HEALTH PLAN NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective February 1, 2026

We[1] are required by law to protect the privacy of your health information. We are also required to provide you this notice, which explains how we may use information about you and when we can give out or "disclose" that information to others. You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms “information” or “health information” in this notice include information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws related to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website. We reserve the right to make any revised notice effective for information we already have and for information that we receive in the future.

UnitedHealth Group collects and maintains oral, written, and electronic information to administer our business and to provide products, services, and information of importance to our enrollees. We maintain physical, electronic, and procedural security safeguards in the handling and maintenance of our enrollees’ information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction, or misuse.

How We Collect, Use, and Disclose Information

We collect, use, and disclose your health information to provide that information:

- To you or someone who has the legal right to act for you (your personal representative) in order to administer your rights as described in this notice; and

- To the Secretary of the Department of Health and Human Services, if necessary, to confirm we are meeting our privacy obligations.

We may collect, use, and disclose health information for your treatment, to pay for your health care, and to operate our business. For example, we may collect, use, and disclose your health information:

- **For Payment** of premiums owed to us, to determine your health care coverage, and to process claims for health care services you receive, including for coordination of other benefits you may have. For example, we may tell a doctor whether you are eligible for coverage for certain medical procedures and what percentage of the bill may be covered.

- **For Treatment**, including to aid in your treatment or the coordination of your care. For example, we may share information with doctors to help them provide medical care to you.

  For Health Care Operations as necessary to operate and manage our business activities related to providing and managing your health care coverage. For example, we might talk to your physician to suggest a disease management or wellness program that could help improve your health or we may analyze data to determine how we can improve our services. We may also de-identify health information in accordance with applicable laws.

- **To Provide You Information on Health-Related Programs or Products** such as alternative medical treatments and programs or about health-related products and services, subject to limits imposed by law.

- **For Plan Sponsors,** if your coverage is through an employer sponsored group health plan. We may share summary health information and enrollment and disenrollment information with the plan sponsor. We also may share other health information with the plan sponsor for plan administration purposes if the plan sponsor agrees to special restrictions on its use and disclosure of the information in accordance with federal law.

- **For Underwriting Purposes**; however, we will not use or disclose your genetic information for such purposes. For example, we may use some health information, such as age and gender, in risk rating and pricing, as permitted by state and federal regulations. However, we do not use race, ethnicity, language, gender identity, or sexual orientation information in our underwriting process, or for denial of services, coverage, and benefits.

- **For Reminders**, we may collect, use, and disclose health information to send you reminders about your benefits or care, such as appointment reminders with providers who provide medical care to you.

- **For Communications to You** about treatment, payment, or health care operations using telephone numbers or email addresses you provide to us.

We may collect, use, and disclose your health information for the following purposes under limited circumstances and subject to certain requirements:

- **As Required by Law** to follow the laws that apply to us.

- **To Persons Involved with Your Care** or who help pay for your care, such as a family member, when you are incapacitated or in an emergency, or when you agree or fail to object when given the opportunity. If you are unavailable or unable to object, we will use our best judgment to decide if the disclosure is in your best interest. Special rules apply regarding when we may disclose health information about a deceased individual to family members and others. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

- **For Public Health Activities** such as reporting or preventing disease outbreaks to a public health authority. We may also disclose your information to the Food and Drug Administration (FDA) or persons under the jurisdiction of the FDA for purposes related to safety or quality issues, adverse events, or to facilitate drug recalls.

- **For Reporting Victims of Abuse, Neglect, or Domestic Violence** to government authorities that are authorized by law to receive such information, including a social service or protective service agency.

- **For Health Oversight Activities** to a health oversight agency for activities authorized by law, such as licensure, governmental audits, and fraud and abuse investigations.

- **For Judicial or Administrative Proceedings** such as in response to a court order, search warrant or subpoena.

- **For Law Enforcement Purposes** to a law enforcement official for purposes such as providing limited information to locate a missing person or report a crime.

- **To Avoid a Serious Threat to Health or Safety** to you, another person, or the public, by, for example, disclosing information to public health agencies or law enforcement authorities, or in the event of an emergency or natural disaster.

- **For Specialized Government Functions** such as military and veteran activities, national security and intelligence activities, and the protective services for the President and others.

- **For Workers' Compensation** as authorized by, or to the extent necessary to comply with, state workers compensation laws that govern job-related injuries or illness.

- **For Research Purposes** such as research related to the evaluation of certain treatments or the prevention of disease or disability, if the research study meets federal privacy law requirements, or for certain activities related to preparing a research study.

- **To Provide Information Regarding Decedents** to a coroner or medical examiner to identify a deceased person, determine a cause of death, or as authorized by law. We may also use and disclose information to funeral directors as necessary to carry out their duties.

- **For Organ Donation Purposes** to entities that handle procurement, banking or transplantation of organs, eyes, or tissue to facilitate donation and transplantation.

- **To Correctional Institutions or Law Enforcement Officials** if you are an inmate of a correctional institution or under the custody of a law enforcement official, but only if necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

- **To Business Associates** that perform functions or services on our behalf if the information is necessary for such functions or services. Our business associates are required, under contract with us and pursuant to federal law, to protect the privacy of your information.

- **Additional Restrictions on Use and Disclosure.** Some federal and state laws may require special privacy protections that restrict the use and disclosure of certain sensitive health information, including:

    1. Alcohol and Substance Use Disorder
    2. Biometric
    3. Child or Adult Abuse or Neglect, including Sexual Assault
    4. Communicable Diseases

We follow the more stringent and protective law, where it applies to us. For example, if we receive information about you through a limited consent you provided to a federally-assisted substance use disorder treatment program ("Part 2 Program"), we will honor the permission you provide and continue to comply with 42 CFR Part 2. If your consent permits our use and disclosure for all future treatment, payment, and health care operations purposes, we may use or disclose that information for those purposes and otherwise use and disclose that information in accordance with the Health Insurance

Portability and Accountability Act of 1996 (HIPAA). In no event will we use or disclose your Part 2 Program information in legal proceedings against you without your written consent or a court order after you have been notified and provided an opportunity to be heard.

Except for uses and disclosures described in this notice, we will use and disclose your health information only with a written authorization from you. This includes, except for limited circumstances allowed by federal privacy law, not using or disclosing psychotherapy notes about you, selling your health information to others, or using or disclosing your health information for certain marketing communications, without your written authorization. Once you give us authorization to use or disclose your health information, you may take back or "revoke" your written authorization at any time in writing, except if we have already acted based on your authorization. For information on how to revoke your authorization, contact the phone number listed on your health plan ID card. This accounting will not include disclosures of information made: (i) for treatment, payment, and health care operations purposes; (ii) to you or pursuant to your authorization; (iii) to correctional institutions or law enforcement officials; and (iv) other disclosures for which federal law does not require us to provide an accounting. Any request for an accounting must be made in writing.

How you're protected if your life or health insurance company fails

The Texas Life and Health Insurance Guaranty Association protects you by paying your covered claims if your life or health insurance company is insolvent (can't pay its debts). **This notice summarizes your protections.**

The Association will pay your claims, with some exceptions required by law, if your company is licensed in Texas and a court has declared it insolvent. You must live in Texas when your company fails. If you don't live in Texas, you may still have some protections.

For each insolvent company, the Association will pay a person's claims only up to these dollar limits set by law:

- **Accident, accident and health, or health insurance (including HMOs):**
  - Up to $500,000 for health benefit plans, with some exceptions.
  - Up to $300,000 for disability income benefits.
  - Up to $300,000 for long-term care insurance benefits.
  - Up to $200,000 for all other types of health insurance.
- **Life insurance:**
  - Up to $100,000 in net cash surrender or withdrawal value.
  - Up to $300,000 in death benefits.
- **Individual annuities:** Up to $250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.
- **Other policy types:** Limits for group policies, retirement plans and structured settlement annuities are in Chapter 463 of the Texas Insurance Code.
- **Individual aggregate limit:** Up to $300,000 per person, regardless of the number of policies or contracts. A limit of $500,000 may apply for people with health benefit plans.
- **Parts of some policies might not be protected:** For example, there is no protection for parts of a policy or contract that the insurance company doesn't guarantee, such as some additions to the value of variable life or annuity policies.

To learn more about the Association and your protections, contact:	For questions about insurance, contact:

Note: You're receiving this notice because Texas law requires your insurance company to send you a summary of your protections under the Texas Life and Health Insurance Guaranty Association Act (Insurance Code, Chapter 463). These protections apply to insolvencies that occur on or after September 1, 2019. **There may be other exceptions that aren't included in this notice.** When choosing an insurance company, you should not rely on the Association's coverage. Texas law prohibits companies and agents from using the Association as an inducement to buy insurance or HMO coverage.

Chapter 463 controls if there are differences between the law and this summary.

NOTICE OF CERTAIN MANDATORY BENEFITS

This notice is to advise you of certain coverage and/or benefits provided by your coverage with UnitedHealthcare Insurance Company.

Mastectomy or Lymph Node Dissection

Minimum Inpatient Stay: If due to treatment of breast cancer, any person covered by this plan has either a mastectomy or a lymph node dissection, this plan will provide coverage for inpatient care for a minimum of:

(a) 48 hours following a mastectomy, and

(b) 24 hours following a lymph node dissection.

The minimum number of inpatient hours is not required if the covered person receiving the treatment and the attending physician determine that a shorter period of inpatient care is appropriate.

Prohibitions: We may not (a) deny any covered person eligibility or continued eligibility or fail to renew this plan solely to avoid providing the minimum inpatient hours; (b) provide money payments or rebates to encourage any covered person to accept less than the minimum inpatient hours; (c) reduce or limit the amount paid to the attending physician, or otherwise penalize the physician, because the physician required a covered person to receive the minimum inpatient hours; or (d) provide financial or other incentives to the attending physician to encourage the physician to provide care that is less than the minimum hours.

