

Keep your smile healthy and bright

with a UNR dental plan from Anthem Blue Cross and Blue Shield

Keeping up with dental checkups is just as important now as when you were a kid. Regular checkups not only keep your teeth healthy but they also can detect more-serious health concerns.¹ That's why we've created a dental plan for busy University of Nevada, Reno (UNR) students like you.

Enrollment in our dental plan is voluntary for all UNR-registered international and medical students taking one or more credits and all graduate students taking six or more graduate credit hours. Covered students may also enroll eligible dependents.

Find a dentist, check costs, and ask questions online

Our dental plan includes a wide range of resources and tools to make it easier to keep your teeth healthy. This includes:

- **The SydneySM Health app** — Find a dentist in your plan, see claims, and view and use digital ID cards.
- **A dental care cost estimator** — Look up costs for common procedures and treatments from dentists in your plan's network, so you know what to expect.
- **The TeleDentists[®]** — Live chat or video visit with a board-certified dentist, 24/7, by going to [Find Care](#) and searching "The Teledentists."
- **A dental health risk assessment** — This quiz can help you better understand your oral health and risk factors for tooth decay, gum disease, and oral cancer.
