer until a copy of the assignment has been received by the Insurer or by its Administrator. The Insurer assumes no responsibility for the validity of the assignment. Any payment made in good faith will relieve the Insurer of its liability under the Certificate.

Beneficiary: The beneficiary is the last person named in writing by the Covered Person and recorded by or on the Insurer's behalf. The beneficiary can be changed at any time by sending a written notice to the Insurer or to its Administrator. The beneficiary's consent is not required for this or any other change in the Certificate unless the designation of the beneficiary is irrevocable.

Mistake in Age: If the age of any Covered Person has been misstated, an equitable adjustment will be made in the premiums or, at the Insurer's discretion, the amount of insurance payable. Any premium adjustment will be based on the premium that would have been charged for the same coverage on a Covered Person of the same age and similar circumstances.

Clerical Error: A clerical error in record keeping will not void coverage otherwise validly in force, nor will it continue coverage otherwise validly terminated. Upon discovery of the error an equitable adjustment of premium shall be made.

Not in Lieu of Workers' compensation. The Certificate does not satisfy any requirement for Workers' Compensation.

Subrogation: If the Covered Person suffers an Injury or Sickness through the act or omission of another person, and if benefits are paid under the Certificate due to that Injury or Sickness, then to the extent the Covered Person recovers for the same Injury or Sickness from a third party, its insurer, or the Covered Person's uninsured motorist insurance, the Insurer will be entitled to a refund of all benefits the Insurer has paid from such recovery. Further, the Insurer has the right to offset subsequent benefits payable to the Covered Person under the Certificate against such recovery.

The Insurer may file a lien in a Covered Person's action against the third party and have a lien upon any recovery that the Covered Person receives whether by settlement, judgment, or otherwise, and regardless of how such funds are designated. The Insurer shall have a right to recovery of the full amount of benefits paid under the Certificate for the Injury or Sickness, and that amount shall be deducted first from any recovery made by the Covered Person. The Insurer will not be responsible for the Covered Person's attorneys' fees or other cost.

Upon request, the Covered Person must complete the required forms and return them to the Insurer or to the Administrator. The Covered Person must cooperate fully with the Insurer in asserting his/her right to recover. The Covered Person will be personally liable for reimbursement to the Insurer to the extent of any recovery obtained by the Covered Person from any third party. If it is necessary for the Insurer to institute legal action against the Covered Person for failure to repay the Insurer, the Covered Person will be personally liable for all costs of collection, including reasonable attorneys' fees.

Right of Recovery: Whenever the Insurer have made payments with respect to benefits payable under the Certificate in excess of the amount necessary, the Insurer shall have the right to recover such payments. The Insurer shall notify the Covered Person of such overpayment and request reimbursement from the Covered Person. However, should the Covered Person not provide such reimbursement, the Insurer has the right to offset such overpayment against any other benefits payable to the Covered Person under the Certificate to the extent of the overpayment.

Alternate Cost Containment Provision: If it will result in less expensive treatment, the Insurer may approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Plan. It must be mutually agreed to by the Insurer, the Covered Person, and the Covered Person's Physician, Provider, or other healthcare practitioner. The Insurer's offering an alternate treatment plan in a particular case in no way commits the Insurer to do so in another case, nor does it prevent the Insurer from strictly applying the express benefits, limitations, and exclusions of the Plan at any other time or for any other Covered Person.

Currency: All premiums for and claims payable pursuant to the Certificate are payable only in the currency of the United States of America.

Grievances

For the purposes of this section, any reference to "You", "Your" or "Covered Person" also refers to a representative or Provided by You to act on Your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems with the services provided.

Start with Customer Services

We are here to listen and help. If You have a concern regarding a person, a service, the quality of care, or contractual benefits, You can call Our toll-free number shown on your identification card and explain concerns to one of our Customer Service representatives. You can also express that concern in writing. Please write to Us at the following address:

Worldwide Insurance Services, LLC
Attn: Appeals Department
933 First Avenue
King of Prussia, PA 19406

We will do Our best to resolve the matter on your initial contact. If We need more time to review or investigate your concern, We will get back to You as soon as possible, but in any case within 30 days.

