## **Introduction**

---

Welcome to the UnitedHealthcare Student Resources Student Health Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company.

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-800-767-0700. The Insured can also write to the Company at:

UnitedHealthcare Student Resources  
P.O. Box 809025  
Dallas, TX 75380-9025

No Insured Person will be denied coverage for medical/surgical or behavioral, mental or substance use disorder care as a result of self-harm or suicide attempt or completion.

## **Section 1: Who Is Covered**

---

The Master Policy covers students who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All domestic degree-seeking students enrolled in at least one credit hour must purchase the plan, unless proof of comparable coverage is furnished. Online only degree students are not eligible. All international student (F and J visas), regardless of degree seeking status, are automatically enrolled in this insurance plan unless proof of comparable coverage is furnished.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

### **Medicare Eligibility**

Any person who has Medicare at the time of enrollment in this student insurance plan is not eligible for coverage under the Master Policy.

If an Insured Person obtains Medicare after the Insured Person is covered under the Master Policy, the Insured Person's coverage will not end due to obtaining Medicare.

As used here, "has Medicare" means that an individual is entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

## **Section 2: Effective and Termination Dates**

---

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2026. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., July 31, 2027. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

### **Section 3: Extension of Benefits after Termination**

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

### **Section 4: Pre-Admission Notification**

---

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

### **Section 5: Preferred Provider and Out-of-Network Provider Information**

---

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

Preferred Provider Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at [www.uhcsr.com](http://www.uhcsr.com). The website will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-800-767-0700 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider. Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

**COL-17-CO (PY26) CERT**

**NOTE:** Subject to regulatory approval, which is pending. UnitedHealthcare reserves the right to adjust the terms of the policy (i) in the event of any changes in federal, state or other applicable legislation or regulation; (ii) in the event of any changes in Plan design required by the applicable state regulatory authority; and (iii) as otherwise permitted in the policy.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-800-767-0700 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at [www.uhcsr.com](http://www.uhcsr.com).

If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at 1-800-767-0700 to find out if they are eligible for continuity of care benefits.

If an Insured is currently undergoing a course of treatment using an out-of-Network Physician or health care facility, the Insured may be eligible to receive transition of care benefits. This transition period is available for specific medical services and for limited periods of time. If an Insured has questions regarding this transition of care reimbursement policy or would like help to find out if they are eligible for transition of care benefits, an Insured may call 1-800-767-0700.

**"Preferred Provider Benefits"** apply to Covered Medical Expenses that are provided by a Preferred Provider.

**"Out-of-Network Provider Benefits"** apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

### **Preferred Provider Benefits**

The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

### **No Surprises Act**

This Certificate includes the following provisions to comply with the applicable requirements of the *Consolidated Appropriations Act (the "Act")* (P. L. 116 -260). These provisions reflect requirements of the Act; however, they do not preempt applicable state law.

### **Out-of-Network Provider Benefits**

Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is

based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center (as described in section *1833(i)(1)(A) of the Social Security Act*), and any other facility specified by the Secretary.

### **Balance and/or Surprise Billing**

Colorado state law protects persons from "surprise billing". This is sometimes called "balance billing" and it may happen when an Insured Person receives Covered Medical Expenses, other than ambulance services, from an Out-of-Network Provider in Colorado.

#### **When an Insured Person cannot be balance billed:**

#### **Emergency Services**

When an Insured Person receives Emergency Services for a Medical Emergency, benefits will be paid at the Preferred Provider cost-sharing amounts, which are Copayments, Coinsurance and Deductibles. The Insured Person cannot be balance billed for any other amounts.

#### **Non-Emergency Services at a Preferred Provider or Out-of-Network Facility**

The Hospital or facility must inform the Insured if they are at an Out-of-Network facility or at a Preferred Provider Facility. It must tell the Insured Person what types of services may be provided by an Out-of-Network Provider.

The Insured Person has the right to request that Preferred Providers perform all covered services. However, the Insured may have to receive medical services from an Out-of-Network Provider if a Preferred Provider is not available. When this happens, the most the Insured can be billed for Covered Medical Expenses is the Preferred Provider cost-sharing amount (Copayments, Coinsurance and Deductibles). These providers cannot balance bill the Insured.