Coverage and/or Benefits for Reconstructive Surgery After Mastectomy

Coverage and/or benefits are provided to each covered person for reconstructive surgery after mastectomy, including:

(a) all stages of the reconstruction of the breast on which mastectomy has been performed;

(b) surgery and reconstruction of the other breast to achieve a symmetrical appearance; and

(c) prostheses and treatment of physical complications, including lymphedemas, at all stages of mastectomy.

The coverage and/or benefits must be provided in a manner determined to be appropriate in consultation with the covered person and the attending physician.

This coverage will be subject to the deductible, coinsurance and/or copay as any other sickness or injury.

Prohibitions: We may not (a) offer the covered person a financial incentive to forego breast reconstruction or waive the coverage and/or benefits shown above; (b) condition, limit, or deny any covered person's eligibility or continued eligibility to enroll in the plan or fail to renew this plan solely to avoid providing the coverage and/or benefits shown above; or (c) reduce or limit the amount paid to the physician or provider, nor otherwise penalize, or provide a financial incentive to induce the physician or provider to provide care to a covered person in a manner inconsistent with the coverage and/or benefits shown above.

Examinations for Detection of Prostate Cancer

Benefits are provided for each covered male for an annual medically recognized diagnostic examination for the detection of prostate cancer. Benefits include:

(a) a physical examination for the detection of prostate cancer; and

(b) a prostate-specific antigen test for each covered male who is

(1) at least 50 years of age; or

(2) at least 40 years of age with a family history of prostate cancer or other prostate cancer risk factor.

Inpatient Stay following Birth of a Child

For each person covered for maternity/childbirth benefits, we will provide inpatient care for the mother and her newborn child in a health care facility for a minimum of:

(a) 48 hours following an uncomplicated vaginal delivery, and

(b) 96 hours following an uncomplicated delivery by cesarean section.

This benefit does not require a covered female who is eligible for maternity/childbirth benefits to (a) give birth in a hospital or other health care facility or (b) remain in a hospital or other health care facility for the minimum number of hours following birth of the child.

If a covered mother or her newborn child is discharged before the 48 or 96 hours has expired, we will provide coverage for postdelivery care. Postdelivery care includes parent education, assistance and training in breast-feeding and bottle-feeding and the performance of any necessary and appropriate clinical tests. Care will be provided by a physician, registered nurse or other appropriate licensed health care provider, and the mother will have the option of receiving the care at her home, the health care provider's office or a health care facility.

Prohibitions. We may not (a) modify the terms of this coverage based on any covered person requesting less than the minimum coverage required; (b) offer the mother financial incentives or other compensation for waiver of the minimum number of hours required; (c) refuse to accept a physician's recommendation for a specified period of inpatient care made in consultation with the mother if the period recommended by the physician does not exceed guidelines for prenatal care developed by nationally recognized professional associations of obstetricians and gynecologists or pediatricians; (d) reduce payments or reimbursements below the usual and customary rate; or (f) penalize a physician for recommending inpatient care for the mother and/or the newborn child.

Coverage for Tests for Detection of Colorectal Cancer

- Cognitive communication therapy
- Neurocognitive therapy and rehabilitation

- Neurobehavioral, neurophysiological, neuropsychological and psychophysiological testing and treatment
- Neurofeedback therapy and remediation
- Postacute transition services and community reintegration services, including outpatient day treatment services or other post-acute-care treatment services

If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

2026-598-4 UNT	August 1, 2026	to	August 11, 2027
2026-203098-4 UNT Health Fort Worth	July 1, 2026	to	August 9, 2027

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

Coverage under the Policy will not apply if the coverage is replaced with a succeeding carrier providing substantially equivalent or greater benefits than those provided by the Policy. For purposes of this section, the terms "Total Disability" and "Totally Disabled" means: 1) with respect to the Insured, the complete inability of the Insured to perform all of the substantial and material duties and functions of his or her occupation and any other gainful occupation in which such person earns substantially the same compensation earned prior to disability, and 2) with respect to the Insured's covered Dependents, confinement as a bed patient in a Hospital.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the maximum benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Preferred Provider and Out-of-Network Provider Information

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of Preferred Providers. The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as Out-of-Network Providers. However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.
Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

Preferred Provider Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities.

The easiest way to locate Preferred Providers is through the plan's website at www.uhcsr.com. The website will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-866-429-4868 for assistance in finding a Preferred Provider.

The Company arranges for health care providers to take part in the Preferred Provider network. Preferred Providers are independent practitioners. They are not employees of the Company. It is the Insured's responsibility to choose a provider. Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

A provider's status may change. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Customer Service at 1-866-429-4868 and/or by asking the provider when making an appointment for services. A directory of providers is available on the plan's website at www.uhcsr.com.

If an Insured receives a Covered Medical Expense from an Out-of-Network Provider and was informed incorrectly by the Company prior to receipt of the Covered Medical Expense that the provider was a Preferred Provider, either through Our provider directory or in Our response to the Insured's request for such information (via telephone, electronic, web-based or internet-based means), the Insured may be eligible for cost-sharing (Copayment, Coinsurance, and applicable Deductible) that would be no greater than if the service had been provided from a Preferred Provider.

