

Continuation Coverage

Continuation coverage of the Student Health Insurance Plan (along with the dental insurance) is for those who are no longer eligible for student insurance because they have graduated or are no longer taking classes. To be eligible for continuation coverage, you must have been insured for at least 3 continuous months on the Purdue Student Health Insurance Plan. To continue your plan, you must decide how many months of coverage you want to continue (up to three) and submit the entire premium for those months within 30 days after your existing coverage terminates/you lose eligibility.

Monthly (3 Month Maximum)		
Domestic/International		
Medical and Dental		
Student	\$	139.83
Spouse	\$	135.33
Each Child	\$	141.33
All Children	\$	271.42