If You are not satisfied with the results of a coverage decision, You can start the appeals procedure.

Appeals Procedure

The Insurer has a two-step appeals procedure for most coverage decisions. To initiate an appeal, You must submit a request for an appeal in writing within 180 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting Your appeal. If You are unable or choose not to write, You may ask to register your appeal by telephone. Call or write to the Administrator at the toll-free number or address shown on your identification card, explanation of benefits or claim form.

Level One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, you will be responded to in writing with a decision within fifteen calendar days after we receive an appeal for a required pre-service or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a post service coverage determination. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify an additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of Your Physician would cause You severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer or its designee's physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Level Two Appeal

If You are dissatisfied with Our level one appeal decision, you or your authorized representative may request a second review for appeals involving Medical Necessity or clinical appropriateness. To start a level two appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by an appeals committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the appeals committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician or Dentist reviewer in the same or similar specialty as the care under consideration, as determined by the Insurer's or its designee's Physician or Dentist reviewer. You may present your situation to the committee by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a committee review. For required pre-service and concurrent care coverage determinations, the committee review will be completed within 15 calendar days. For post-service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the committee does not approve the requested coverage.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or Your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer's or its designee's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Following a second level appeal, a final determination will be made and a letter will be sent to you.

Dispute Resolution

All complaints or disputes relating to coverage under this Certificate must be resolved in accordance with the Insurer's grievance procedures. Grievances may be reported by telephone or in writing. All grievances received by the Insurer that cannot be resolved by telephone conversation (when appropriate) to the mutual satisfaction of both the Covered Person and the Insurer will be acknowledged in writing, along with a description of how the Insurer propose to resolve the grievance.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Covered Person and his/her Insured Dependents or the Member because the Covered Person's, the Member's, or any person's action on the Covered Person's or the Member's behalf, has filed a complaint against the Insurer or has appealed a decision made by the Insurer.

All grievances not resolved by the Insurer's grievance procedures, and all other controversies and claims arising out of or relating to the Policy, or any coverage provided thereunder, shall be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and Mediation Procedures ("Commercial Rules") including, if appropriate, the International Commercial Arbitration Supplementary Procedures and the Supplementary Rules for Class Arbitrations. The award rendered by the arbitrator shall be final, non-reviewable and non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or in default thereof appointed by the AAA in accordance with its Commercial Rules. The seat or place of arbitration shall be Philadelphia, Pennsylvania.

The Insurer will meet any Notice requirements by mailing the Notice to the Member at the billing address listed on our records. The Member will meet any Notice requirements by mailing the Notice to:

Dental Services Rider

The Covered Services under this dental rider are classified as Diagnostic and Preventive, and Basic services. The lists of services that relate to each type are outlined in the following pages under "Description of Covered Services". These services are covered once all of the following requirements are met. It is important to understand all of these requirements so You can make the most of Your dental benefits.

Benefits are available for the services described in this Plan that are furnished for a covered dental condition. Such services must meet all of the following requirements:

- They must be Dentally Necessary (see definition of "Dentally Necessary");
- They must be named in this Plan as covered;
- They must be furnished by a licensed Dentist (D.M.D. or D.D.S.) or denturist. Services may also be provided by a dental hygienist under the supervision of a licensed dentist, or other individual, performing within the scope of his or her license or certification, as allowed by law. (These providers are referred to as "Dental Care Providers."); and
- They must not be excluded from coverage under this benefit

At times We may need to review diagnostic materials such as dental X-rays to determine Your available benefits. These materials will be requested directly from Your Dental Care Provider. If We are unable to obtain necessary materials, the Plan will provide benefits only for those dental services We can verify as covered.

