## **Student Coverage**

#### Who is eligible?

All Domestic students enrolled half time or more attending Saint Martin's University are automatically enrolled in this insurance plan unless proof of comparable coverage is furnished.

## Waiver

If you have insurance that is comparable to the Student Health Insurance Plan (i.e. through an employer, spouse, parent/ guardian, scholarship, etc.), and DO NOT want to take part in your school's plan, you must complete the online waiver application process at **stmartin.myahpcare.com** by the waiver deadline or you will be responsible for the premium charge. Waivers are good for the academic year provided that the coverage listed has not changed.

## Dependent Coverage

#### **Eligibility**

Covered students may also enroll their lawful spouse, domestic partner (same-sex, opposite sex), and dependent children up to the age of 26.

#### **Enrollment**

To enroll the dependent(s) of a covered student, please complete the online Enrollment Form by visiting **stmartin.myahpcare.com/enrollment**. Please refer to the Coverage Periods section of this document for coverage dates and deadline dates. Dependent enrollment applications will not be accepted after the enrollment deadline, unless there is a significant life change that directly affects their insurance coverage. (An example of a significant life change would be loss of health coverage under another health plan.)

## Important note regarding coverage for a newborn infant or newly adopted child:

A newborn child or grandchild-Your newborn child or grandchild is covered on your plan for the first 60 days after birth

- When additional premiums are required, you must enroll the child within 60 days of birth to keep the newborn covered
- If you miss this deadline, your newborn will not have benefits after the first 60 days

An adopted child – You may put an adopted child on your plan on the date the child is placed for adoption

- "Placed for adoption" means the assumption and retention of a legal obligation for total or partial support of a child in anticipation of adoption of the child
- When additional premiums are required, you must enroll the child within 60 days of placement
- Your adopted child's coverage will start from the date of placement
- If you miss this deadline, your adopted child will not have benefits

A stepchild – You may put a child of your spouse or domestic partner on your plan

- You must enroll the child within 60 days of the date of your marriage or domestic partnership with your stepchild's parent
- The benefits for your stepchild will begin the first day of the month following the date we receive your completed enrollment information

If you need information or have general questions on dependent enrollment, visit **stmartin.myahpcare.com**.

## **Medicare Eligibility Notice**

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

#### **Termination and Refunds**

#### Withdrawal from Classes - Leave of Absence:

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

## Withdrawal from Classes - Other than Leave of Absence:

If you withdraw from classes other than under a school-approved leave of absence within 31 days after the policy effective date, you will be considered ineligible for coverage, your coverage will be terminated retroactively and any premiums collected will be refunded. If the withdrawal is more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded. If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made if you submit a written request within 90 days of withdrawal from classes.

#### **In-network Provider Network**

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing Innetwork Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a preapproval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

#### **Precertification**

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your innetwork physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to <a href="https://www.aetna.com">www.aetna.com</a>.

#### **Precertification Call**

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

| Non-emergency admissions:                                     | You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.   |
|---|---|
| An emergency admission:                                       | You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.   |
| An urgent admission:  | You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury. |
| Outpatient non-emergency services requiring precertification: | You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.  |

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 180 days as long as you remain enrolled in the plan.

## **Coordination of Benefits (COB)**

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

## **Description of Benefits**

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to **www.aetnastudenthealth.com**.

This Plan will pay benefits in accordance with any applicable Washington Insurance Law(s).

This policy year deductible applies separately to you and each of your covered dependents. ## Important note:

You can't be balance billed for these emergency services. See *Your Rights and Protections Against Surprise Medical Bills and Balance Billing in Washington State* in the certificate of coverage for more information.
- A separate hospital emergency room copayment will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room copayment will be waived and your inpatient copayment will apply.
- Covered benefits that are applied to the hospital emergency room copayment cannot be applied to any other copayment under the plan. Likewise, a copayment that applies to other covered benefits under the plan cannot be applied to the hospital emergency room copayment.
- Separate copayment amounts may apply for certain services given to you in the hospital emergency room that are not part of the hospital emergency room benefit. These copayment amounts may be different from the hospital emergency room copayment. They are based on the specific service given to you.
- Services given to you in the hospital emergency room that are not part of the hospital emergency room benefit may be subject to copayment or coinsurance amounts.