If an Insured is currently receiving treatment for Covered Medical Expenses from a provider whose network status changes from Preferred Provider to Out-of-Network Provider during such treatment due to termination (non-renewal or expiration) of the provider's contract, the Insured has the right to request continued care from their current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. An Insured may call the Company at -866-429-4868 to find out if they are eligible for continuity of care benefits.

"Preferred Provider Benefits" apply to Covered Medical Expenses that are provided by a Preferred Provider.

"Out-of-Network Provider Benefits" apply to Covered Medical Expenses that are provided by an Out-of-Network Provider.

The Company will pay Covered Medical Expenses according to the benefits set forth in the Schedule of Benefits. Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid.

Allowed Amounts are the amounts the Company will pay for Covered Medical Expenses. Refer to the definition of Allowed Amount in this Certificate for information on how the Company determines Allowed Amounts.

Preferred Provider Benefits
The Insured is not responsible for any difference between what the Company pays for Allowed Amounts and the amount the provider bills, except for the Insured Person's cost share obligation as specified in the Schedule of Benefits.

No Surprises Act

This Certificate includes the following provisions to comply with the applicable requirements of the *Consolidated Appropriations Act (the "Act") (P. L. 116 – 260).* These provisions reflect requirements of the Act; however, they do not preempt applicable state law.

Out-of-Network Provider Benefits
Except as described below, the Insured Person is responsible for paying, directly to the Out-of-Network Provider, any difference between the amount the provider bills the Insured and the amount the Company pays for Allowed Amounts.

1. For Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
2. For non-Ancillary Services received at certain Preferred Provider facilities on a non-Medical Emergency basis from Out-of-Network Provider Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied in accordance with applicable law, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
3. For Emergency Services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.
4. For Air Ambulance services provided by an Out-of-Network Provider, the Insured is not responsible, and the Out-of-Network Provider may not bill the Insured, for amounts in excess of the Insured's applicable Copayment, Coinsurance, or Deductible which is based on the rates that would apply if the service was provided by a Preferred Provider which is based on the Recognized Amount as defined in this Certificate.

For the purpose of this provision, "certain Preferred Provider facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center (as described in section *1833(i)(1)(A) of the Social Security Act*), and any other facility specified by the Secretary.

Continuity of Care; Termination of Provider Contracts

The Insured has the right to continuity of care while covered under the Policy for a covered Injury or Sickness in the event of termination of a Preferred Provider's participation in the Plan under the following circumstances: 1) the Insured is being treated for a Life Threatening Condition; or 2) the Insured is being treated under Special Circumstances.

"Life Threatening Condition" means a Sickness or Injury for which the likelihood of death is probable unless the course of the Injury or Sickness is interrupted. "Special Circumstances" means a condition regarding which the treating Physician or health care provider reasonably believes that discontinuing care by the treating Physician or health care provider could cause harm to the Insured. Examples of an Insured who has a special circumstance include an Insured with a disability, acute condition, or Life Threatening Condition, pregnant and undergoing a course of treatment for the pregnancy, undergoing inpatient care, or scheduled to undergo nonelective surgery, including receipt of postoperative care.

Benefits will continue to be paid at the negotiated Preferred Provider level of benefits if an Insured whom the Physician or provider is currently treating has Special Circumstances in accordance with the dictates of medical prudence. The Physician or provider shall agree not to seek payment from the Insured of any amount for which the Insured would not be responsible if the Physician or provider were still a Preferred Provider.

All obligations on behalf of the Company for reimbursement at the Preferred Provider level of benefits for the ongoing treatment shall terminate after: 1) the 90th day after the effective date of the termination; 2) the date the Insured is no longer continuing care with the terminated provider or facility; or 3) if the Insured has been diagnosed as having a terminal Sickness at the time of termination, the expiration of a nine-month period after the effective date of the termination. If the Insured is pregnant at the time of termination, the Company shall continue the Preferred Provider benefits through the delivery of the child, immediate postpartum care and the follow-up checkup within the six-week period after delivery.

Medical Emergency Treatment

In the event of a Medical Emergency and the Insured cannot reasonably reach a Preferred Provider, the Company will pay for the following Medical Emergency services received by an Out-of-Network Provider. Benefits will be paid at the greater of: 1) the median amount negotiated with Preferred Providers for the same service; 2) the Recognized Amount; or 3) the amount that would be paid under Medicare (part A or part B of title XVII of the Social Security Act, 42 U.S.C. 1395 et seq.) for the same service. Benefits will be paid at the Preferred Provider Copayment, Coinsurance and Deductible level of benefits until the Insured can reasonably be expected to transfer to a Preferred Provider:

1. A medical screening examination or other evaluation required by state or federal law to be provided in the emergency facility of a Hospital that is necessary to determine whether a Medical Emergency condition exists.
2. Necessary Emergency Services, including the treatment and stabilization of a Medical Emergency condition.
3. Services originating in a Hospital emergency facility, including a freestanding emergency medical care facility, following treatment or stabilization of a Medical Emergency condition.
4. Supplies related to the Medical Emergency condition and Emergency Services described above.