#### **Additional Protections:**

- The Company will pay the Out-of-Network providers and facilities directly. The Insured Person is only responsible for paying the Preferred Provider cost-sharing for Covered Medical Expenses.
- The Company will count any amount the Insured pays for Emergency Services or the Out-of-Network services described above towards the Insured Person's Preferred Provider Deductible and Out-of-Pocket Maximum.
- The Insured's provider, Hospital or facility must refund any amount the Insured overpays within 60 days of the Insured reporting the payment to the provider.
- A provider, Hospital or other type of facility cannot ask the Insured to limit or give up these rights.

If an Insured Person receives services from an Out-of-Network Provider, Hospital or facility in any other situation, the Insured Person may still be balance billed, or the Insured may be responsible for the entire bill. If the Insured intentionally receives non-Emergency Services from an Out-of-Network Provider or facility, the Insured may also be balance billed.

#### **Ambulance Information:**

An Insured Person may be balance billed for Emergency Services received if the ambulance service provider is a publicly funded fire agency, but state law against balance billing does apply to private companies that are not publicly funded fire agencies. Non-emergency ambulance services, such as ambulance transport between Hospitals, are not subject to the state law against balance billing.

Expenses that are not allowable include all of the following.
  - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
  - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
  - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
  - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.

- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
  - Accident only coverage.
  - Limited benefit health coverage as defined by state law.
  - Specified disease or specified accident coverage.
  - School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a “to and from school” basis;
  - Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
  - Medicare supplement policies.
  - State Plans under Medicaid.
  - A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
  - An Individual Health Insurance Contract.
3. **Primary Plan:** A Plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
  4. **Secondary Plan:** A Plan that is not the Primary Plan.
  5. **We, Us or Our:** The Company named in the Policy.

**Rules for Coordination of Benefits** - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan’s benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for Emergency Services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

**Order of Benefit Determination** - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
  - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
  - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.
- The Plan of the parent not having custody of the child.
- Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
  - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
  - Second, the benefits under the COBRA or continuation coverage.
  - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

- 7. Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

**Effect on Benefits** - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

**Right to Recovery and Release of Necessary Information** - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

**Facility of Payment and Recovery** - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

## Section 9: Definitions

---

**AIR AMBULANCE** means medical transport by rotary wing air ambulance or fixed wing air ambulance as defined in 42 CFR 414.605.

**ALLOWED AMOUNT** means the maximum amount the Company is obligated to pay for Covered Medical Expenses. Allowed amounts are determined by the Company or determined as required by law, as described below.

Allowed amounts are based on the following:

When Covered Medical Expenses are received from a Preferred Provider, allowed amounts are the Company's contracted fee(s) with that provider.

When Covered Medical Expenses are received from an Out-of-Network Provider as described below, allowed amounts are determined as follows:

- 1. For non-Medical Emergency Covered Medical Expenses received at certain Preferred Provider facilities from Out-of-Network Provider Physicians** when such services are either: a) Ancillary Services; or b) non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary, the allowed amount is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, “certain Preferred Provider facilities” are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center (as described in section 1833(i)(1)(A) of the Social Security Act), and any other facility specified by the Secretary.

2. **For Emergency Services provided by an Out-of-Network Provider**, the allowed amount is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
  - The amount determined by *Independent Dispute Resolution (IDR)*.
3. **For Air Ambulance transportation provided by an Out-of-Network Provider**, the allowed amount is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Company or the amount subsequently agreed to by the Out-of-Network Provider and the Company.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

When Covered Medical Expenses are received from an Out-of-Network Provider, except as described above, allowed amounts are determined based on either of the following:

1. Negotiated rates agreed to by the Out-of-Network Provider and either the Company or one of Our vendors, affiliates or subcontractors.
2. If rates have not been negotiated, then one of the following amounts:
  - Allowed amounts are determined based on 140% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographical market, with the exception of the following.
    - 50% of CMS for the same or similar freestanding laboratory service.
    - 45% of CMS for the same or similar Durable Medical Equipment from a freestanding supplier, or CMS competitive bid rates.
    - 70% of CMS for the same or similar physical therapy service from a freestanding provider.
  - When a rate for all other services is not published by CMS for the service, the allowed amount is based on 20% of the provider’s billed charge.

We update the CMS published rate data on a regular basis when updated data from CMS becomes available. These updates are typically put in place within 30 to 90 days after CMS updates its data.

