## Enrollment

To enroll online for voluntary coverage, visit [msu.myahpcare.com](https://msu.myahpcare.com) and click “Begin Enrollment”. From there, navigate to your student category, and click on Enroll. You will be directed to Academic HealthPlan (AHP) Care26 to make your elections.

You may also enroll the dependent(s) of a covered student, by following the same process as noted and logging into AHP Care26. Dependent enrollment applications will not be accepted after the enrollment deadline, unless there is a qualified life event change that directly affects their insurance coverage. (An example of a qualified life change would be loss of health coverage under another health plan.) Qualified life event changes must be submitted within 31 days of the event date. If you need assistance with enrollment, you can call AHP customer service at 855-904-1740.

Detailed plan information can be found at [msu.myahpcare.com/benefits](https://msu.myahpcare.com/benefits). Should you have any questions or need support with enrollment, you may call, chat or email AHP. Complete contact information can be found at [msu.myahpcare.com/contact](https://msu.myahpcare.com/contact).

### Important note regarding coverage for a newborn infant or newly adopted child:

#### Newborn child

- Your newborn child is covered on your health plan for the first 60 days from the moment of birth.
  - To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required premium contribution during that 60-day period.
  - You must still enroll the child within 60 days of birth even when coverage does not require payment of an additional premium contribution for the newborn.
  - If you miss this deadline, your newborn will not have health benefits after the first 60 days.
  - If your coverage ends during this 60 day period, then your newborn’s coverage will end on the same date as your coverage. This applies even if the 60-day period has not ended.

#### Adopted child or a child legally placed with you for adoption

- A child that you, or you and your spouse, civil union partner or domestic partner adopt, or that is placed with you for adoption, is covered on your plan for the first 60 days after the adoption or the placement is complete.
  - To keep your child covered, we must receive your completed enrollment information within 60 days after the adoption or placement for adoption.
  - You must still enroll the child within 60 days of the adoption or placement for adoption even when coverage does not require payment of an additional premium contribution for the child.
  - If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 60 days.
  - If your coverage ends during this 60-day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 60-day period has not ended.

If you need information or have general questions on dependent enrollment, call AHP Member Services at 855-904-1740.

## Medicare Eligibility Notice

**The student health insurance plan (SHIP) does not provide coverage for people who have Medicare.** Students are not eligible to enroll in this student health insurance plan if they have Medicare at the time of enrollment in this plan.

The SHIP is considered individual health insurance under federal law. The Medicare anti-duplication rules make it illegal for an insurer to knowingly sell an individual policy to a person enrolled in Medicare (whether Part A or B or both). If a student enrolls in the student health plan and later becomes enrolled in Medicare (mid-year), Aetna will not automatically terminate coverage.

## Termination and Refunds

### VOLUNTARY ENROLLED STUDENTS

#### Withdrawal from Classes – Leave of Absence

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which premium payment has been received. No premiums will be refunded.

#### Withdrawal from Classes – Other than Leave of Absence

If you withdraw from classes within 31 days after the policy effective date, you will be considered ineligible for coverage. Your coverage will be terminated retroactively, and any premium paid will be refunded. If you withdraw from classes more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which premium payment has been received. No premium will be refunded. If you withdraw from classes to enter the armed forces of any country, your coverage will end as of the date of such entry. We will refund your premium, on a pro-rata basis, if you submit a written request within 90 days from the date you withdraw.

### AUTO-ENROLLED STUDENTS

If you wish to withdraw or are dismissed from classes, please contact MSU HR at [SolutionsCenter@hr.msu.edu](mailto:SolutionsCenter@hr.msu.edu) or 517-353-4434 for information regarding the impact to your insurance enrollment and continuation option.

## In-network Provider Network

Aetna Student Health offers Aetna’s broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan’s benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

## Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to <https://www.aetnastudenthealth.com>.

## Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. You, your physician or the facility must call us within these timelines:

Type of care	Timeframe
Non-emergency admissions	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted.
Urgent admission	Call before you are scheduled to be admitted.
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment is scheduled

An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.

We will provide a written notification to you and your physician of the precertification decision, where required by state law and within the timeframe specified by state law. If your precertified services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

## Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

## Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <https://www.aetnastudenthealth.com>.

This Plan will pay benefits in accordance with any applicable **Michigan** Insurance Law(s).

- As out-of-network providers do not have a contract with us the provider may not accept payment of your cost share, (copayment/coinsurance), as payment in full. You may receive a bill for the difference between the amount billed by the provider and the amount paid by this plan. If the provider bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the

address listed on the back of your ID card and we will resolve any payment dispute with the provider over that amount. Make sure the ID card number is on the bill.

- A separate emergency room copayment/coinsurance will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room copayment/coinsurance will be waived and your inpatient copayment/coinsurance will apply.
- Covered benefits that are applied to the emergency room copayment/coinsurance cannot be applied to any other copayment/coinsurance under the plan. Likewise, a copayment/coinsurance that applies to other covered benefits under the plan cannot be applied to the emergency room copayment/coinsurance.
- Separate copayment/coinsurance amounts may apply for certain services given to you in the emergency room that are not part of the hospital emergency room benefit. These copayment/coinsurance amounts may be different from the emergency room copayment/coinsurance. They are based on the specific service given to you.
