University of Kentucky Funded Graduate Students

It is the intent of the University to provide the greatest coverage to the majority of students and to keep the premium cost at a level that all students, usually on a limited income, can still afford. Therefore, certain limitations and exclusions must be applied to the student health coverage as a means of cost containment. It is your responsibility to read and understand the health plan, its exclusions, limitations, and schedule of benefits.

How do I know if I am eligible for the Student Health Plan?

A qualifying funded graduate student is automatically enrolled in the coverage provided by this Policy. To qualify, a student must be enrolled in the Graduate School, degree-seeking, and receiving support from UK in the form of a full-time assistantship (TA, RA, GA), qualifying fellowship, or a combination of these positions. Full-time standing means an assignment of 20 hours per week or a fellowship stipend of \$9,000 or more paid through the UK payroll system. The SHP Office determines eligibility each semester. Changes with a student's assignment, fellowship, or status may affect his or her eligibility. Summer health coverage is linked to your status in the spring semester. Contact your health plan coordinator at the SHP office with eligibility questions at studenthealthplan@uky.edu or 1-859-218-3208.

If I am eligible, what action do I need to take to sign up for Student Health Plan?

None. The enrollment process is designed to be completely hassle-free. There is no paperwork or enrollment form for you to complete. Students who meet the eligibility criteria above do not need to take any action to enroll in the plan. Funded Graduate Students will be enrolled automatically.

What is the difference between the Student Health Plan and the mandatory student health fee?

The Student Health Plan is an injury and illness plan that includes diagnostic testing, hospitalization, and prescription coverage. The plan is intended for matters beyond your health fee.

All full-time students pay a mandatory health fee in the fall and spring semesters that entitles them to most services at University Health Service (Student Health) at no cost, including many routine or preventative services. The health fee is voluntary for most students in the summer.

Part-time students and students categorized as full-time by their enrollment in 0 or 2-credit hour residency classes are not automatically assessed the health fee, but they may request that the fee be added to their student account each semester by calling Student Account Services at 1-859-257-3406. Deadlines do apply.

2018-2019 Deadlines to voluntarily add the UHS Health Fee

Fall 2018 – 09/14/2018

Spring 2019 – 02/01/2019

Utilize University Health Service

The University of Kentucky University Health Service (UHS) is a large outpatient clinic available to all UK students for their healthcare needs including primary care, gynecology, behavioral health, nutrition counseling and health education. For example, students who receive treatment at University Health Service for medical services not covered by the health fee may file their claims with ARC Administrators. All visits are by appointment. For an appointment call 1-859-323-APPT (2778).
