

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE:** Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a **summary**. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.wellfleetstudent.com or call toll free 1-877-657-5030. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-800-318-2596 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Combined In- <u>Network</u> Provider and Out-of- <u>Network</u> Provider: \$150 per person/\$450 per family (\$75 for Laboratory Procedures and Radiology with referral from Student Health and Wellbeing Primary Care (SHWB-PC).	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Preventive care and Prescription Drugs are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In- <u>Network</u> Provider: \$3,000/individual; \$9,000/family. Out-of- <u>Network</u> Provider: \$3,000/individual; \$9,000/family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.cigna.com or call 1-877-657-5044 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

Important Questions	Answers	Why This Matters:
