

3 Steps to Understanding Your Benefits

Step 1—List your current medications

Writing down which medications and the dosages you are taking is the first step to understanding your costs. It also enables you to discuss coverage options with your doctor.

Medication Name	Tier (Copay Level)	Pharmacy Program	Covered Alternative (if applicable)

Step 2—See how your prescriptions are covered

Visit bluecrossma.com/medications to find out which tier your medications fall under and whether any Pharmacy Management Program might apply.

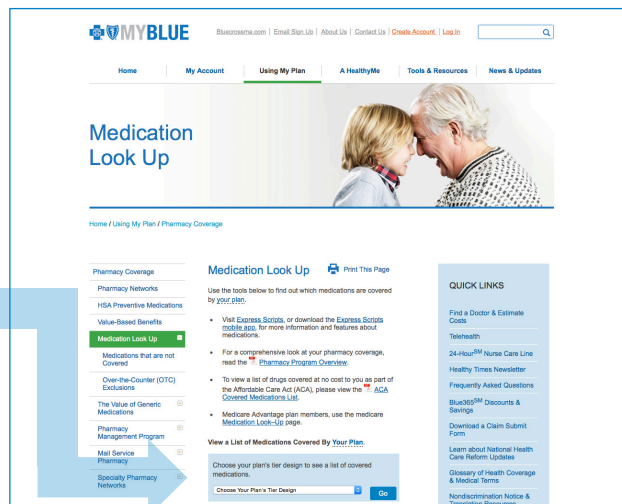

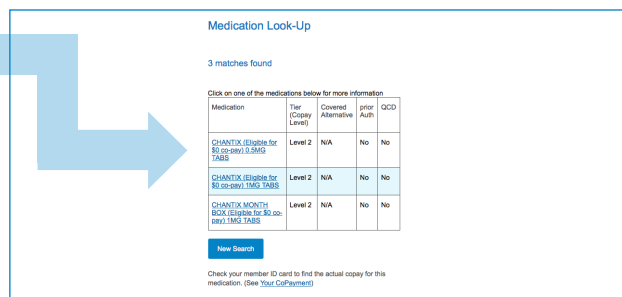

Choose the 3-tier option and enter your medication name. You'll see the tier it belongs to as well as any covered alternatives.

Click on the drug name to see if any programs, such as Quality Care Dosing, prior authorization or step therapy, are associated with your medication. Please note that Fertility and Specialty Drugs must be dispensed via one of the pharmacies listed in the Blue Cross Blue Shield of Massachusetts exclusive specialty and fertility pharmacy network.

For additional questions, please contact Member Services at the number on the front of your ID card.

Step 3—Talk to your doctor

If you have medications that are not covered or are subject to a pharmacy management program, such as prior authorization, that requires special approval, talk to your doctor before refilling those prescriptions. It will make getting the prescriptions quicker and easier.

Medication	Tier (Copay Level)	Covered Alternative	Prior Auth	QCD
CHANTIX (Etiopite for \$0.00-0.33403 TABS)	Level 2	N/A	No	No
CHANTIX (Etiopite for \$0.00-0.33403 TABS)	Level 2	N/A	No	No
CHANTIX MONTHLY BOLA (Etiopite for \$0.00-0.33403 TABS)	Level 2	N/A	No	No
