At Blue Cross and Blue Shield of Alabama, we want to make it easy for our members to take charge of their own health and wellness. Your *myBlue Cross* account is easy to use, so you can find what you need, fast.

## Features include:

- 1 Benefit Summary** — See where you stand at a glance on progress toward your deductible spend for the year.
- 2 ID Cards** — View and print a copy of your ID card.
- 3 View All Claims** — Easily locate and access claim statements from your dashboard.
- 4 Care Reminders** — Stay up to date with reminders that highlight gaps in care.

Depending on coverage, each member's dashboard will look a little different.

Log in or register for *myBlueCross* at [AlabamaBlue.com](http://AlabamaBlue.com)

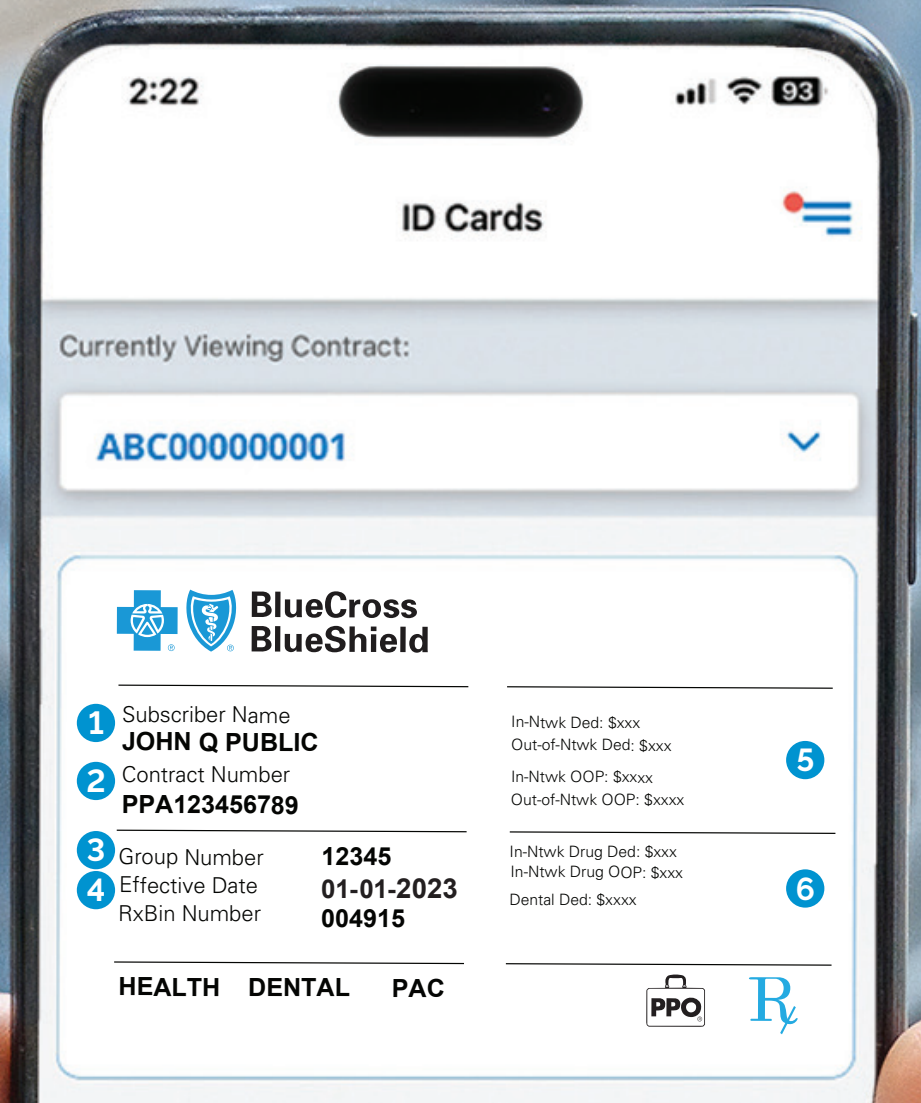

The screenshot shows the myBlueCross member dashboard for a user named Jane. The dashboard is divided into several sections:

- Account Summary:** Features a "Benefit Summary" card (1) showing "JANE SPENT DEDUCTIBLE" at 0.0% of \$300.00 and "Family SPENT DEDUCTIBLE" at 0.0% of \$900.00. A "No delay, No hassle, No problem." banner for Direct Deposit is also present.
- Recent Activity:** A "Claim Statements" table (2) with columns for Claim Number, Patient Name, Provider, Date, and Deductible Amount. It lists two claims for Jane R. with deductible amounts of \$0.00.
- myBlueWellness:** A "Care Reminders" section (4) showing a "TOTAL CHOLESTEROL" progress bar (120 to 281) with a current value of 251, indicating a "HIGH RISK" range. It also shows a "WELLNESS SCORECARD" at 50% completion.
- Right Sidebar:** Includes "Action Items" (0), "Frequently Visited" (Go to WebMD, WebMD Health Topics, Daily Habits), "Self Service" (Reimbursement History, Preventive Services, Identity Protection, Direct Deposit, Resources), "Manage My Contract" (HealthEquity, ID Cards, Proof of Coverage Letter), "Health Programs" (Talk to a Nurse or Advisor, Enroll in Baby Yourself, Behavioral Health Services), and "Saving Money" (Know Where To Go, Blue365, Treatment Cost Estimator).

At the bottom, there is a note: "myBlueWellness is a wellness website offered by Blue Cross and Blue Shield of Alabama and powered by WebMD® an independent company. HealthSparq is an independent company providing software tools and solutions for Blue Cross and Blue Shield of Alabama's website."

KNOW

# WHERE TO GO

**It's important to understand your options when seeking medical care.** Non-emergency care for a condition that is not life threatening is generally provided by your physician. Even after-hours care is generally coordinated by your physician who can instruct you on how to receive medical care outside of normal business hours, on weekends and on holidays.

## Primary Care Physician (PCP)

Go to your PCP to help manage total care and to seek treatment for **non-life threatening** conditions.

### Conditions treated may include:

- Fever
- Diabetes management
- Minor illnesses
- High blood pressure

## Urgent Care

Go to an Urgent Care clinic after hours or when your PCP is otherwise **unavailable**.

### Conditions treated may include:

- Bladder infection
- Cold/Flu symptoms
- Ear infection
- Sprains/Strains

## Emergency Room

Go to the ER immediately for **severe** and **life-threatening** conditions. ERs include hospital based emergency rooms and freestanding ER facilities.\*

### Conditions treated may include:

- Chest pains
- Head injury
- Severe breathing problems
- Stroke

\* The out-of-pocket cost is dependent on how the facility or provider submits the claim to Blue Cross.

Examples provided are for illustrative purposes only. Some conditions that are severe enough may require you to go directly to the emergency room.

### Help keep ERs available for people who need life-saving treatment.

You'll save both time and money by knowing where to go for appropriate care.

**If poison is ingested, call the  
Poison Control Center immediately:**

APPRECIATE THE VALUE OF

# IN-NETWORK SERVICES

## Using in-network providers helps you save money.

In-network providers are contracted to accept your health plan, which means they agree to a fixed amount for their services, known as the allowed amount.

Consider the effect network status can have on a \$200 service:

	IN-NETWORK Plan Pays 80% of Allowed Amount (COINSURANCE)	OUT-OF-NETWORK Plan Pays 60% of Allowed Amount (COINSURANCE)	OUT-OF-NETWORK Plan Pays Nothing
Full Billed Amount	\$200	\$200	\$200
Allowed Amount	\$110	\$110	-
<b>1</b> Network Discount	\$90	-	-
Plan Pays Coinsurance	\$88 <b>2</b>	\$66 <b>3</b>	-
You Pay Coinsurance	\$22	\$44	-
Balance You Could be Billed by Provider	\$0	\$90 <b>4</b>	\$200

For illustrative purposes only. Assumes deductible is met. Does not account for any applicable copays you may owe at the time of service.