The Company will make payment directly to the Out-of-Network Provider. The Out-of-Network Provider is not allowed to bill the Insured person for, and the Insured does not have financial responsibility for, an amount greater than the applicable Copayment, Coinsurance and Deductible for Medical Emergency Treatment as described above.

Important Notice to Insured:
Although services may be or have been provided to an Insured at a health care facility that is a member of the Preferred Provider network, other professional services may be or have been provided at or through the facility by Physicians and other health care practitioners who are not members of the Preferred Provider network. The Insured may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by the Policy, unless balance billing for those services is prohibited under the Consolidated Appropriations Act as referenced above or as specified below.

Out-of-Network Facility-Based Physician or Provider
When services are received at a Preferred Provider facility on a non-Medical Emergency basis from an out-of-network facility-based Physician or provider, the Company will pay the out-of-network facility-based Physician or provider for the Covered Medical Expenses incurred at the Recognized Amount. Payment will be made directly to the Physician or provider. The out-of-network facility-based Physician or provider is not allowed to bill the Insured Person for, and the Insured Person does not have financial responsibility for, an amount greater than any applicable Copayment, Coinsurance and Deductible under the Policy. This provision does not apply to a non-Medical Emergency service when the Insured makes an advance written election to receive and the Physician or provider gives advance written disclosure of the Physician's or provider's out-of-network status and the projected amounts for which the Insured may be responsible under what circumstances.

Out-of-Network Diagnostic Imaging Provider or Laboratory Service Provider
When diagnostic imaging or laboratory services are performed in conjunction with a service performed by a Preferred Provider, the Company will pay the out-of-network diagnostic imaging provider or laboratory service provider for the Covered Medical Expenses incurred at the Recognized Amount. Payment will be made directly to the provider. The out-of-network diagnostic imaging provider or laboratory service provider is not allowed to bill the Insured Person for, and the Insured Person does not have financial responsibility for, an amount greater than any applicable Copayment, Coinsurance and Deductible under the Policy. This provision does not apply to a non-Medical Emergency service when the Insured makes an advance written election to receive and the provider gives advance written disclosure of the provider's out-of-network status and the projected amounts for which the Insured may be responsible under what circumstances.

If a service is not considered under Medical Emergency Treatment, Out-of-Network Facility-Based Physician or Out-of-Network Diagnostic Imaging Provider or Laboratory Service Provider, and a Preferred Provider is not reasonably available, expenses will be considered at the Recognized Amount and at the in-network coinsurance percentage. Any amount over the Recognized Amount will apply to the Preferred Provider Deductible and Out-of-Pocket Maximum upon proof of payment made to the Out-of-Network Provider from the Insured.

Notice:
Right to an Adequate Preferred Provider Network:

- You have the right to an adequate network of Preferred Providers (also known as "network providers").
    - If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance.
    - You have the right, in most cases, to obtain an estimate in advance from out-of-network providers of what they will charge for their services; and

- You may obtain a current directory of Preferred Providers at the following website: www.uhcsr.com or by calling (866) 429-4868 for assistance in finding available Preferred Providers.
- If you are treated by a provider or facility that is not a Preferred Provider, you may be billed for anything not paid by the insurer unless prohibited by law.

- If directory information is materially inaccurate and you rely on it, you may be entitled to have an out-of-network claim paid at the in-network percentage level of reimbursement and your out-of-pocket expenses counted toward your in-network Deductible and Out-of-Pocket Maximum.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
    - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
    - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
    - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.

- If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

   Plan includes all of the following:
   - Group insurance contracts and subscriber contracts.
   - Uninsured arrangements of group or group-type coverage.
   - Group and individual coverage through closed panel Plans.
   - Group-type contracts, including blanket or franchise contracts.
   - Individual coverage.
   - The medical care components of long-term care contracts, such as skilled nursing care.
   - The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
   - Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

   Plan does not include any of the following:

   - Hospital indemnity coverage benefits or other fixed indemnity coverage.
   - Accident only coverage.
   - Limited benefit health coverage as defined by state law.
   - Specified disease or specified accident coverage.
   - School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a "to and from school" basis.
   - Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
   - Medicare supplement policies.
   - State Plans under Medicaid.
   - A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.

3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.

4. **Secondary Plan:** A Plan that is not the Primary Plan.

5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan

shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for Emergency Services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.

2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
   - The benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
   - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

   If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

   If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

   If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

   If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:
   - First, the Plan of the parent with custody of the child.
   - Then the Plan of the spouse of the parent with the custody of the child.
   - The Plan of the parent not having custody of the child.
   - Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.

5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
   - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
   - Second, the benefits under the COBRA or continuation coverage.
   - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 8: Accidental Death and Dismemberment Benefits

Loss of Life, Limb or Sight

Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. No such action shall be brought after the expiration of three years after the time written proofs of loss are required to be furnished.

