

## AcademicLiveCare

---

virtual visits 24/7 from a smart phone, computer, or other device

**a convenient way to get care.**

You can see board-certified physical and behavioral health professionals from the comfort of your own home. Safe and secure, it's the on-demand quality care you need, when you need it.

Telehealth is commonly used for:

- coughs & colds
- sinus infections
- allergies
- bronchitis
- headaches
- anxiety & depression
- strep throat
- therapy & counseling
- general wellness
- insomnia

For your school-specific Coupon Code, please refer to the email you received during the enrollment period. You may also contact the the Student Service Center at **1 (855) 850-4302** or **help.ahpcare.com** to receive your school-specific code or for additional assistance.
