Baylor College of Medicine 2020-2021 Eligibility Guidelines

Baylor College of Medicine (BCM) requires that all active students enrolled in any BCM academic programs are enrolled in the BCM student health insurance plan or enrolled in alternative coverage that meets all the waiver criteria established by the college. For more details, please visit bcm.myahpcare.com.

To waive the student health insurance plan, you must complete the online waiver by the absolute deadlines. If no action is taken to enroll or waive by the deadline you will be automatically enrolled in the Student Health Insurance Plan and will be responsible for any charges incurred.

Students must maintain their eligibility in order to maintain or continue coverage under this policy. Covered Students who lose eligibility status prior to the end of their enrolled coverage period will no longer be covered as of the first of the month following the loss of eligibility. Students enrolled for the Summer sessions will not experience a loss in coverage as long as they were covered immediately preceding the Summer sessions. We maintain the right to investigate student status and attendance records to verify that eligibility requirements have been met. If we discover the eligibility requirements have not been met, our only obligation is to refund any unearned premium paid for that person.

Eligible students who enroll may also insure their Dependents. Dependent enrollment must take place at the initial time of student enrollment (or within 30 days, if the premium is billed on the student's tuition).