- 1** The amount the provider has agreed to waive from the full billed amount to remain in-network. There is no discount with out-of-network providers, so you could be billed the full amount.
- 2** The Plan pays 80% of the allowed amount, and you pay 20%.

- 3** The Plan pays 60% of the allowed amount, and you pay 40%.
- 4** The amount the provider is not contractually bound to waive from the full billed amount due to being out-of-network.

### Find in-network providers

We keep your costs low by making in-network, high quality healthcare easy to find.

- Log in to your *myBlueCross* account on [AlabamaBlue.com](http://AlabamaBlue.com) or the Alabama Blue mobile app, and use the Find a Doctor tool. Only your Plan's in-network providers display when you are logged in.
- If you have questions about finding in-network providers, please call the member Customer Service number on the back of your Blue Cross ID card.

*Before you seek non-emergency healthcare,*

it's a good idea to call the provider to make sure your health plan is accepted. Always choose an in-network provider to pay the lowest out-of-pocket cost for your healthcare.

# FIND A DOCTOR

- 1 Visit [AlabamaBlue.com](https://alabamablue.com). Log in to or register for *myBlueCross* in the top right corner. Only your Plan's in-network providers display when you are logged in.
- 2 Click *Find a Doctor* in the menu bar.
- 3 Once logged in, your location will automatically populate based on the contract holder's address; however, you can change the location you want to search.

- 4 Select a type of search from the drop down menu and/or enter a search term. Then click the magnifying glass icon.

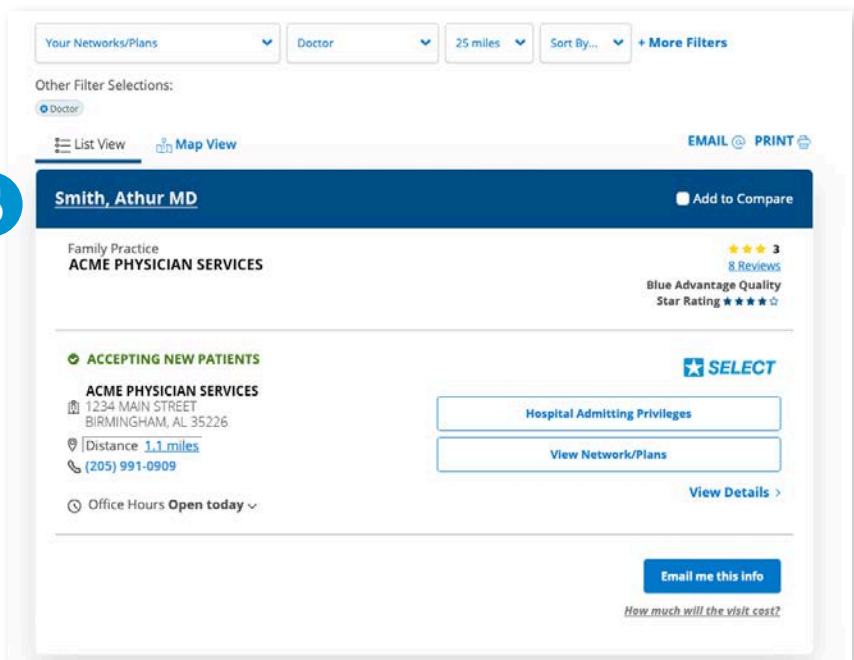

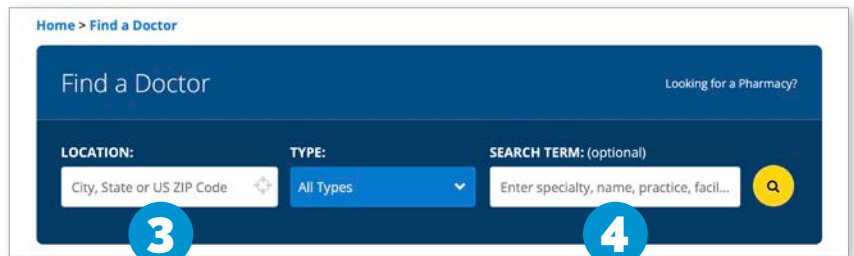

Narrow your search with the drop down filters at the top of the page. You can also use the "More Filters" link to refine your search.

