

University of Texas System 2018-2019 Eligibility Guidelines

Health Institution Students (Hard Waiver) - It is a requirement that all Health Science Center and medical students are automatically enrolled in the Student Health Insurance Plan at registration unless proof of comparable coverage is furnished.

International Students (Mandatory) - All international students holding non-immigrant visas are eligible and are required to purchase this Student Health Insurance Plan in order to complete registration, except for those students who certify in writing that comparable coverage is in effect under another plan as approved by The University of Texas (UT) System Board of Regents.

The Board of Regents has authorized the assessment of a health insurance fee to each such international student who cannot provide evidence of continuing coverage under another approved plan. This fee will be the amount of the premium approved for the UT System Student Health Insurance Plan. Required Student Health Insurance coverage for international students includes repatriation and Medical Evacuation benefits.

All Other Students (Voluntary) - All other fee paying students at an institution of the UT System who are taking credit hours, graduate students working on research/dissertation or thesis, post doctorate students, scholars, fellows and visiting scholars are eligible to enroll in this Student Health Insurance Plan.

A student must remain enrolled and paying fees through the census date, unless he or she withdraws from school due to an Injury or Sickness and the absence is an approved medical leave. The Company maintains its right to investigate student status and attendance records to verify that the eligibility requirements have been met. If the Company discovers the eligibility requirements have not been met, its only obligation is refund of premium.

Enroll Eligible Dependents - Eligible students who enroll may also insure their Dependents. Dependent enrollment must take place at the initial time of student enrollment; exceptions to this rule are made for newborn or adopted children, or for dependents who become eligible for coverage as the result of a qualifying event. (Please see "Qualifying Events," see page 4, for more details.) "Dependent" means an Insured's lawful spouse; or an Insured's child, stepchild, foster child, dependent grandchild or spouse's dependent grandchild; or a child who is adopted by the Insured or placed for adoption with the Insured, or for whom the Insured is a party in a suit for the adoption of the child; or a child whom the Insured is required to insure under a medical support order issued or enforceable by the courts. Any such child must be under age 26.