Alternative Benefits

To determine benefits available under this Plan, We consider alternative procedures or services with different fees that are consistent with acceptable standards of dental practice. In all cases where there is an alternative course of treatment that is less costly, the Plan will only provide benefits for the treatment with the lesser fee. If You and Your Dental Care Provider choose a more costly treatment, You are responsible for the additional charges beyond those for the less costly alternative treatment.

Requesting An Estimate Of Benefits

An estimate of benefits verifies, for the Dental Care Provider and You, Your eligibility and benefits. Because We consider alternative treatment at the time We review the estimate, Our review may result in a lower cost of treatment and additional services under this benefit. It may also clarify, before services are rendered, treatment that is not covered in whole or in part. This can protect You from unexpected out-of-pocket expenses.

An estimate of benefits is not required in order for You to receive Your dental benefits. However, We suggest that Your Dental Care Provider submit an estimate to Us for any proposed dental services in which You are concerned about Your out-of-pocket expenses.

Our estimate of benefits should not be considered a guarantee of payment. Payment of any service will be based on Your eligibility and benefits available at the time services are rendered.

Coinsurance

As used in this Plan, "Coinsurance" is a defined percentage of charges for Covered Services and supplies You receive. The percentage You are responsible for is called "Coinsurance."

Deductibles

Deductibles are expenses to be paid by You or Your Dependent. Deductibles are in addition to any Coinsurance. Once the Deductible maximum in the Schedule of Benefits has been reached You and Your family need not satisfy any further dental Deductible for the rest of that year.

WHAT ARE MY BENEFITS?

Dental Benefit Maximum

<ul style="list-style-type: none">Coverage Year Maximum Combined Benefit for Diagnostic and Preventive Service	\$750

Participating Provider services are paid based on the contracted fee agreed upon by the Provider and Us.

U.S. Non-Participating Providers services are based on the Allowed Amount. For this Plan, the Allowed Amount/ is calculated at the 85th percentile of all Provider charges in the geographic area.

You may be required to submit the dental claim Yourself if Your Dental Care Provider does not do this for You. Please see the “How Do I File A Claim?” section in this booklet for instructions on submitting claims for reimbursement.

Payment of Benefits

To Whom Payable

Dental Benefits are assignable to the Provider. When You assign benefits to a Provider, You have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting Your payment on the charge, it is the Provider's responsibility to reimburse You. Because of Our contracts with Providers, all claims from contracted Providers should be assigned.

We may, at Our option, make payment to You for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Dependent, You or Your Dependents are responsible for reimbursing the Provider.

If any person to whom benefits are payable is a minor or, in Our opinion is not able to give a valid receipt for any payment due, such payment will be made to the legal guardian. If no request for payment has been made by the legal guardian, We may, at Our option, make payment to the person or institution appearing to have assumed custody and support.

When one of Our Participants passes away, We may receive notice that an executor of the estate has been established. The executor has the same rights as Our Covered Person and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Us from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Us, We will have the right at any time to recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment.

DEFINITIONS

The terms listed throughout this section have specific meanings under this Plan. As part of the routine operation of this Plan, We use Our expertise and judgment to apply the terms of the contracts or policies for making decisions in specific benefits, eligibility and claims situations. For example, We use the dental judgment and expertise of Dental Directors to determine whether claims for benefits meet the definitions below of "Dentally Necessary" or "Experimental/Investigational Services."

This does not prevent You from exercising rights You may have under applicable state or federal law to appeal or bring a civil challenge to any eligibility or claims determinations.

Allowed Amount: "Allowed Amount" means the maximum amount We will pay for the services or supplies covered under this Certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted. We determine Our Allowed Amount as the lesser of the following amounts:

- The amount charged by the dental provider;
- The amount the dental provider has agreed with Us to accept as payment full for the dental service;
- The 85th Percentile of the database selected by Us.

