New and enhanced behavioral health services for Blue Cross and Blue Shield of Kansas City members.

Blue KC is dedicated to thinking differently about coverage and care, enhancing the behavioral health services provided in member health plans.

Mindful by Blue KC is a behavioral health initiative dedicated to addressing access and reducing stigma to support the behavioral health needs of our members.

Our members have access to a variety of services and tools to address depression, anxiety, substance use and everyday challenges. By calling one number and speaking to a Mindful Advocate, who's available 24/7, members can get in-the-moment support and care navigation, help locating and referring to in-network providers or help connecting to expedited treatment options in crisis situations.