SUBROGATION: The Company shall be subrogated to all rights of recovery which any Insured Person has against any person, firm or corporation to the extent of payments for benefits made by the Company to or for benefit of an Insured Person. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.
If an Insured is not represented by an attorney in obtaining a recovery, the amount to be subrogated will be the lesser of:

1. One-half (1/2) of the Insured's gross recovery; or
2. The total cost of benefits paid, provided, or assumed by Us.

If an Insured is represented by an attorney in obtaining a recovery, the amount to be subrogated will be the lesser of:

1. One-half (1/2) of the Insured's gross recovery less attorney's fees and procurement costs; or
2. The total cost of benefits paid, provided, or assumed by Us, less attorney's fees and procurement costs.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

MISSTATEMENT OF AGE: If the age of an Insured has been misstated, the Insured shall be responsible for payment of any additional premium due had coverage been purchased at the correct issue age. The Company shall furnish notice to the Insured of such additional premium due. Additional premium that is not paid within 31 days from the date of notice of additional premium due may, at the election of the Company, be deducted from any claim payment then due and payable.

Section 15: Notice of Appeal Rights

RIGHT TO INTERNAL APPEAL
Standard Internal Appeal

The Insured Person has the right to request an Internal Appeal if the Insured Person disagrees with the Company's denial, in whole or in part, of a claim or request for benefits. The Insured Person, or the Insured Person's Authorized Representative, must submit an oral or written request for an Internal Appeal within 180 days of receiving a notice of the Company's Adverse Determination.

The oral or written Internal Appeal request should include:
1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person's Name and ID number (from the ID card);
3. The date(s) of service;
4. The provider's name;
5. The reason the claim should be reconsidered; and
6. Any comments, documents, records, or other material relevant to the claim.

Please contact the Customer Service Department at 866-429-4868 with any questions regarding the Internal Appeal process. The written request for an Internal Appeal should be sent to: UnitedHealthcare Student Resources, PO Box 809025, Dallas, TX 75380-9025.

Internal Appeal Process
Within 180 days after receipt of a notice of an Adverse Determination, an Insured Person or an Authorized Representative may submit an oral or written request for an Internal Review of an Adverse Determination.

Upon receipt of the request for an Internal Review, the Company shall provide the Insured Person with the name, address and telephone of the employee or department designated to coordinate the Internal Review for the Company. With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of

the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination.

Within three working days after receipt of the grievance, the Company shall provide notice of receipt of an appeal request and that the Insured Person or Authorized Representative is entitled to:

1. Submit written comments, documents, records, and other material relating to the request for benefits to be considered when conducting the Internal Review; and
2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person's request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide, free of charge and as soon as possible:

1. Any new or additional evidence considered by the Company in connection with the grievance; and
2. Any new or additional rationale upon which the decision was based.

The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

The Company shall issue a Final Adverse Decision in writing or electronically to the Insured Person or the Authorized Representative no later than 30 days after the Company's receipt of the grievance. The appeal decision of an Adverse Determination will be made by a Physician.

Within 10 working days, after an appeal is denied, the appeal may be reviewed by a Physician who is of the same or similar specialty as a health care provider who would typically manage the medical or dental condition, procedure, or treatment under consideration for review when the Insured's treating Physician certifies in writing there is good cause to have the appeal reviewed by a particular type of specialty provider. The specialty review will be completed within 15 working days from the date of request by the Insured's treating Physician for specialty review is received.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.

The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
    a. The date of service;
    b. The name health care provider; and
    c. The claim amount;
3. A statement that the diagnosis code and treatment code and their corresponding meanings shall be provided to the Insured Person or the Authorized Representative, upon request;
4. For an Internal Review decision that upholds the Company's original Adverse Determination:
    a. The specific reason(s) for the Final Adverse Determination, including the denial code and its corresponding meaning, as well as a description of the Company's standard, if any, that was used in reaching the denial;
    b. Reference to the specific Policy provisions upon which the determination is based;
    c. A statement that the Insured Person is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Insured Person's benefit request;
    d. If applicable, a statement that the Company relied upon a specific internal rule, guideline, protocol, or similar criterion and that a copy will be provided free of charge upon request;
    e. If the Final Adverse Determination is based on a Medical Necessity or experimental or investigational treatment or similar exclusion or limitation, a statement that an explanation will be provided to the Insured Person free of charge upon request;
    f. Instructions for requesting: (i) a copy of the rule, guideline, protocol or other similar criterion relied upon to make the Final Adverse Determination; and (ii) the written statement of the scientific or clinical rationale for the determination;
5. A description of the procedures for obtaining an External Independent Review of the Final Adverse Determination pursuant to the State's External Review legislation;
6. The Insured Person's right to bring a civil action in a court of competent jurisdiction; and
7. Notice of the Insured Person's right to contact the commissioner's office or ombudsman's office for assistance with respect to any claim, grievance or appeal at any time.

Expedited Internal Review

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare Student Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received Emergency Services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than one (1) working day after the Company's receipt of the EIR request and all information necessary to complete the appeal.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has four months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company. Upon request of an External Review, the Company shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

Upon making this decision, the IRO shall, within one business day, advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
5. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.

    b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
    c. If the Company reverses its decision, the Company shall provide written notification within one business day to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.

   a. An Adverse Determination if:
      - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
      - The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
   b. A Final Adverse Determination, if:
      - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
      - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received Emergency Services, but has not been discharged from a facility.

   b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EIR until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EER process.