- 5 Depending on your search criteria, your results may include:

- Address and directions
- Phone number
- Network participation
- Doctor specialties
- Hospital admitting privileges for doctors
- Office hours
- Quality information and designations
- Lower member cost share hospitals within Alabama

Our *Find a Doctor* tool on [AlabamaBlue.com](https://alabamablue.com) makes it easy to find the right healthcare providers in your area. Plus, you can use the *Alabama Blue* mobile app when you're on the go.

*Before you seek non-emergency healthcare, it's a good idea to call the provider to make sure your health plan is accepted. Always choose an in-network provider to pay the lowest out-of-pocket cost for your healthcare.*

# ESTIMATE YOUR TREATMENT COSTS

Save time and money with the online Treatment Cost Estimator. You can look up more than 1,600 in-patient and out-patient procedures to make more informed decisions about where to go.

## The Treatment Cost Estimator makes it easy to:

- ▶ Estimate the costs of treatment prior to having the procedure
- ▶ Compare search results by cost, location, provider or facility name
- ▶ Understand your out-of-pocket cost and anticipate future expenses for a particular treatment
- ▶ Know the coinsurance or copay amount you will pay
- ▶ Search negotiated rates for services as required by the Transparency in Coverage Rule

### To access the Treatment Cost Estimator:

1. Log in to your *myBlueCross* account online or via the Alabama Blue mobile app
2. Click "Treatment Cost Estimator" under the *Saving Money* section on the right of the screen
3. Search "Estimate Your Costs" for a treatment or condition

- 1 This is the date the Claim Statement is generated.
- 2 This is the covered member who received the healthcare services listed on the Claim Statement.
- 3 If applicable, this is the amount you are owed for overpaid healthcare services.
- 4 This provides a brief summary of how your particular health plan works.
- 5 This updates your progress towards meeting the plan year deductible and out-of-pocket maximum. NOTE: It does not include any out-of-pocket payments listed on the Claim Statement (only those made before the Claim Statement was generated).
- 6 This provides a summary of charges and payments for the healthcare services listed.
- 7 This provides detailed charges and payments for the healthcare services listed and the name of the provider.
- 8 This is the amount the provider charged the health plan.
- 9 This is the amount of the Billed Charges the provider agreed to waive.
- 10 If applicable, this is the amount of the Billed Charges the health plan does not cover.
- 11 This is the amount owed to the provider after subtracting discounts and adding any non-covered charges.
- 12 These are the amounts the health plan(s) paid to the provider.
- 13 If applicable, these are the amounts you pay out-of-pocket to the provider. You may still owe the provider, if these amounts were not collected in full at the time of service.

## Access your Claim Statements

When you register for myBlueCross, you will receive emails when new Claim Statements are available to view online. Log in to your myBlueCross account. Click the myBlueCross tab in the blue banner, and then click "Claim Statements" under **Benefit Summary**. You have 24/7 access to two years of claims history. Alternatively, you can choose to receive paper copies of Claim Statements. Log in to your myBlueCross account. Click the down arrow beside your avatar in the upper right of the screen. Click "View More Settings," and then click "Claim/Medical Preferences." Then click "Change Claim Statements Preference."

## Maternity Management

The goal of the Baby Yourself® program is to ensure expectant mothers and their babies receive the best possible healthcare during pregnancy. You'll receive telephone or e-mail support from an experienced registered nurse throughout your pregnancy.

The Baby Yourself mobile app provides additional information, trackers and easy access to your nurse through one-button dialing. Once your baby arrives, the Lactation Program provides encouragement, support and information designed to improve the well-being of infants and their families.

There is no cost, and participation is voluntary and confidential. Call 1-800-222-4379, visit [AlabamaBlue.com/BabyYourself](http://AlabamaBlue.com/BabyYourself) or download the Baby Yourself mobile app.

