

The Wellfleet Student mobile app makes it easy for members to manage their plans. Featuring secure access to 24/7 behavioral health support, member ID cards, account and provider information, and customer service, student members can make the most of their health insurance and lead healthy lifestyles.

About Us

Wellfleet Student is a leader in providing colleges and universities with student healthcare solutions. Wellfleet Student is a division of Wellfleet, a Berkshire Hathaway company.

Our team works collectively to accomplish one goal -- to help empower student members to lead healthier lives and become better consumers of health care. This simple but impactful mission is seen in everything we do. With an intense focus on the Triple Aim and innovative features like our new CareConnect Behavioral Health program, we offer solutions to problems faced by the student population and university client administrators.

The Wellfleet Difference

Combining more than 25 years of experience in student health administration with carriers rated A++ (Superior) by A.M. Best, Wellfleet Student is the best of both worlds -- and the perfect student insurance partner.

Mobile App Features

Wellfleet Student and its full suite of digital tools engage students in their health plans, helping them become better lifelong consumers of health-care. The Wellfleet Student mobile app offers student members:

- Easy and secure access to member ID cards and key plan information
- Immediate access to 24/7 CareConnect behavioral health counseling
- One-touch access via email or phone to the CHP Student Health customer service team
- Access to school landing pages, featuring complete plan information, including benefits, providers & more.

Wellfleet Student - A proven Student Health Center partner

Wellfleet Student's health plans are built specifically for students. We strive to empower students to lead healthier lives and become better consumers of healthcare by engaging them in their plans.

With Wellfleet Student members receive a behavioral health focus, 24-7 access to experts, and a medical management staff that works with Student Health Centers to provide quality care, better outcomes, and education.
