

24-Hour Nurse Line and Audio Health Library

The AHP Nurse Advice Line offers:

- Access to experienced RNs
- Answers to diagnostic and medical treatment options
 - 24/7 assistance
 - Convenience

Students want answers fast but Google isn't always the best source. Academic HealthPlans offers students two choices to get quick information that will allow them to make informed decisions on their health. When students have a non-emergency health concern and need to know the best course of action, the AHP Nurse Advice Line is there for them.

The Audio Health Library is an interactive, audio education library that is convenient and easy to use.

- Over 1,500 recorded topics available
 - 24 hours a day, 7 days a week.
- The option to listen to as many topics as you like, as often as you like
- Over 60% of the topics are available in Spanish

It's easy for students to get the advice they need when they need it most by calling

1-877-924-7758.