## UNDERSTAND

# DEDUCTIBLES & COINSURANCE

It's important to understand how your particular health plan works before you receive care so you know how much you will pay for it. Below is an example of how a typical health plan works.

### DEDUCTIBLE

Until you meet your deductible, this is the amount you owe for covered services before your health plan begins to pay any portion.

FOR A \$200 SERVICE	
YOU PAY	PLAN PAYS
\$200	\$0

### COINSURANCE

Once your deductible is met, this is the amount the health plan and you owe for covered services.

FOR A \$200 SERVICE	
YOU PAY	PLAN PAYS
\$40	\$160

### OUT-OF-POCKET MAXIMUM

This is the most you owe during a plan year for covered services before the health plan begins to pay the full amount.

FOR A \$200 SERVICE	
YOU PAY	PLAN PAYS
\$0	\$200

For illustrative purposes only. Does not account for any applicable copay/coinsurance you may owe at the time of service. Preventive services may be covered by the health plan at 100% with no deductible or copay. Review your particular benefits to determine coverage levels.

Keep in mind deductibles, coinsurance and out-of-pocket maximums will vary based on the health plan and whether services are provided in-network.

COORDINATE BENEFITS WITH

# MORE THAN ONE HEALTH PLAN

It's important to understand how your benefits are coordinated when you have multiple health plans. You should also be aware of your rights during special enrollment periods.

## Coordination of Benefits (COB)

This affects your benefits when you or a covered family member also has another health plan. COB ensures the right plan processes your claims first and prevents overpayments. The goal is to keep costs down for everyone.

Please be sure we have current information about any other health plans you may have. This will help us process your claims correctly and promptly.

You may update your COB status online. Just have your virtual Blue Cross member ID card ready.

1. Log in to your *myBlueCross* account
2. Click the *myBlueCross* tab in the blue banner, and then click "Account Summary"
3. Click "Other Insurance Coverage Information"

## Familiarizing yourself with these common health plan terms can help you better understand your benefits.

### **Allowed Amount**

The maximum amount on which payment is based for covered healthcare services. If an out-of-network provider charges more than the Allowed Amount, you may have to pay the difference (known as Balance Billing). You cannot be balance billed by in-network providers.

### **Coinsurance**

A type of coverage where you and the health plan split the amount paid for a covered service, generally after you have paid a set deductible. For example, you pay 20% and the health plan pays 80%.

### **Copay**

A fixed amount you pay for covered healthcare services, usually when you receive the service. The amount can vary by the type of service.

### **Deductible**

The amount you owe for covered healthcare services before your health plan begins to pay.

### **Network**

The facilities, providers and suppliers your health plan or its vendors have contracted with to provide healthcare services. In-network coinsurance and copay amounts are typically less than out-of-network.

### **Out-of-Pocket Maximum**

The most you pay during a policy period (usually a year) before your health plan begins to pay 100% of the Allowed Amount. This limit never includes your Premium, Balance Billing charges or healthcare services not covered by your health plan. Some health plans don't count all of your coinsurance, copays, deductibles, out-of-network payments or other expenses toward this limit.

### **Precertification or Preauthorization**

The process used by your health plan to determine that certain healthcare services, treatment plans, durable medical equipment or prescription drugs are medically necessary before you receive the services, except for emergency services. It is not a guarantee your health plan will cover the cost.

### **Premium**

The amount that must be paid for your health plan. You usually pay it monthly.

### **Primary Care Physician**

A physician who directly provides or coordinates a range of healthcare services for a patient.

### **Provider**

A physician, healthcare professional or healthcare facility licensed, certified or accredited as required by state law.

### **Specialist**

A physician who focuses on a specific area of medicine or patient group to diagnose, manage, prevent or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has more training in a specific area of healthcare.

**Since 1936**, we've helped our members live their best life possible by providing unmatched access to quality healthcare. We work hard to deliver the best value for your healthcare dollar with:

- ▶ the broadest choice of in-network doctors and hospitals
- ▶ the most comprehensive coverage at some of the lowest premiums in the country
- ▶ provider strategies to improve care quality and cost
- ▶ low, industry-leading operating costs