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.
A request for a Standard Experimental or Investigational External Review must be submitted in writing within four months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

The **Preferred Provider** for this plan is UnitedHealthcare Choice Plus.

Preferred Provider Benefits apply to Covered Medical Expenses that are provided by a Preferred Provider. If a Preferred Provider is not reasonably available in the Network Area, benefits will be paid for Covered Medical Expenses provided by an Out-of-Network Provider at the Preferred Provider Benefit level. “Network area” means the 50 mile radius around the local school campus the Named Insured is attending.

Out-of-Network Provider Benefits apply to Covered Medical Expenses that are provided by an Out-of-Network Provider. Refer to the *Preferred Provider and Out-of-Network Provider Information* section of the Certificate for information on reimbursement for Emergency Services provided by an Out-of-Network Provider, Covered Medical Expenses provided at certain Preferred Provider facilities by an Out-of-Network Physician, and Air Ambulance transport provided by an Out-of-Network Provider. All other Covered Medical Expenses provided by an Out-of-Network Provider at a Preferred Provider facility will be paid at the Preferred Provider Benefit level.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network Provider Benefits. Any applicable Coinsurance, Copays, or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with Policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum.

Student Health and Wellness Center Benefits (Denton): The Deductible will be waived and benefits will be paid at 100% for Covered Medical Expenses incurred when treatment is rendered at the Student Health and Wellness Center Benefits **(Denton)** for the following Services:

- Physician’s Visits after a $15 Copay per visit.
- All other services listed in the Schedule of Benefits.
- Routine Adult Eye exam with refraction (one exam per student per year limit). Copay is waived.
- Laboratory procedures performed at the SHC and labs sent to Quest Diagnostics, LabCorp or Radiology & Tests & Procedures sent to Envision Imaging by the SHC.
- See Section 10: Student Health Center for additional benefits covered at the Student Health Center.

Student Health Center Benefits (Fort Worth and Dallas): The Deductible and Copays will be waived and benefits will be paid at 100% for Covered Medical Expenses incurred when treatment is rendered at the Student Health Clinic **(Fort Worth and Dallas)** for the following Services:

- Physician’s Visits. Copay is waived.
- All other services listed in the Schedule of Benefits.
- Routine Adult Eye exam with refraction (one exam per student per year limit). Copay is waived.
- Laboratory procedures performed at the SHC and labs sent to Quest Diagnostics, LabCorp or Radiology & Tests & Procedures sent to Envision Imaging by the SHC.

The following are covered at the Student Health Centers: 1) under the Health Center's annual Pap coverage except as mandated: Chlamydia (STD), Thin Prep, Gonorrhea, RPR (Syphilis), H/H CBC, HIV testing, urinalysis with reflux to urine culture, and CMP or BMP (blood chemistry); 2) an annual physical for men and women will cover the examination and lab work, including BMP or CMP, urinalysis with reflux to urine culture, STD testing and CBC; 3) acne treatment (acne medications will be covered under the Prescription Drug benefits); 4) All CDC recommended immunizations, including HPV and Bacterial Meningitis are covered (If not a PPACA mandated benefit, a $25 Copay is applicable); 5) Immune Titers; 6) Screening for TB. If the test result is positive, a 1-view chest x-ray to determine if contagious; and 7) TSH with reflux to T4.

NOTE: Student Health Center benefits are for students who pay the medical service fee. Students may visit any of the three campus Student Health Centers. However, they will only receive the Student Health Center Level of Benefits at their home campus SHC. If a student receives services at a Student Health Center that is not their home campus, the claim will be processed and paid as it would for any other provider, rather than at the SHC benefit level.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network Provider unless otherwise specifically stated. UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Providers.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call the Company at the number stated on their identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from out-of-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from out-of-Network Dental Providers, if benefits are not assigned to the out-of-Network Dental Provider, then the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with any existing dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Exclusions of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company’s negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amounts.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Out-of-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Vision Care Services Benefits

Benefits are provided under this endorsement for Vision Care Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a UnitedHealthcare Vision Network or an out-of-Network Vision Care Provider. To find a UnitedHealthcare Vision Network Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-3242. The Insured Person may also access a listing of UnitedHealthcare Vision Network Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from an out-of-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described in this endorsement under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a UnitedHealthcare Vision Network Vision Care Provider, the Insured Person may be required to pay any Copayments at the time of service.

Network Benefits:
Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Out-of-Network Benefits:

Benefits for Vision Care Services from out-of-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for Vision Care Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Policy Deductible
Benefits for pediatric Vision Care Services provided under this endorsement are not subject to any Policy Deductible stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services under this endorsement does not apply to the Policy Deductible stated in the Policy Schedule of Benefits.

UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this endorsement.