Dental Care Provider

A state-licensed:

- Doctor of Medical Dentistry (D.M.D.)
- Doctor of Dental Surgery (D.D.S.)

The benefits of this Plan are available if professional services are provided by a state-licensed dentist, a dental hygienist under the supervision of a licensed dentist, or other individual performing within the scope of his or her license or certification, as allowed by law and this Plan's benefits would be payable if the Covered Service were provided by a "Dental Care Provider" as defined above.

Dental Emergency

A condition requiring prompt or urgent attention due to trauma and/or pain caused by a sudden unexpected Injury, acute infection or similar occurrence.

Dentally Necessary

Those covered services and supplies that a Dentist, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, disease or its symptoms, and that are:

- In accordance with generally accepted standards of dental practice;
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's Sickness, Injury or disease;
- Not primarily for the convenience of the patient, Dentist, or other Dental Care Provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's Sickness, Injury or disease.

For those purposes, "generally accepted standards of dental practice" means standards that are based on authoritative dental or scientific literature.

Effective Date

Is the date on which Your coverage under this Plan begins. If You re-enroll in this Plan after a lapse in coverage, the date that the coverage begins again will be Your Effective Date.

Experimental/Investigational Services

Experimental or investigational services include a treatment, procedure, equipment, drug, drug usage, medical device or supply that meets one or more of the following criteria as determined by Us:

- A drug or device that cannot be lawfully marketed without the approval of the U.S. Food and Drug Administration, and has not been granted such approval on the date the service is provided;
- The service is subject to oversight by an Institutional Review Board;
- No reliable evidence demonstrates that the service is effective, in clinical diagnosis, evaluation, management, or treatment of the condition; and
- Evaluation of reliable evidence indicates that additional research is necessary before the service can be classified as equally or more effective than conventional therapies.

Reliable evidence includes, but is not limited to, reports and articles published in authoritative peer reviewed medical and scientific literature.

Injury

Physical harm caused by a sudden event at a specific time and place. It is independent of Sickness, except for infection of a cut or wound. **Please**

Note: An Injury does not include damage caused by biting or chewing, even if due to a foreign object in food.

Orthodontia

The branch of dentistry that specializes in the correction of tooth arrangement problems, including poor relationships between the upper and lower teeth (malocclusion).

Participating Provider

The term Participating Provider means a Dentist, or Professional Corporation, professional association, partnership or other entity which is entered into a contract with 4 Ever Life or Our designee to provide dental services at pre-determined fees. The Providers qualifying as Participating Providers may change from time to time.

Temporomandibular Joint (TMJ) Disorders

TMJ disorders include those disorders that have one or more of the following characteristics: pain in the musculature associated with the temporomandibular joint, internal derangements of the temporomandibular joint, arthritic problems with the temporomandibular joint, or an abnormal range of motion or limitation of motion of the temporomandibular joint.

Payment of Benefits

To Whom Payable

Vision Benefits are payable to You, but are also assignable to the Provider. When You assign benefits to a Provider, You have assigned the entire amount of the benefits due on that claim. If the Provider is overpaid because of accepting Your payment on the charge, it is the Provider's responsibility to reimburse You. Because of Our contracts with Providers, all claims from contracted Providers should be assigned.

We may, at Our option, make payment to You for the cost of any Covered Expenses even if benefits have been assigned. When benefits are paid to You or Your Dependent, You or Your Dependents are responsible for reimbursing the Provider.

If any person to whom benefits are payable is a minor or, in Our opinion is not able to give a valid receipt for any payment due, such payment will be made to the legal guardian. If no request for payment has been made by the legal guardian, We may, at Our option, make payment to the person or institution appearing to have assumed custody and support.

When a Covered Person passes away, We may receive notice that an executor of the estate has been established. The executor has the same rights as the Covered Person and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release the Insurer from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Us, We will have the right at any time to recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment.

There are no other changes to the form to which this Rider is attached.
