University of Dallas 2019-2020 Eligibility Guidelines

All degree seeking undergraduate students taking 12 or more credit hours and all International students taking 1 or more credit hours will be automatically enrolled in the Student Health Insurance Plan.

A student must actively attend classes for at least the first 31 days after the date for which coverage is purchased unless he or she withdraws from classes due to an Injury or Sickness and the absence is an approved medical leave. Home study, correspondence, Internet classes and television (TV) courses do not fulfill the eligibility requirements that the student must actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the eligibility requirements have been met. If the Company discovers the eligibility requirements have not been met, its only obligation is refund of premium.

A newborn child will automatically be covered for the first 31 days following the child's birth. No extension of coverage is allowed after the first 31 days of birth.