**ANCILLARY SERVICES** means items and services provided by Out-of-Network Provider Physicians at a Preferred Provider facility that are any of the following:

1. Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology.
2. Provided by assistant surgeons, hospitalists, and intensivists.
3. Diagnostic services, including radiology and laboratory services, unless such items and services are excluded from the definition of ancillary services as determined by the Secretary.

**CUSTODIAL CARE** means services that are any of the following:

1. Non-health related services, such as assistance with activities of daily living, including eating, dressing, bathing, transferring, and ambulating.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**ELECTIVE SURGERY OR ELECTIVE TREATMENT** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**EMERGENCY SERVICES** means, with respect to a Medical Emergency, both:

Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital or an Independent Freestanding Emergency Department to stabilize the patient (regardless of the department of the Hospital in which such further exam or treatment is provided). For the purpose of this definition, "to stabilize" has the meaning as given such term in section 1867(e)(3) of the Social Security Act (42 U.S.C. 1395dd(e)(3)).

Emergency services include items and services otherwise covered under the Policy when provided by an Out-of-Network Provider or facility (regardless of the department of the Hospital in which the items and services are provided) after the patient is stabilized and as part of outpatient observation, or an Inpatient stay or outpatient stay that is connected to the original emergency medical condition, unless each of the following conditions are met:

1. The attending Physician or treating provider for the Medical Emergency determines the patient is able to travel using nonmedical transportation or non-emergency medical transportation to an available Preferred Provider or Preferred Provider facility located within a reasonable distance taking into consideration the patient's medical condition.
2. The provider furnishing the additional items and services satisfied the notice and consent criteria in accordance with applicable law.

3. The patient is in such a condition to receive information as stated in 2 above and to provide informed consent in accordance with applicable law.
4. The provider or facility satisfied any additional requirements or prohibitions as may be imposed by state law.

The above conditions do not apply to unforeseen or urgent medical needs that arise at the time the service is provided regardless of whether notice and consent criteria has been satisfied.

**GENERALLY ACCEPTED STANDARDS OF MEDICAL PRACTICE** means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. The Company has the right to seek expert opinion in determining whether services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert, and the determination of when to use such expert opinion shall be determined by the Company.

The Company develops and maintains clinical policies that describe the generally accepted standards of medical practice scientific evidence, prevailing medical standards, and clinical guidelines supporting the Company's determinations regarding specific services. These clinical policies are available through [UHCprovider.com](http://UHCprovider.com).

**HABILITATIVE SERVICES** means health care services that help a person keep, learn, or improve skills and functions for daily living when administered by a Physician pursuant to a treatment plan. **HOSPITAL** means a health institution planned, organized, operated, and maintained to offer facilities, beds, and services over a continuous period exceeding twenty four (24) hours to individuals requiring diagnosis and treatment for illness, Injury, deformity, abnormality, or pregnancy. 5. Sustained while the Insured Person is covered under the Policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Covered Medical Expenses incurred as a result of an injury that occurred prior to the Policy's Effective Date will be considered a Sickness under the Policy.

They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. 1. The Insured requires acute care as a bed patient.

## **Section 18: Pediatric Dental Services Benefits**

---

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

### **Section 1: Accessing Pediatric Dental Services**

## **Network and Out-of-Network Benefits**

**Network Benefits** - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call the Company at the number stated on their identification (ID) card to determine which providers participate in the Network.

**Out-of-Network Benefits** - these benefits apply when the Insured Person decides to obtain Covered Dental Services from out-of-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from out-of-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

## **What Are Covered Dental Services?**

The Insured Person is eligible for benefits for Covered Dental Services listed in this section if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

## **What Is a Pre-Treatment Estimate?**

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

## **Does Pre-Authorization Apply?**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

## Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Exclusions.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

### Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

### Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amounts.

### Dental Services Deductible

Benefits for pediatric Dental Services provided under this section are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Out-of-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

**Out-of-Pocket Maximum** - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this section applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

### Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

## Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

**Allowed Dental Amounts** - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary Fees, as defined below.

**Covered Dental Service** - a Dental Service or Dental Procedure for which benefits are provided under this section.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Dental Services Deductible** - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Out-of-Network Benefits in that Policy Year.

**Experimental, Investigational, or Unproven Service** - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

**Foreign Services** - services provided outside the U.S. and U.S. Territories.

**Necessary** - Dental Services and supplies under this section which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
    - For treating a life threatening dental disease or condition.

- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

**Network** - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

**Network Benefits** - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

**Out-of-Network Benefits** - benefits available for Covered Dental Services obtained from out-of-Network Dentists.

**Usual and Customary Fee** - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

## **Eyeglass Lenses**

Lenses that are placed in eyeglass frames and worn on the face to correct visual acuity limitations.

The Insured Person is eligible to choose only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person chooses more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

## **Section 20: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits**

---

### **When Are Benefits Available for Prescription Drug Products?**

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this provision.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

The Insured must either show their ID card to the Network Pharmacy when the prescription is filled or provide the Network Pharmacy with identifying information that can be verified by the Company during regular business hours. If the Insured does not show their ID card to the Network Pharmacy or provide verifiable information, they will need to pay for the Prescription Drug at the pharmacy.

The Insured may then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting [www.uhcsr.com](http://www.uhcsr.com) and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

If the Insured does not use a Network Pharmacy, no benefits are available and the Insured will be responsible for paying the full cost for the Prescription Drug.

### **Copayment and/or Coinsurance Amount**

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

### **How Do Supply Limits Apply?**

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed. For Prescription Drug Products that allow a 90-day fill, the Insured may be required to obtain a limited number of up to 31-day fills until the maintenance dose is established.

The Insured may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Company at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

## **What Happens When a Brand-name Drug Becomes Available as a Generic?**

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

## **What Happens When a Biosimilar Product Becomes Available for a Reference Product?**

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular reference product.

## **Designated Pharmacies**

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and does not obtain their Prescription Drug Product from a Designated Pharmacy, benefits will be paid based on the out-of-Network Benefit for that Prescription Drug Product.

If the Insured chooses to obtain their Specialty Prescription Drug Products that are available from a Non-Preferred Specialty Network Pharmacy, the Insured will be subject to the Non-Preferred Specialty Network Pharmacy Copayment and/or Coinsurance.

## **Specialty Prescription Drug Products**

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, or a Designated Pharmacy.

## Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

## Does Step Therapy Apply?

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

For Insured Persons with stage four advanced metastatic cancer, step therapy requirements do not apply to covered Prescription Drug Products that have been approved by the United States Food and Drug Administration if the use of the approved Prescription Drug Product is consistent with:

- The United States Food and Drug Administration-approved indication;
- The National Comprehensive Cancer Network Drugs and Biologics Compendium indication for the treatment of stage four advanced metastatic cancer; or
- Peer-reviewed medical literature.

An Insured Person is not required to undergo step therapy or obtain prior authorization for HIV infection prevention drugs prescribed and dispensed by a pharmacist in accordance with state law. "HIV infection prevention drug" means preexposure prophylaxis, post-exposure prophylaxis, or other drugs approved by the United States Food and Drug Administration for the prevention of HIV infection. Benefits are provided for HIV preventive medications as described under the UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits. These medications are provided at zero cost share when the medication meets the definition of a PPACA Zero Cost Share Preventive Care Medication as defined under the UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits.

When a medication prescribed to treat a serious mental illness requires step therapy, an Insured Person is required to try no more than one (1) prescription drug product, other than the drug prescribed by the provider, prior to the approval of the drug prescribed by the Insured Person's provider. In addition, the Insured Person's provider may submit a completed Serious Mental Illness Step Therapy Exception form for use in exceptions to Step Therapy for an Insured Person with a serious mental illness if at least one of the following conditions are met:

- The provider attests that the required prescription drug is contraindicated or will likely cause an adverse reaction or harm to the Insured Person.

- The required prescription drug is ineffective based on the known clinical characteristics of the Insured Person and the known characteristics of the prescription drug regimen.
- The Insured Person has tried, while under the Insured Person's current or previous health benefit plan, the required prescription drug or another prescription drug in the same pharmacologic class or with the same mechanism of action, and the use of the prescription drug by the Insured Person was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
- The Insured Person, while on the Insured Person's current or previous health benefit plan, is stable on a prescription drug selected by the prescribing Physician for the medical condition under consideration after undergoing step therapy or after having sought and received a step-therapy exception.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

## **When Does the Company Limit Selection of Pharmacies?**

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

## **Coverage Policies and Guidelines**

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access [www.uhcsr.com](http://www.uhcsr.com) or call Customer Service at 1-855-828-7716 for the most up-to-date tier placement.

