This is a brief description of the Student Health Plan. The plan is available for Barry University students. The plan is insured by Aetna Life Insurance Company (Aetna). The exact provisions, including definitions, governing this insurance are contained in the Certificate issued to you and may be viewed online at www.aetnastudenthealth.com. If there is a difference between this Plan Summary and the Certificate, the Certificate will control.

BARRY UNIVERSITY HEALTH SERVICES

Student Health Services is a primary care center offering health care to registered students while attending classes at Barry University. It is conveniently located on the first floor of the R. Kirk Landon Student Union building on Barry University's main campus in Miami Shores. For more information, call the Student Health Services at (305) 899-3751. In the event of an emergency, call 911 or the Campus security at (305) 899-3333.

You must get a referral from school health services for off-campus care. Only one referral is required per condition and related treatment per policy year.

The most cost-efficient and convenient way to access health care on the Aetna student health plan is to utilize the services in Student Health Services (SHS). Appointments are preferred but walk-ins are welcome.

If you have a condition that falls outside the scope of practice of SHS or you have an existing relationship with an area physician that accepts Aetna Student Health, please:

- Contact the doctor's office and schedule your appointment
- After you have a scheduled appointment please call SHS @ 305 899 3750 to request a referral.
- Provide SHS with the name of physician, specialty of the practice, the reason for the visit, and the office fax number.
- If you are outside the main campus area by more than 50 miles, you do not need a referral. If you are requested to have a referral by the physician's office, simply call SHS and one will be sent.
- Co-payments and deductibles apply when seeking healthcare from an off-campus provider and are the patient's responsibility.
- Law Students DO NOT need a referral.

If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made if you submit a written request within 90 days of withdrawal from classes.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a **\$500** penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetna.com.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

| | |
|---|---|
| Non-emergency admissions: | You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted. |
| An emergency admission: | You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted. |
| An urgent admission: | You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury. |
| Outpatient non-emergency services requiring precertification: | You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled. |

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to www.aetnastudenthealth.com.

This Plan will pay benefits in accordance with any applicable Florida Insurance Law(s).
