

Have you heard about the school-sponsored student health insurance plan?

It's worth taking a second look...

Backed by UnitedHealthcare and its national network of health care providers, you can relax knowing you can find a preferred provider no matter how far you are from home or campus.

Thanks to students being a typically healthier group, the student plan may have lower deductibles and out-of-pocket expenses than an employer plan. Carefully compare SHIP benefits and the UHC Choice Plus provider network with the benefits and provider network of any alternate plan you may be considering.

For more information and details on coverage, go to www.uhcsr.com to check out your school's brochure/benefits flier or call 800-767-0700. Our plan offers many additional resources and services to plan members.