Benefits are available for Prescription Drug Products from an Out-of-Network Pharmacy, as specified in the Policy Schedule of Benefits subject to all terms of the Policy.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

The Insured must either show their ID card to the Network Pharmacy when the prescription is filled or provide the Network Pharmacy with identifying information that can be verified by the Company during regular business hours. If the Insured does not show their ID card to the Network Pharmacy or provide verifiable information, they will need to pay for the Prescription Drug at the pharmacy.

The Insured may then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy or a Preferred 90 Day Retail Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed. For Prescription Drug Products that allow a 90-day fill, the Insured may be required to obtain a limited number of up to 31-day fills until the maintenance dose is established.

The Insured may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Company at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Refill Synchronization

The Company has a procedure to align the refill dates of Prescription Drug Products so that drugs that are refilled at the same frequency may be refilled concurrently.

An Insured Person may access information on these procedures at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular reference product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and does not obtain their Prescription Drug Product from a Designated Pharmacy, benefits will be paid based on the out-of-Network Benefit for that Prescription Drug Product.

If the Insured chooses to obtain Specialty Prescription Drug Products that are available from a Non-Preferred Specialty Network Pharmacy, the Insured will be subject to the Non-Preferred Specialty Network Pharmacy Copayment and/or Coinsurance.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products. Please see Designated Pharmacies provision above.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Copayment and/or Coinsurance and any Deductible that applies.
Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

For certain Prescription Drugs Products prescribed to treat an autoimmune disease, hemophilia, or Von Willebrand disease, you are only required to obtain pre-authorization one time annually.

Does Step Therapy Apply?

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When a step therapy requirement applies to a Prescription Drug Product the Insured's Physician may request an exception.

- For non-urgent step therapy exception requests, a review will be completed within 72 hours once all information needed to process the request has been received.
- For urgent step therapy exception requests, a review will be completed within 24 hours once all the information needed to process the request has been received.

If the step therapy exception request is denied, please refer to Section 15: *Notice of Appeal Rights* of the *Certificate* for additional information on appealing an Adverse Determination.

In the case of *FDA*-approved drugs for the treatment of stage 4 advanced, metastatic cancer, benefits will not be subject to step therapy requirements if the use of the drug is consistent with best practices for the treatment and is supported by peer-reviewed medical literature.

If the Insured is 18 years of age or older, the Insured will not be required to fail to successfully respond to, or prove a history or failure of, more than one different Prescription Drug for each Prescription Drug prescribed to treat a serious Mental Illness, excluding the generic or pharmaceutical equivalent of the prescribed Prescription Drug. We may require a trial of a generic or pharmaceutical equivalent of the prescribed Prescription Drug as a condition of continued coverage once a year if the generic of pharmaceutical equivalent Prescription Drug is added to the Prescription Drug List.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including, any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes may happen no more than one time per Policy Year. If the Insured Person is actively taking a Prescription Drug Product, the Company will notify the Insured Person electronically, or in writing, upon request by the Insured, at least sixty days prior to any deletions, other than generic substitutions. The Company will continue to cover at the contracted benefit level until the Policy Termination Date any Prescription Drug Product that was covered under the Policy on its Effective Date, regardless of whether the Prescription Drug Product has been removed from the Prescription Drug List before the Policy Termination Date, in accordance with the terms and conditions of the Policy benefits.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier status. The Insured Person can also request information on whether a specific Prescription Drug Product is included in the Prescription Drug List. This information will be provided to the Insured Person no later than the third business day after the date of the request. However, the inclusion of a Prescription Drug Product in the Prescription Drug List does not guarantee that the Prescription Drug Product will be prescribed for the Insured Person by their Physician for a particular medical condition or mental illness.

Prescription Drug List

If the Company makes an Adverse Determination regarding Benefits for a Prescription Drug Product because it is not included on the Prescription Drug List (sometimes called a drug formulary) or because the Prescription Drug Product is considered Experimental and Investigational, the Insured Person will have the right to request a review by an Independent Review Organization (IRO).

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

We will apply any cost-sharing amounts paid by the Insured or on the Insureds behalf for covered Prescription Drug Products toward the Copayment, Coinsurance, Deductible, or Out-of-Pocket Maximum.

Definitions

Brand-name means a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources. This includes data sources such as Medi-Span that classify drugs as either brand or generic based on a number of factors. Not all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician will be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products. This includes Specialty Prescription Drug Products. Not all Network Pharmacies are a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified as appropriate for proposed use in any of the following:
  - AHFS Drug Information (AHFS DI) under therapeutic uses section.
  - Elsevier Gold Standard's Clinical Pharmacology under the indications section.
  - DRUGDEX System by Micromedex under the therapeutic uses section and has a strength recommendation rating of class I, class IIa, or class IIb.
  - National Comprehensive Cancer Network (NCCN) drugs and biologics compendium category of evidence 1, 2A, or 2B.

- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.
- Only obtainable, with regard to outcomes for the given indication, within research settings.

Exceptions:
- Clinical trials for which benefits are specifically provided for in the Policy.
- The Company may, as it determines, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness if:
  - The Insured is not a participant in a qualifying clinical trial as provided for in the Policy.
  - The Insured has a Sickness or Injury that is likely to cause death within one year of the request for treatment.
- Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources.
