

ELIGIBILITY

All registered International students are required to have health insurance coverage. Eligible students will be automatically enrolled in and charged for the Student Health Plan coverage unless a waiver form is submitted by the waiver deadline date. Students may waive the school's insurance if they can provide proof of comparable coverage. Students studying remotely and are in the U.S. must be insured or waive out by the waiver deadline. Students who are studying remotely from their home country are exempt from the mandatory Pace Student Health insurance Plan. However, they will be billed and therefore have to go through the waiver process indicating on the waiver form "study from home country". Waivers based on "study from home country" must be submitted for every academic term of enrollment. For more information, visit pace.myahpcare.com