## **Rebates and Other Payments**

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Benefit. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

**Brand-name** means a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources. This includes data sources such as Medi-Span that classify drugs as either brand or generic based on a number of factors.   - AHFS Drug Information (AHFS DI) under therapeutic uses section.

  - DRUGDEX System by Micromedex under the therapeutic uses section and has a strength recommendation rating of class I, class IIa, or class IIb.
  - National Comprehensive Cancer Network (NCCN) drugs and biologics compendium category of evidence 1, 2A, or 2B.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.
- Only obtainable, with regard to outcomes for the given indication, within research settings.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- The Company may, as it determines, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness if:
  - The Insured is not a participant in a qualifying clinical trial as provided for in the Policy.
  - The Insured has a Sickness or Injury that is likely to cause death within one year of the request for treatment.
- Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. **PPACA** means Patient Protection and Affordable Care Act of 2010.

**PPACA Zero Cost Share Preventive Care Medications** means the medications that are obtained at a Network Pharmacy with a Prescription Order or Refill from a Physician and that are payable at 100% of the Prescription Drug Charge (without application of any Copayment, Coinsurance, or Deductible) as required by applicable law under any of the following:

- Certain immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.

The Insured may find out if a drug is a PPACA Zero Cost Share Preventive Care Medication as well as information on access to coverage of Medically Necessary alternatives at [www.uhcsr.com](http://www.uhcsr.com) or by calling Customer Service at 1-855-828-7716.

**Preferred Specialty Network Pharmacy** means a specialty Network Pharmacy that the Company identifies as a preferred pharmacy within the network.

**Prescription Drug Charge** means the rate the Company has agreed to pay the Network Pharmacies for a Prescription Drug Product dispensed at a Network Pharmacy. The rate includes a dispensing fee and any applicable sales tax.

**Prescription Drug List** means a list that places into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's review and change from time to time. The Insured may find out which tier a particular Prescription Drug Product has been placed at [www.uhcsr.com](http://www.uhcsr.com) or call Customer Service at 1-855-828-7716.

**Prescription Drug List (PDL) Management Committee** means the committee that the Company designates for placing Prescription Drugs into specific tiers.

**Prescription Drug Product** means a medication or product that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only according to a Prescription Order or Refill. A Prescription Drug Product includes a medication that is generally appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

**Therapeutically Equivalent** means when Prescription Drugs Products have essentially the same efficacy and adverse effect profile.

**Unproven Service(s)** means services, including medications and devices, regardless of U.S. Food and Drug Administration (FDA) approval, that are determined not to be effective for the treatment of the medical or behavioral health condition or not determined to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-designed randomized controlled trials or observational studies in the prevailing published peer-reviewed medical literature.

- Well-designed systematic reviews (with or without meta-analyses) of multiple well-designed randomized controlled trials.
- Individual well-designed randomized controlled trials.
- Well-designed observational studies with one or more concurrent comparison group(s) including cohort studies, case-controlled studies, cross-sectional studies, and systematic reviews (with or without meta-analyses) of such studies.

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. The Insured can view these policies at [liveandworkwell.com](http://liveandworkwell.com).

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. To make a request, contact the Company in writing or call 1-800-767-0700. The Company will notify the Insured Person of the Company's determination within 72 hours.

Please note, if the request for an exception is approved, the Insured may be responsible for paying the higher of:

- The applicable Copayment and/or Coinsurance at the highest tier as described in the Schedule of Benefits.
- A Coinsurance of 50\$.

If the Insured Person's request requires immediate action and a delay could significantly increase the risk to the Insured Person's health, or the ability to regain maximum function, call the Company as soon as possible. The Company will provide a written or electronic determination within 24 hours.

## External Review

If the Insured Person is not satisfied with the Company's determination of the exclusion exception request, the Insured Person may be entitled to request an external review. The IRO will notify the Insured Person of the determination within 24 hours.

## Right to Request an Exception for Contraceptives

In accordance with PPACA requirements, an exception process may apply to certain Prescription Drug Products prescribed for contraception if your Physician determines that a Prescription Drug Product alternative to a PPACA Zero Cost Share Preventive Care Medication is Medically Necessary for the Insured Person.

An expedited medication exception request may be available if the time needed to complete a standard exception request could significantly increase the risk to an Insured Person's health or ability to regain maximum function.

If a request for an exception is approved by the Company, Benefits provided for the Prescription Drug Product will be treated the same as a PPACA Zero Cost Share Preventive Care Medication.
